※しよむふこうせいかせいしよりがかり※

Helo,

~ here (you will soon understand why I chose that name)

So here is the translation of that great Mayonaise's manga. I think this is one of the best fetishes ever and I also really like his drawing, but I heard there was no english translation for this.

So I did this.

I must stress that this is just a rough translation, meant only to give you general idea about what's going on. I'm not from an english speaking country, so I was translating from my third language to my second. If someone who is better at translating/languages/english or has too much free time could take this and finish it into a "real" translation, I would be happy.

I'm not the one who provided the raw, but I couldn't find any name of the one who did, so I can't put any credits here. But I would like to thank him anyway.

And as for the title of this manga, it's some crazy made-up name again, something like "General affairs department, public welfare section, sexual disposal subsection" (or branch? Whatever) Simply, thy kind of public welfare you wouldn't mind paying for with your taxes.

第1話

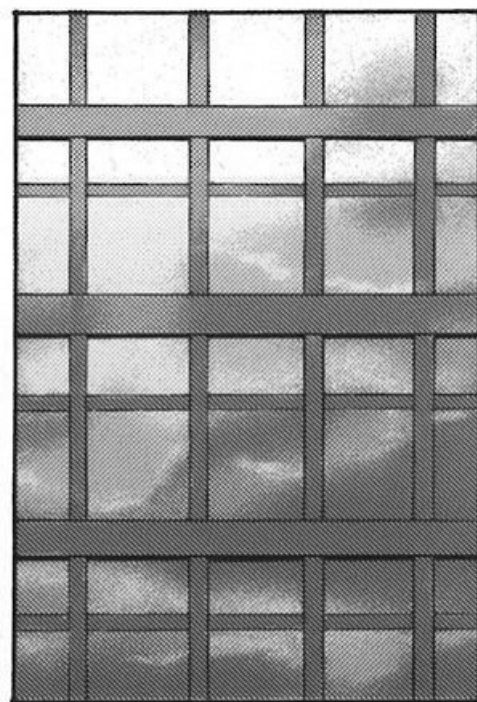

Get to work!
Get to work!

O~kay

Hey! It's way past the opening hours already

You have your locker rooms don't you!

Hey!

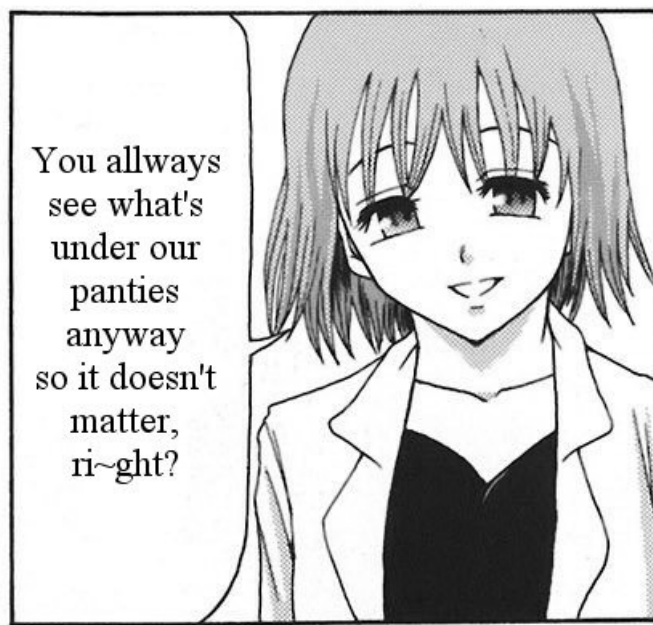

That's true

It get's chilly when you take off panties..

