Ahh!!

It's too early.

Wast!

Was this enemy taught by Yuko? Has an aphrodisiac effect.

There is Keri in the west. We can recover.

I want to quit my job lol.

Are you okay!?

I'm hospitalized with my seniors now. I want to come back soon because other seniors are fighting.

But you guys are hard to recover.

The enemy sends a weak enemy before the parent comes.

It's a good target.

Please come more.

This guy is tightening.

Please poke the deepest part.

Are you doing it with medicine?

Alice! Help me fast!

Milli !?  
I'll help you now!

Haa !?

Even though it's weak!

A pitiful warrior.

Also, it blew.

Metamorphosis

However, it was quite enduring.

The kids! You lost.

MagicRitter Miyako.

Absolutely get pregnant.

The MagicRitter should be like this.

It's been an hour already, right?

I thought I was alive or dead.

You can't heal your wounds before you transform, and you get pregnant. You have already lost 6 times.

Good morning, princess. How are you feeling? "True defeat".

you.....!

I was able to transform!

But I'm at the limit.

The aphrodisiac effect remains. Isn't the aphrodisiac effect an enemy's ability?

I can't move it at all!

Damn!

Human power is powerless, be quiet and conceived!
