

on the middle of the star

... And then
You spill blood

But...

If you tear off the scab, some should come out

Wha... Blood!?

That's right... What's happening here is a secret to everyone...

Ok... I won't tell anyone

I- I do...
So...

Don't you want Ieda-kun to fall in love with you?

This is a secret ritual, ok?

They say it was a car accident

Scary, isn't it?

Rika-chan is still only 10

She already has a difficult time ahead of her, and now this ...

夕蟬のささやき

The Cicadas' Evening Whispers

Mom has never understood me

... Mom

We're here for you, Mizue-san...

and yet she won't cry...

It's her own father

.....

Here, Rika
Let's take a bath!

But...

Rika is just who she is

There's all kinds of children

It's Fine

Are you listening to me!?

I can't tell what's going on in her mind

Even in kindergarten she is always alone...

And she neither cries nor laughs

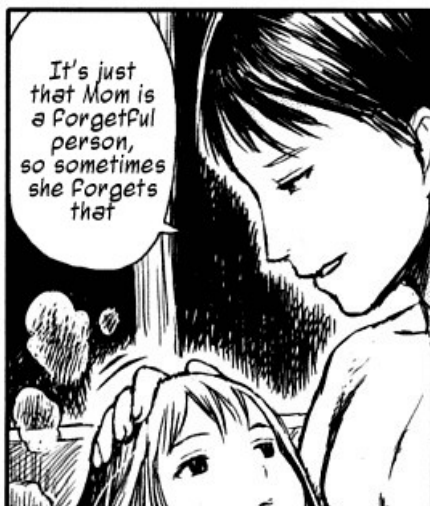

hate me?

Lpsy daisy

Does Mom

.....

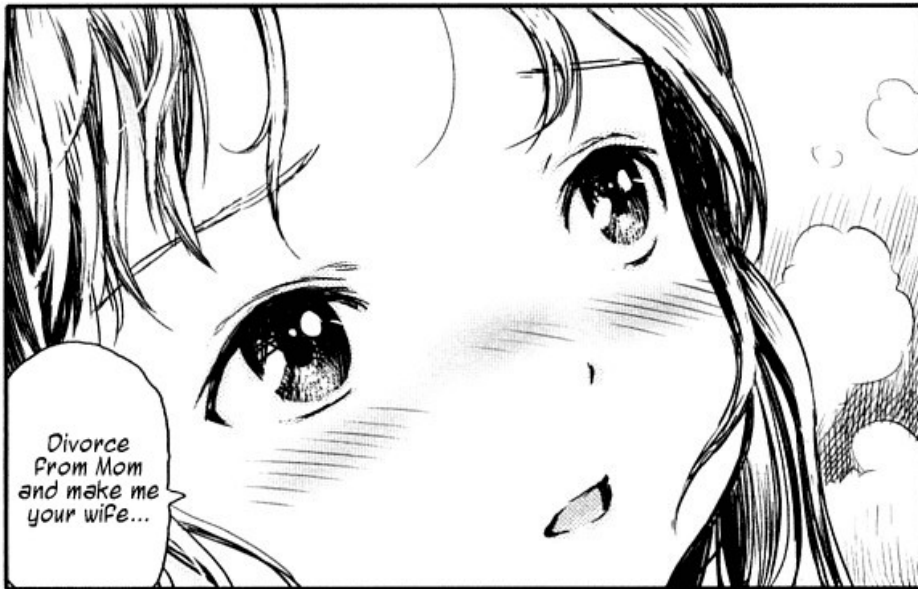

It's just that Mom is a forgetful person, so sometimes she forgets that

Of course not

We both love you very much

Divorce From Mom and make me your wife...

Dad...

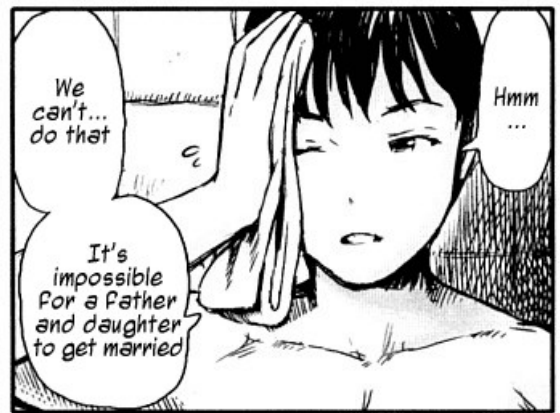

What a small and cute pussy

It's like the petal from a cherry blossom

ハハ
♡

.....

