

This is the Holy Grail?

It was on the merchant ship we attacked earlier.
Captain, you like this kind of thing right.

That's right.

I've seen a lot of cups that were said to be the Grail. It's not the real thing.
It's fake. It's too new...

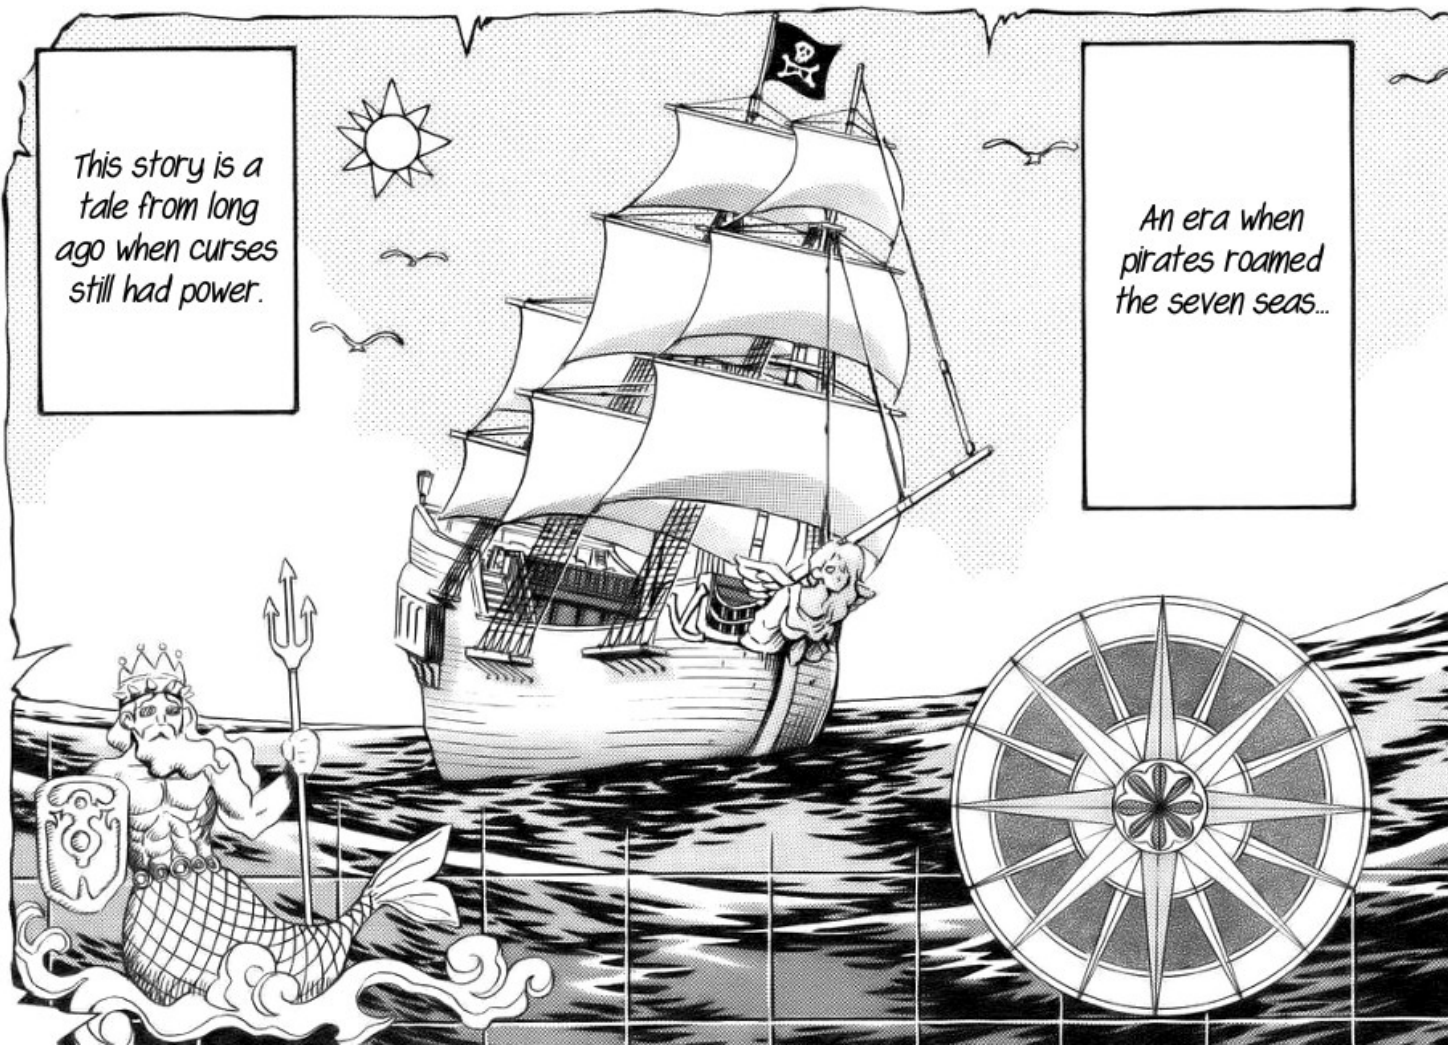

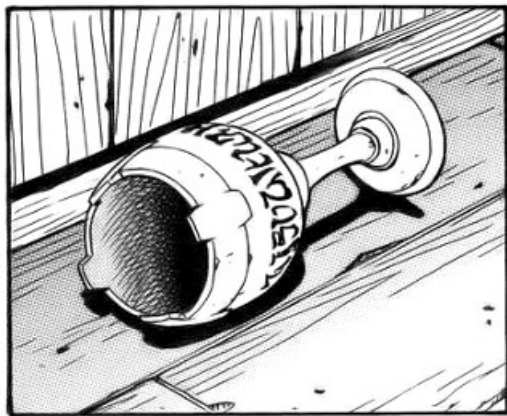

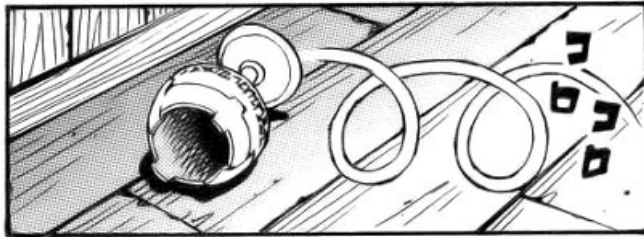

It seems that you'll be cursed if you handle it roughly...

