Test the theory that a cram school student who is good friends with you can easily give you a footjob.

Move my foot back and forth while holding it in place... Like this?

Hard yet soft... It's a strange feeling.

W-What? I'm going to touch your penis? I-I can't do it!

Eh, ah...can I use my feet?

Then... well, okay.

It's a hassle if your clothes get dirty. Ejaculate, please pour all your semen on the soles of my feet.

By the way,
you ejaculated
so much.
Maybe more
than my
coach...

Hmm,
are you
finished?
Thank
you for
using my
feet.

Huh?
Does
that
mean I
should
give
you a
foot
job?

case.2

Yuki Tanimoto(12)

Subjects: Arithmetic

Remarks: A sports girl who belongs to a track and field club. She has a mature atmosphere and is rumored to be dating a coach who is over 40 years old.

I've got a show I want to watch coming up...

Oh, but if all you want to do is to rub your dick with my foot without my movement, I'll let you do it if you give me 2,000 yen.

Why are you so used to it, you ask?

Well, club expeditions are pretty expensive, and I've been through a lot...

...Well, if it's you, I'm fine with it.

Sex with condom will be 30,000 yen, do you have money?

What? You want to have sex with more than just feet?

Verification Results: I was even able to have sex with a condom.

I've got a meeting with the coach soon, so I'm going home.

...save your money for the next one♥

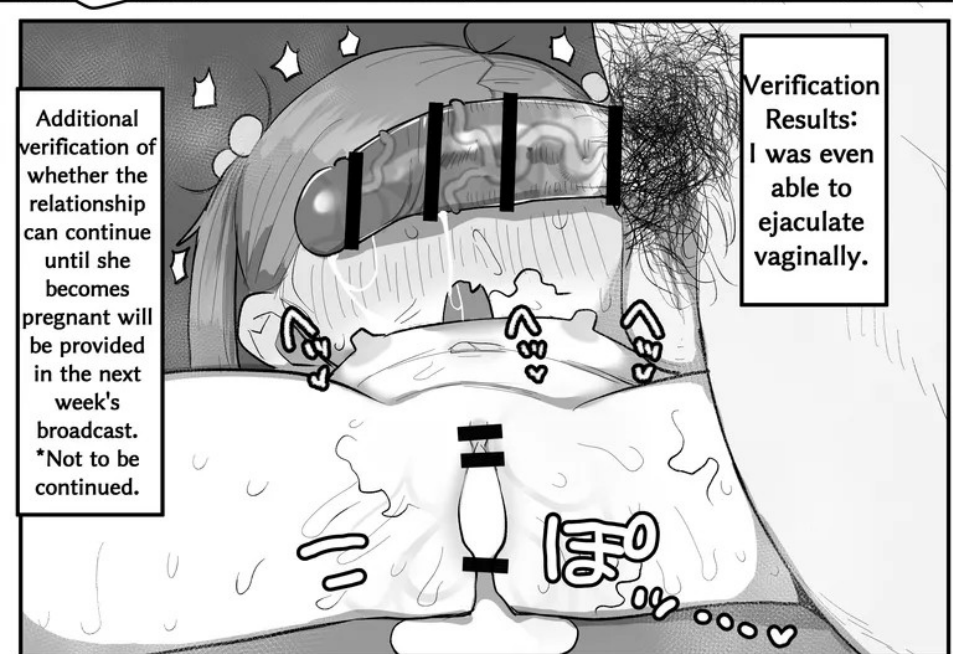

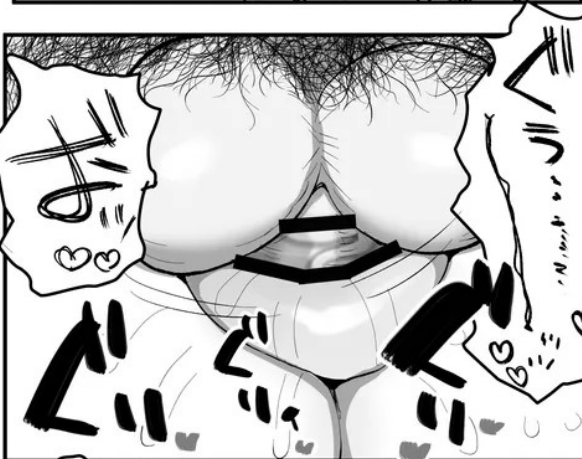

No, Kissing is...

Mmm...♥

*In Japan, condoms are sometimes called "gomu", and hair ties are also called "gomu".

W-When your dick pokes me in the back of my stomach

Stop once...

Hey

it makes my brain stupid

Verification Results: I was even able to ejaculate vaginally.

Additional verification of whether the relationship can continue until she becomes pregnant will be provided in the next week's broadcast. *Not to be continued.
