■ Story Recap

He fell into a gangrape hell, to make a porno.

His body was tormented until it gave in,

Translation: masamune

And Nozomu surrendered himself to pleasure born from violence.

Most cleaning and redraws: justj

The often bullied Nozomu-kun was introduced to a new "part-time job" by a Senpai at school who was constantly shaking him down for money.

But when he got there...

His human rights totally disregarded, he was raped to his very limits

And after it was done and he was left to clean up, his body collapsed.

The next morning, he was discovered by other students.

Now then, please enjoy this volume of the story.

Traumatized by the rape, he locked himself away at home for a week until he was forced to return to school

where he was surrounded again by bullies

who coerced him into sex again

threatening to release the video if he resisted.