Right.
'Curse of the Chalice'?

But, it seems there actually is a 'Curse of the Chalice'.

No...

Eh?

Hey wait.

It seems that I mistook something else.

Speaking of which, is it true you saw a kraken!?

But... why do you obsess over things like that?

S-sorry!

You have to let me know!!

That's for me to decide!

.....

I've always wanted to see things like that.

Sea monsters like the kraken and giant sea serpent...

I've always loved thrills, so I became a pirate too.

I originally got on this ship because I was attracted by the mysteries of the sea.

But... those might be just legends...

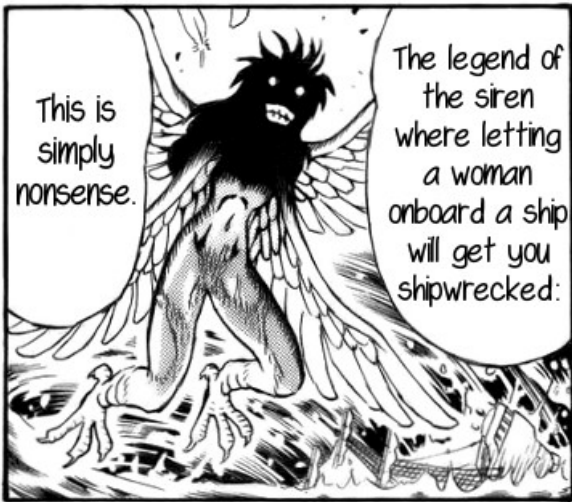

I will confirm that with my own eye.

After all, the oceans are far larger than the land.

There should be countless other strange creatures in the sea.

This is simply nonsense.

The legend of the siren where letting a woman onboard a ship will get you shipwrecked:

But I've already confirmed one thing.

That's true...

Eh!

Y-you don't know when that will be though.

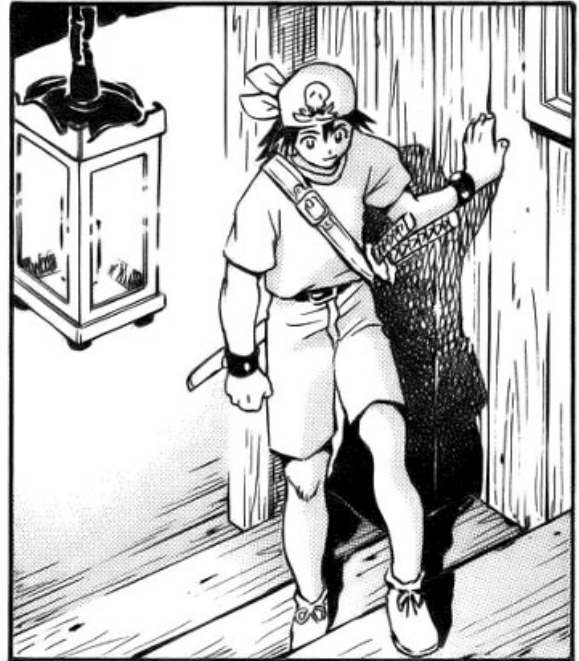

I'm living proof!

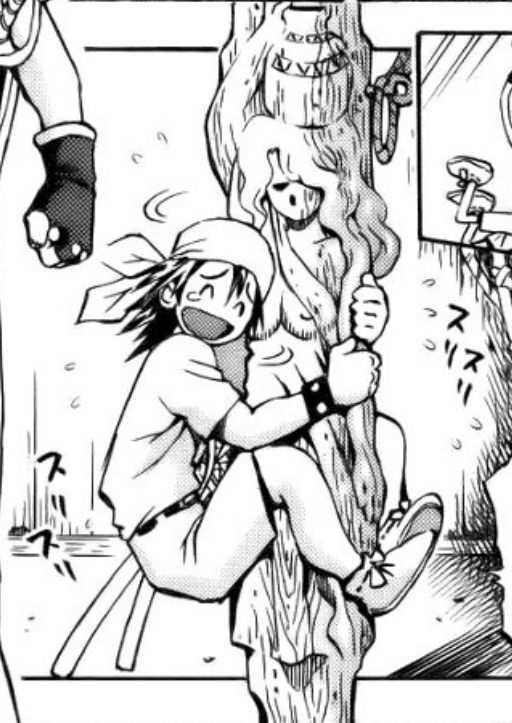

Calm and collected, and the best sword-master on the ship.

Captain Elsa. The female captain of the pirate ship Brushbone...

The Captain is so cool~

I wanna hold her! I wanna hold her so tight~!!

Joining this ship was the right thing to do~!!

O-oh yeah! Captain said to have a party...

The preparations have already been made.

I carved that.

Umm~ this is a good carving. Is it a Koun?

Who the hell is 'Koun'!

Geh..

