You said you wanted to talk to me after Graduation Ceremony...

...Wait, why are you undressed!?

ヒッ...
ヒッ...

I knew it...

Brother... You don't remember our promise, do you?

ズル...

Huh... When you grow up, you'll date me... right...?

Not that promise!

This is... because I want to do it with you.

Don't act like it's obvious!

Ah... She might have said something like that...

That you'd make me your girlfriend once I graduated from here.

The promise we made when I was in elementary school...

These past three years... I've tried to get your attention so many times...

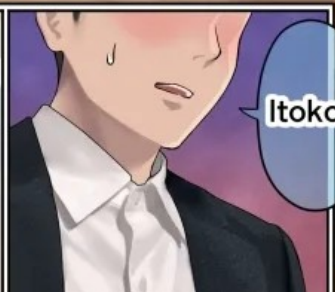

But today, I just can't hold back my feelings.

はぁ♡

!!

No way~ You were crying during the graduation ceremony? Shut up~ It's fine, isn't it?

Itoko...

That was close.

Phew.

Nothing... I guess I was imagining things.

What's up?

If they'd found us, graduation would be the least of our worries...

I made her wait over ten years...

I need to finally be honest with my own feelings...

...You're right... Itoko's grown up enough now...

But... From now on, we can be together without worrying about anyone seeing us.
