Since it has come to this, I'll bury him with the power of Sasugaki...

おおっ

I'm certainly the Sasugaki's Secretary

Kunitake bocchan

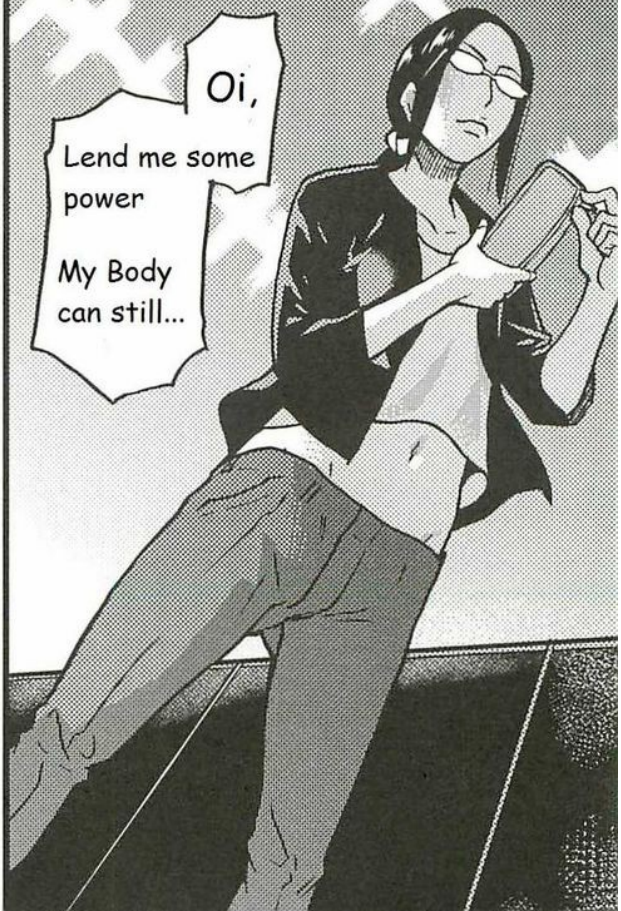

It's only logical to turn a blind eye to the brute force of generations of Sasugakis.

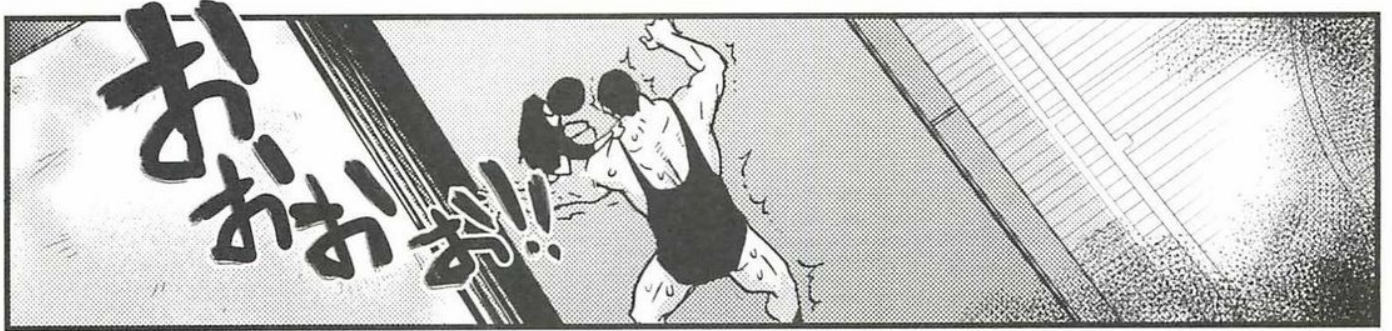

Oi, Lend me some power

My Body can still...

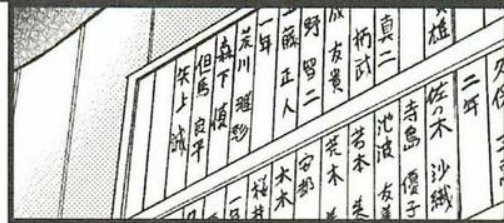

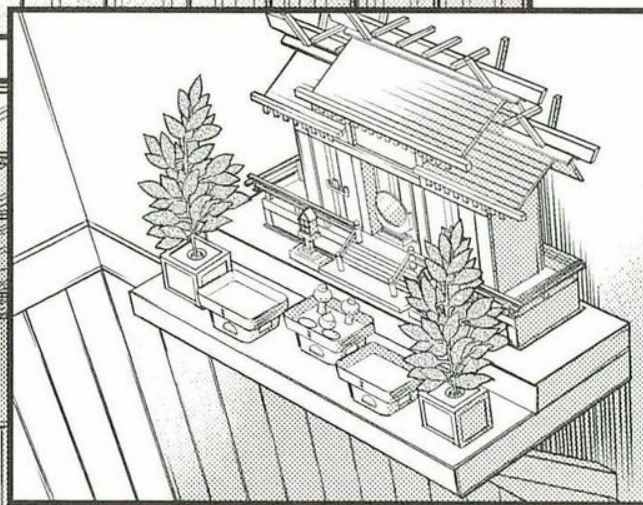

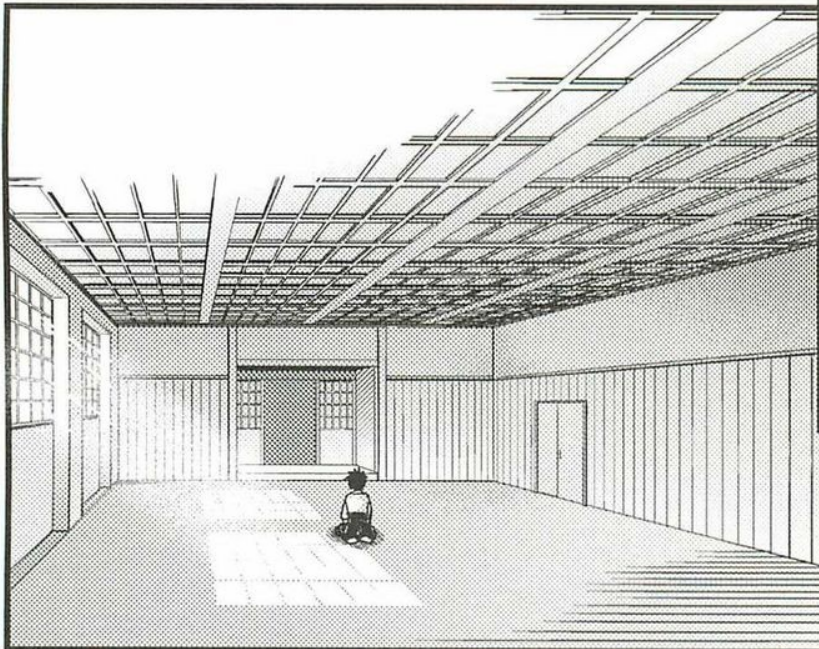

Generations undefeated...

