[成人向]
for ADULT ONLY

I love you so much...
Go out with me, Touko-san...
...eh ...!?

Ryouichi-kun... and even Ryouji-kun...
Would you please not make fun of adults...?
But we're not making fun of you at all.
Here, look at our eyes and see how serious we are.
Yeah yeah!
We're serious!

Wait a minute... Why would you even say such a thing...?
You'd better stop that or else I'll get mad, okay...?
Ehh?? Why?
And I was actually serious about it too.
Me too! Me too!
Geez

And you two, don't make fun of this old lady, okay?
I already have sons just about your age...

C'mon, you shouldn't really underestimate them, you know?
But, Touko-san, it's not all bad, is it? I'm so jealous!
And you too, Akiko-san...

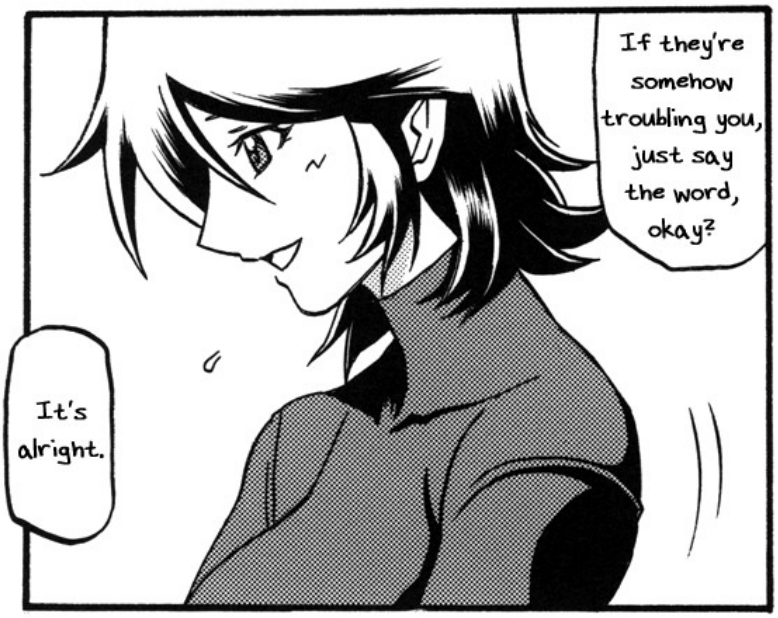
Those things are irrelevant, you know...
Eh...?
I'm just talking to you so I can spend time with you
It's Love at First sight...

I guess...
Ah, that voice, I'll be going now...
Oh, what's this? It's rather bustling, isn't it?
Mother's Bentou Shop that is...

That was...

Ah... Errr...
the two guys about my age.
and then saw...
It just so happens that me and Father passed by...

...ehh !?
What was that about...?
By the way, those two who came to the Bentou Shop...

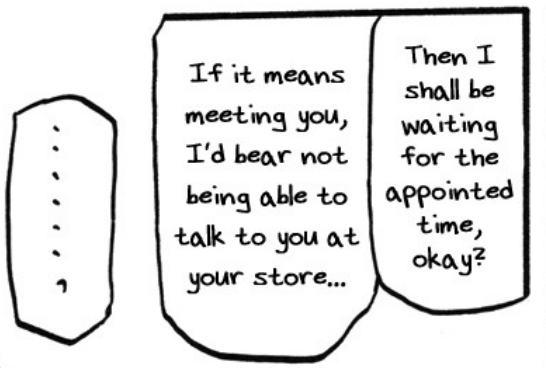


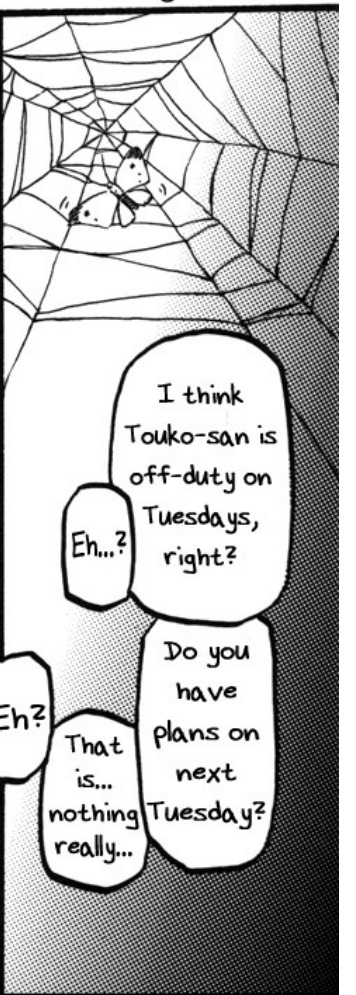
It's alright.
If they're somehow troubling you, just say the word, okay?