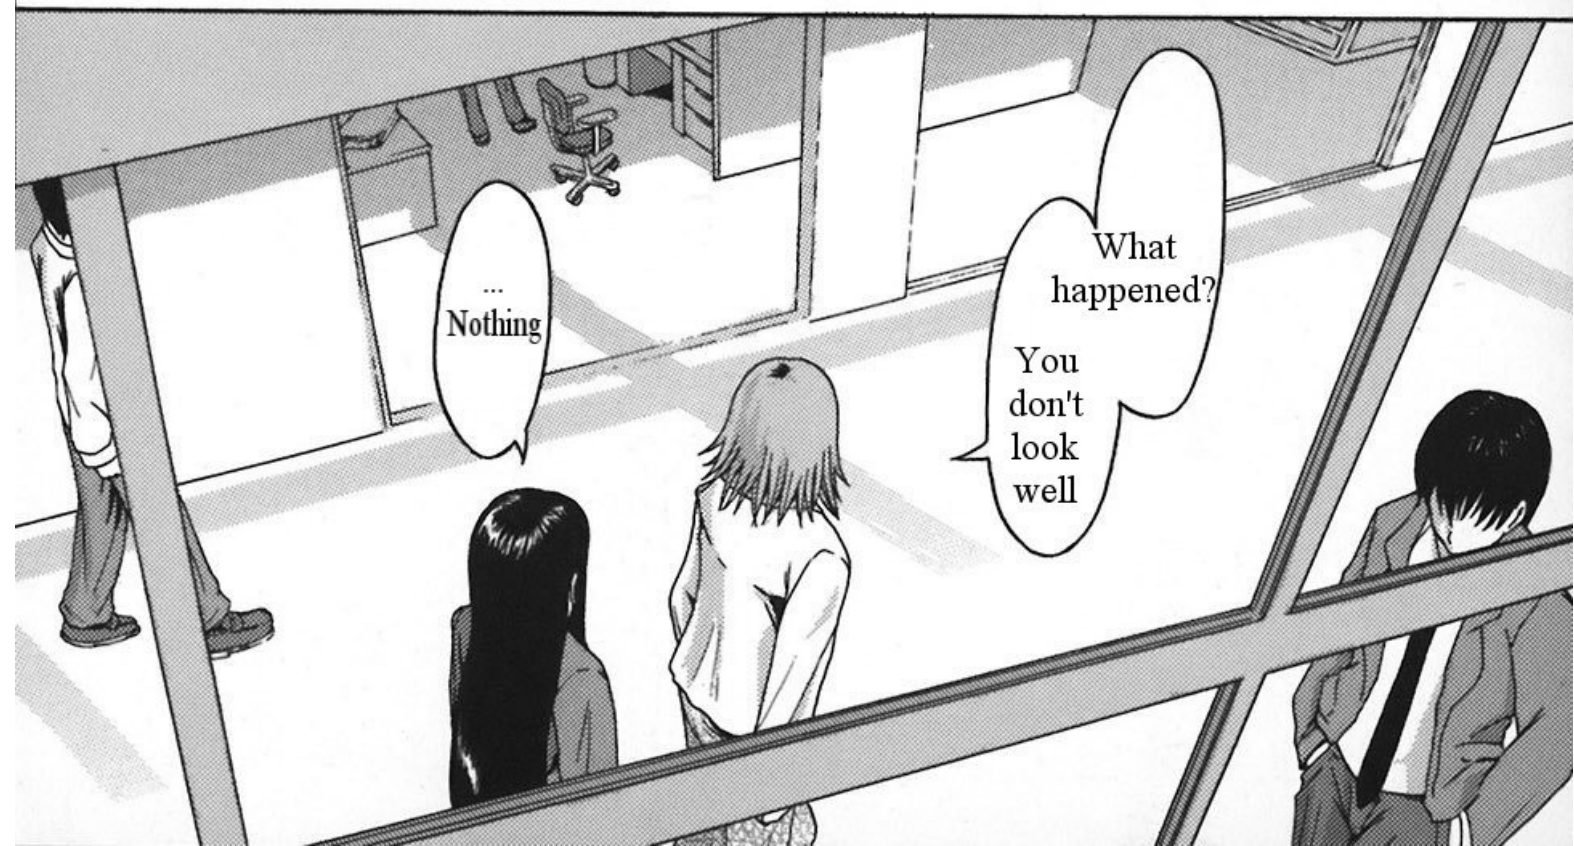

Oh, chief is getting irritated already, do you have too much inside already?

That's not the question here!
There are some rules, ok?
Rules!

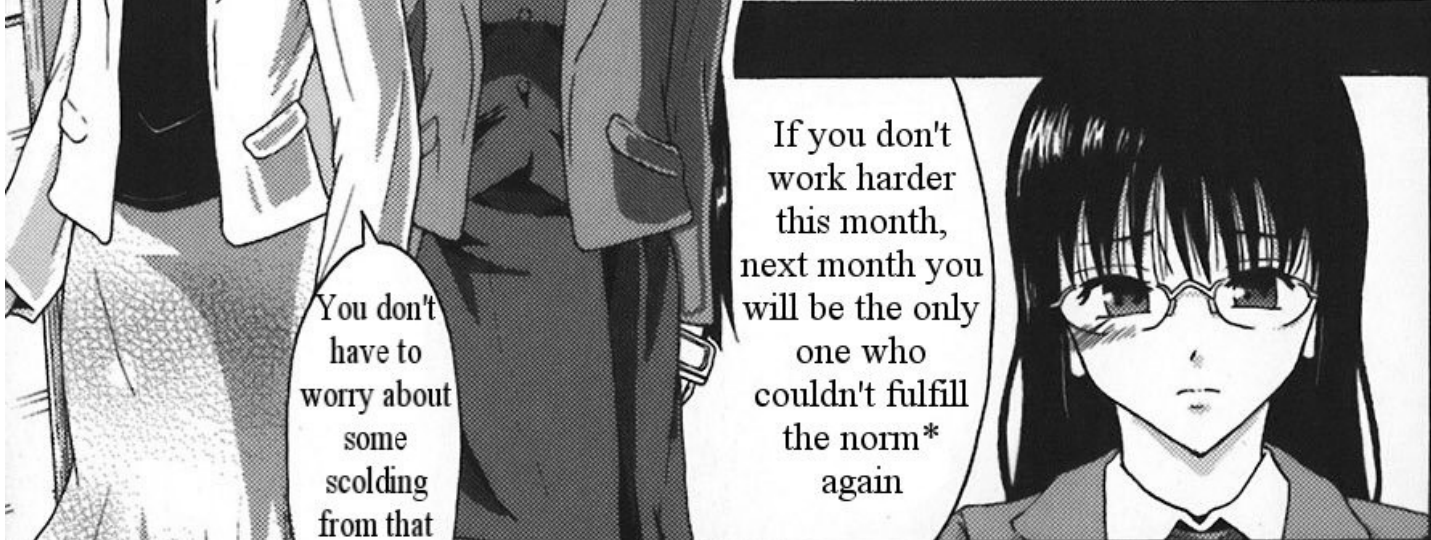

You allways see what's under our panties anyway so it doesn't matter, ri~ght?

That's what he told me

Sakamoto, can I have a word with you

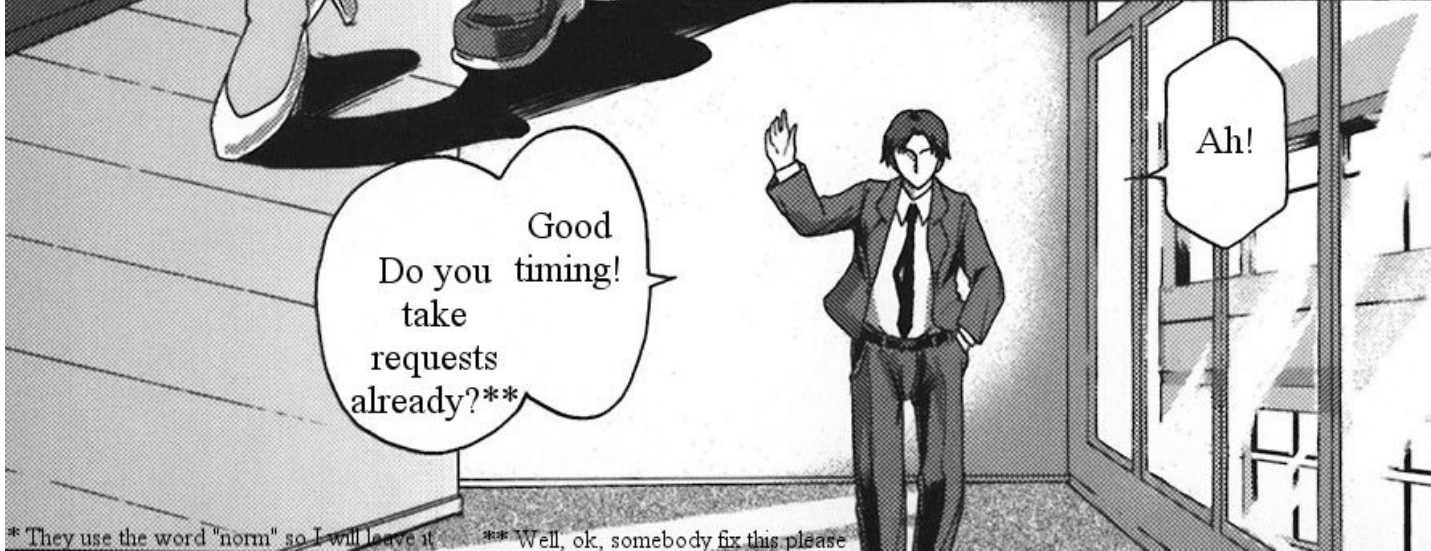

If you don't work harder this month, next month you will be the only one who couldn't fulfill the norm* again

