Around the time when my family goes to bed...

That's when my special time begins.

hehe

The day is finally here!

30-30

At last I get to wear this ballet leotard!

I finally managed to get my hands on it!

I've always wanted to wear this.

It really is cute.

And besides...

Yes, my masturbation time!

The cloth is clinging so tight...

My breasts

ahn♡

and my penis

have already gotten hard!♡

It feels so good...

My penis feels so good...

My blissful private time.

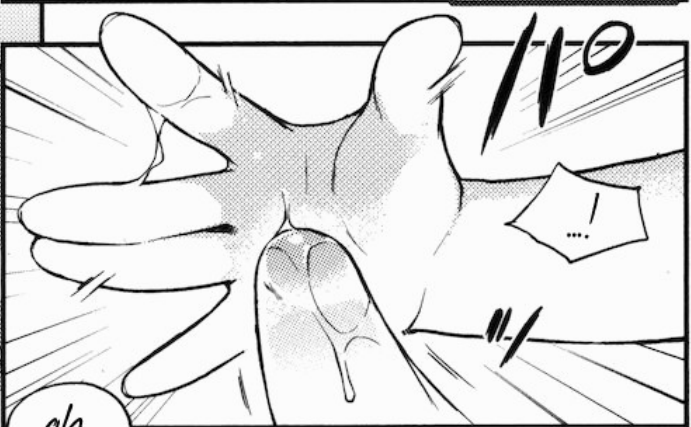

Even though I'm a girl.

But

ah

I don't masturbate like usual.

ah...

no...

Oh no... I want to touch it!

ah... ahn

はあ

But I want to touch it more...

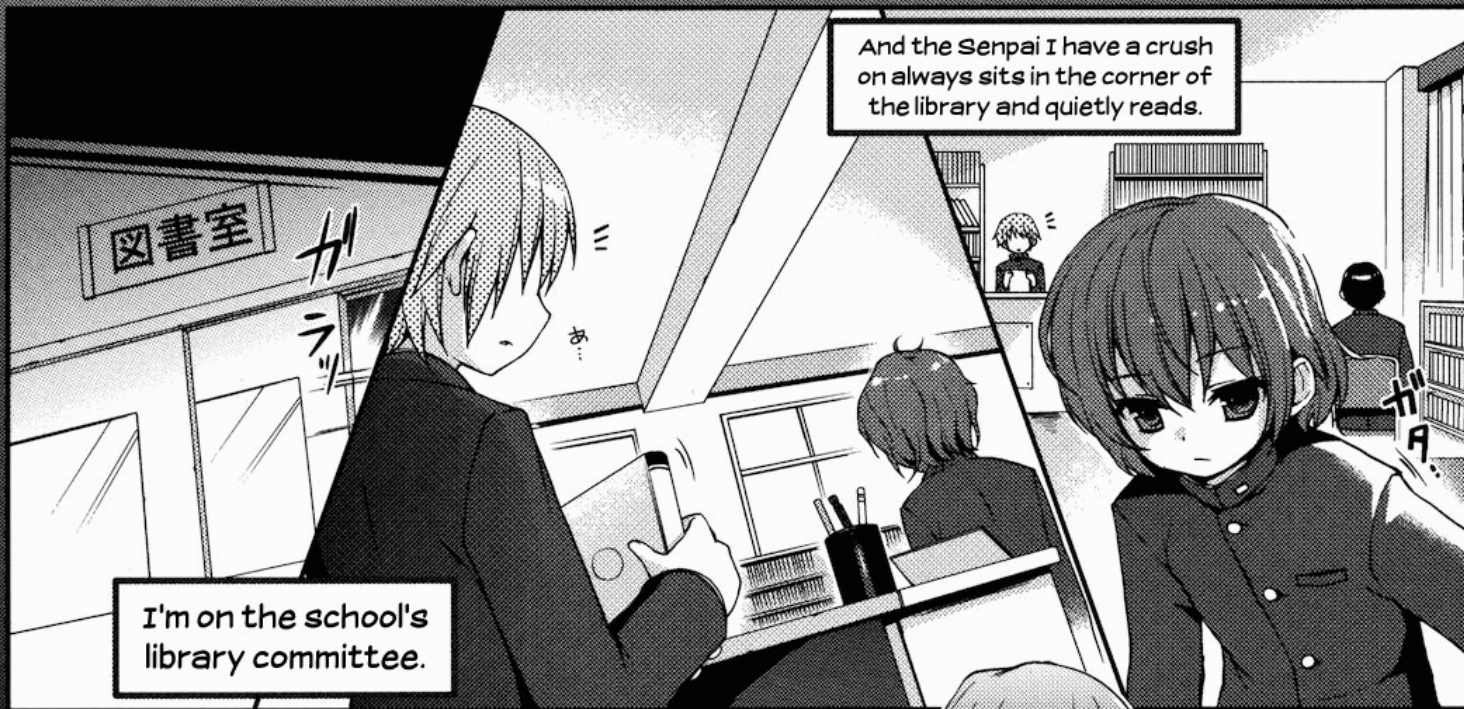

はあ

I love being mean to myself like this.

Because teasing myself instead of cumming immediately gives much more pleasure.

I want to touch my penis!

Even though we've never really spoken to each other...

I'm sorry for always doing this.

Senpai,

I keep having wild fantasies about dressing up Senpai in female clothing.

But today's clothes look really great.

I mean look, your nipples are already this hard!

hehe
Again with that look.

Don't you like doing this too, Senpai?

ah

Are you turned on from being tied up and wearing female clothing?

ahh

Take this!

まっくらっ♡

No!

aah

You're feeling it from your breasts, just like a girl.

ah

ahn

Such a lovely look on your face, and what shameful breasts you have.

がああっ

And your penis is also like this.♡

Your naughty penis will need to be punished, Senpai.♡

...Noo

That's why I'll slowly

tease your penis so that you won't cum right away.

ahh

ahh

Nice

and slow.

This is punishment after all. ♪

ahnn

Next, I'll take a moment's break after letting go of it, and then

tease you here!

HEE...

That was close. I was just about to cum...

But I won't let you just yet.

Senpai

You almost came, didn't you?

I've still got lots and lots more teasing in store for you,

Senpai.♥

KISS

My special time is far from over.