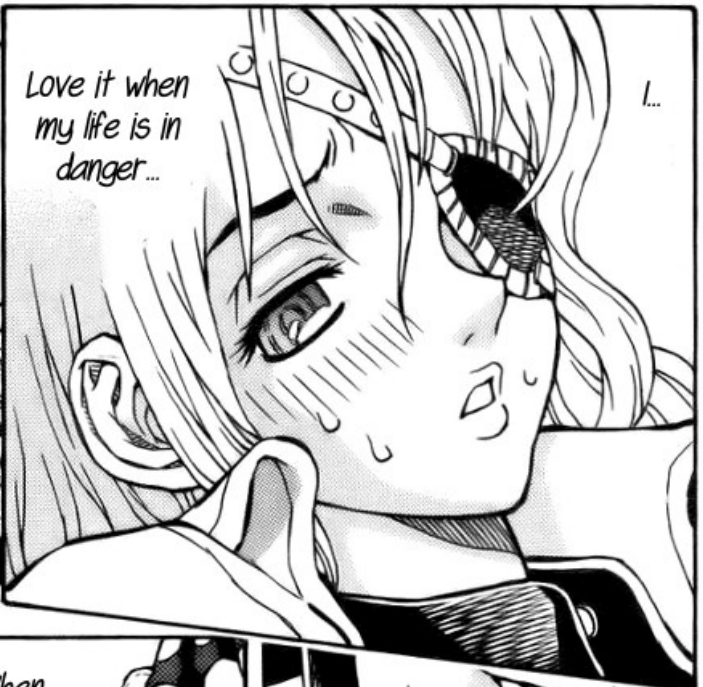

What the hell are you doing, Kiyomata?

T/N: Takamura Koun is a famous Japanese sculptor.

And then...

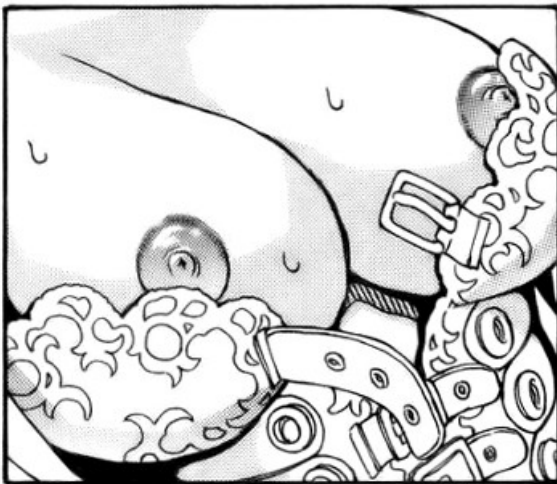

The thrill makes me feel alive...

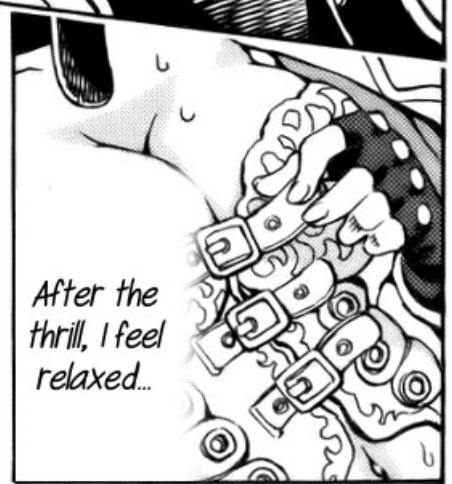

Love it when my life is in danger...

L...

When we were stopped...

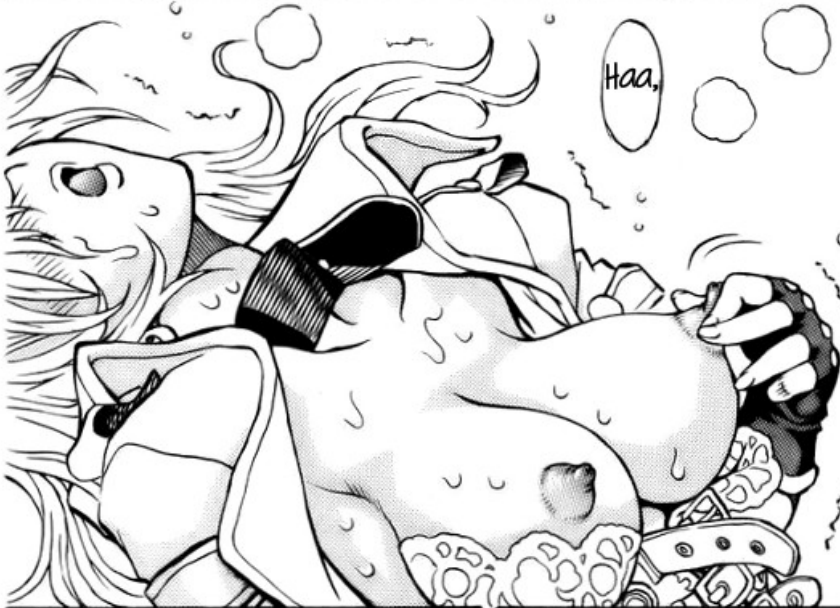

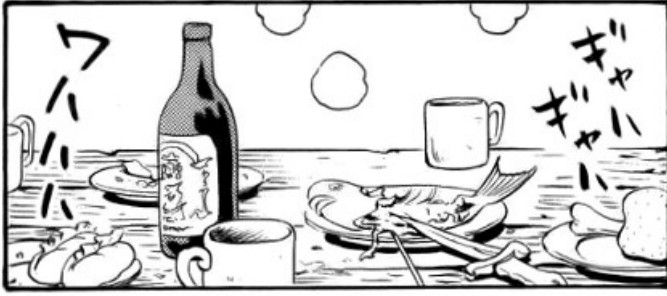

After the thrill, I feel relaxed...

...
Quietly masturbating, surrounded by treasure...

I spend my happy time...

Idiot, hurry up and get out!