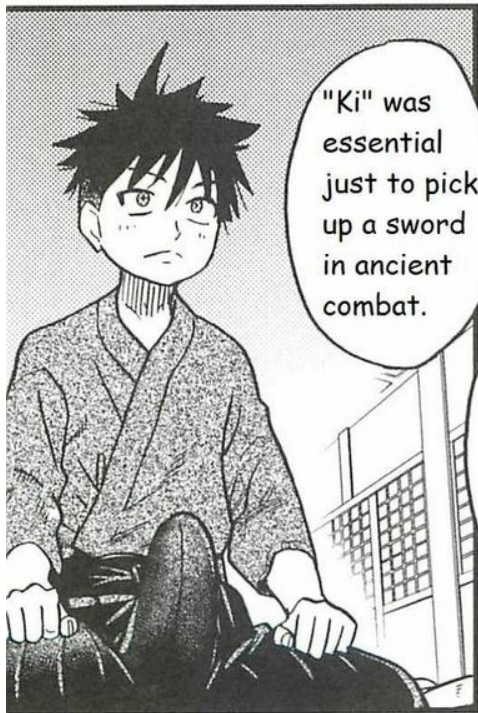

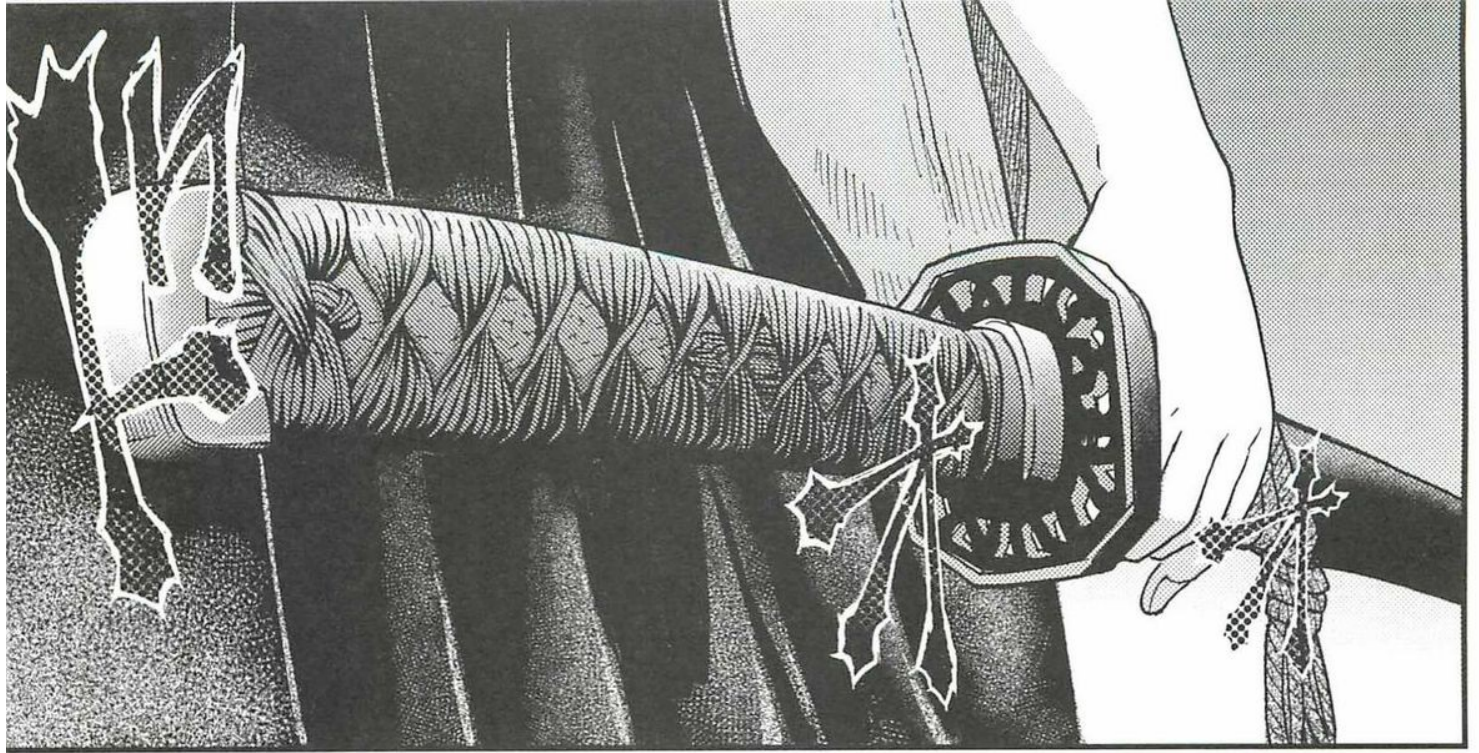

Because they were men worthy of the Sasugaki name.

交剣知愛

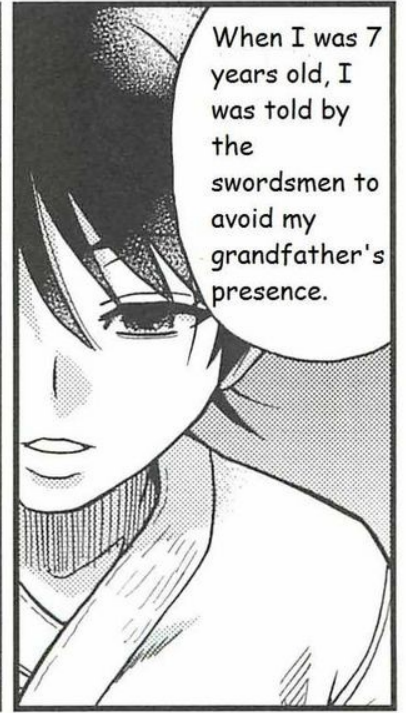

"Ki" was essential just to pick up a sword in ancient combat.

What he knew was that the "ki" alone that he wielded was deadly.

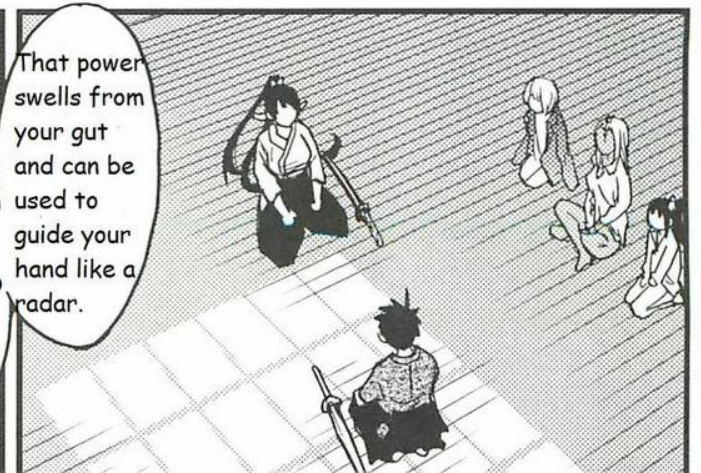

Ever since I started, I have swung the sword from my gut.

When I was 7 years old, I was told by the swordsmen to avoid my grandfather's presence.

Grip your bamboo sword and turn it into steel with your bare hands.

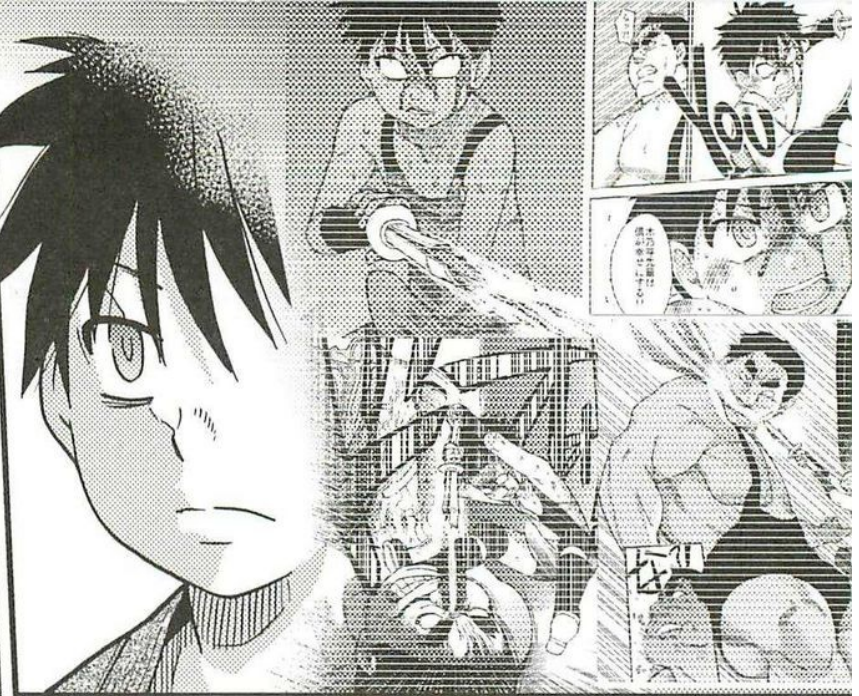

That power swells from your gut and can be used to guide your hand like a radar.