Hmmm...
Though they were bothering me but just for a bit...
Just my regular customers.
...it's nothing...

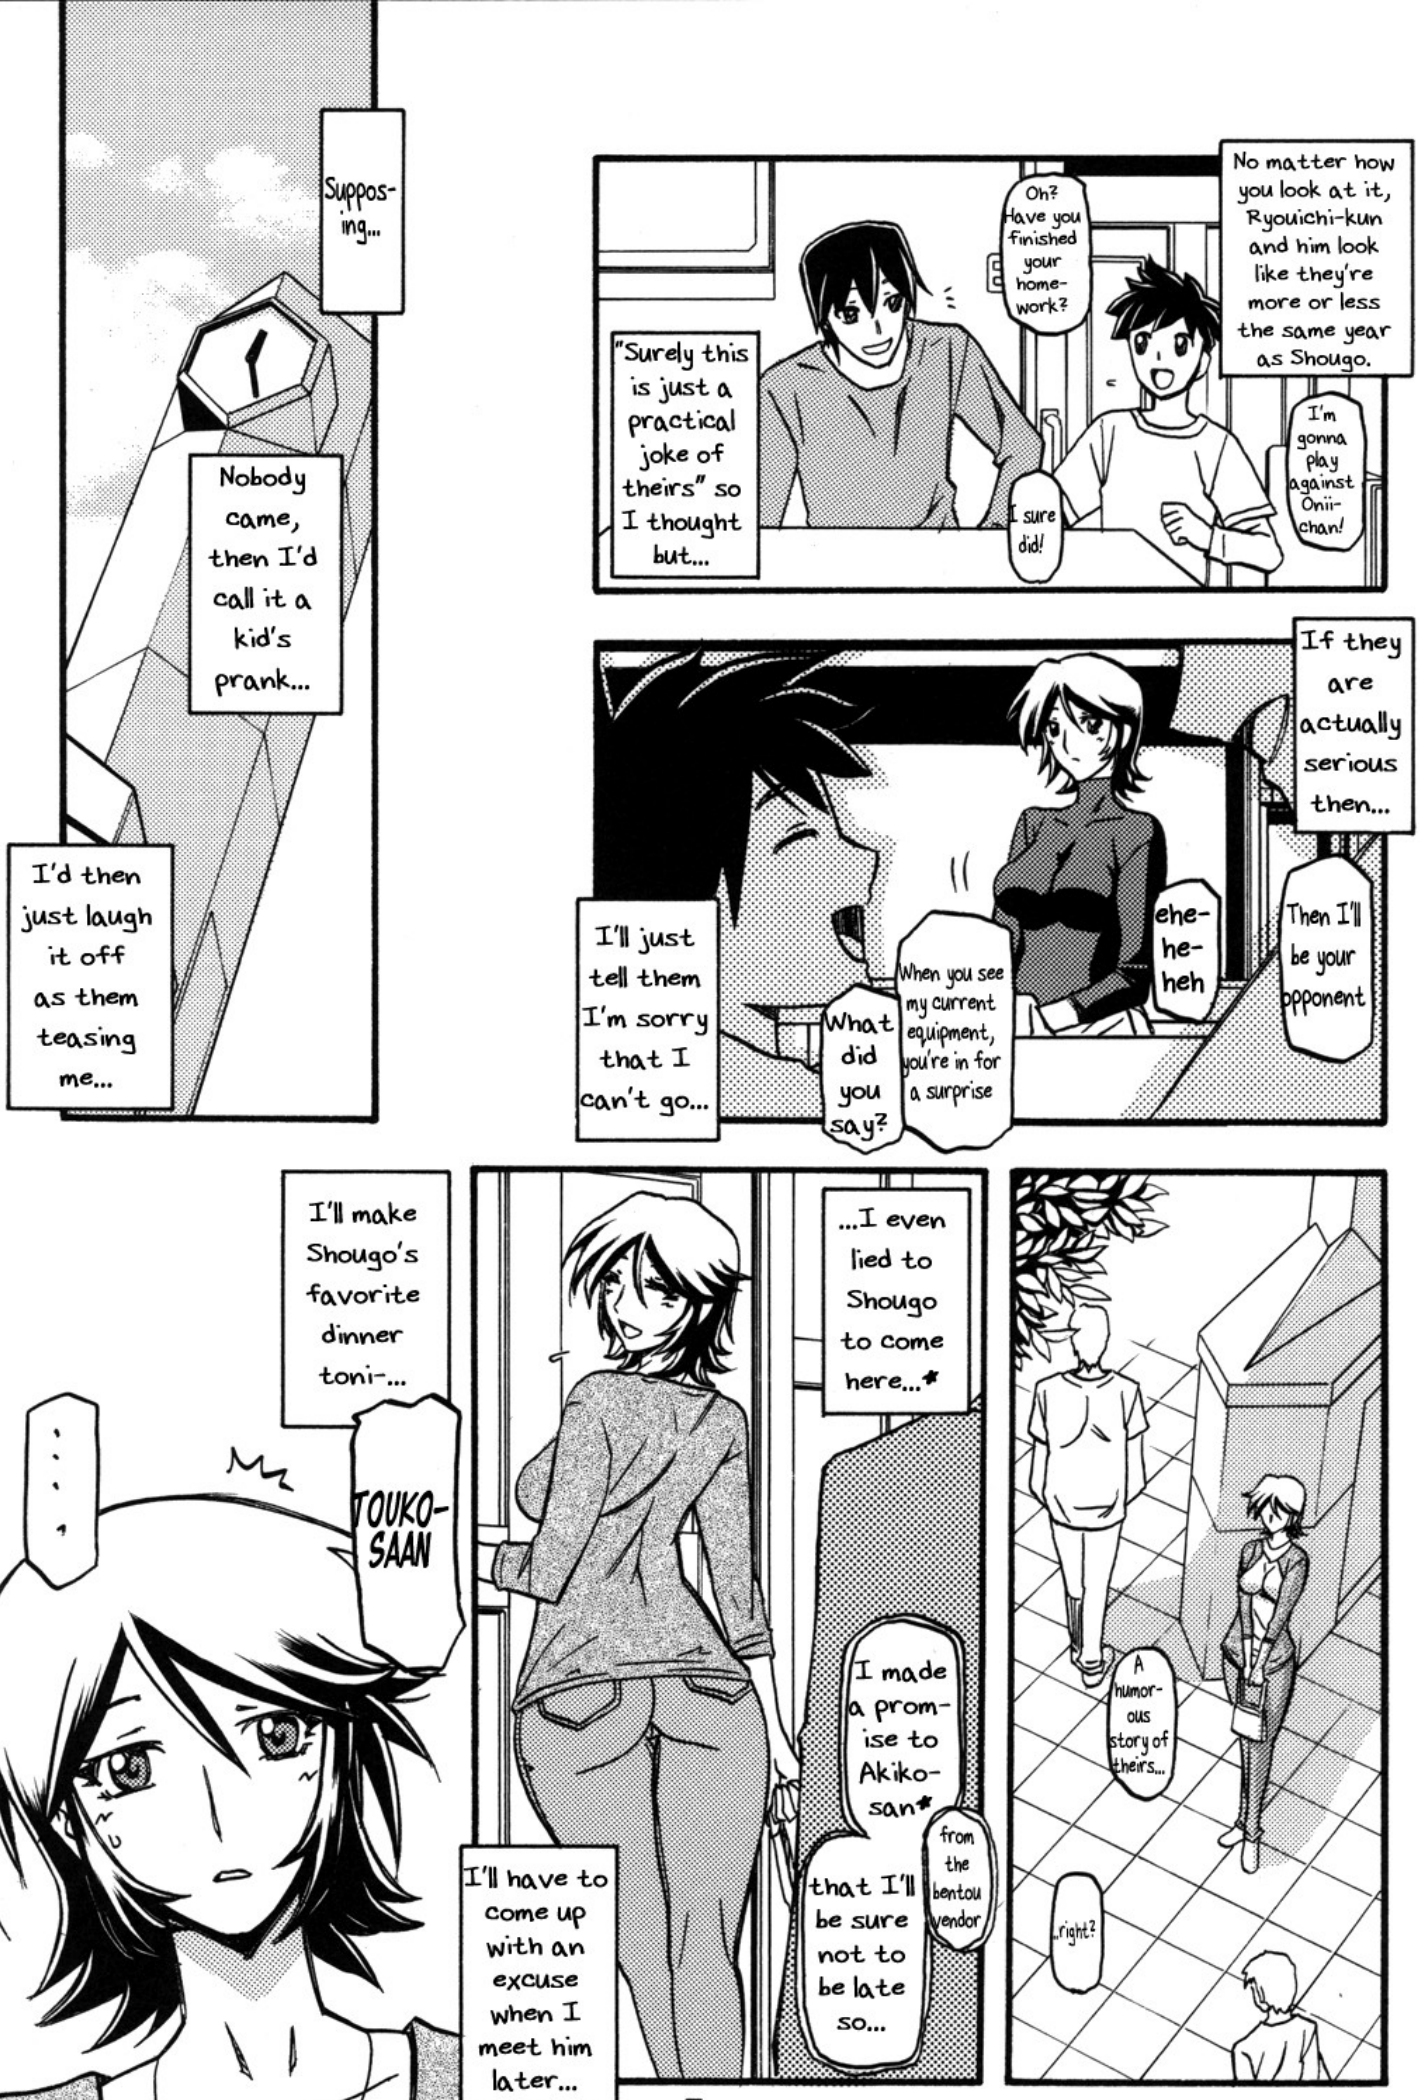
they are troubling me...