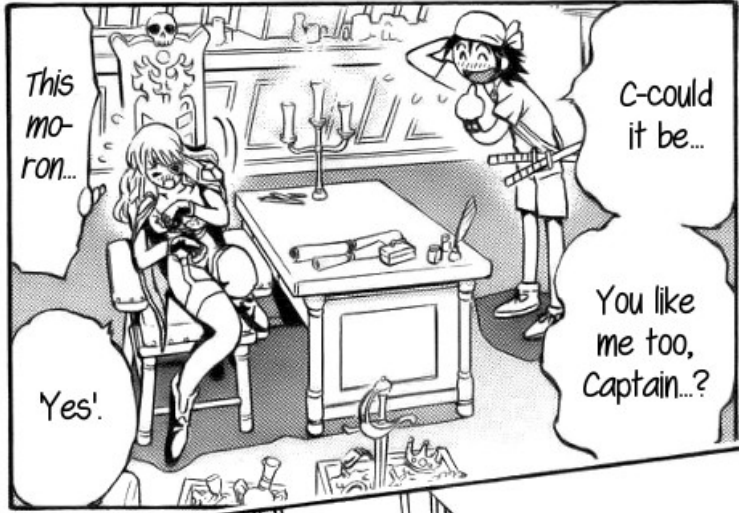

Captain...

C...

How come I can only say 'yes!'?

Noo~!!

This moron...

C-could it be...

Yes!

You like me too, Captain...?

Uuh...

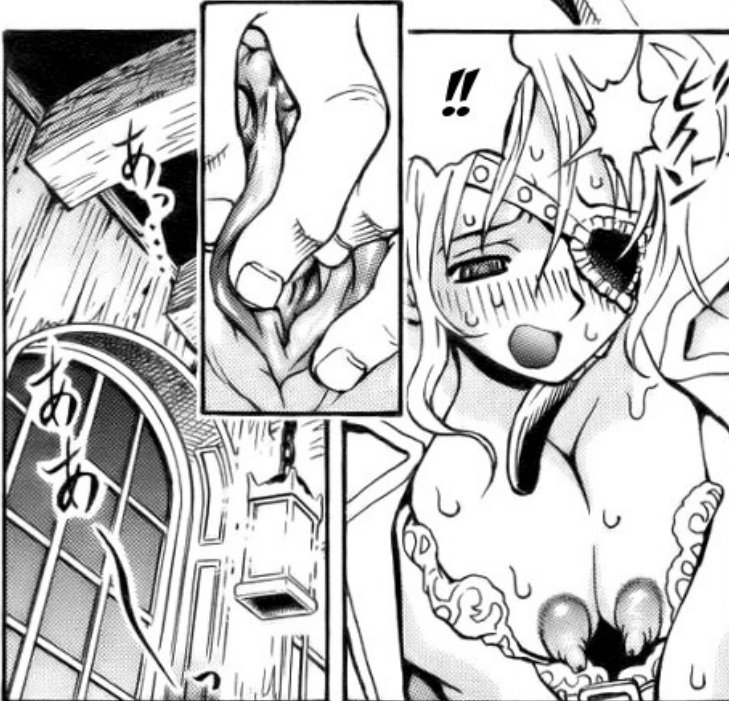

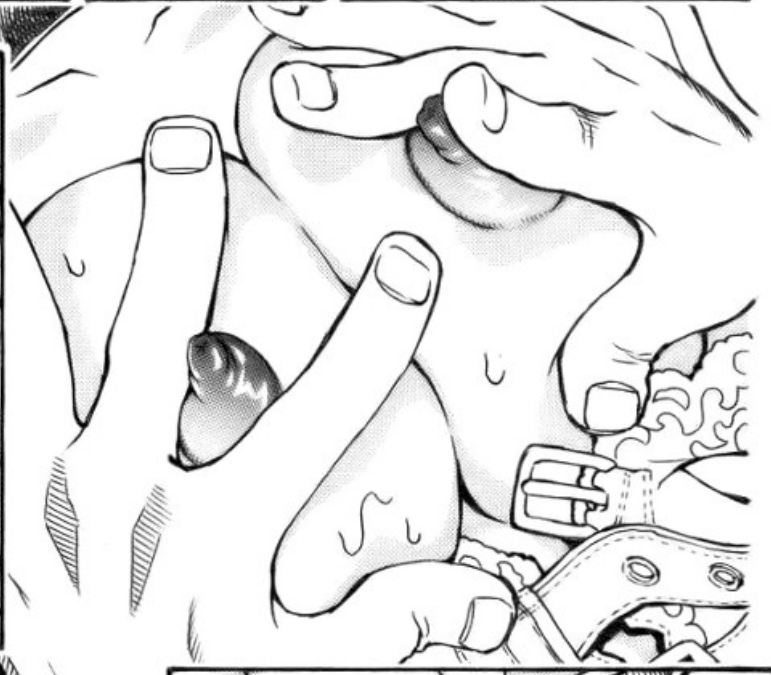

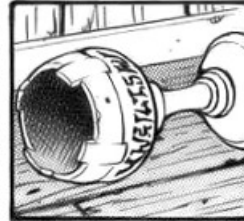

I'm moved!