The previous match was impressive

You're really amazing ...

But I never thought you'd become such a man.

At First, I was drawn into this battle just to monitor your talent.

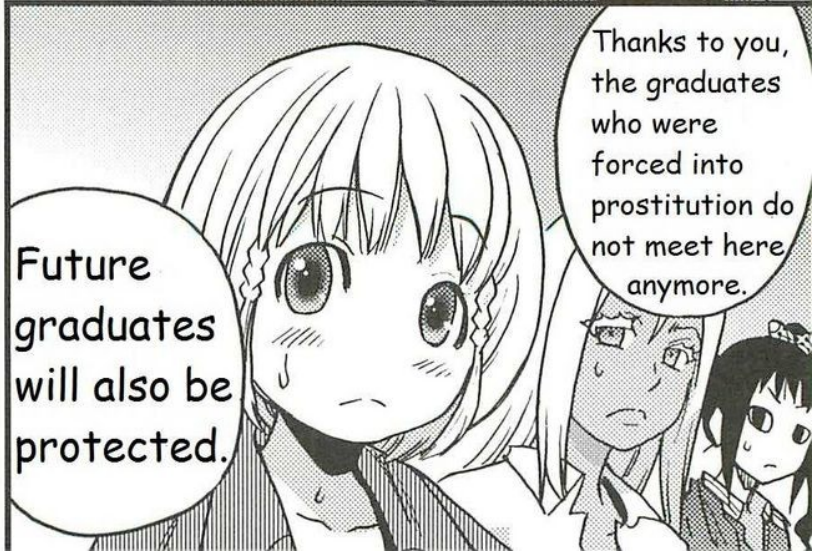

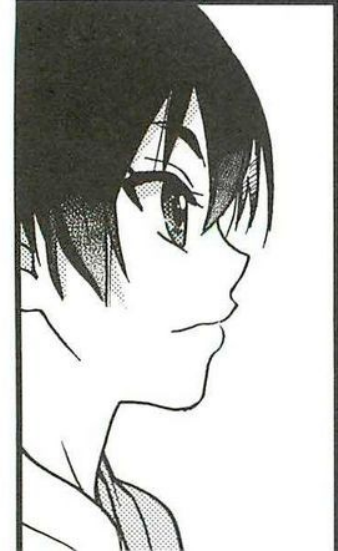

I give you my thanks.

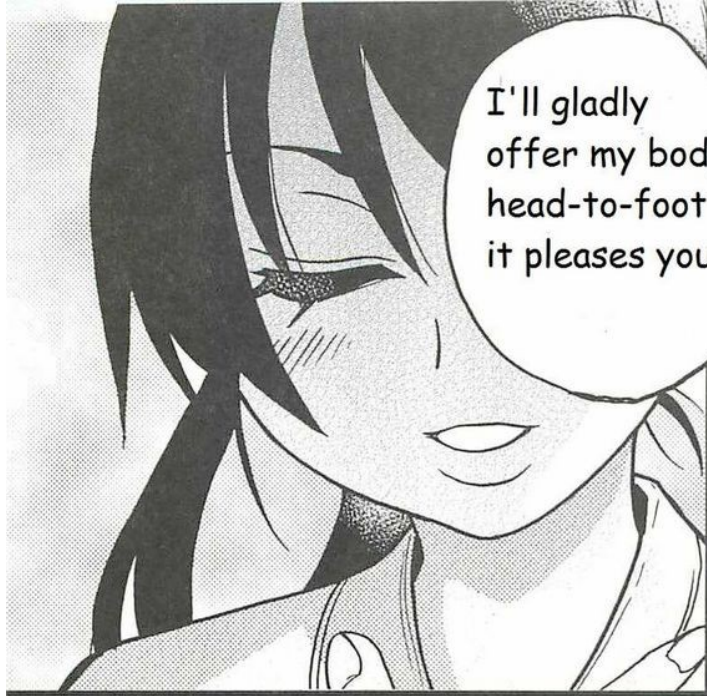

Is this amazing feeling in my abdomen really unequaled?

Has this abdominal feeling progressed so far to be unequaled?

Future graduates will also be protected.

Thanks to you, the graduates who were forced into prostitution do not meet here anymore.

I'll gladly offer my body head-to-foot if it pleases you.

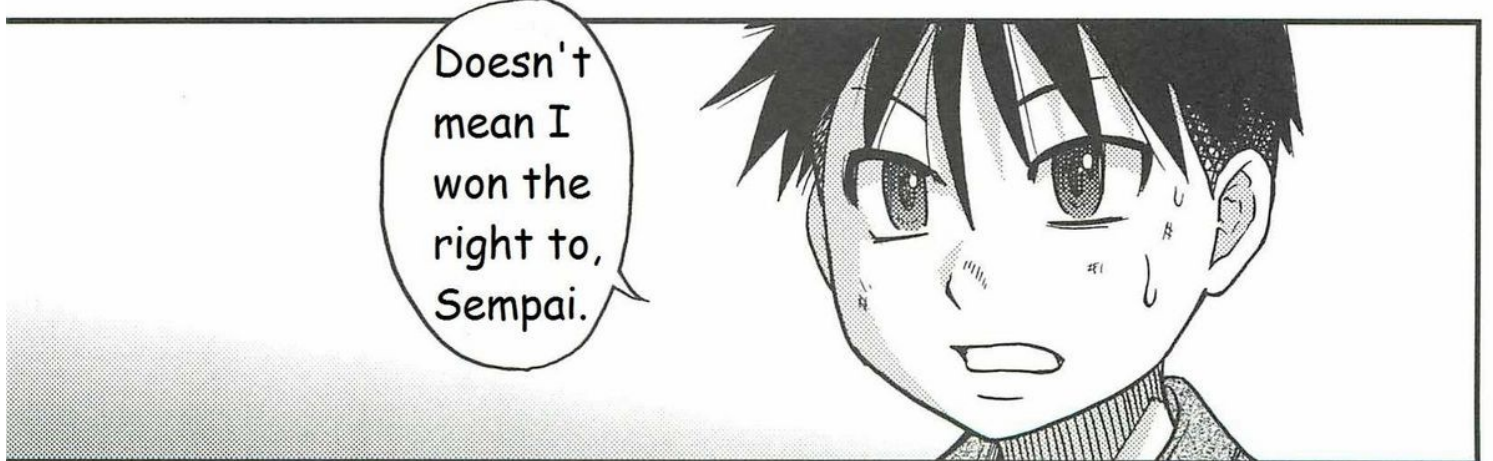

...In honesty

I'm overflowing with gratitude & love towards you.

