# Team Vanilla

I don't know about you guys,  
but I came for the boyish loli... and  
kept cumming for the diaper play.  
Thanks a lot Arekusa Mahone. I really  
needed yet another fetish.

And serious thanks to Blurk  
for translating this as a request.  
You're the best, mate.

Mistvern and Dragonice  
will be doing Mahone's  
"Sweet Melancholic", which also  
features loli peeing, so if you  
liked this make sure to check  
them out on exhentai.

**NEXT PROJECT:**

If you know what this is from, congratulations, fellow sick pervert