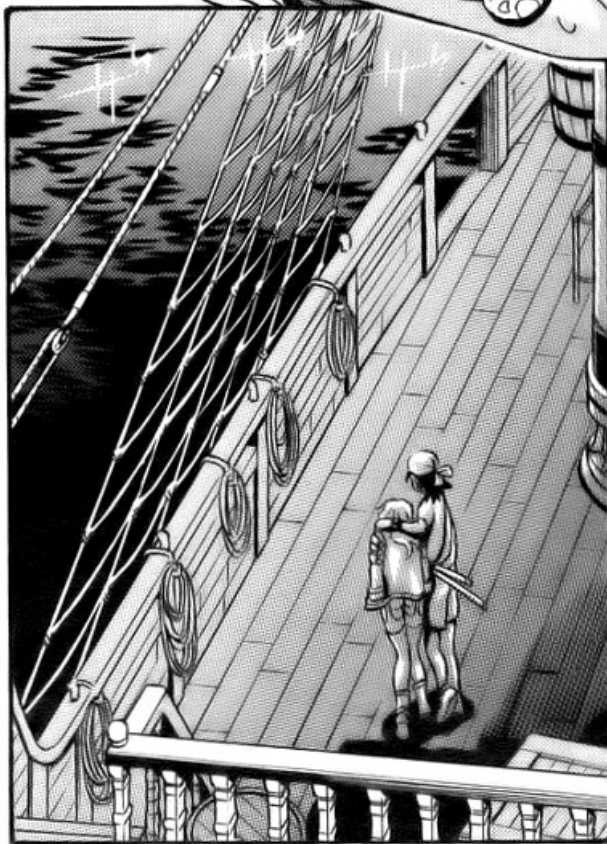

...

I'm so happy, Captain likes me too...!!

Wh... what are you...!?

Everyone's having fun at the party.

It's fine, no one will come.

Ah!

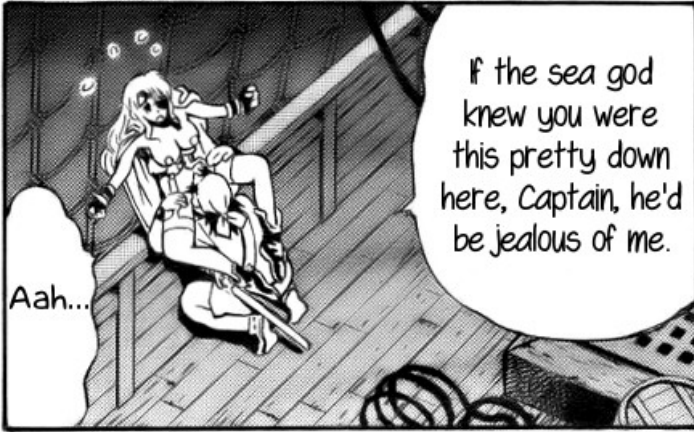

The only ones who will see the Captain like this are the sea god and I.

S-stop...!!

Please savor the experience.

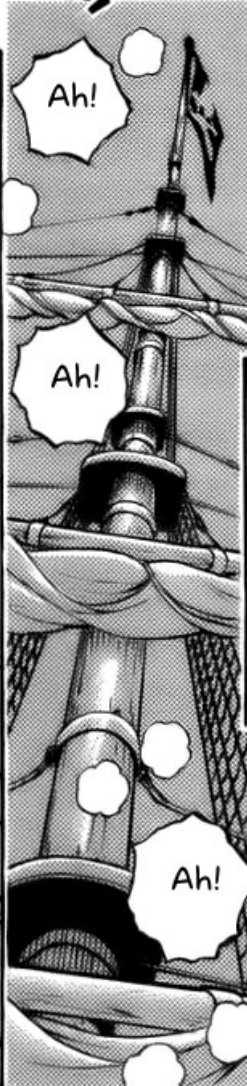

Aah...

If the sea god knew you were this pretty down here, Captain, he'd be jealous of me.

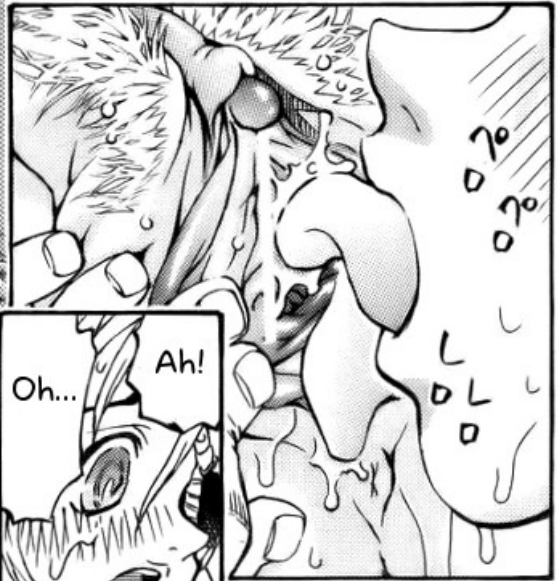

Aah~!

Ah!

Ah!

Ah!

Oh...

