

# オーク出産祭 6

出産祭  
それはオーク族の守護神を祀る祭りの事である。  
選ばれた雌たちが美しい衣装を着て大勢の前で  
出産する事で一族の幸運を願う行事である。

小梅「恥ずかしい…  
こんな大勢の前で。」

玉環「今日は特別な日なんだから  
恥ずかしがることないわよ」

桃花「わたしも緊張してきた。  
でも3人なら大丈夫だよ！」

彼女たちが大勢の前で股を開き、  
陰毛を掻き分け性器を露出させた。  
それは祭りが始まる合図であった。

比較的小柄な体形は出産経験の少ない小梅に大きな負担となった。  
踏ん張る彼女は騎士の頃の戦闘に勝るほどの表情であった。

苦悶の表情で母乳を漏れ出しながら出産を続ける小梅。  
踏ん張る彼女の股の間からは緑色の頭が見えていた。

対照的に余裕のある玉環は  
身体をのけぞらせながら、出産の痛みを耐えていた。  
祭事を盛り上げる彼女の  
姿に多くのオークが歓声を上げた。

ビジュアアアアッ!!!

3人は出産した。  
産まれたばかりの子どもを抱くその姿は  
オークの雌として完成されたもつとも美しい姿であった。  
それを見た大勢の観衆からの大きな歓声を浴びた。

小梅「すごい。もうおっぱい飲んでる！」  
玉環「はあ、幸せ……」  
桃花「これからも3人でいっぱい赤ちゃん産もうね……」

オークの子どもは母体を  
気遣いやや未熟な状態で生まれるため  
生まれてから数週間間は  
臍の緒で繋がったまま過ごす事になる。

特に神事で生まれた子どもは丁寧に  
扱いより長い時間繋がったまま  
過ごす事になる。  
その日々の中、繋がれた臍の緒を  
確認する事で彼女たちはこの子の  
母親である事を自覚する事になる。  
彼女たちにとってこの子は  
特別な存在に感じるであろう。

**Birth Festival**

This is a festival honoring the guardian deity of the Orc tribe. It is a ceremony where chosen females, dressed in beautiful attire, give birth before a large gathering of Orcs, praying for the Orcs' good fortune.

**Xiǎoméi:**

"This is embarrassing... in front of so many orc."

**Yùhuán:**

"It's a special day today, so there's no need to be shy~"

**Táohuā:**

"I'm starting to get a little nervous too. But with three of us, we'll be fine!"

They spread their legs before the crowd, parting their pubic hair to expose their genitals. It was the signal for the festival to begin.

Her relatively petite frame placed a heavy burden on Xiǎoméi, who had little experience giving birth. Her expression as she braced herself surpassed even her combat resolve from her days as a knight.

Xiǎoméi continued giving birth, her face contorted in agony as breast milk leaked from her. A green head was visible between her legs as she pushed.

In stark contrast, the composed Yùhuán arched her back, enduring the pain of childbirth. Many orcs cheered at the sight of her energizing the festival.

"Watch closely. See us give birth to new warriors..."

I could see the child being pushed out from the genitals. "Just a little longer..."

"Ugh, it's coming out~~~~~!!!"

Peach gave birth, spraying breast milk and shaking her hips.

She had more childbirth experience than the other two. But no matter how many times she gave birth, she never got used to the pain.

The head peeked out from the elongated entrance of her female organ, which seemed disproportionate to her petite frame. She had forcefully pushed the baby out.

The three gave birth.  
The sight of them cradling their newborn children was  
the most beautiful form an orc female could achieve.  
They were met with loud cheers from the large crowd watching.

"Wow. He's already drinking milk!"  
"Ahh, so happy..."  
"Let's have lots more babies together from now on...!"

Orc children are born in a slightly underdeveloped state,  
requiring care for their mother's body.  
For several weeks after birth,  
they remain connected by the umbilical cord.

Children born during sacred rites are treated with particular  
reverence and remain connected for an extended period.  
During these days, checking the connected umbilical cord helps  
the mothers become more conscious of their role as this child's mother.

For them, this child will likely feel like an even more special being.