It's not like...





DRIFTED
-ひょうりゅう-



Suppos-ing...
Nobody came, then I'd call it a kid's prank...
I'd then just laugh it off as them teasing me...
"Surely this is just a practical joke of theirs" so I thought but...
Oh? Have you finished your home-work?
I sure did!
No matter how you look at it, Ryouichi-kun and him look like they're more or less the same year as Shougo.
I'm gonna play against Onii-chan!
I'll just tell them I'm sorry that I can't go...
What did you say?
When you see my current equipment, you're in for a surprise
ehe-he-heh
If they are actually serious then...
Then I'll be your opponent
I'll make Shougo's favorite dinner toni-...

I'll have to come up with an excuse when I meet him later...
...I even lied to Shougo to come here...*
I made a prom-ise to Akiko-san*
from the bentou vendor
that I'll be sure not to be late so...
A humor-ous story of theirs...
...right?

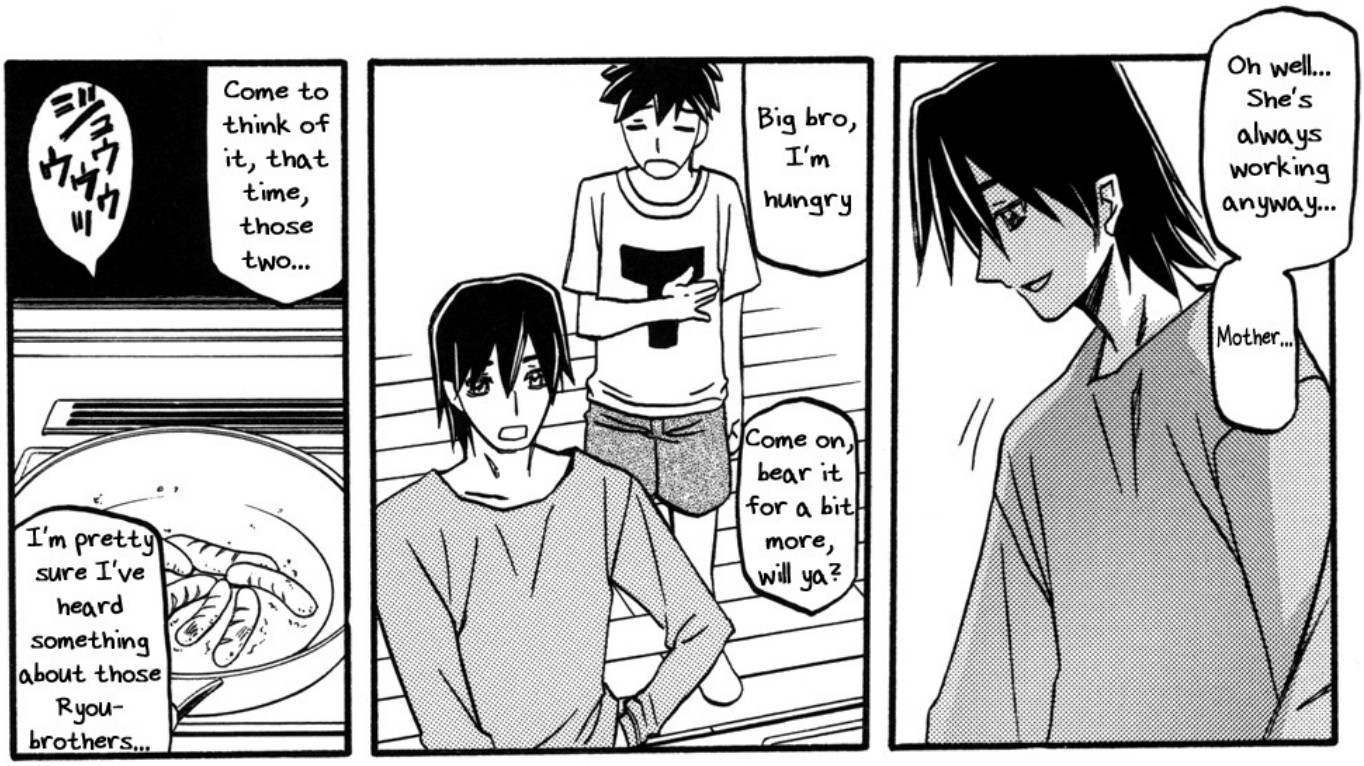
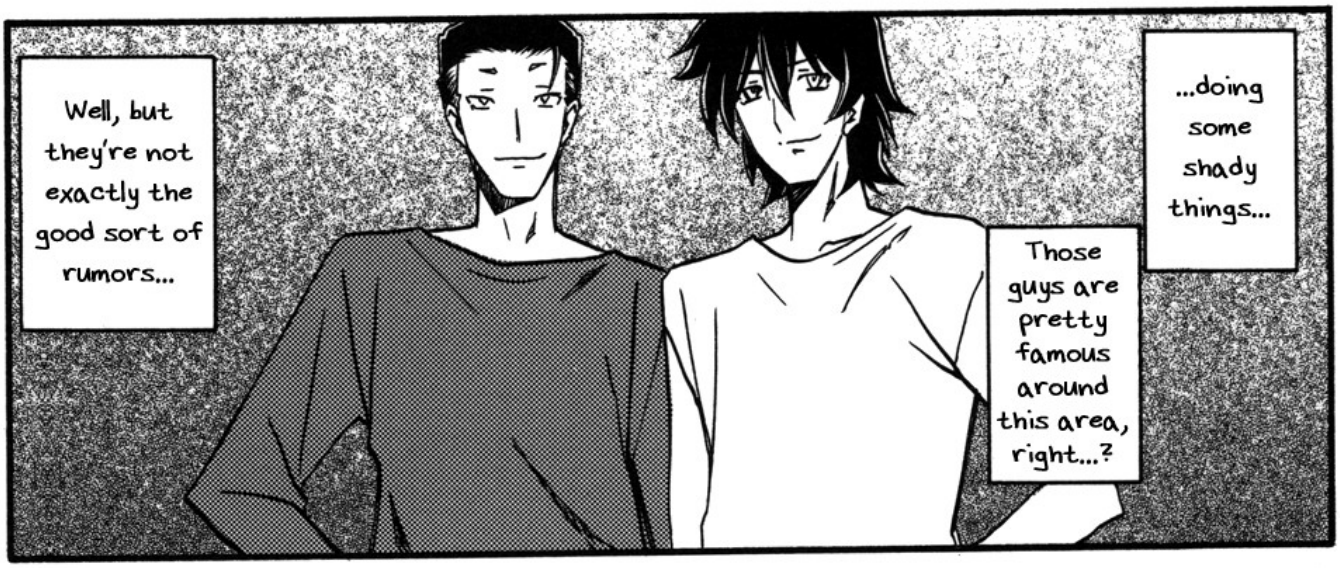
I don't want you to go back yet