But

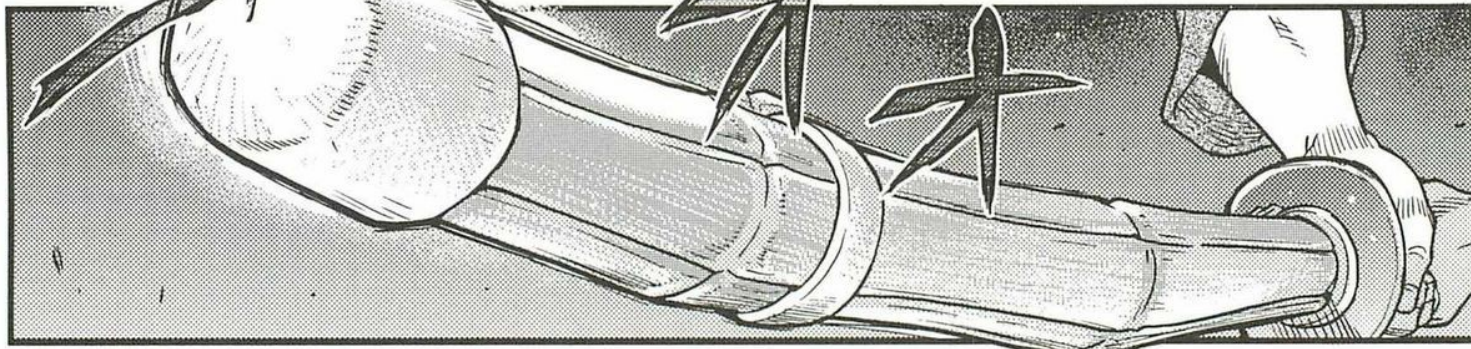

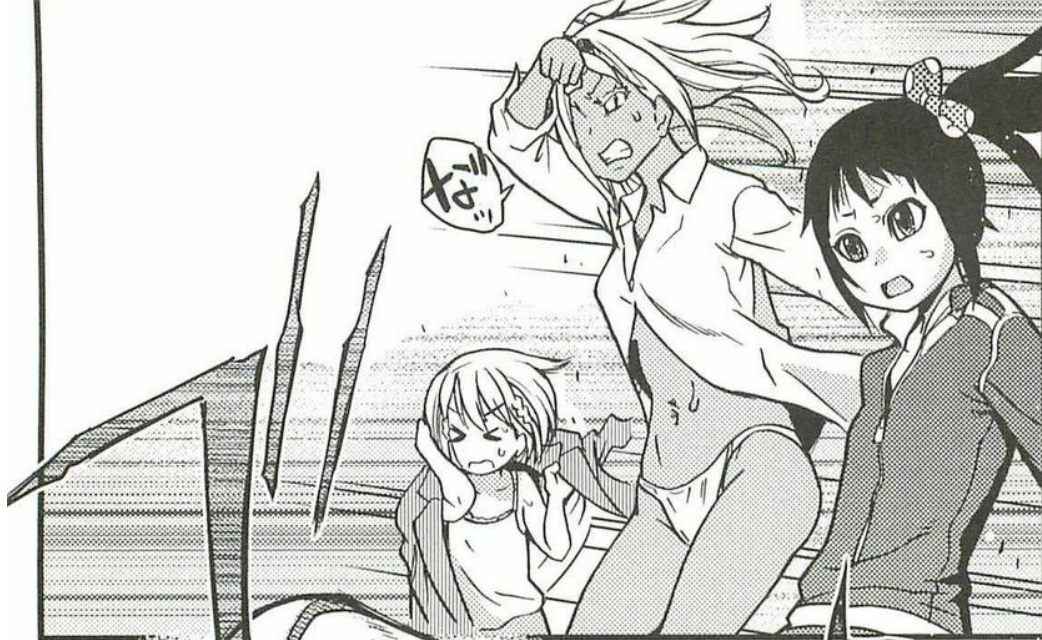

That ...

Doesn't mean I won the right to, Sempai.

... So it seems.

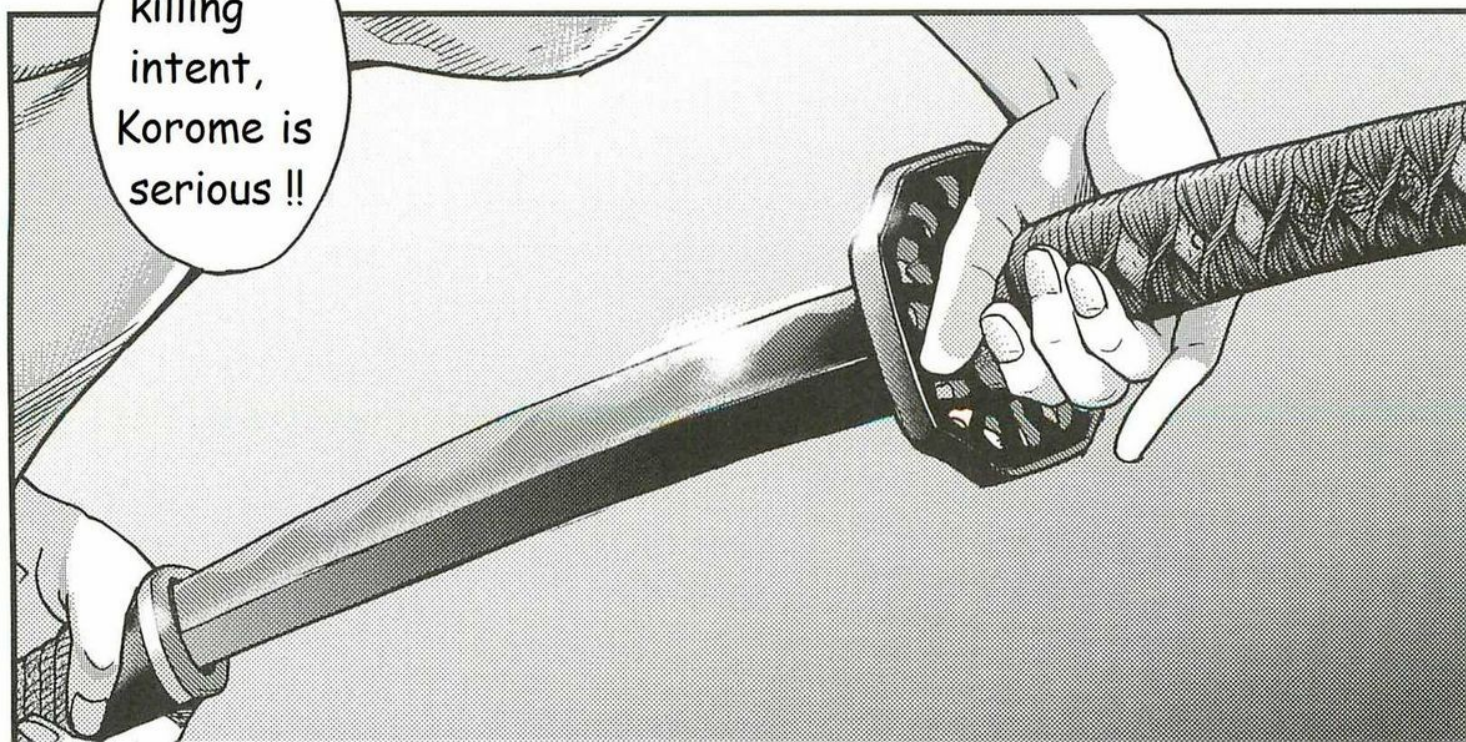

Ah... The killing intent, Korome is serious !!