Ah!

~~~~~

Please get more into the thrill.

Haa!

Haa!

Haa!

Haa!

'y'...  
'Yes'...

Aah...

Does it feel like you're being offered up as a living sacrifice to your beloved mysteries of the sea, Captain?

Uuh... to be raped by my underling...

Uwah...

Is thrusting in while my arms and legs are bound...!!

Uh!

His hard and hot member...

And having  
a sea  
serpent  
crawl all  
over me...!!

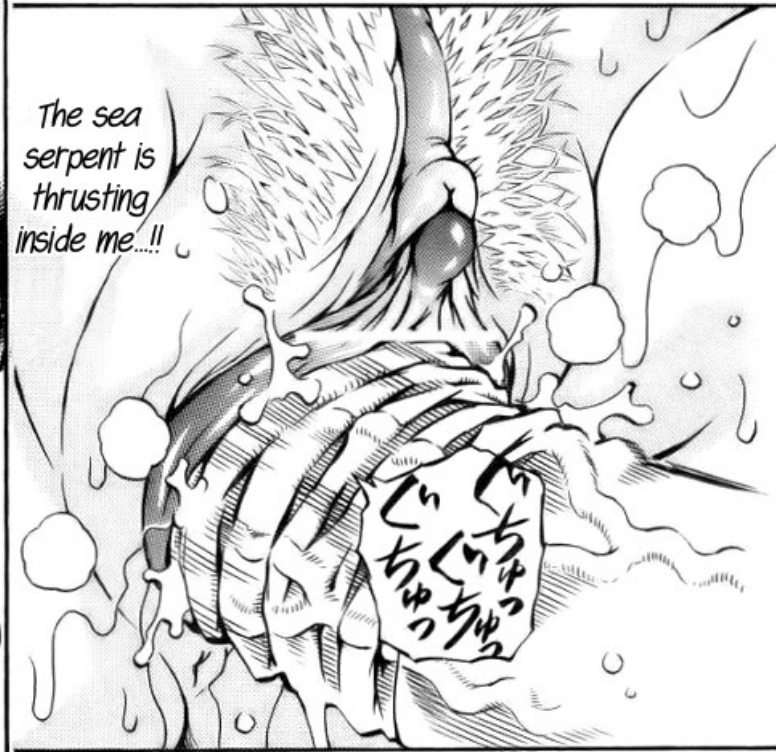

Being  
captured by  
a kraken...

I'm being assaulted by the sea itself...

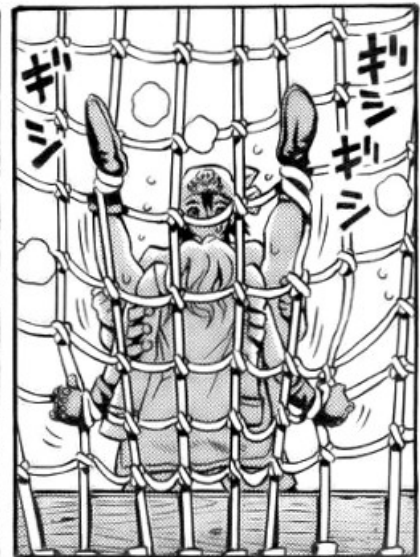

The very depths of my body are being defiled...!!

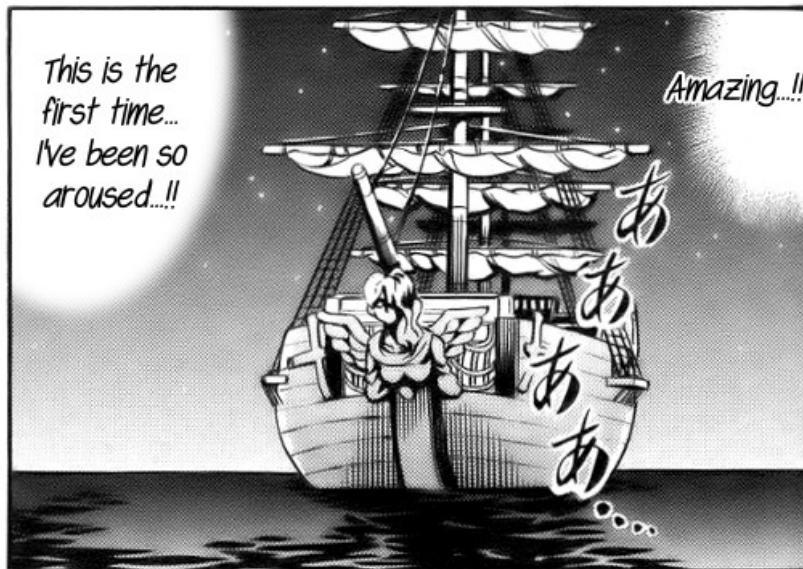

The sea serpent is thrusting inside me...!!

Haa, Haa,

What was that about a sea serpent...

When I was talking about giving myself thrills...  
Fufu...

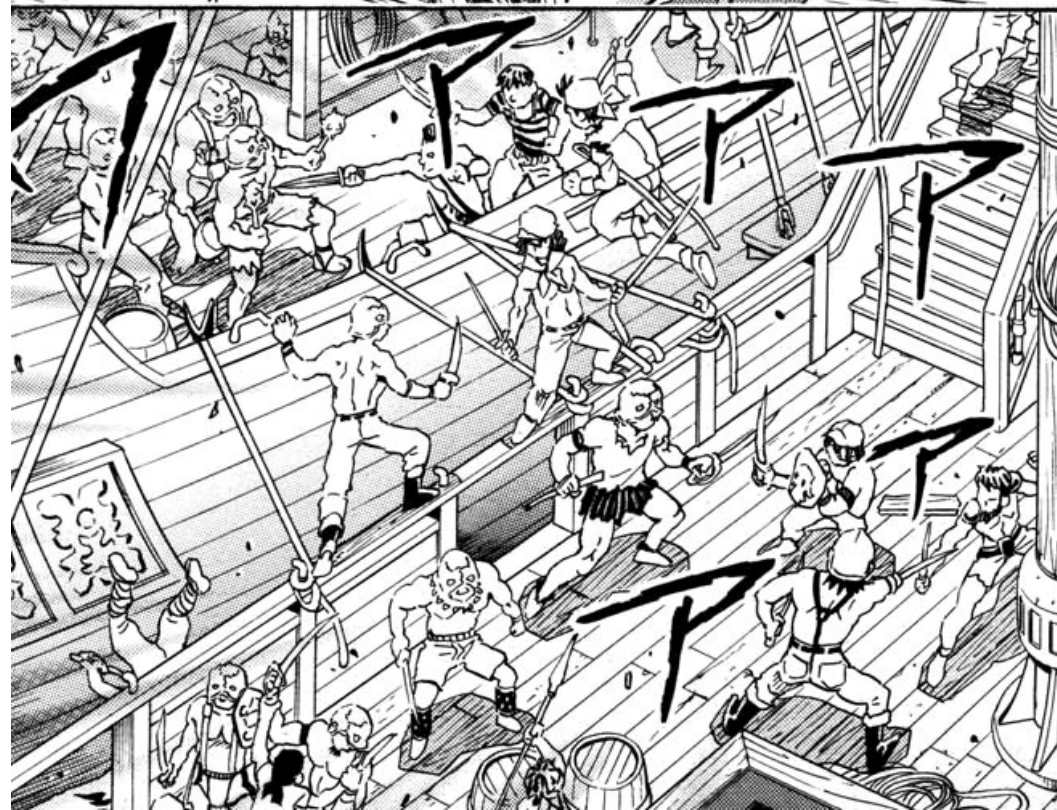

Vh Vh Vh

When I get a chance, I'll tell another tale about the various naughty adventures involving the pirate ship Brushbone.

The Pirate Queen Elsa set sail, in defiance of the legend of the siren, at a time when there were few women at sea...

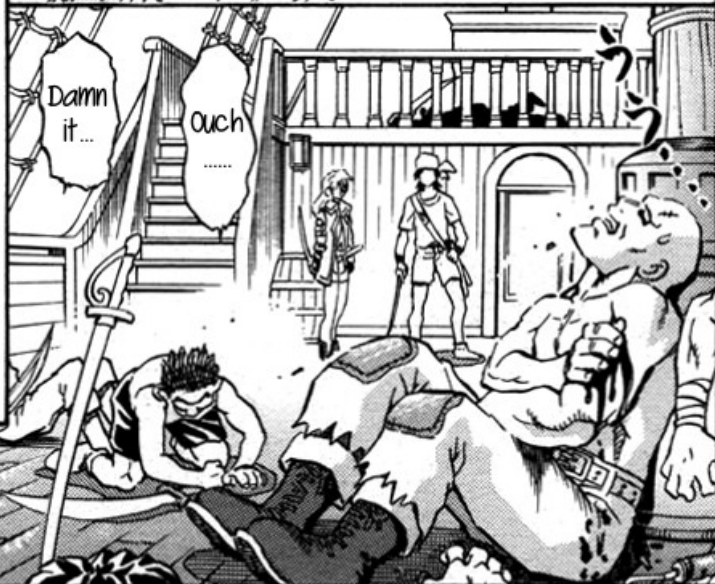

Don't chase them too far.

We have a lot of casualties.

