Foreign Students.

they are foreign students. so blonde girl call them "Mr. Foreign"

Students

「Men's changing clothes booth」 it looks like just a tatter box. but people are able to enter. They need to change their clothes in it.

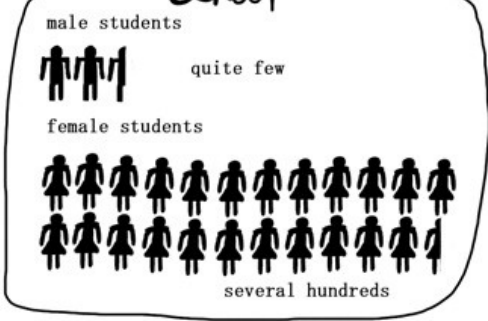

Blonde girl think, it should divide man and woman. Especially nasty male students are. But he is not nasty. So she would like to become more friendly. So she said. 「It is not necessary to use a booth. Change into a swimming suit with us here.」