As you have probably already guessed, this one is Sakamoto's

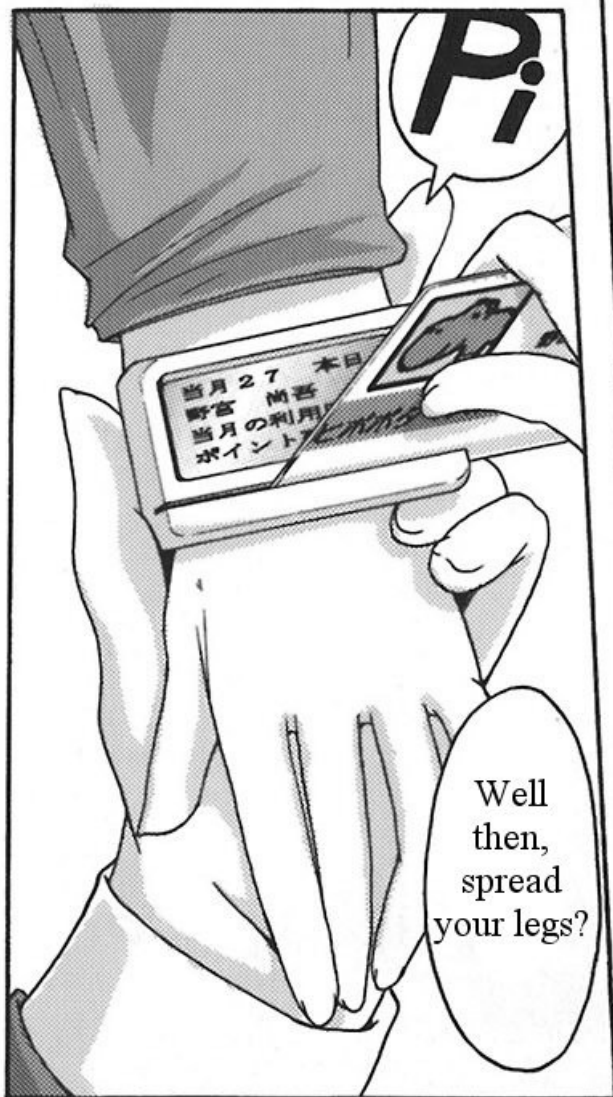

Ye... Yes

Ah!

Good timing! Do you take requests already?*

* They use the word "norm" so I will leave it
** Well, ok, somebody fix this please

Hmm ...

Well...
Which one would you like?

Ye...
Yes!

Today you will be fine

Ok, I'll go ahead to disposal room*

Ji~

So P...
Please, feel free to use me

Your card has been accepted

* Ok, now that was a tough decision. It's literally The room where you dispose of something (garbage). So I will leave it to your fantasy to think about what do they dispose of there and please forgive me for such dumb name.

N~ku

Could
you raise
your legs
more?

Ye...
Yes

Can
you
move
your
hips?

Nn~

N~

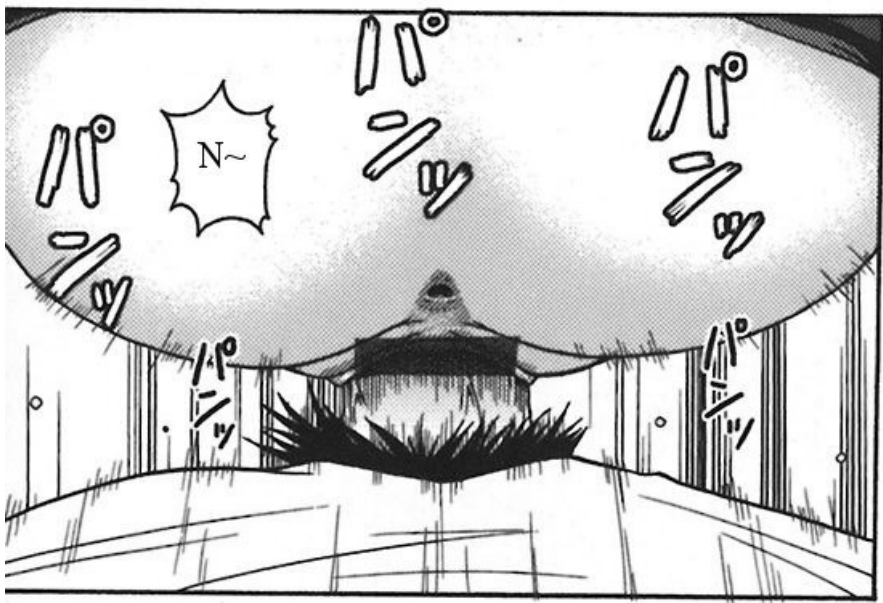

I...
I'm
sorry

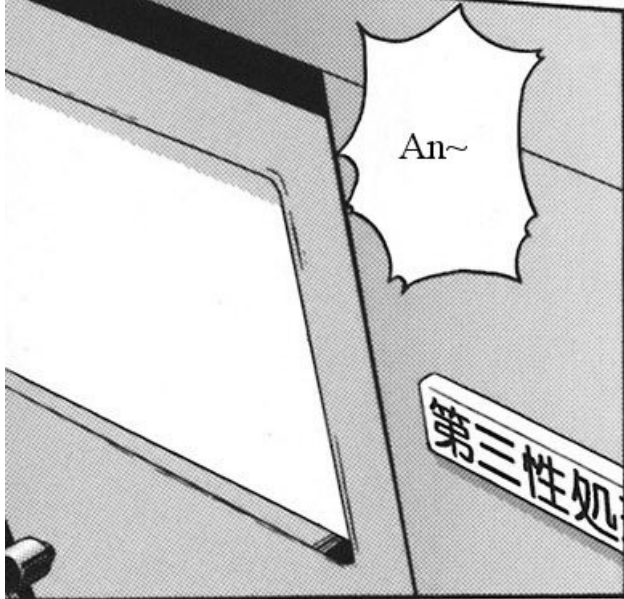

Oh,
you
suck
at it
...*

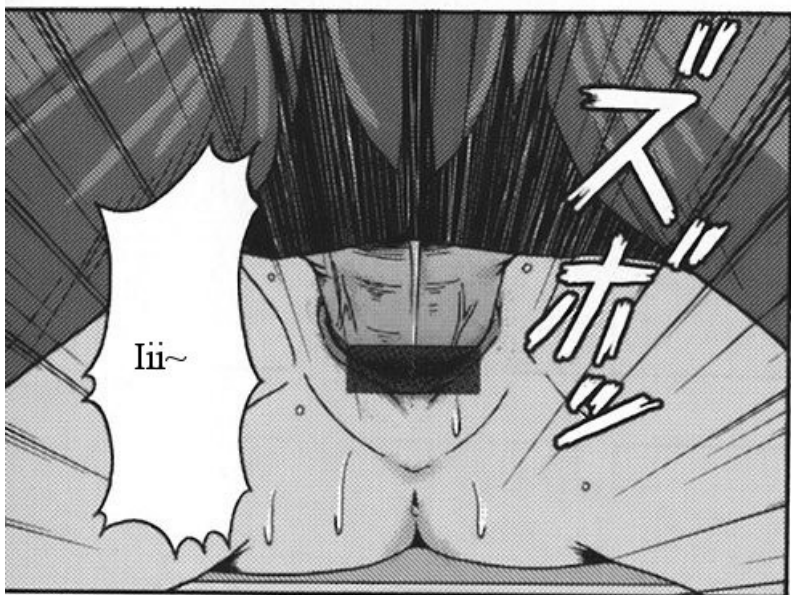

Yes!