The privateers were aiming to expand to the colonies. An agreement was born between the government and these pirates. In short, they were pirates officially backed by the state.

That day, the Brushbone dueled the privateer Captain Utra and his ship the Living Dead.

There are a lot of weird rumors going around about Captain Utnapishtim...

No way!  
Utnapishtim is a  
character from a  
Sumerian poem  
that Noah in the  
Bible is based on.

Even though he's  
a slave trader,  
Utnapishtim took on  
a whimsical name.

That's not  
his real  
name?

...And, this  
girl is?

She seems  
weird. She  
doesn't say  
anything...

I thought we  
could get  
some info from  
her so I stole  
her away from  
that ship, but...

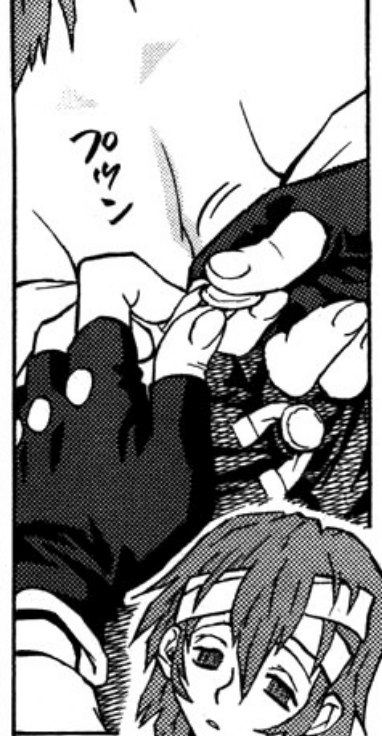

She seems good-  
looking. Maybe the  
kidnapped daugh-  
ter of a noble?

She  
didn't  
have  
anything  
on her?

W-what on earth are you doing!?

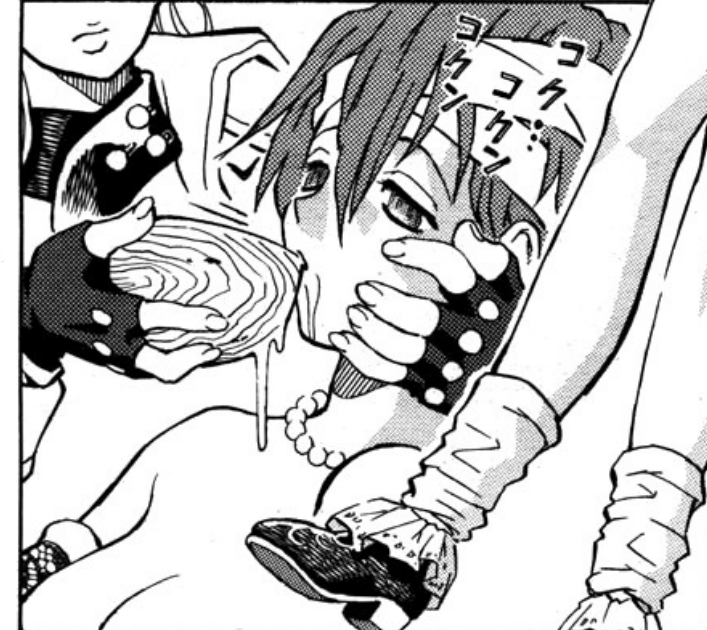

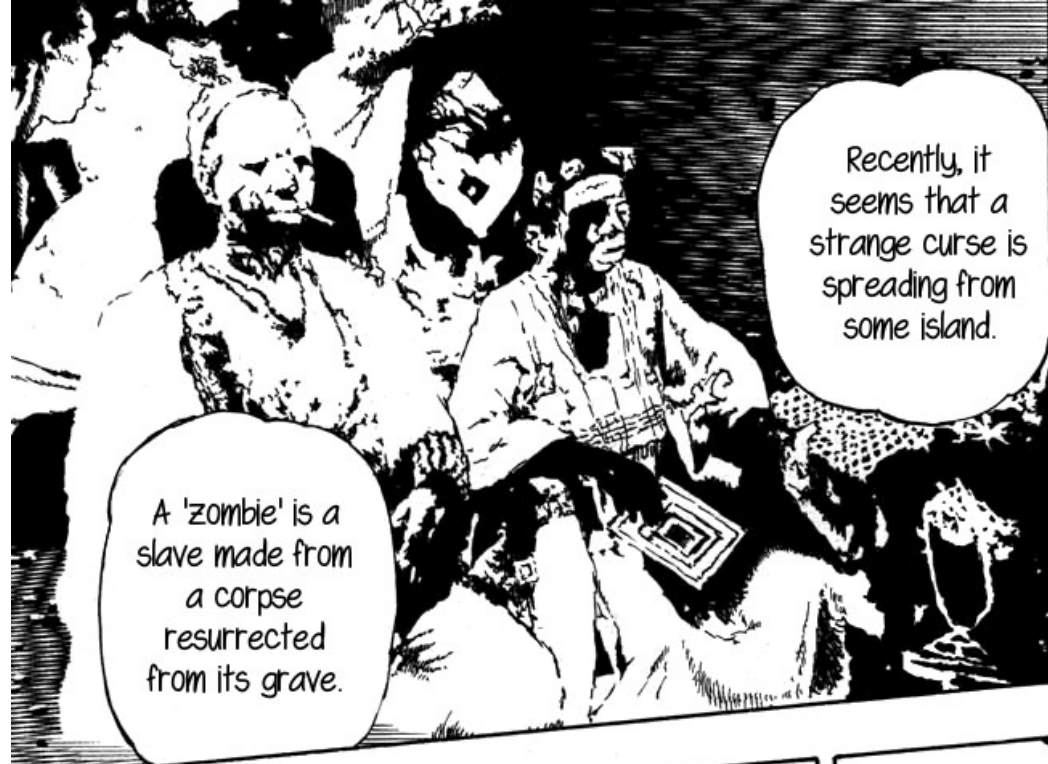

I don't know the details either but...

That's the problem!

Even if you do that, she doesn't react at all...

Recently, it seems that a strange curse is spreading from some island.

A 'zombie' is a slave made from a corpse resurrected from its grave.

This girl might be a 'zombie'!

What's that?

Huh?