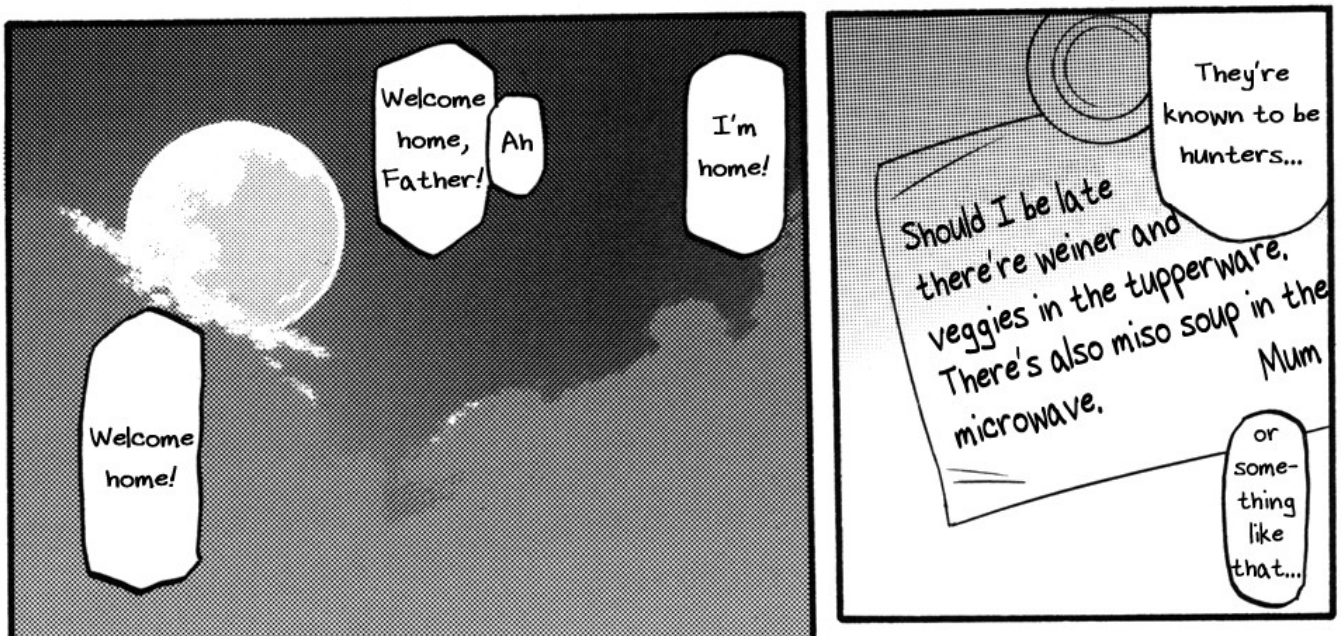
Take over for a while, Shou-chan...
It's rare for Akiko-san and mom to be out...



Oh well... She's always working anyway...
Mother...
Big bro, I'm hungry
Come on, bear it for a bit more, will ya?
Come to think of it, that time, those two...
ジュウウウ
I'm pretty sure I've heard something about those Ryou-brothers...



...doing some shady things...
Those guys are pretty famous around this area, right...?
Well, but they're not exactly the good sort of rumors...



They're known to be hunters...
Should I be late there're weiner and veggies in the tupperware. There's also miso soup in the microwave.
Mum
or some-thing like that...
I'm home!
Ah
Welcome home, Father!
Welcome home!

Afterword

This half year in which I had meetings with and talked to various people because of my work...

"But I have to work on my tankoubon...", or "I have to make sure I finish before the deadline"... I'm more or less the same Sanbun Kyouden as usual.
Well then, about the title "Yama Hime no Mi (Ikusora no Iro)". I spent a lot of time thinking to classify things...

First, the ones advancing the plot from the male point of view, "Yamahime no Mi (like 'Katei', or 'after'..)". The short stories I wrote in the past and the similar redrawn versions and postscripts, "Saneishou".
The ones that aren't contemporary dramas (like science fiction or fantasy), "Delusion".
And the ones that jumble the heroine's and male's viewpoints together, "Yama Hime no Mi (Ikusora)". Is how I decided to classify them...

Though saying that, when drawing this time's "Touko", I didn't have enough time to depict any other point of view than the heroine's...
(if it's like that, wouldn't it be "Yama Hime Katei"...) For the time being I'm concentrating thinking about various things, so please look at the long the term...
Actually, there's another book that I've been planning to release since spring, for which I've put together a draft that puts together the plot and the continuity (because of various things happening I procrastinated and ended up releasing the one with few pages, "Touko", first); If I can somehow release it before winter comiket... Is what I'm planning...
Would be nice if I could make it...

Anyway, thanks to all of you who've picked up my book again this time...