...
Match
the
timing!

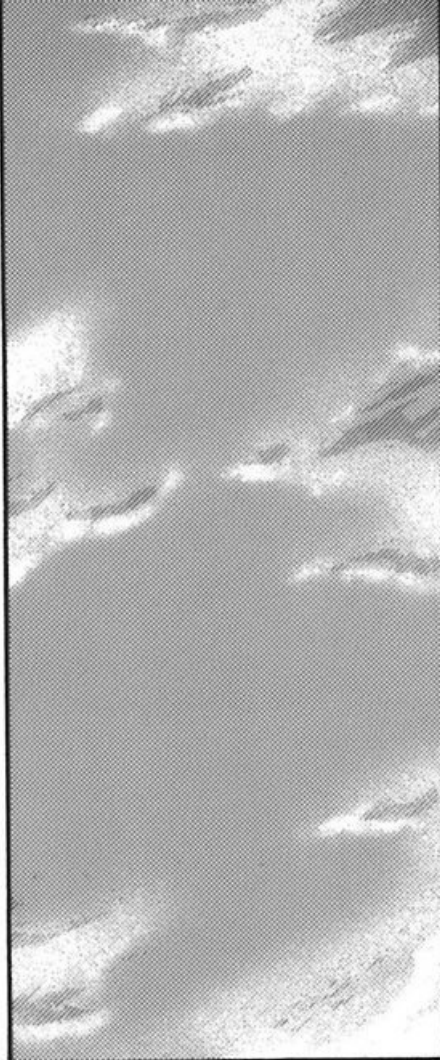

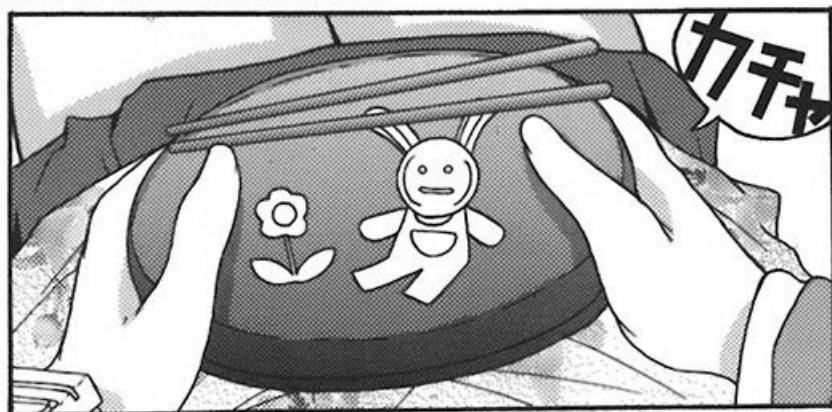

* No, I won't start making up some better sounds. I'm actually starting to think that this is quite funny.

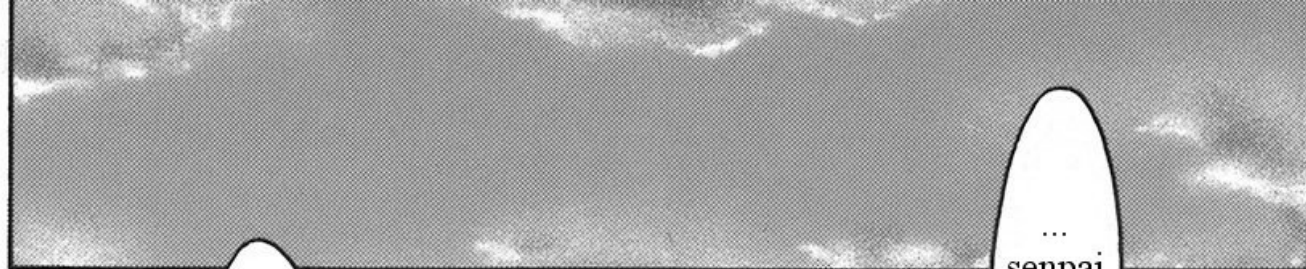

I...
It...
It's
nothing!

* This time it's a section chief (or head, or manager,...)
That is if anyone gives a damn

I'm really
not good at
sex so I won't
be able to
meet the
norm next
month again

... that's why I...
I'm not good at it
anyhow so I think
it might be better
to let men use
me in a way
they like...

...
So

please
tie me
up

...n

Yes

Is this
really ok?

