

離れて暮らす高齢の父が亡くなったと地元の病院から電話があった

俺以外に親族はおらず遺品整理のため十数年ぶりに実家に足を運ぶと

そこには密かに育てられていた父の隠し子がいた

名前は玲羅(れいら)と言うそうだ

生前にそれらしい話も聞いたことが無く母親も年齢も分からない(髪や目の色から母親は外国人と思う)

みてみて
ばばかいたの

はは
いつかえって来るの??

世間の目から隠されまともな教育も受けていないようにで

読み書きもできず発語も拙い

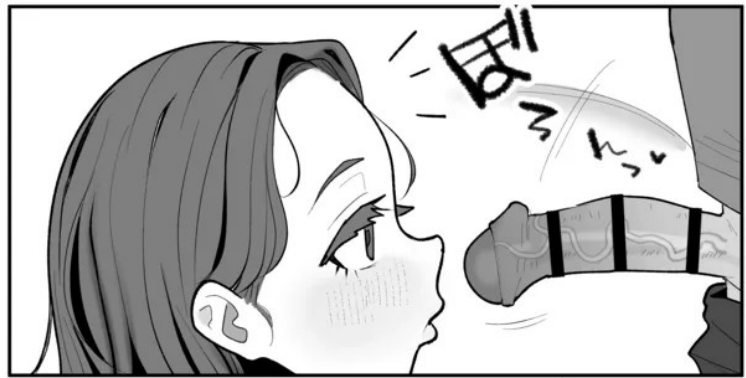

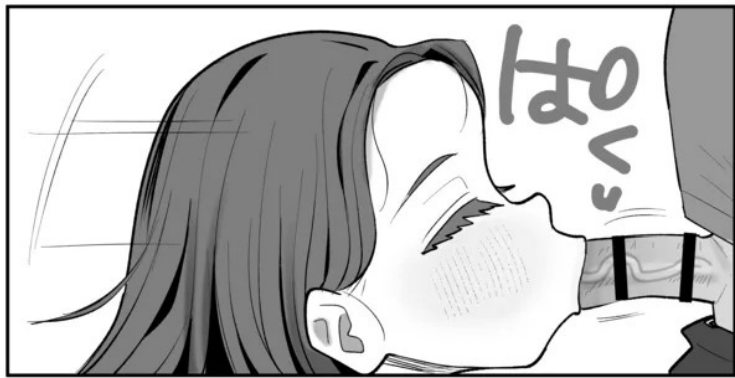

世話をされないとトイレなど身の回りのことも満足にできない始末だ

もー、ちゃんと拭かないとおまたかゆくなるよ

——にも関わらず

「こういうコト」だけは大人顔負けに覚えていることから

隠し子として扱われていた理由も予想がついた

眼前に差し出された
ちんぽを躊躇なく
啜えこんだ少女を見て
俺の良心は簡単に瓦解して

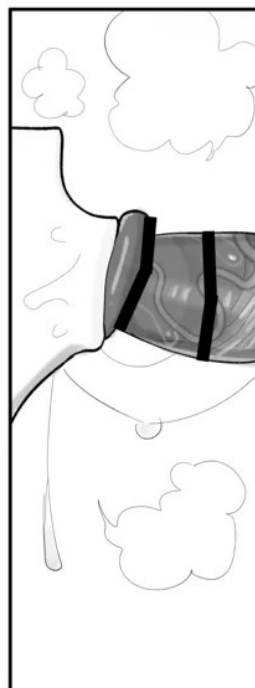

俺はこの少女を
保護するのではなく
このまま実家で
飼いつけることにした

この歳でオスに
媚びる振舞いだけは

There, I found my father's secret child, raised in hiding.

Since my father had no relatives besides me, I went back to my childhood home for the first time in over a decade to sort through his belongings.

I got a call from the local hospital saying my elderly father, who lived apart from us, had passed away.

The fact that she remembered "this sort of thing" better than any adult made it easy to guess

why she'd been treated like a secret child.

I never imagined my father had a secret child. I don't know her mother or her age. (Judging by her hair and eye color, I think her mother was foreign.)