We can't... do that

Hmm ...

It's impossible for a father and daughter to get married

"No way" huh...?

... No way

Haha... Now I'm stumped

Then how about

Something similar?

I'll let you become something similar

instead of making you my wife,

The only one who's allowed to touch you down here

is your husband

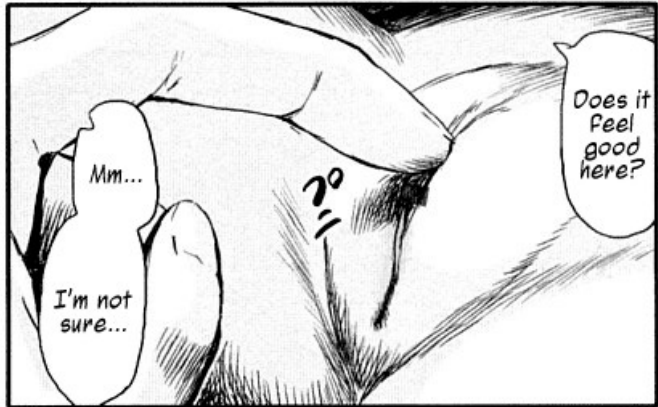

Special?

It's proof of your special trust for one another

If the person you love touches you here

You'll slowly begin to feel good

Does it feel good here?

Mm...
I'm not sure...

Yes...

M-maybe you're right...

.....
It only tickles...

It- it feels good...

No

Does it hurt?

I wonder how it is inside?

11/5 13/0

Ow!

Really?

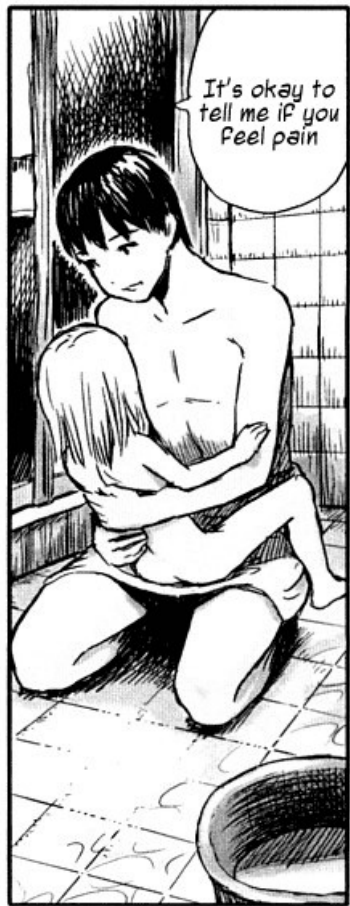

Ok...

we can still end up hurting one another

Because even if we are in love

It's okay to tell me if you feel pain

... But

I'll make you grow accustomed to it with my fingers for a while longer

No

But I can do it

Mm... A little...

You're still 8 years old, there's no hurry

Good girl

At least until you're 10 and have become a big girl

until you've grown

That's why I want to wait

... Ok

To be honest

I'm worried

that when I put in my penis

it'll feel so good that I'll lose control

and go too hard on your body

Dad...
I'm 10 now

.....

I can do
it now...

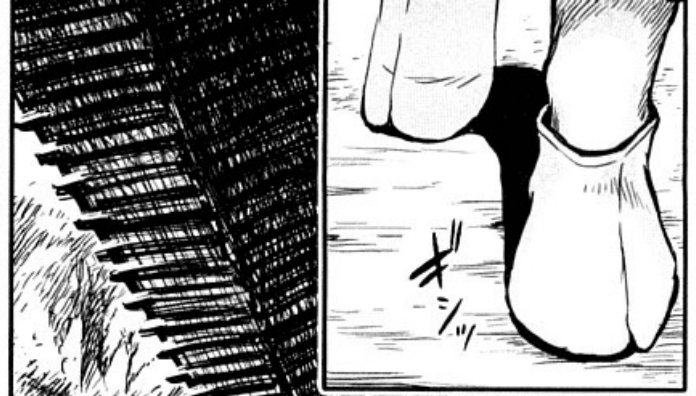

Don't
worry...

