

I'm a notorious delinquent in this area.

Of course I beat up anyone who challenged me, and I've also found fault with innocent people and beat them up. But it's not my fault. It's the fault of those people who are weak.

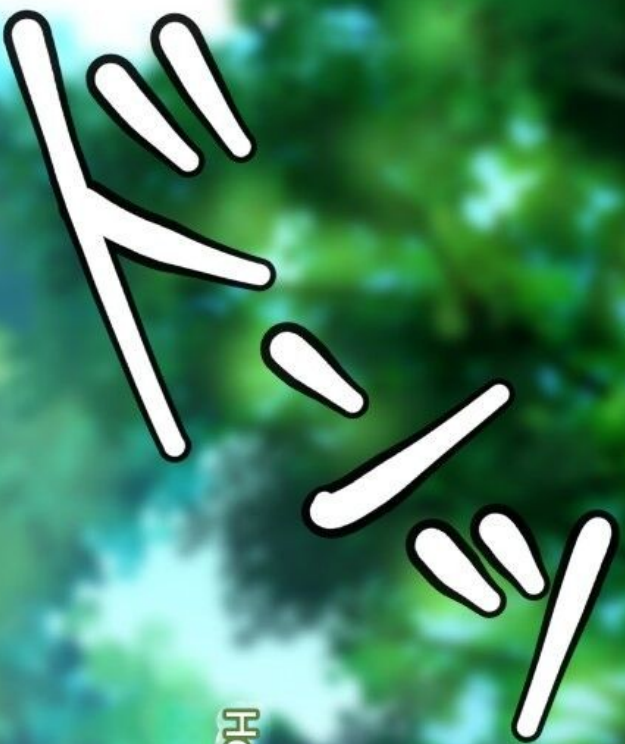

That's the kind of life I was living, so people in my hometown would pick fights with me.
At some point he disappeared.

I thought it was gone...

Did this guy just bump into me on purpose?
Interesting. I'm going to show you exactly what happens if you pick a fight with
me!

Hey, do you know who you bumped into? Huh? That's embarrassing.

I'll make you regret picking a fight with me

I know I did some bad things, but there's no need to do something like this...

Listen, the reason why you act overbearingly towards others is because of the amount of male hormones secreted.

In other words, if I reduce your production of male hormones, You will no longer do foolish things and start fights with others.

So how do you reduce the production of male hormones?

What is he talking about?

Stop saying things I don't understand, you crazy bastard!

Stimulate your female parts and trick your
body into thinking it's a female.
To do that, I'll first cum inside your asshole!

I'll fuck you thoroughly and turn you into a miserable
bitch who shakes her hips, begging for my dick.

No, stop it, don't cum! Ahhhh

Oh no, it's coming out inside me!