Her name is Reira, apparently.

Look, look! I drew Papa!

When... is he coming back?

She couldn't read or write, and her speech was awkward.

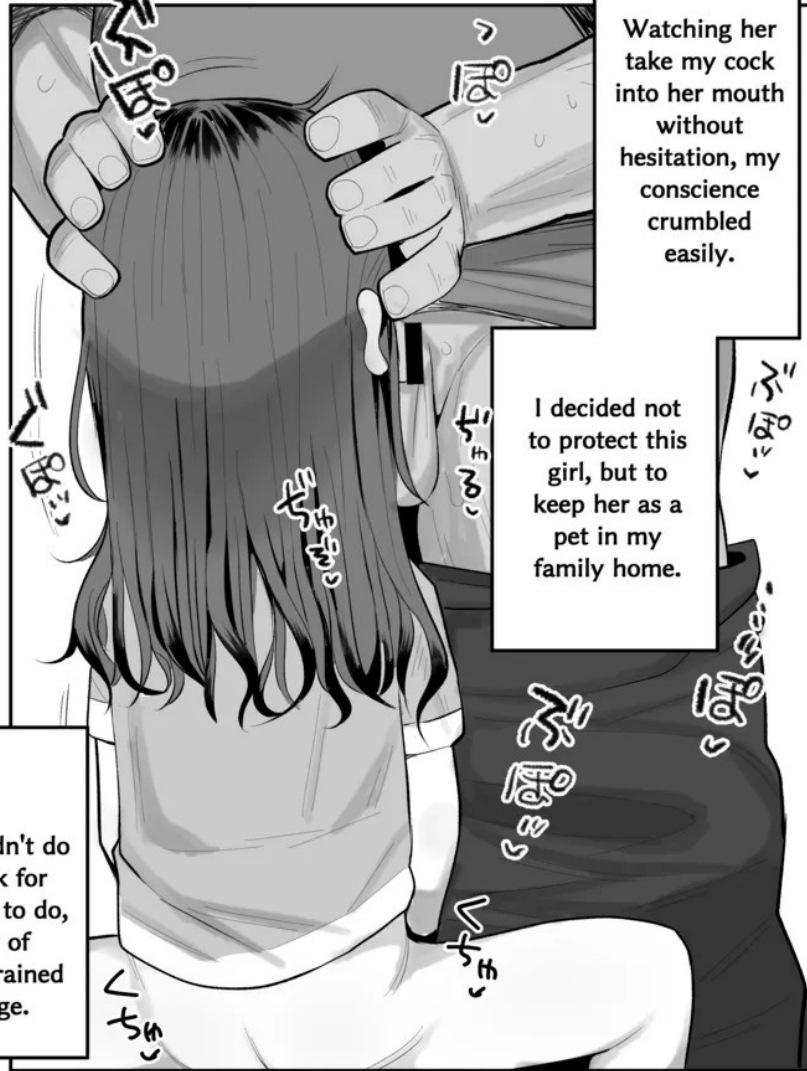

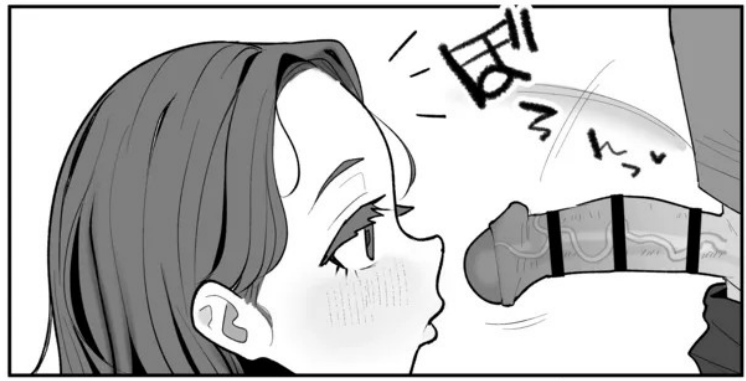

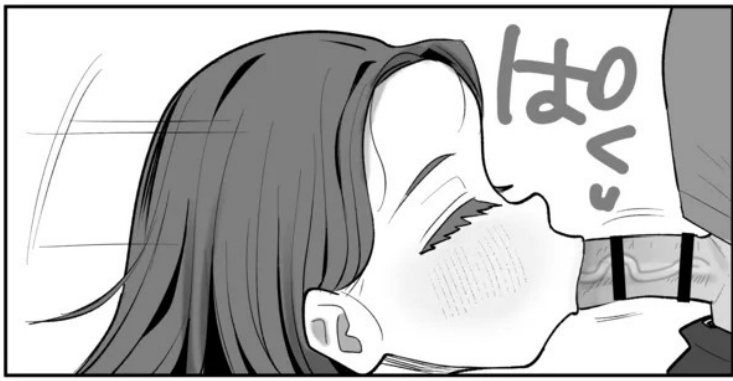

She had been hidden from the world and seemed to have received no proper education.

She couldn't even manage basic tasks like using the toilet without my help.

Hey, if you don't wipe properly, your private parts will get itchy!

Despite all this

Watching her take my cock into her mouth without hesitation, my conscience crumbled easily.

I decided not to protect this girl, but to keep her as a pet in my family home.

Sucking on my cock while licking the underside with your tongue feels so good...

I chose not to save her,

A pitiful child who couldn't do what kids her age took for granted, wasn't allowed to do, yet had the behavior of fawning over males ingrained in her body at this age.

but to despise her as a lecherous, miserable bitch and simply use her as an outlet for my own lust.

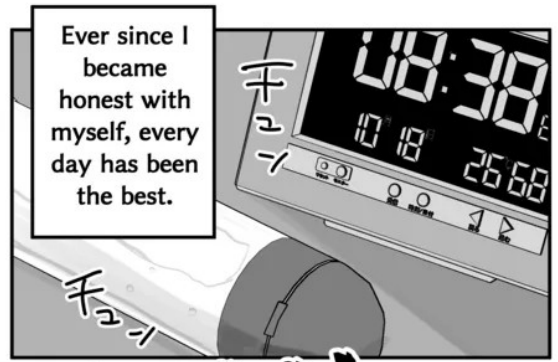

Fuu.. I'm cumming...

Swallow it all...

Imagine waking up in the morning to find a girl sleeping beside you, always ready for sex.

Ever since I became honest with myself, every day has been the best.

Morning♥
My new papa♥

Ido
ん

※As an aside, if I wake up later than Reira in the morning, she's trained to wake me with a wake-up blowjob.