What?

What an odd mask...

Well, it's alright...

I'll get undressed now...

I'll show you my bare pussy...

.....

... I've waited so long

I got a little tired of waiting...

So I can't really help it, right...?

They're still... kind of small
I'm 10 years old after all...

Back then... that's what I thought "feeling good" meant
... But now

Now I'm getting the proper...

tingly feeling ...

They're small...
But I can really...
Feel it...

At first...
it only tickled

Here... look...

My pussy...

is now...

like this...

Don't use your fingers anymore ...

You promised ...

didn't you...

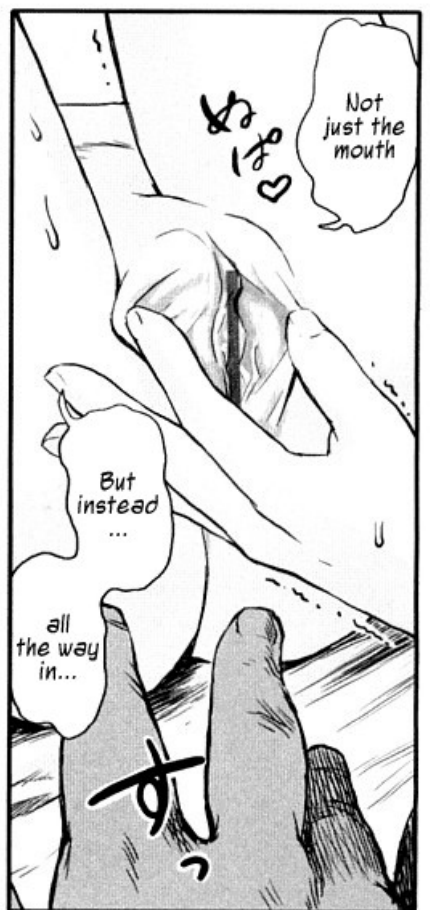

Dad...?

.....

No!

Not just the mouth

But instead ...

all the way in...

You're going inside me

Spill blood
on the middle
of the star

the ground
that's there
to take
my Fall will
be soft

I wish
that the
moment
I suddenly
trip

will
become the
horizon of
my world

The small
Flowers
that cover
the ground
will sway
gently

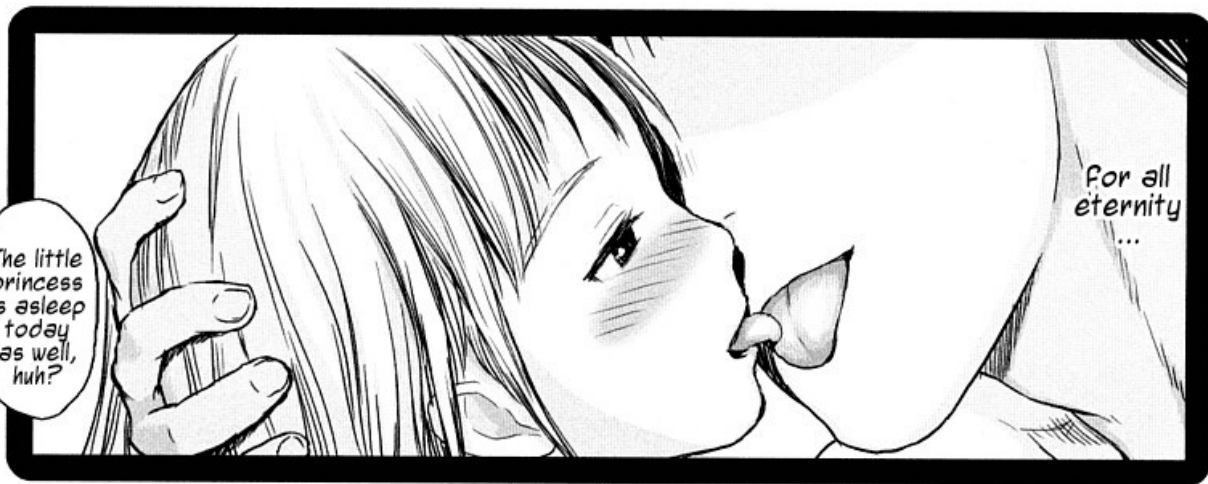

Dad
...