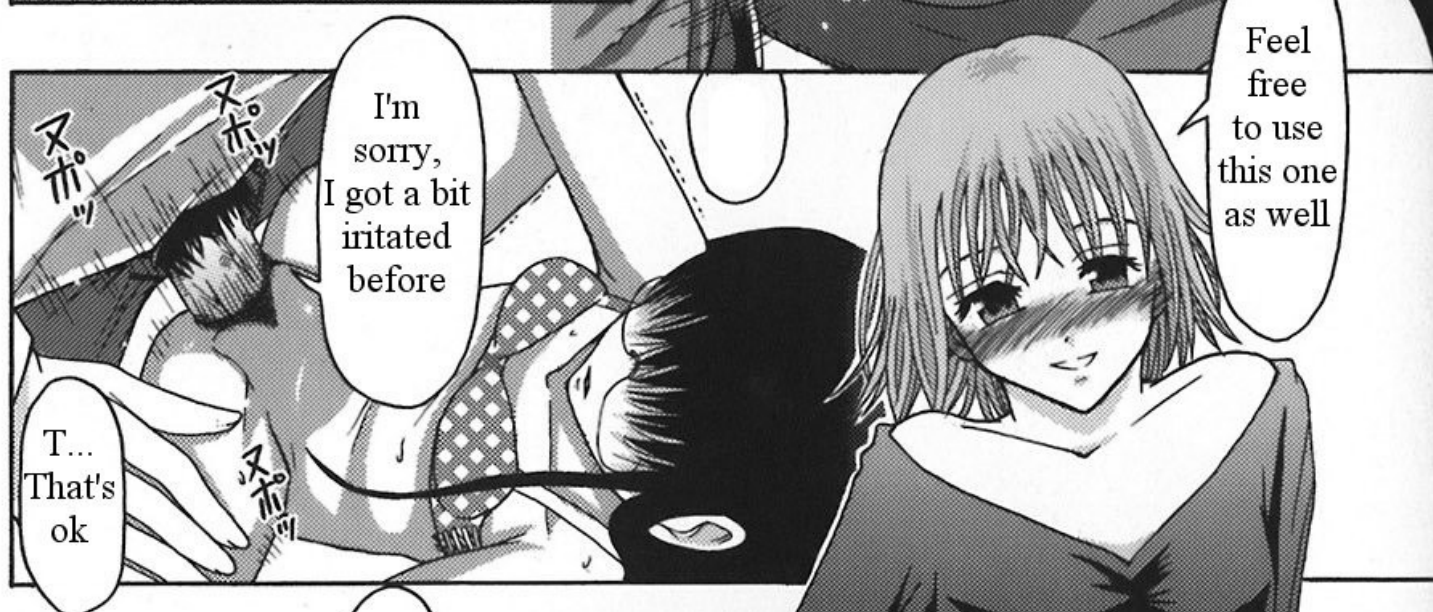

Ok,
we
are
ready!

Can I
use her
now?

P...
Please

Ye...
Yes

And
today
I brought

a vibrator
with me

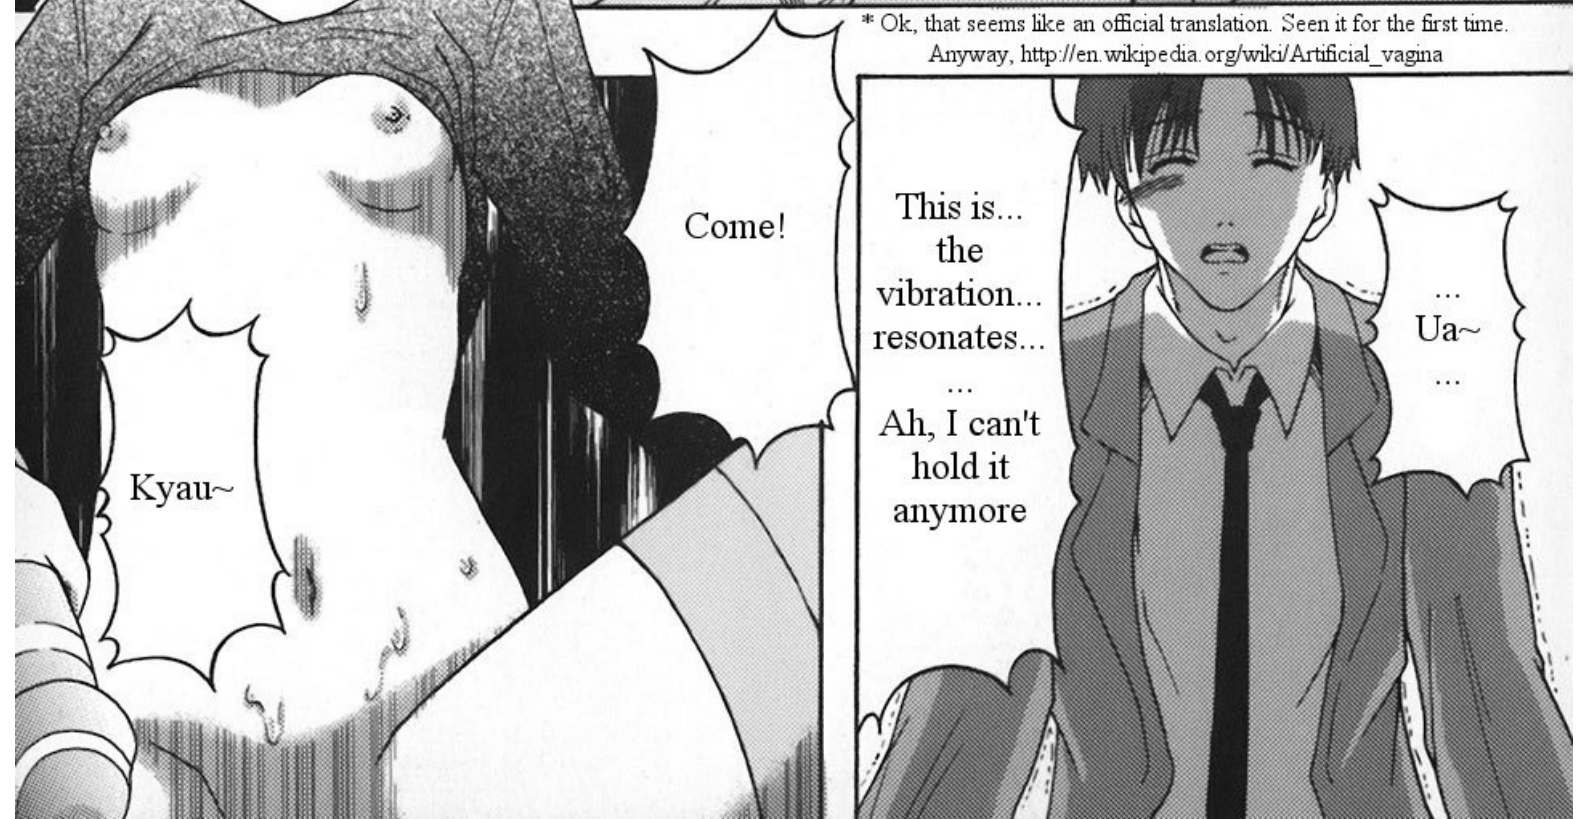

How is
it?
Like a
natural
sex
sleeve*

If you
put it like
this here,
around
where
the penis
goes in...

Nn~

* Ok, that seems like an official translation. Seen it for the first time.
Anyway, http://en.wikipedia.org/wiki/Artificial_vagina

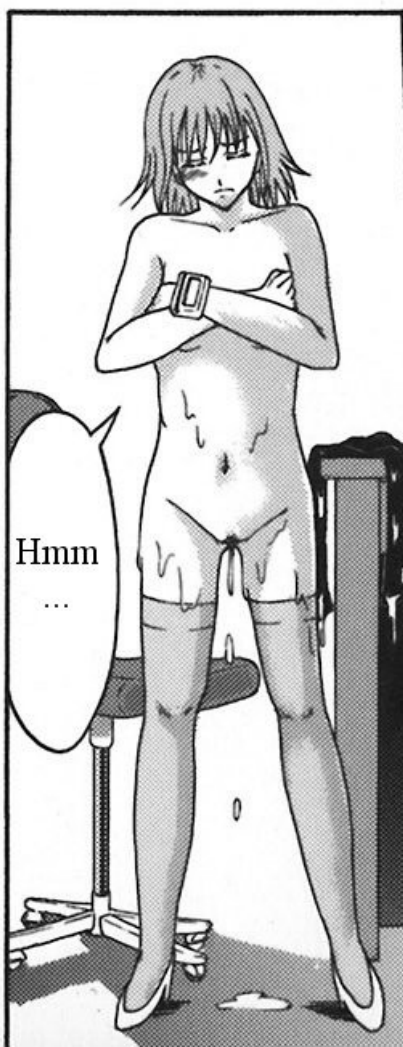

Come!