I smear the bedside lube onto my morning wood, hard as a rock, and thrust it straight into her young pussy. That's my new morning routine.

Good morning, Reira♥

Hold me tight and cum inside me again today♥

Ahhhhh...♥
It feels so good to plow the tight little child's pussy hole with my grown-up cock first thing in the morning...♥

Reira accepts the situation as normal, though surprised, and even urges me to cum with a sweet, clingy voice.

I'm hungry. What do you want for breakfast?

Lick it clean

Sniffing the sweet scent of her girlish hair, I pour every last drop of my thick morning semen into her young, tight vagina.

Having sex around the clock makes me ravenously hungry.

Since starting this lifestyle, I eat four or five meals a day.

Feeding her by mouth-to-mouth seems to stimulate some animal instinct, because I feel like I produce thicker semen than usual.

It's tough sometimes since I'm still getting used to it, but seeing Reira cheering me on from under the desk gives me the strength to push through.

I quit my old job and switched to work I can do from home.

Yes... For that item, please refer to page 4 of the separate document...

...Huh? Oh. Nothing, my pet was just playing at my feet...

Count to a hundred and you can get out of the bath, okay? ♥

She seems to dislike bathing, but since she gets sticky with sweat every day, I make sure we always bathe together.

Fourteen, fifteen
Huh? You're sweating again
Should we wash again?