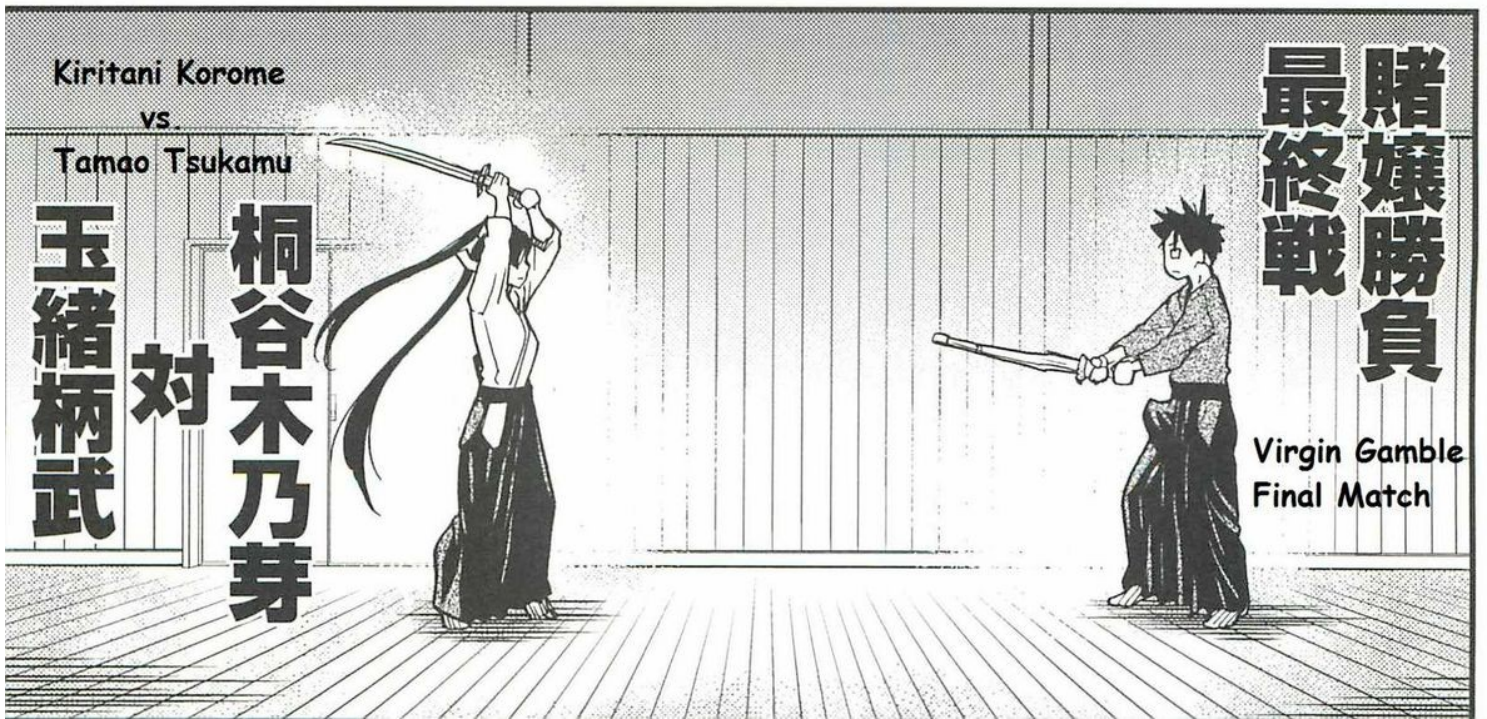

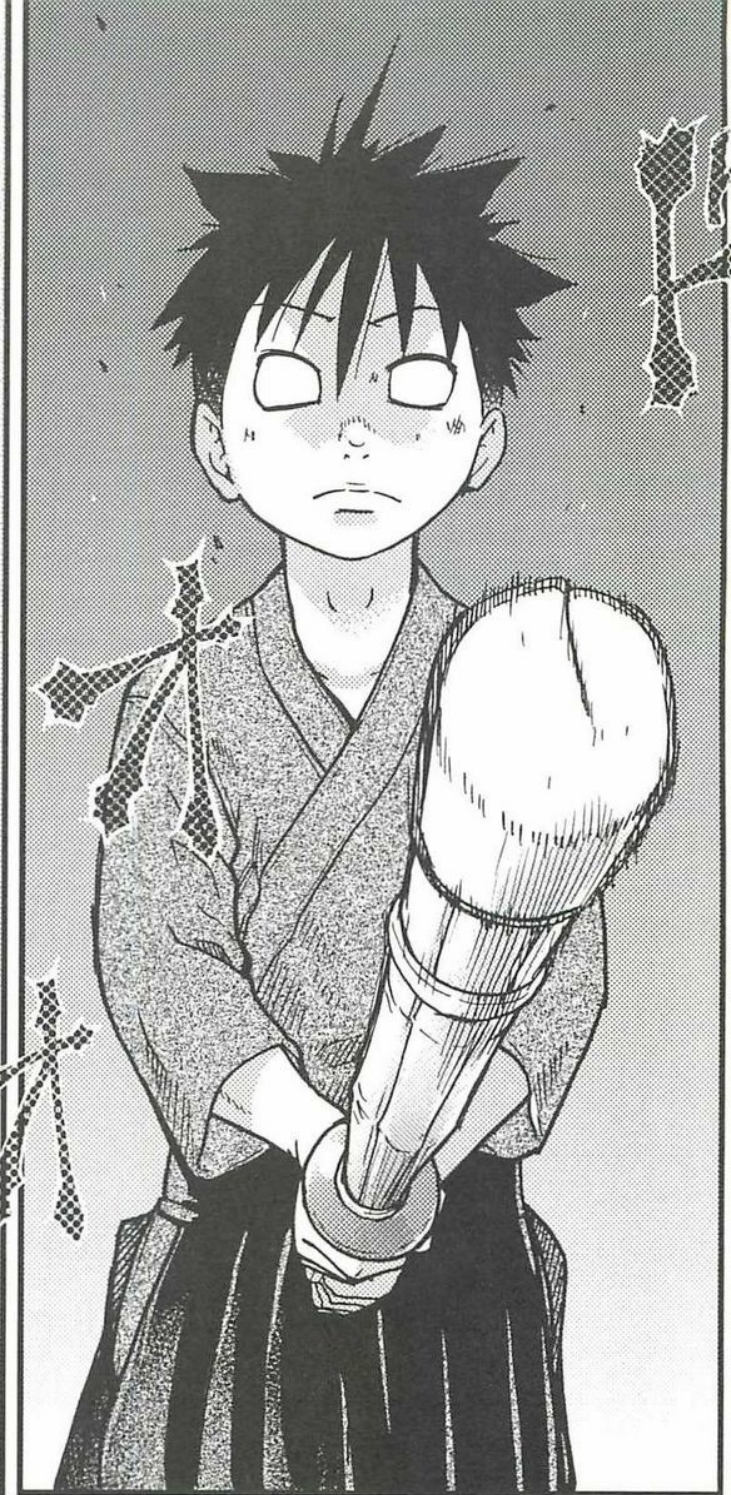

If they don't stop they'll die !!!

