

You think you can mess with royalty and get away with it!

It hurts!  
What the fuck!

Ou!

All you can do now is to be a tool for us poor people to distract us from our sorrow.

Shut up. You're worthless now that you know you won't get the ransom.

Get away from me...!

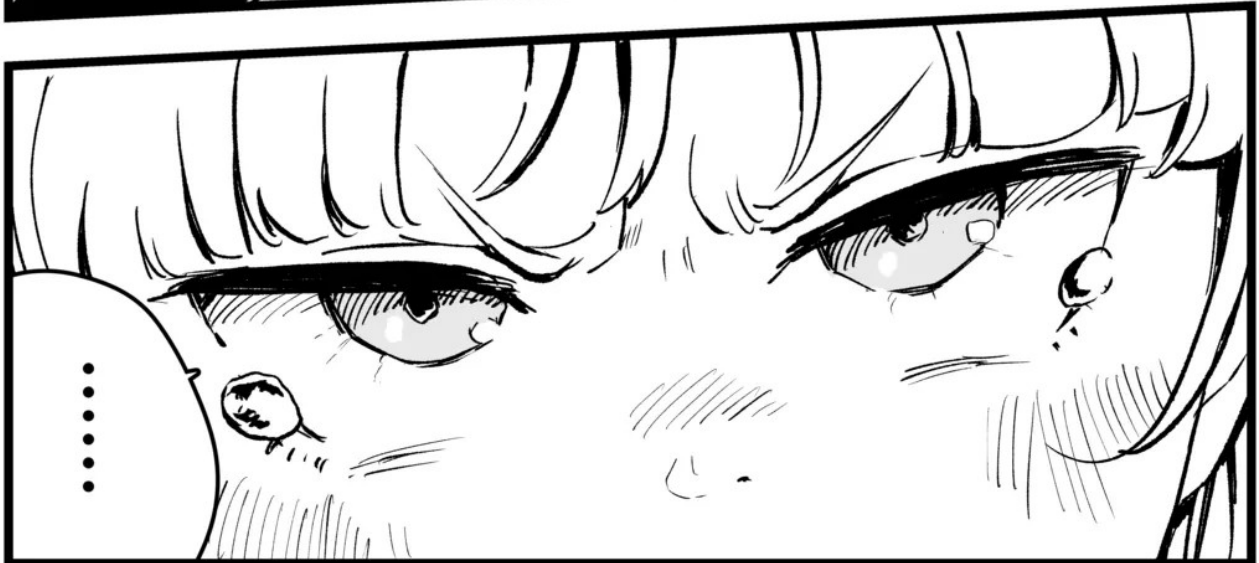

Don't...

Because I'm sure we'll never get another opportunity like this again.

You guys, I'm going to sell it tomorrow, so savor it, you guys.

.....

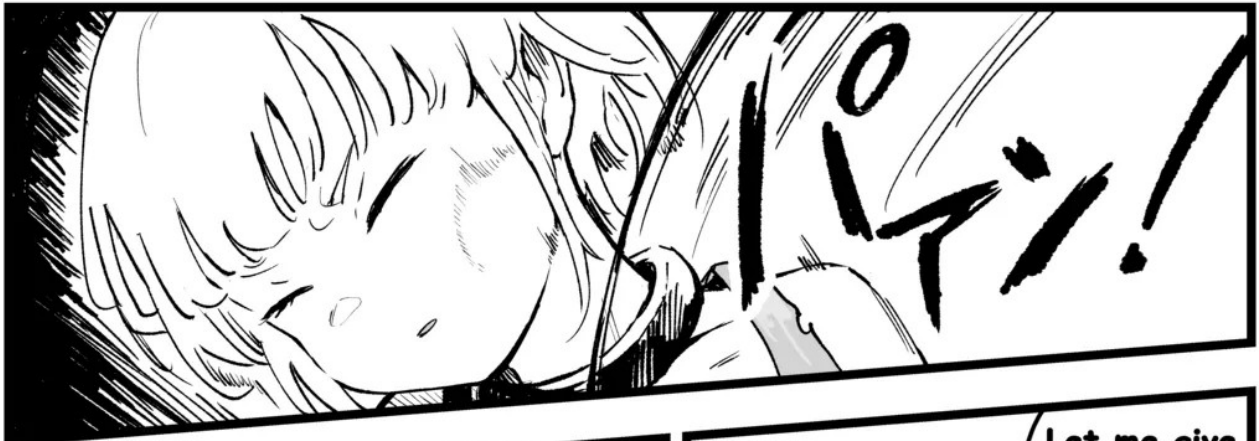

.....  
I am a princess.  
I'm not the right person  
to be in  
this dump.

a few days later

Hey,  
new guy,  
you're  
looking  
down on  
us, aren't  
you?

Stop  
it!

Get off  
me!

Let me give  
this naive  
kid a  
reality  
check.

I have  
a  
good  
tool  
just  
for you.
