[SORAKO NO TABI / episode03]

OTAKUBEAM 2012 SUMMER

宙子(そらこ)について。

当人の弁によると、彼女は宇宙人で正式名称は【地球星大調査 第二次調査隊 転地調査員 33号】と、いうらしい。

O型後期文明星域における首位生命体の繁殖活動の調査・蒐集を目的に数十年前に地球星に来訪して以降フィールドワークで世界中を旅しているらしい。

…勿論そんな話を信じる人などまず居ない訳でして見た目のユルさも相まって大抵の調査対象者からは「ちょっと気の毒な子」扱いでスルーされてしまうものの今回ばかりは少々事情が違ったらしい。

先日、活動費の調達とフィールドワークを兼ねて1週間程滞在したSMクラブにて左画の『カウガール』のコスプレがお客さんからも大ウケ。以来マイブームになっているらしい。

…因みにそのお店での源氏名は”ジャージー”だったらしい。

Investigator
personal number:
G581-21-033, Sorako.
Commencing data
acquisition for the
second Grand
Earth Research
Project.

I guess this
means it is 10:24
in Japan right
now, huh?

Erm...
Current time,
01:24 UTC.
Location
established
via the
navigation
system.

I shall obey
the laws for space
voyages to other
star systems,
respect the local laws
and conduct all
negotiations in
peaceful
manner!

Erm... The
test subject this
time is... Erm... Let's
call him Mr. Unknown
for now... While
establishing contact
with the subject...

My name's Moroda and I work for the space intelligence section of the defense bureau of National Police Agency.

Investigator #33... That electromagnetic camouflage sure made it hard for us to track you down!

We'll commence the actual questioning, once my boss arrives here, but...

I would like you to answer a couple of my questions before that!

おはよう

※電磁波透視||光・電波・X線等を欺瞞するステルス技術。電子透視装置の特殊能力の一つ。
※ニンチャウ動る||容疑者の人相・着衣を特定するコト。(警察用語)

I only need you to answer my questions... Alright?

うん

キラリ

Please call me Sorako...

Oagh!

うん

How many members does your organization have? Do you have any accomplices among humans? Keeping quiet won't do you any good, you know!

So, tell me why you want to invade us?

Where is the invasion going to begin? And how are you planning to do it? Spit it all out, alien!

Well, we're not trying to invade you!

As the result of a secret investigation we have been conducting over the last few years...

We now view investigators like you as spies for an alien race that plans to invade Earth...

I guess he's going to ask all the usual questions now, huh?

Quite frankly, if we tried to take over every underdeveloped civilization in remote galaxies like yours, everyone else would just laugh at us!

You... How did you get rid of those handcuffs?

You earthlings really think too high of yourselves, you know! Oh, saying all of that sure feels good!

I told you not to remove the handcuffs, didn't I?

Combined in one device!

Even though it will be a very rough comparison...

You can think of us as video cameras...

Voice recorders...

And 3D-scanners...

Do that again and I swear I will shoot you! For real...

ニギル

How dare you defy me like that? I hate that!

Ugh...

Well then, why don't you just open a case against me for being an alien and breaking Earth laws?

Well, Miss... If you're going to abide some laws, make that our laws...

And all in all, our research is a peaceful mission that completely abides the laws for space voyages to other star systems...

Nobody let you come up with propositions here!

Why don't we turn this into a give-and-take session, Moroda-san?

I will make you regret coming up with that condition...

I will answer one question for every time you manage to make me cum!

Ughn...

Well, why not? This is a great chance for you to get some firsthand alien information!

What are your conditions?

Erm...
Moroda-
san...

I'm not
going to run
away, so please
take off these
handcuffs! They
are hurting
me!

うる
うる

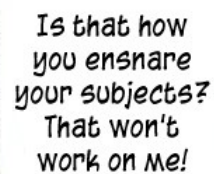

Can't do.
You'll have
to bear with
that!

Ugh!

Could it be that
you're actually into
these things, Moroda-
san? IF that's the
case, you could just
say so...

Shut up!!
It's just
a safety
measure!

はき

Oh, cut it out and answer me already!

Oh, come on! You are so impatient...

Let me enjoy it a little longer!

Oh, no!

Well then, first of all, why don't you tell me about this "research group" of yours...

Next up, tell me how many subjects you have examined so far...

We came to Earth in 1961 and our goal is to research one million human men within one hundred years.

Erm... The second research group consists of one hundred temporary investigators and one hundred full-time employees.

Crap... You're really getting carried away here!

Well then, in that case, I'm going to ask your body directly from now on!

Ahhn...

Nn...

That...
That's the
spot...

Eeahh!

More...
More...
Ohh...

There... How
do you like my
hammer of
justice?

Aghn...

Ughhn...
Uhh...

Ah... I will
CUM...

I'm
going to
CUM...

I'M...
Going to...
Cum...

Oh, no...

Ahhh!

I'M...

Ahhh...

Ahh!

Ahh!

Just how
do you guys get
these bodies!?
It felt like
sticking your
dick inside a bowl
with a thousand
worms in it!

You...

You can either talk or suck it, but not both at the same time!

Uohm...

Nn... Uh...
Uhh...

Take off these hand-cuffs!

No way! It's a safety measure! Besides, I don't want you to shoot me.

Moreover, you have such an awesome dick, that I...

I have to research it vgehry thzoroughri...

You don't need to flatter me, just cum already...!

Eeah! ♡

Ah! ♡

I would cum right away, Moroda-san!

If think, if you kissed me...

Wha...!?

Wait... You'll have to throw in an extra answer for that!

Uah...

Nn! ♡

Well, with you... We have examined 5278 men...

Three other mammals and one bird...

Well, I'm not happy at all! Now, tell me how many subjects you have examined so far...
And how do you... Select these test subjects?

So, your research isn't limited to humans? And what do you mean, one bird!?

You see, we all have our preferences when choosing test subjects and some of us just get plain curious...

We've examined one South-African Ostrich!

And as for our selection criteria...

We get specific requests from our "controllers" and then, we find targets that satisfy the criteria they provided.

That's more or less the way it goes...

ガッガッガッ

These are
the three basic
laws our research
group has to
obey!

Inspector
Moroda, sorry
we're late...

Chief
Sugari, hurry
up and catch
her! You're a life-
saver...

...

What
are you
doing...?

Hurry
up!

Huh?
Just when
did she take
off my hand-
cuffs?

もっさり

Sorry,
Moroda-
san!

Now, let's send my research data
to the controller.

おっ

おっ

Damn you,
Investigator #33!
I'll get you for
this!!

ソラコノタビ

The completion of investigation.
...Let's meet you in next episode !

OTAKUBEAM 2012 SUMMER

あとがきです。

こんにちは、オオツカマヒロです。

『宙子の旅』も3冊目になりました。
ここでちょっと”寄り道”といいますか、次回は宙子
以外の調査員のお話を描きたいなと思ってます。
引き続きお付き合いいただけましたら幸いです。

…最後まで読んで下さってありがとうございました。

【宙子、下着設定から】

“愛されビッチ”という設定上やはりエッチっぽい下着を…とは思いつつも宙子さんの場合は何故だかイマイチエッチっぽくならないので困ります。
