レヴィーナとリリアが
ばあるの魔の手に堕ちてから数日...
今日も穢れにまみれたシャワールームで、
ばあるはその歪んだ欲望を発散していた...

Several days have passed since Levina and Lilia
fell into Baal's hands...
Today in the shower room covered in filth,
Baal was emitting a distorted desire...
Baal fucks Lilia's anus and thrusts his dirty
dick into her mouth...
Just then, Levina returns from a mission...

Levina breaks her own hallucination spell, and is actually wearing a very obscene costume on a mission. Baal asks Levina about her foul odor, and since Levina is forbidden from bathing her, she reports that she smells like her armpits...

Furthermore, Levina leaked feces during the mission...This is because she purposely invited the electric tentacles of Roper, the opponent she was supposed to subdue, into her secret place, causing electricity to flow directly into her body...First she was incontinent, and then...

Furthermore, Levina leaks feces...Her anus must have become loose due to Baal's daily anal training...
Currently, Baal is on the verge of ejaculation due to Lilia's blowjob. To add to this, Levina puts her feces-covered pants over her head and performs a dance that emphasizes her unseemly high legs...

Levina is picking at Baal's buttocks with her tongue, seeking "feed" from her. Baal chides Levina, saying that she is a shameful person. Levina was on all fours, Lilia's head was fixed to her buttocks with a device, giving her a bizarre appearance, as if she were a "centipede." Baal asks Lilia how she feels about her "special seat." Her special seat, her filthy butt, is covered in her faeces and butt hair, and Lilia feels her happiness.

Baal, who is about to ejaculate, lines up Levina and Lilia in front of him and ejaculates on their faces. Baal feels a sense of superiority when he sees the faces of the two men chewing on their feces. She declares that she will keep them as livestock for the rest of their lives, feeding them their feces, semen, and urine.