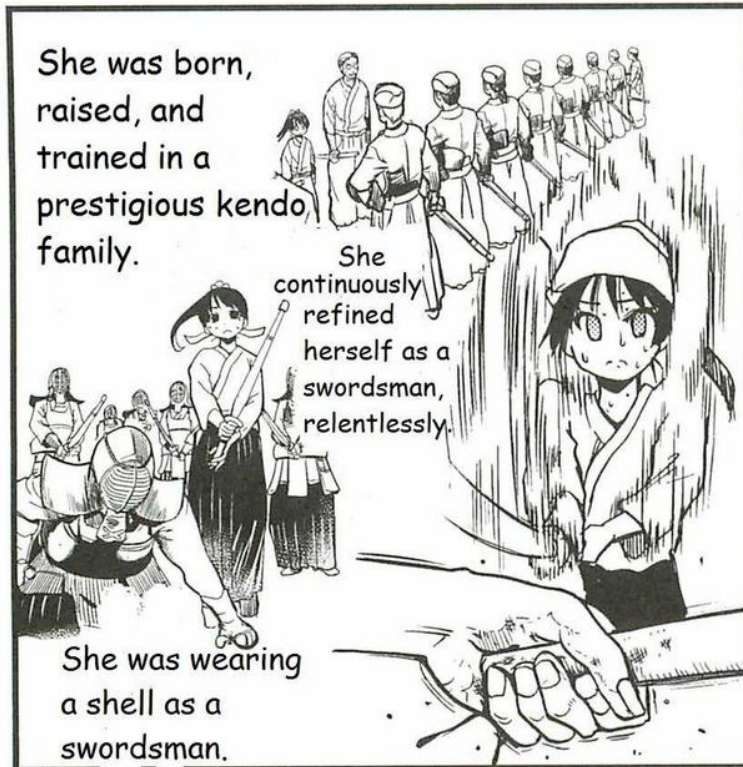

Oh...
Seriously ?!

Shell?

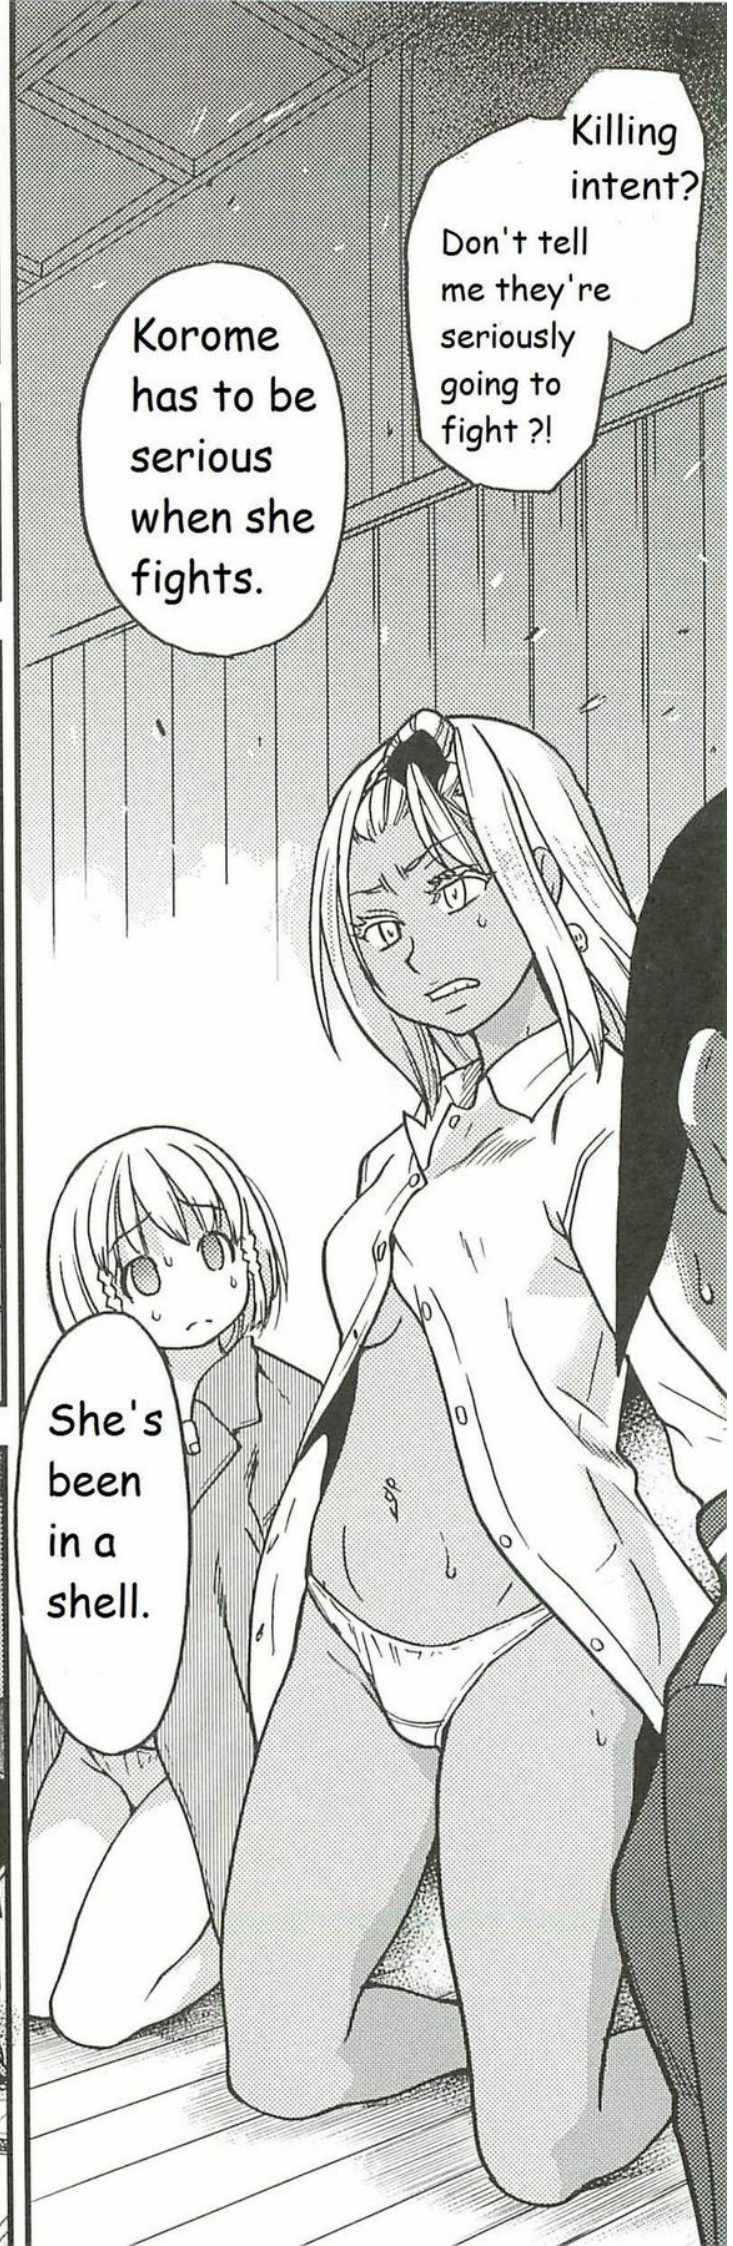

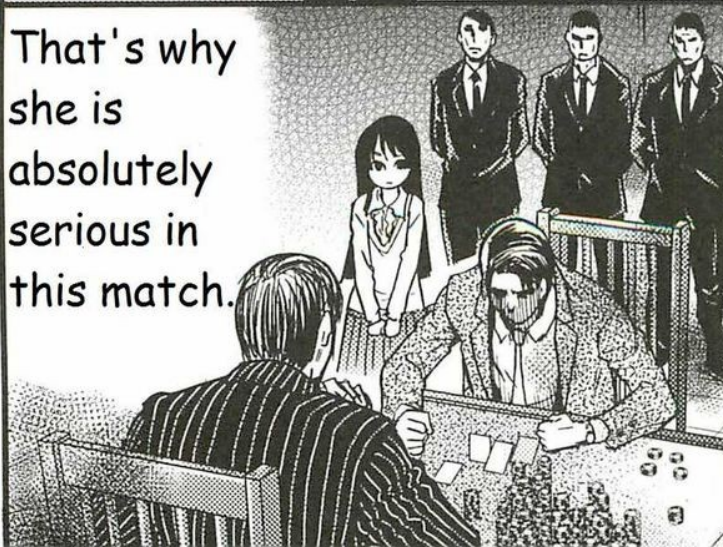

She was born, raised, and trained in a prestigious kendo family.

