What is...
not human?

One of them died
after being pierced
by a large hole.
The other lost the
upper half of
her body....

Ew...that sucks.
I don't want to
die like that!
Someone find it
and end it quickly!
I'm so sleepy!

Yes....
I'm exhausted
too and want
to go to sleep
right away.

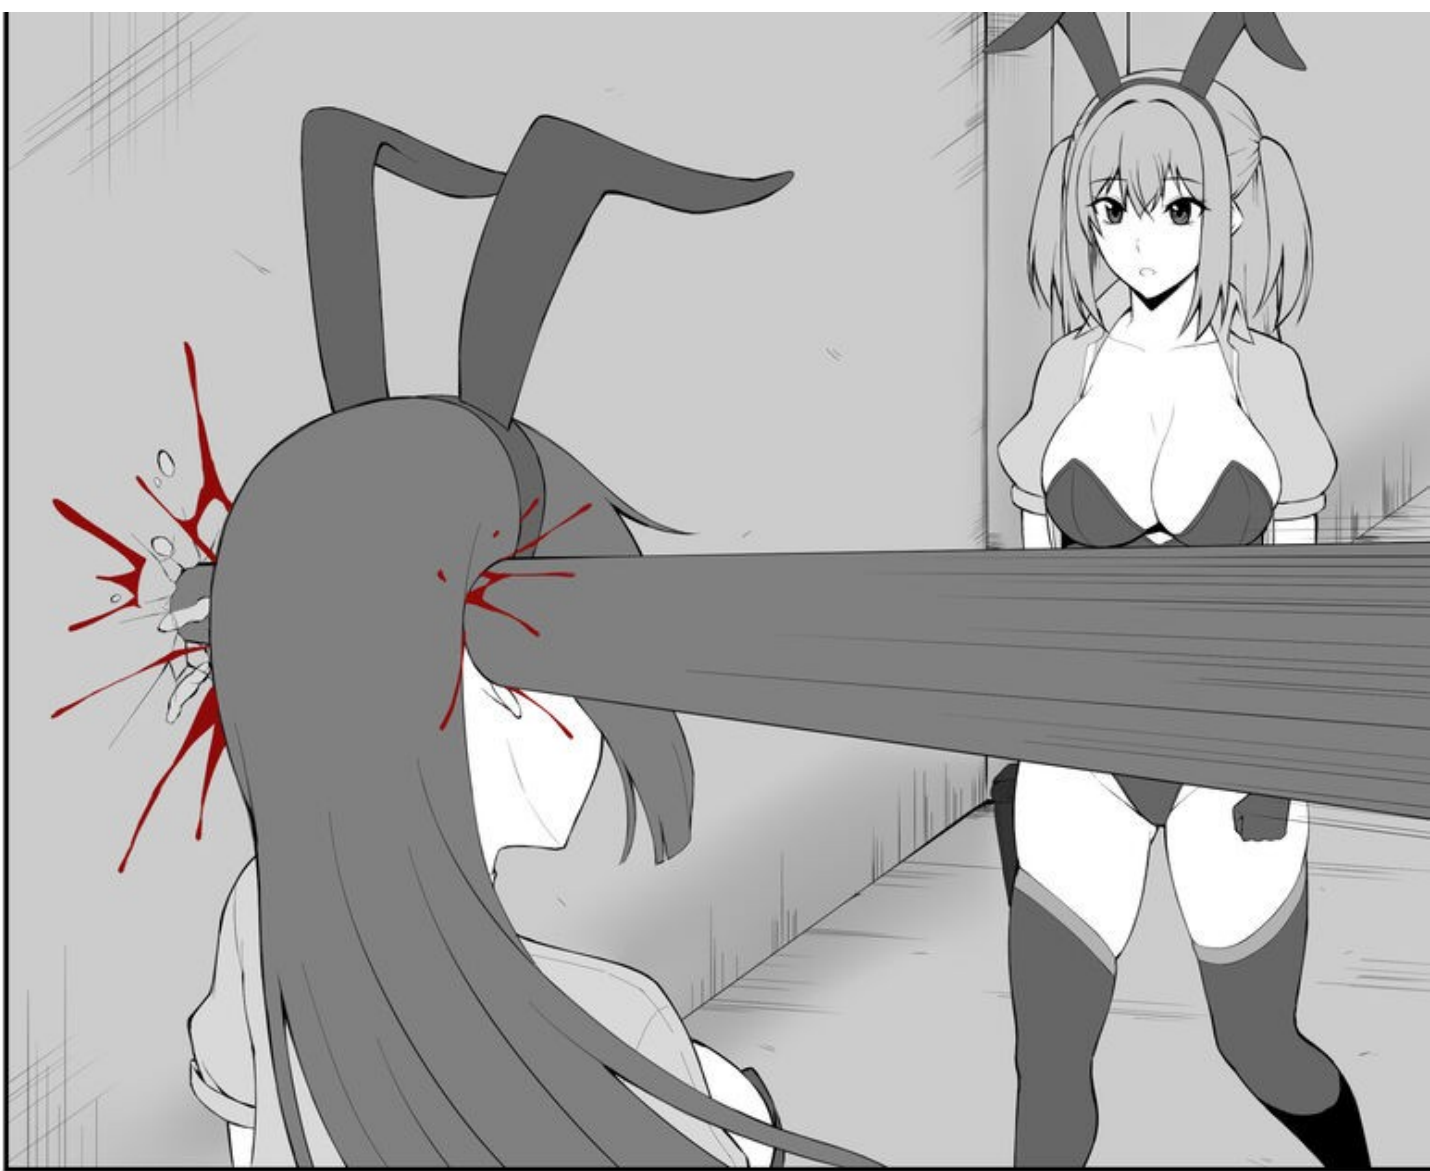

What's up
with all the
noise?
I'm tired from
dealing with
My lady today,
and you're
making rounds
in the middle of
the night....

Sleepy...
She
ejaculated
vaginally
twice.

Two night shift
workers in the
east wing were
attacked by
something and
are now
searching for
them.

Seriously?
That's
amazing.

Haha...I was
ejaculated
vaginally
5 times....

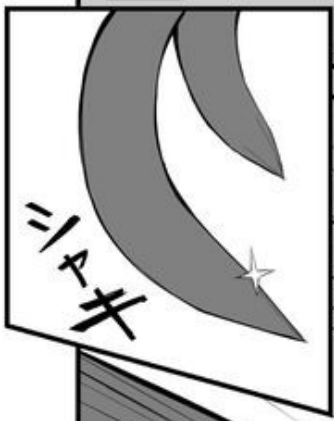

Why did you die on your own? You guys have to understand the situation!!!