This is...
the
vibration...
resonates...

...
Ah, I can't
hold it
anymore

...
Ua~
...

Kyau~

Ye... ye...
ye.. yes!
Please
treat me
well*

Well
then,
please
take
care
of me,
Sakamoto*

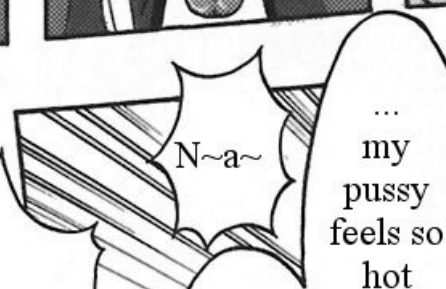

I've
been
bussy with
work lately
...
Is it ok?

* Ok, so this is the classic - yoroshiku & kochira koso yoroshiku combo.
As I have no idea how to translate it into english, I made up some random phrases.
Hope you are fapping at this moment enough to not think about that too much...

I'm
so
happy

Is..
Is that
true!?

N~a~

...
my
pussy
feels so
hot

it
feels
so
good!

Currently in use, lol, who would actually read it!

Take
care
of me
too,
please

So you
can do face
like that,
can't you?

* Please note that I'm guessing the name here (the same with all other names, btw)
It could also be Oonoga, Oonokawa, Tanokawa or something completely different ^^;

Nn~

セリセリ

Let's
work
hard
today
as well

Yep!

Well
then,
preparations
complete

And compared to the other rooms guys are so quick to finish

$$N \sim a$$

But still, whenever I come to the 2nd disposal room it's always so full.

N~ku

Nn~fu

* Just who the hell is saying this? ↓

Hey
you,
aren't
you
rude?

Well,
it's a
toilet
after
all

Even though we work here hard as everyone's toilet

Funfu~

What?

Ah,
I just
remembered

Hey,
Shintani
*

N~a

* Again, the name is a guess

Today's
friday
right?
So you
say it's
impossible
before
next week

About that
thing from
yesterday...
During today
and tomorrow
it's impossible
I guess...
300 is impossible
but at least
150 might be
...