And Dad's
arms that
lift me up

Nnn...

From
now on,
we'll always
be alone...

The little princess is asleep today as well, huh?

For all eternity ...

That she would kill her mother, and sprinkle her blood all over the shrine...

It's hard to believe that this child could do such a terrifying thing...

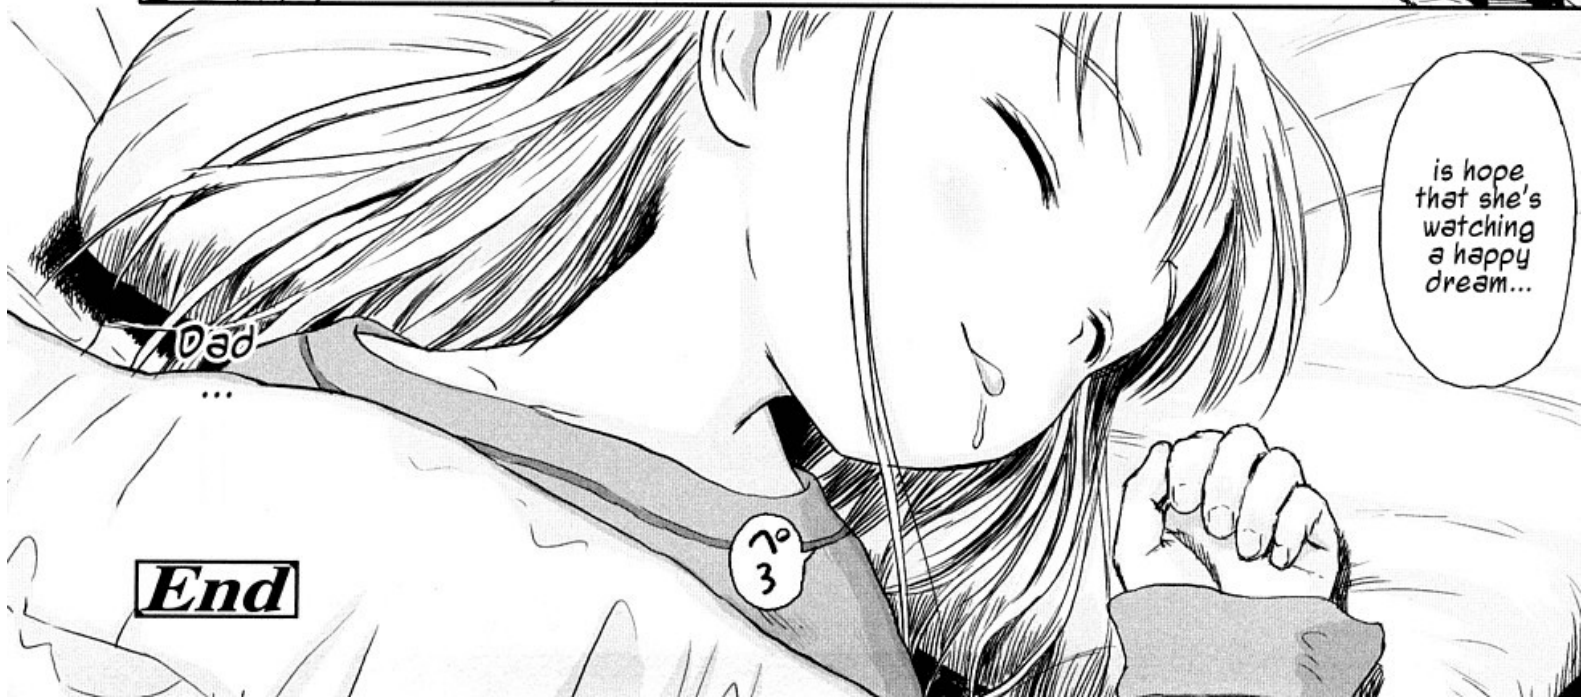

... The least we can do

must've been too much for her

The father's abrupt death

combined with the mother's neglect

is hope that she's watching a happy dream...
