## Maid age 26

Former female knight.  
She served as a princess escort for a long time.

Currently serving the princess as a maid.

She is happy with the growth of the princess,  
but she also misses it.

## Princess Knight age ● 5

Although she was a princess, she had longed  
for a knight since she was a child.  
She is the only one who is open to maids who  
treat her regardless of her identity.  
After hearing reports of a goblin herd attacking  
a village she used to play with,  
she decided to go alone without hearing any  
advice.

You have become really beautiful.

You were a naughty princess until recently.

**Stop!**  
Don't treat me as a child forever.

I have already become a good knight.

You also need training to serve men.

Marriage is still early for me.

One day, you too will carry the kingdom on your back and marry.

It's very beautiful, My princess.