She continuously refined herself as a swordsman, relentlessly.

She was wearing a shell as a swordsman.

That's why she is absolutely serious in this match.

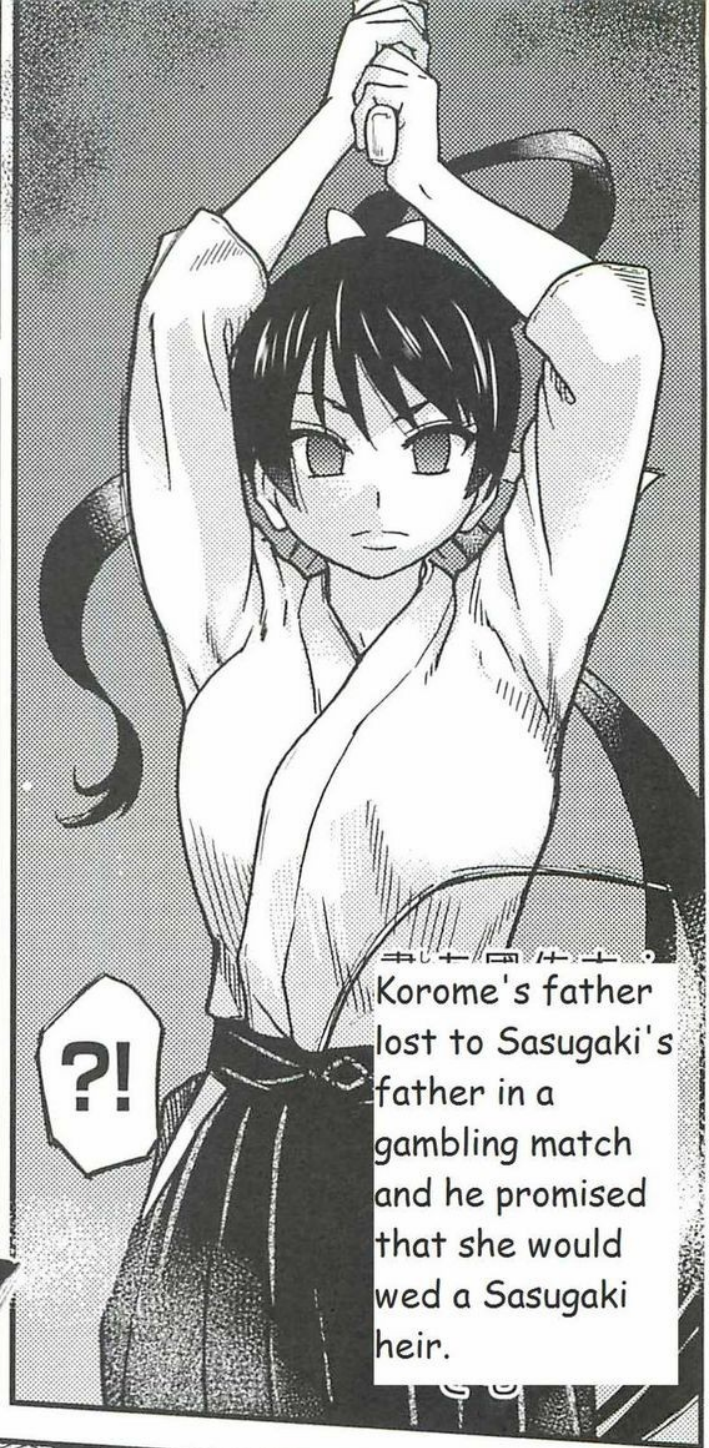

Korome has to be serious when she fights.

Killing intent?
Don't tell me they're seriously going to fight?!

She's been in a shell.

This is the only match they could have in order for him to break her shell.

Korome's father lost to Sasugaki's father in a gambling match and he promised that she would wed a Sasugaki heir.

So I stepped in close and concentrated on receiving his shodachi*

For a counter, I was going to thrust my sword at his abdomen.

*Shodachi: The most powerful, ideal forward strike in kendo

But I was suddenly paralyzed by a numbness in my womb.

There's no way that sword would have survived 2 blows...

I Lost

And my swing was cut off by an unexpected hard blow...

Koro-me-sempai?!
I Won?

Korome-sempai!!
Ko-Konome-sempai

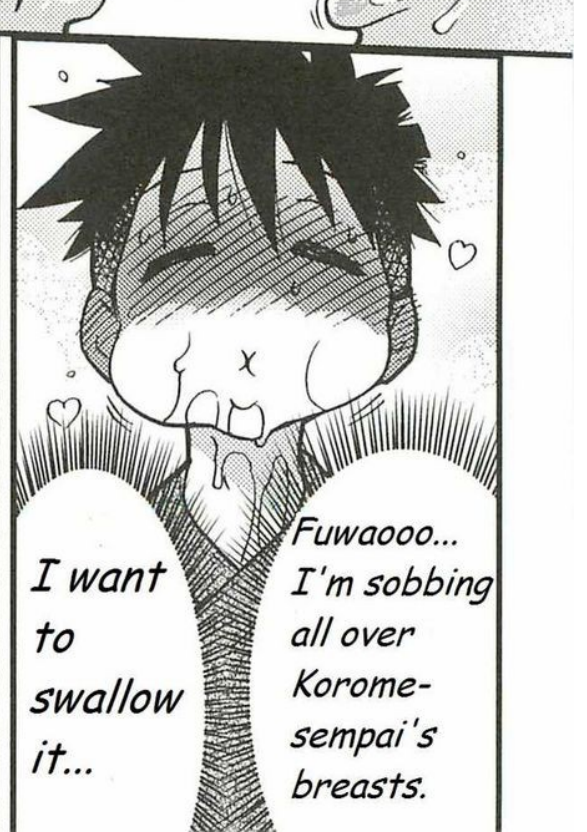

I Love You!!
Koro-me-sempai?!

Her breasts are all sloppy.

I want to swallow it...

Fuwaooo... I'm sobbing all over Korome-sempai's breasts.

I see! Her boobs don't interfere with kendo because of their flexibility and elasticity!!

During the match a while ago, the guy that penetrated me was too soft. I was also very tense...

Your big thing really went in deep...

Looks like he wasn't able to go deep enough due to my trepidation.

I'm glad ...

So my womb can be completely dedicated to you.

