However, when Ast sees her heart rate and the moisture in her crotch, he realizes that she is hiding the fact that she was sexually harassed. She apologizes to Ast, confesses once again that she was sexually harassed, speaks of her love for him, and begs for his forgiveness. There, the master-slave play ends, leaving Elena dumbfounded.

The next day, Ast and Elena head to the cosplay equipment shop. After sex, she walks around town naked without even showering. Due to a spell that blocks perception, no one else notices. Elena is a pervert and gets excited by situations like this...

Elena tries on the uniforms of the "Valkyrie Corps," a foreign kingdom's army. The "Fundoshi Ninja," a secret agent from the East. The Lovely Princess' dress. The school's gym clothes.

After buying a variety of outfits, the two can't resist and head to a back alley. Elena puts her hands against the wall and begs for her lover's penis...Ast punishes her for behaving in such a lewd manner in such a place by performing anal sex on her.

Kohaku had fallen into this man's trap, and had been forced into a slave contract through an evil spell. Hakeem was so fed up with Kohaku's poor cleaning skills that he turned her face into toilet paper and even showered her with farts.

And in front of Kohaku is a plate full of shit, she begs him to stop, but the pervert doesn't get it. Her beautiful face is submerged in the brown filth...

To be continued...

Akeem then has sex with her. He then orders the cursed seal to climax while leaking feces. Kohaku does as instructed and defecates and climaxes. Hakeem explains that this investigation mission is a trap to make Elena his own... Unaware of this plot, Elena pathetically chews Ast's feces...

Consumed by the lewd miasma, she climaxes in an instant...! Kohaku is also on guard, but Ast is controlled by the miasma and she too is hit by a miasma blade...

Kohaku climaxes like Elena, leaking her love juices...Elena suppresses her arousal while analyzing Ast, and determines that he has absorbed the power of the "Miasma Blade", possessed by "Empusa," the master of the sealed miasma. Ast manipulates miasma to restrain Kohaku. However, she takes advantage of Ast's distraction to urge Elena to reseal the demonic beast. Elena continues to be in heat, her lustful body releasing obscene milk and farting as she attempts to seal the beast. Meanwhile, Kohaku has a penis thrust into her mouth...

Even as her mouth and throat are abused, Kohaku finds joy in Ast's penis and semen, which she has been longing for...She is conflicted, fearing that if she swallows the semen she will be consumed by miasma, but she cannot resist, and drinks it, letting a horrible pleasure penetrate her entire body!