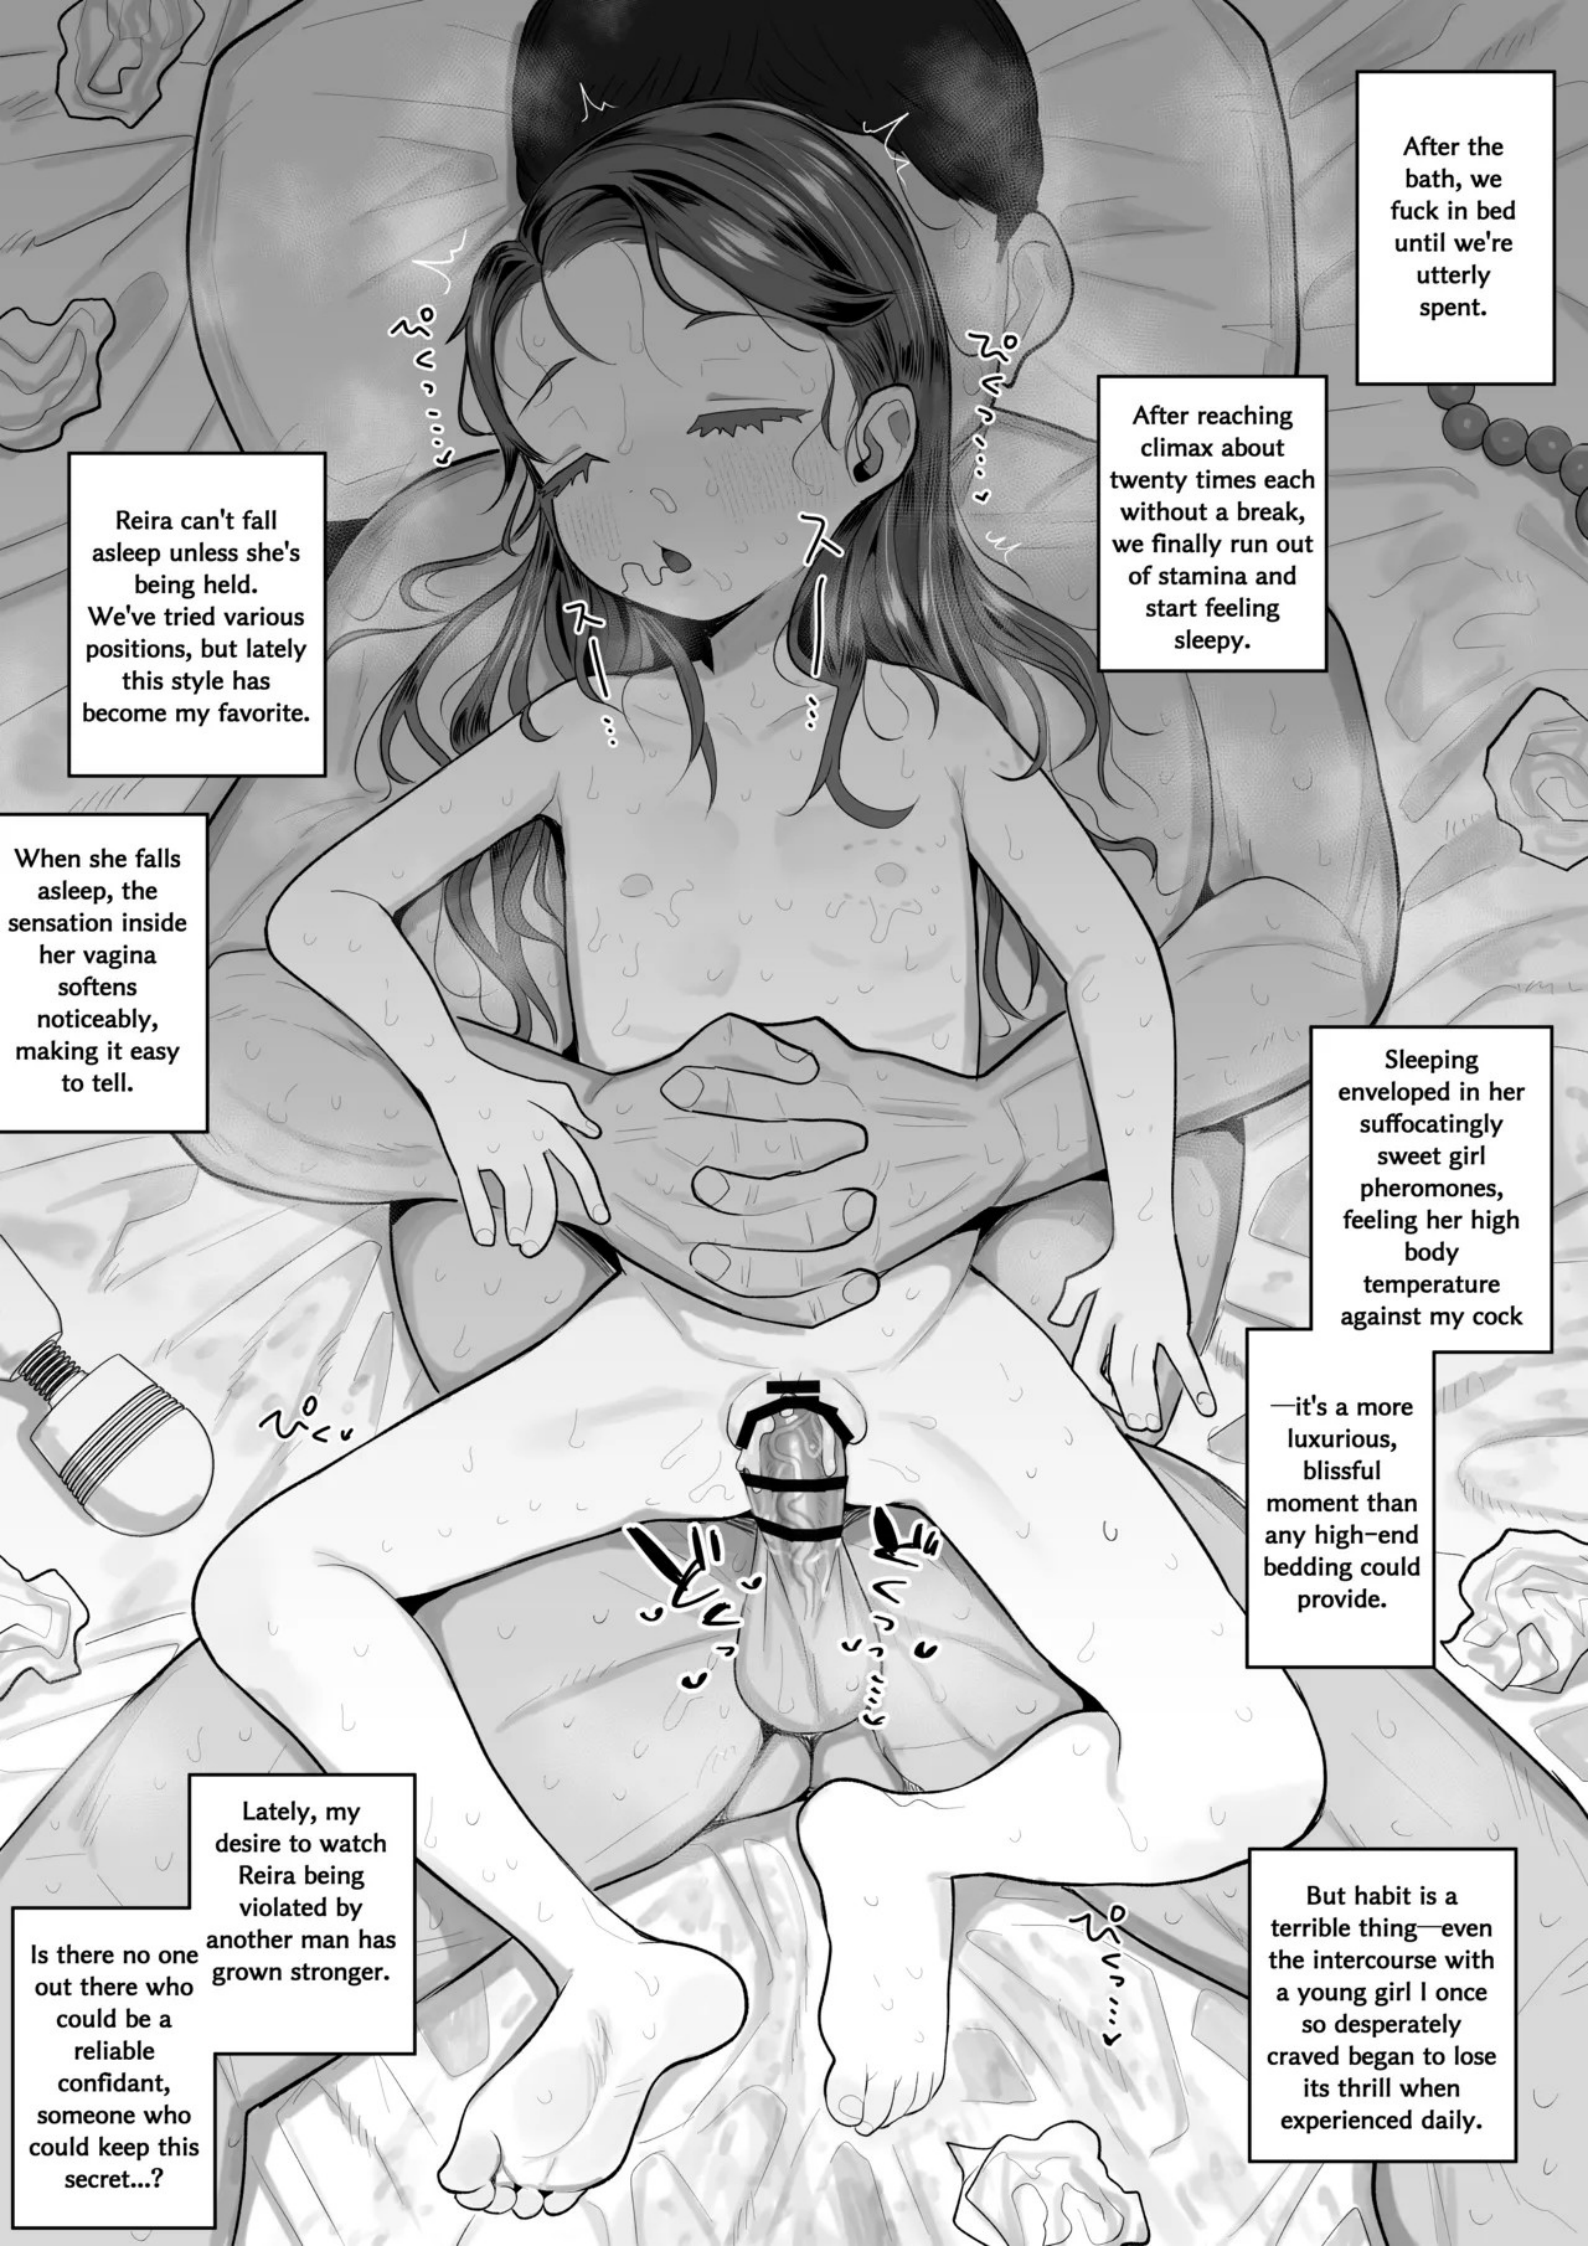

Go!
Pass him!
Pass him!

Ah! Papa!
That's cheating!
Let's do one more race!

After work comes entertainment time.

Lately, we've both gotten hooked on a certain racing game.

It's cute and feels good how her vaginal opening twitches rhythmically with the game's action.

After the bath, we fuck in bed until we're utterly spent.

After reaching climax about twenty times each without a break, we finally run out of stamina and start feeling sleepy.

Reira can't fall asleep unless she's being held. We've tried various positions, but lately this style has become my favorite.

When she falls asleep, the sensation inside her vagina softens noticeably, making it easy to tell.

Sleeping enveloped in her suffocatingly sweet girl pheromones, feeling her high body temperature against my cock

—it's a more luxurious, blissful moment than any high-end bedding could provide.

Lately, my desire to watch Reira being violated by another man has grown stronger.

Is there no one out there who could be a reliable confidant, someone who could keep this secret...?

But habit is a terrible thing—even the intercourse with a young girl I once so desperately craved began to lose its thrill when experienced daily.