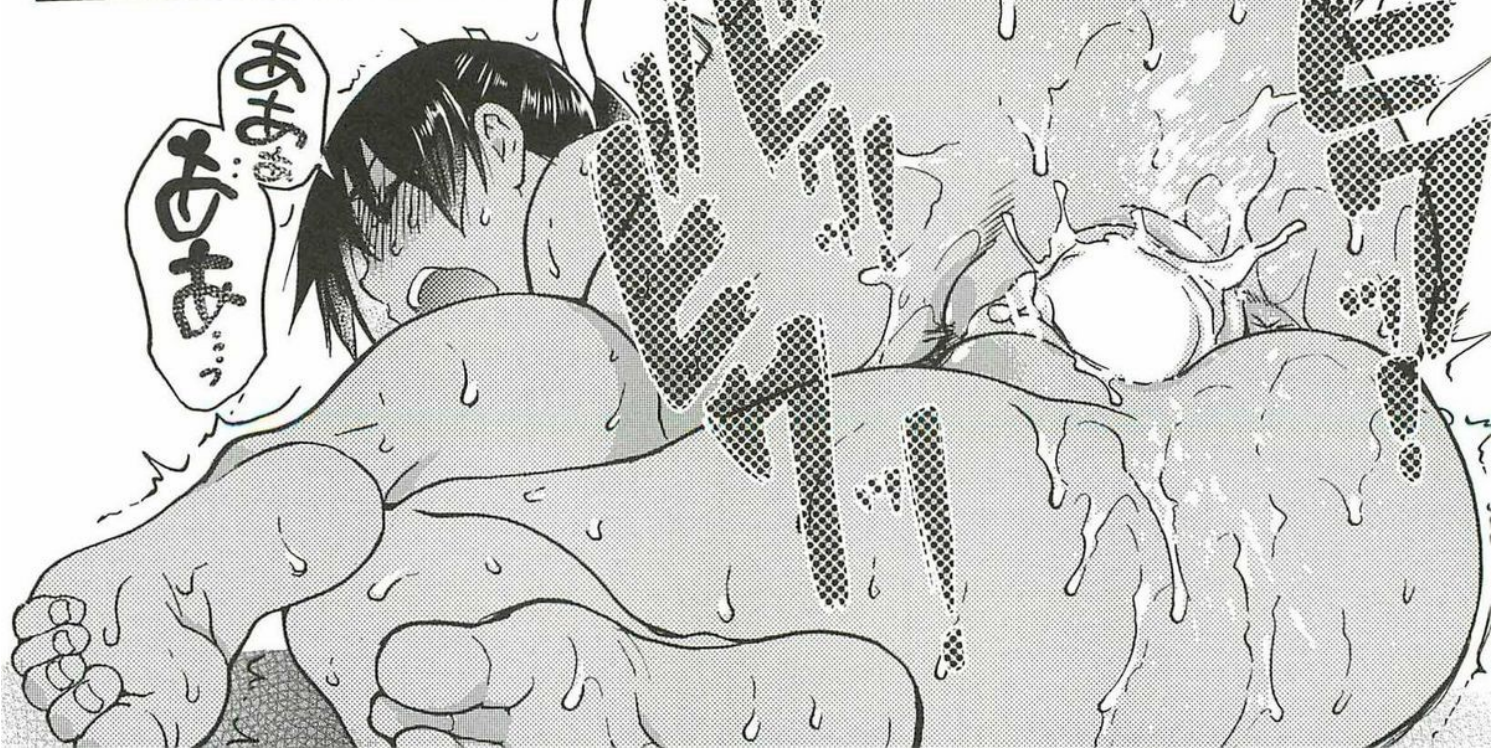

Her body has a superb adaptation to sex.

Just as expected from a swordsman...

I selfishly came.

~Since I am the wife of a man with this kind of power.

Of course it is.

Ah..Aaaah But now is too late...

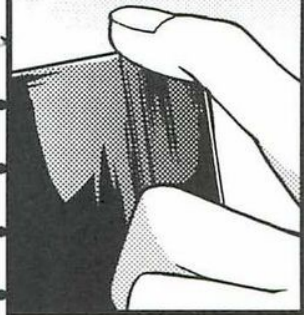

Is it alright?

Can we have one more match?

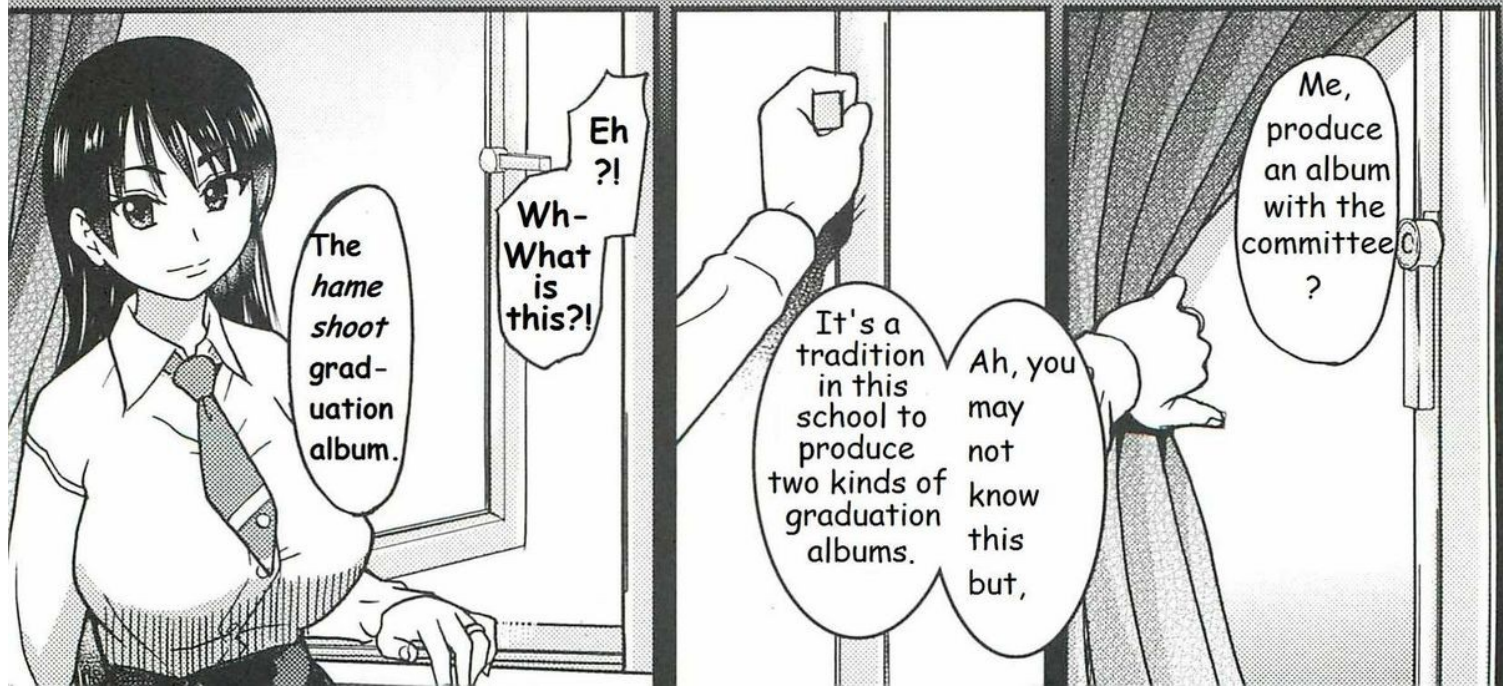

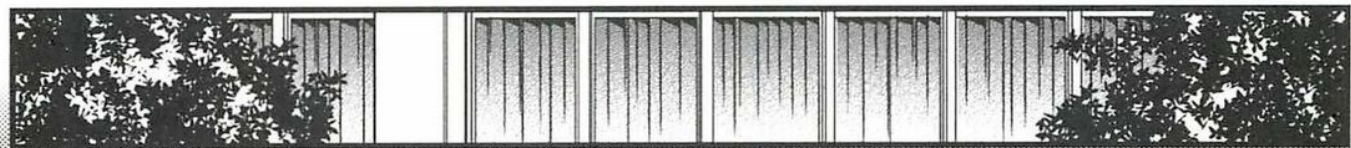

I didn't get the chance to take any *hame* photos yet.

Besides ...

I'll be glad to !!!

YES
!!!

The *hame* shoot graduation album.

Eh ?!
Wh-What is this?!

It's a tradition in this school to produce two kinds of graduation albums.

Ah, you may not know this but,

Me, produce an album with the committee ?

I was also able to do it.

It just seems impossible for me.

How can I do this?
I'm still a virgin.

That's not true.