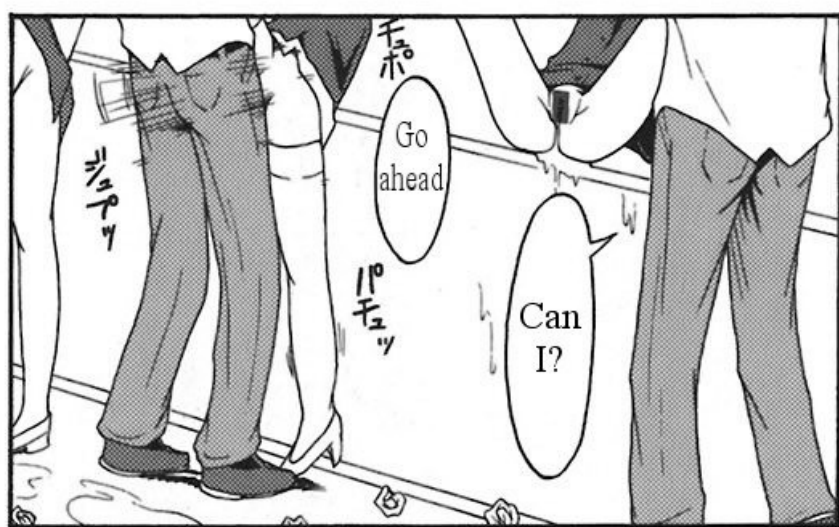

Ah,
a fail
huh

One
hour of
scolding
again,
I guess

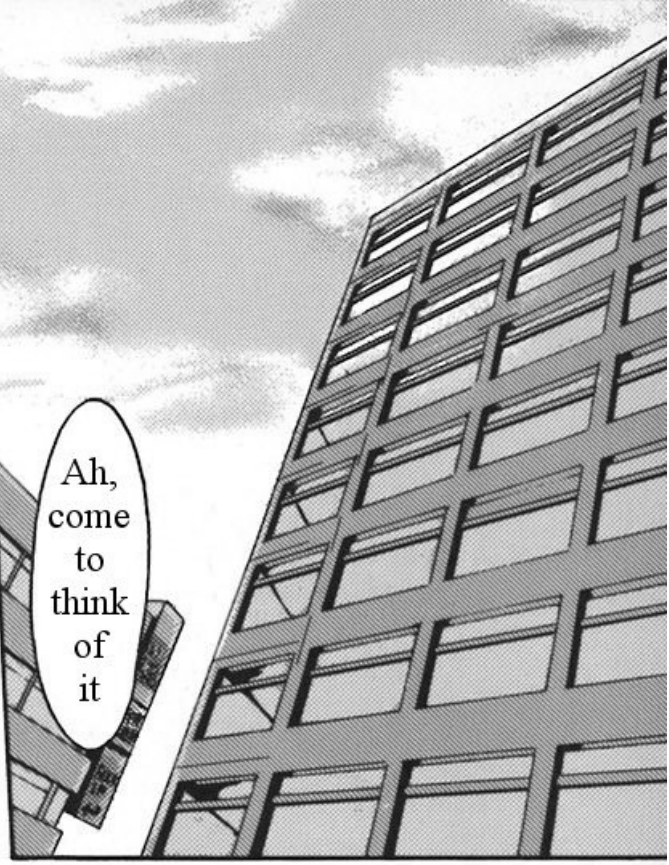

* The name Mikasa is quite a good guess this time. Also, it sounds good ^^

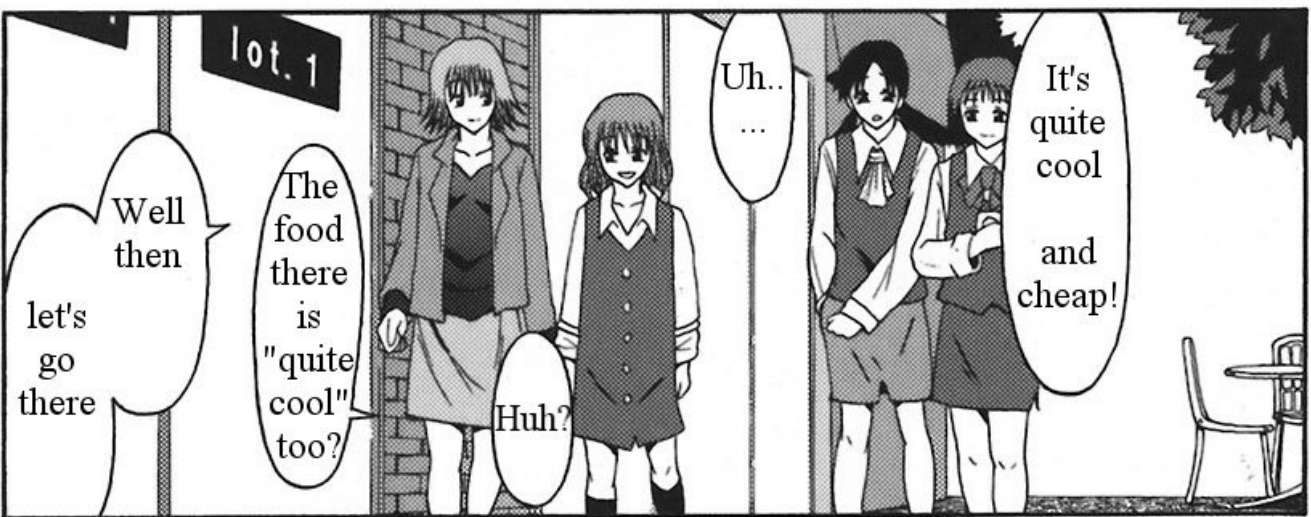

They've opened a new shop in front of the station

Ah, come to think of it

Well then let's go there

The food there is "quite cool" too?

Huh?

Uh... ..

It's quite cool and cheap!