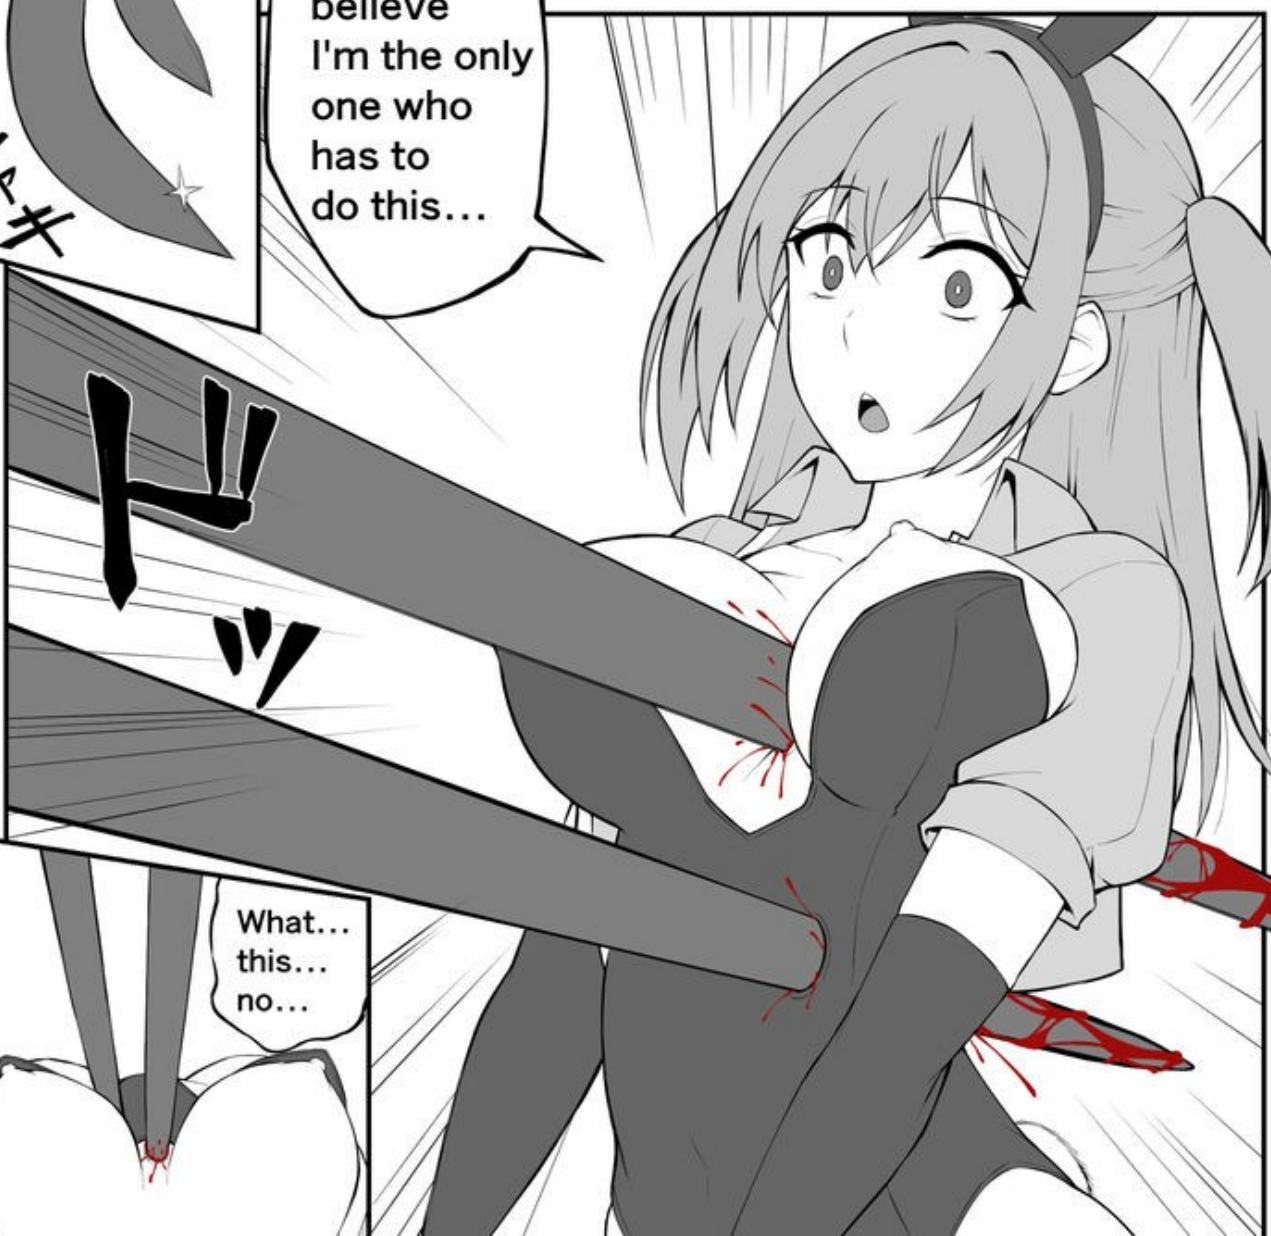

What... what? what?
The guy I'm looking for now is this tentacle!

Why is this coming out here?

I can't believe I'm the only one who has to do this...

What... this... no...
