They must have been the ones who reported us to the government...

Initially, the plan was to execute her, but after a suggestion by Mrs. ●● and others, it was decided to pardon her.

**That's
bullshit!**

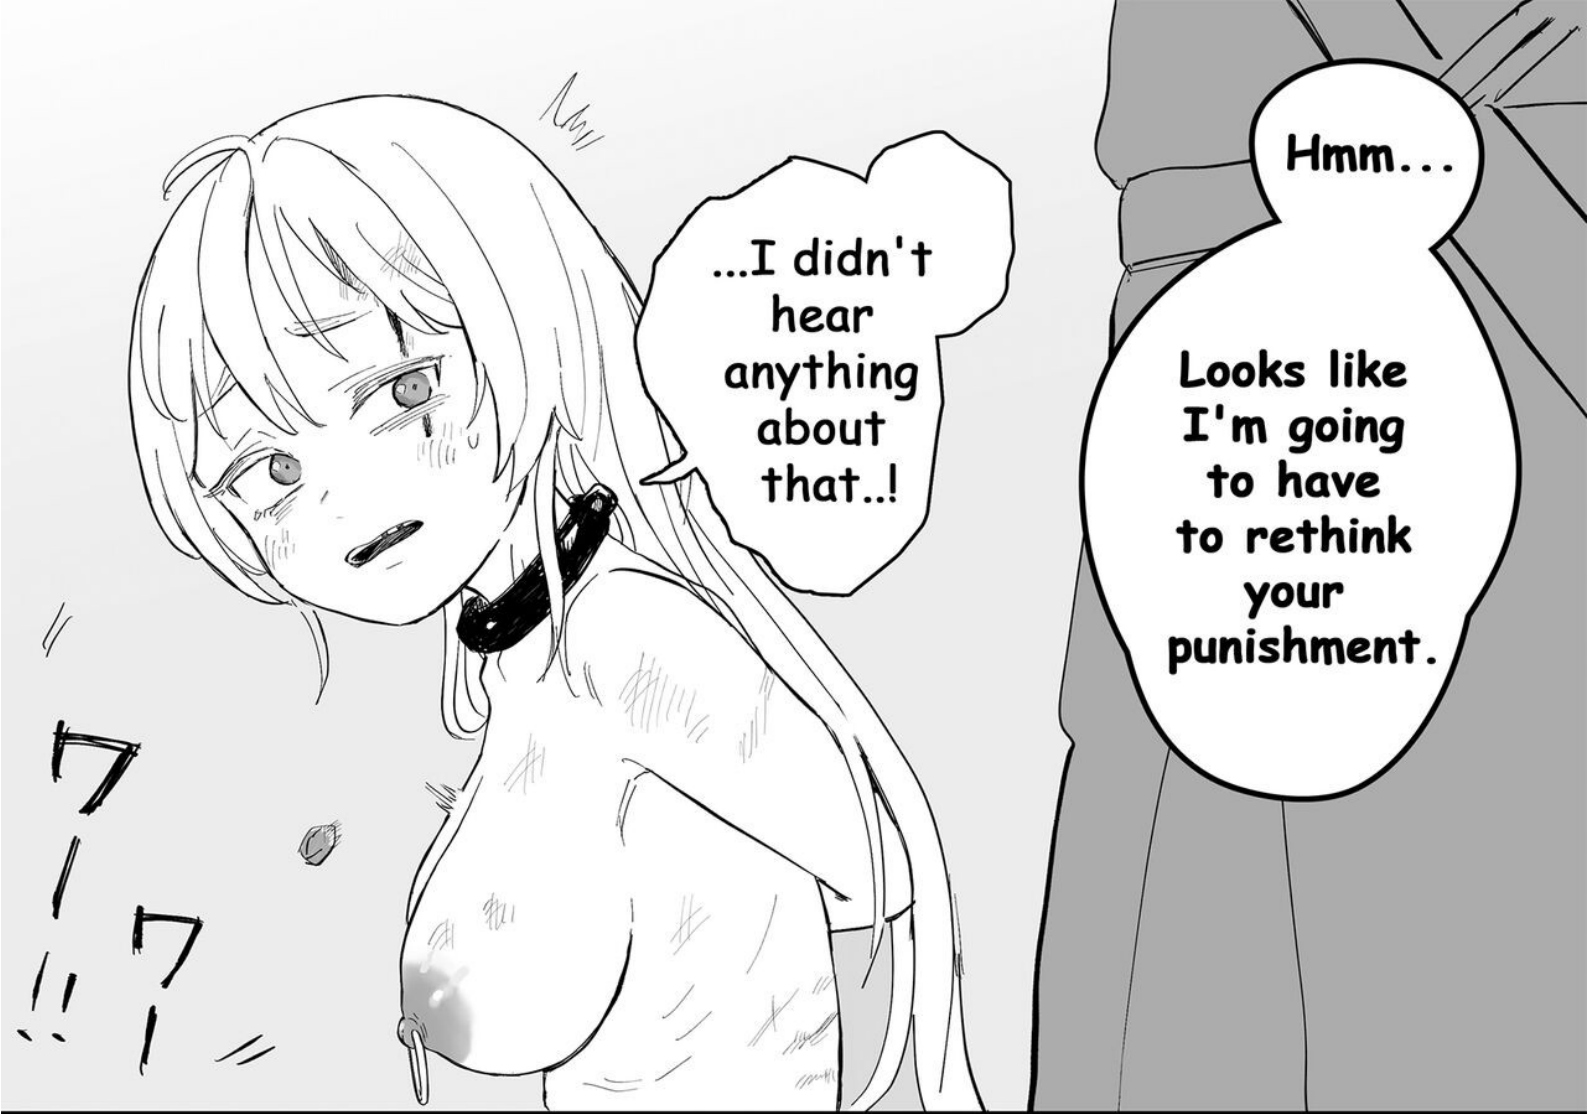

**You
people
underestimate
the
threat
of
beastmen!**

**She
should be
punished
more
severely!**

**Execute
her!**

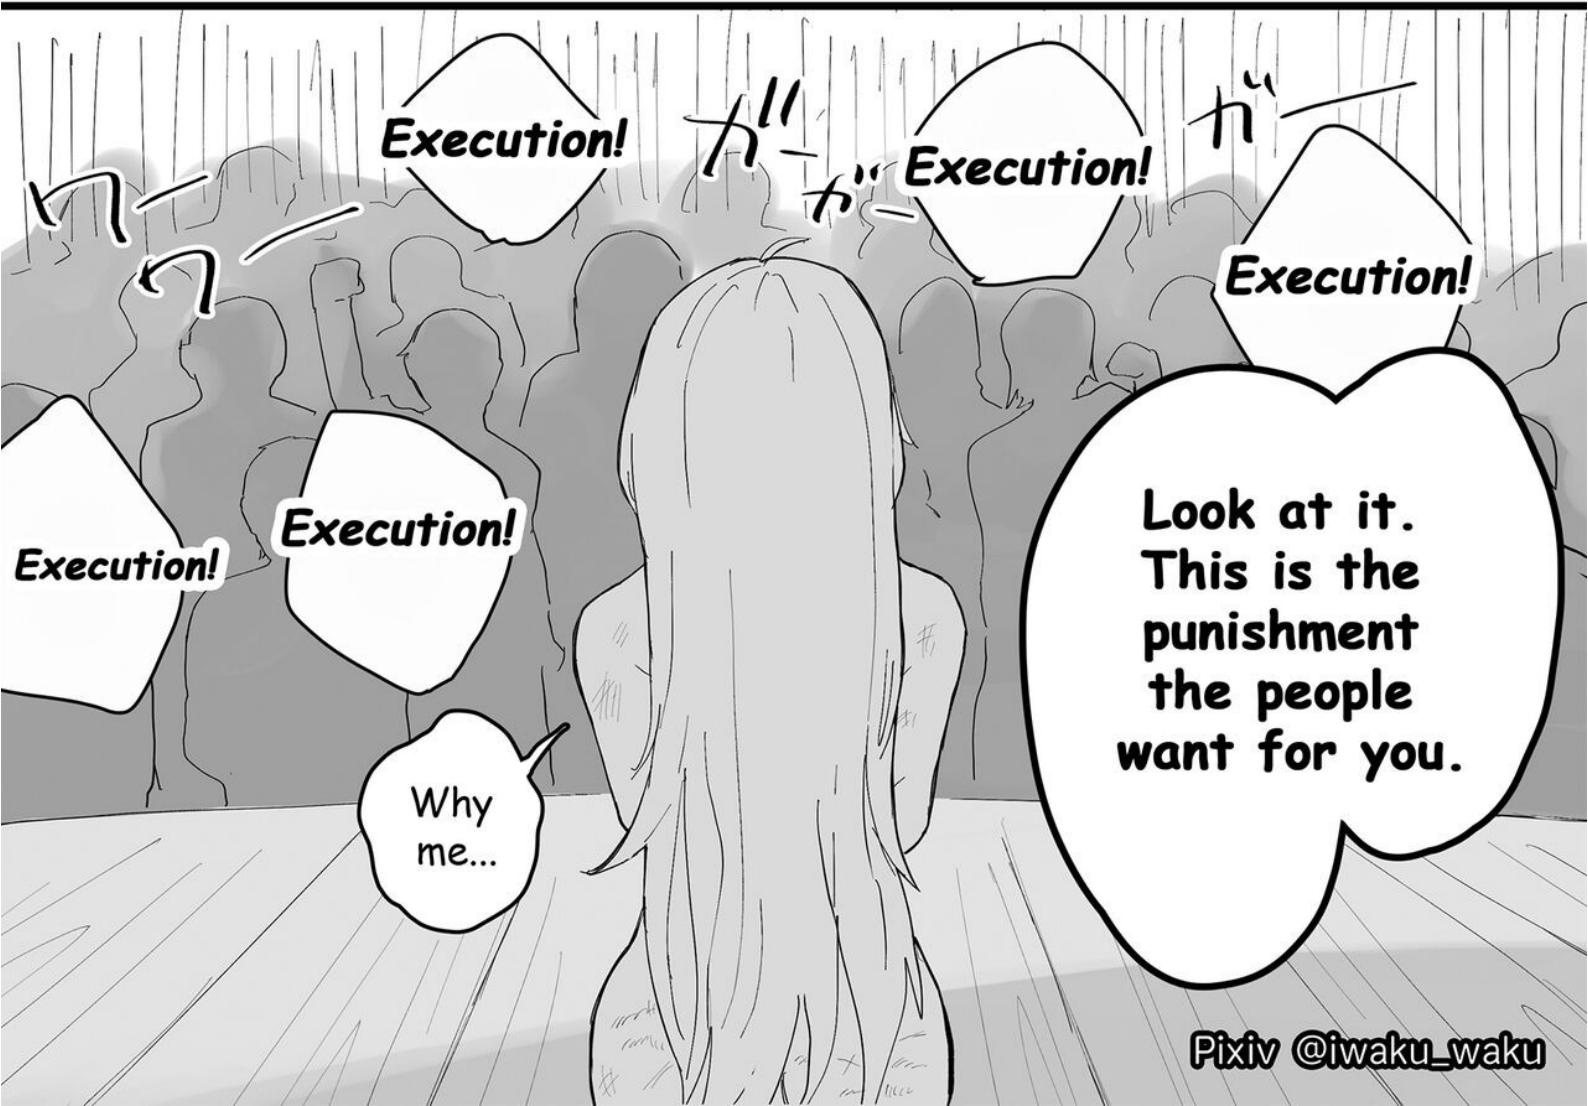

...I didn't hear anything about that..!

Hmm...

Looks like I'm going to have to rethink your punishment.

Execution!

Execution!

Execution!

Execution!

Look at it. This is the punishment the people want for you.

Why me...

1 week later

And as for the method of your execution, it will be carried out using the beastmen who recently attacked the suburbs.

Your punishment has officially been changed to execution. In addition, the beasts were to be severely punished.

No..

...Why

...No

What will happen to them...?

You who love the beasties will be able to show them that they are safe.

Well, we need to make sure that the government takes into account the opinions of the people.

That's why
you'll
have to look
forward
to the
day of
the event.

Please
reconsider
just
one more
time! !

Wait...!
Please
wait!
Don't
leave!

I'm not guilty of anything...

No, no...