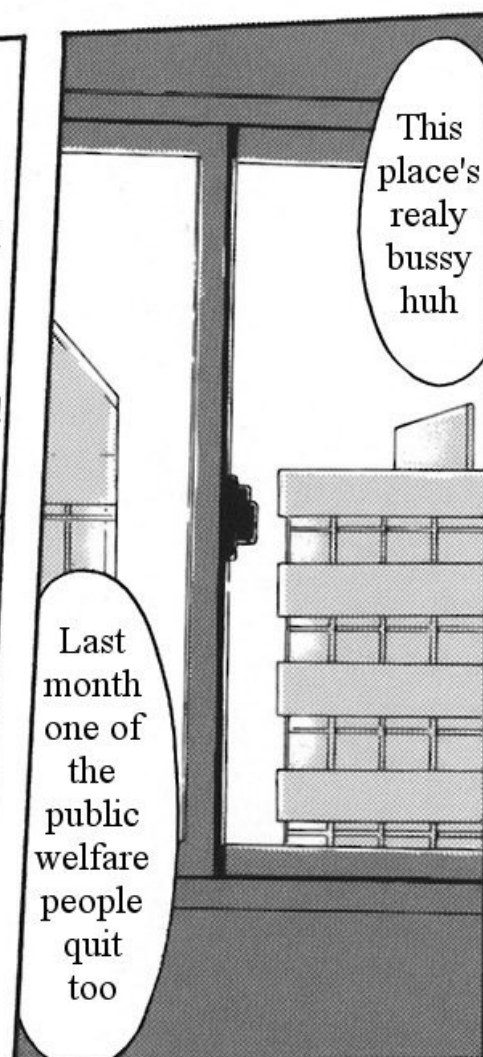

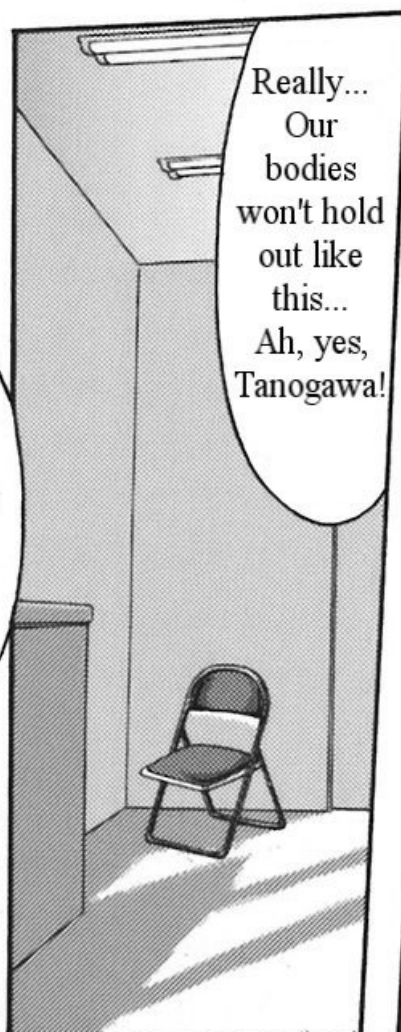

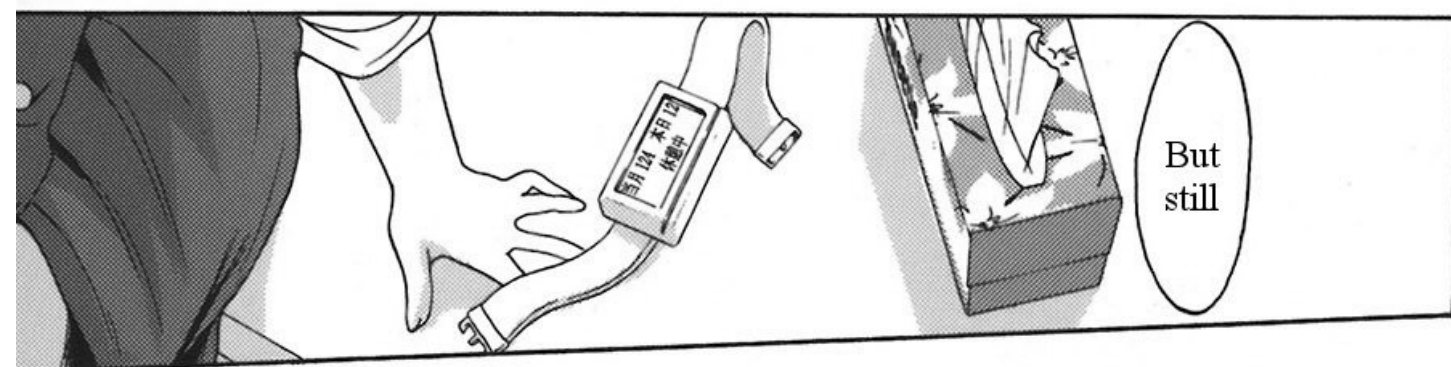

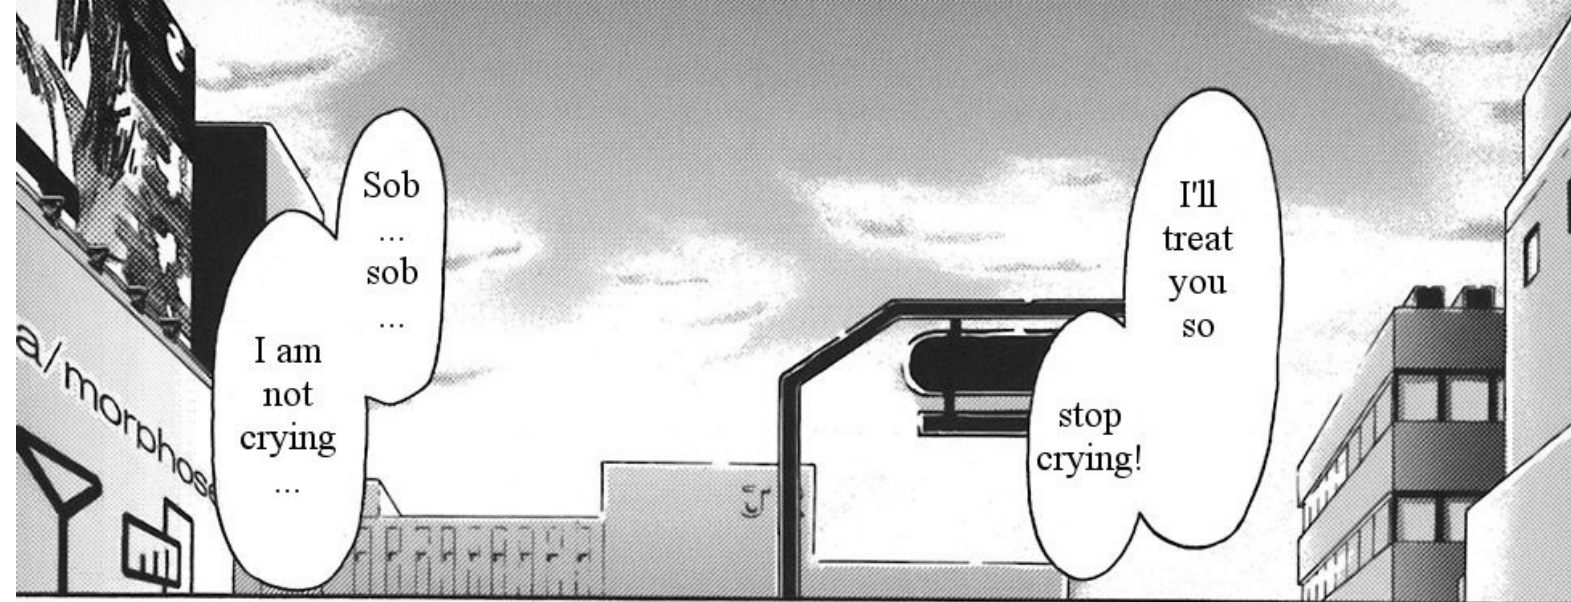

This girl again ...

I ... forgot my wallet ...

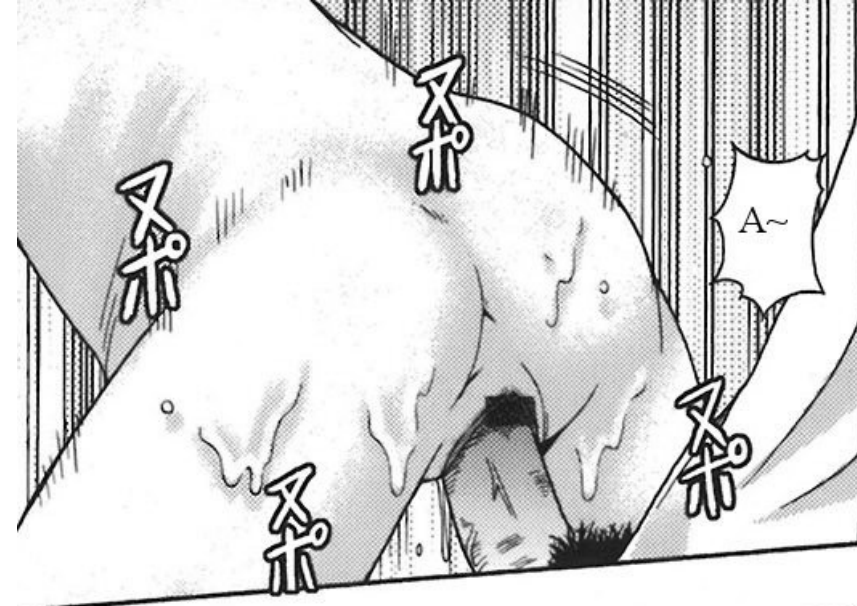

Ah... you see ...

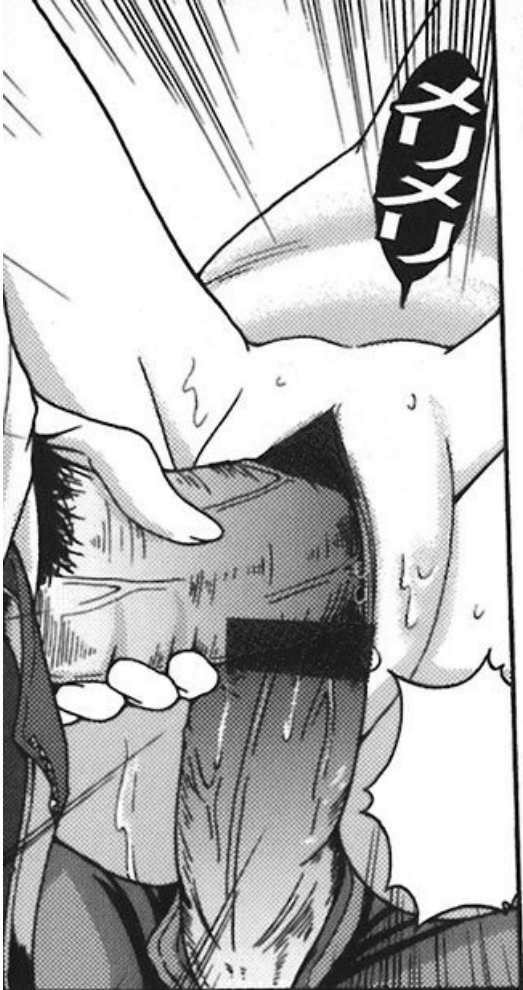

What's up?

Haa~
