Suzuki-kun
Fukuyama-san's caring boyfriend. He has decided to study sincerely for a bright future for the two. Well, almost... but before that, he's a **BIG** pervert with nothing but sex in his head! His favorite Mobile Suit is Doven Wolf*. He seems to have infinite stamina while having sex. And surprisingly, he has often stopped half-way between sweet pillow talk and started studying by sheer power of determination! He can achieve all that because he's doing it for his beloved Fukuyama-san's sake. If it's for her, he can be as strong as Yakumo from 3x3 Eyes*! Every fiber of his being is committed to loving Fukuyama-san.