The drug to make zombies is called zombie powder, but...

*Datura has strong hallucinogenic properties and was already known during the time of the ancient Greeks and Romans. It contains tropane alkaloids and is also known as the 'angel's trumpet'.*

I heard that datura can be used as an ingredient.

But a zombie has no free will, emotion, or feeling of pain...

Who knows.

With a dead body...?

Y-you can do that...!?

Then, I'll be going...

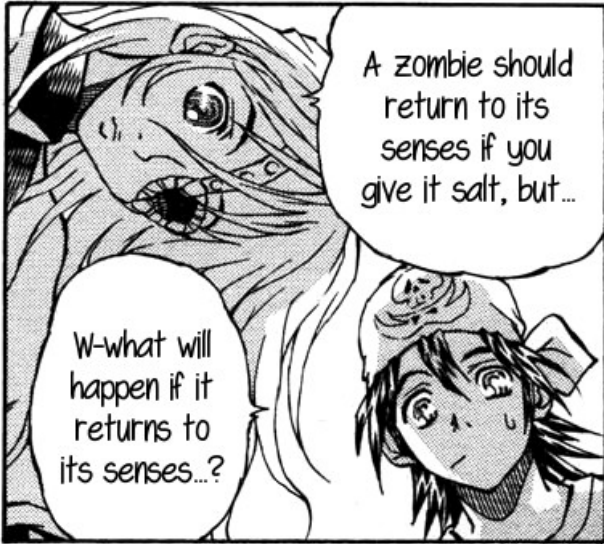

You're the one who carried her off, right!? Of course you will watch over her to the end, right!?

It moves according to the practitioner's orders.

T/N: She actually calls it 'kichigai nasubi', which means 'crazy eggplant'. The common English name is angel's trumpet, so I went with that.

A zombie should return to its senses if you give it salt, but...

W-what will happen if it returns to its senses...?

H-hey...!!

Waah!

Calm down...

Kyaaa  
aaaa

I don't like dead bodies that move~

Kiyomata, don't stand in the corner! Give me a hand!

Moron! Look at how she struggles! There's no way she's dead!

Zombies can also be made from people at death's door!!

I'm scared... help me...

Nooo!

Damn it...

Her memories are returning all at once...

Aahh....!!

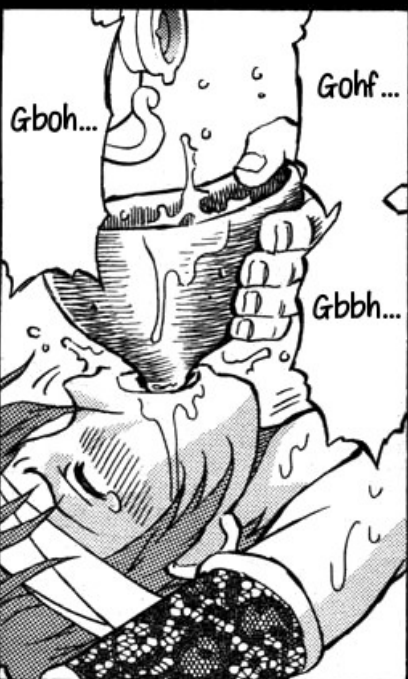

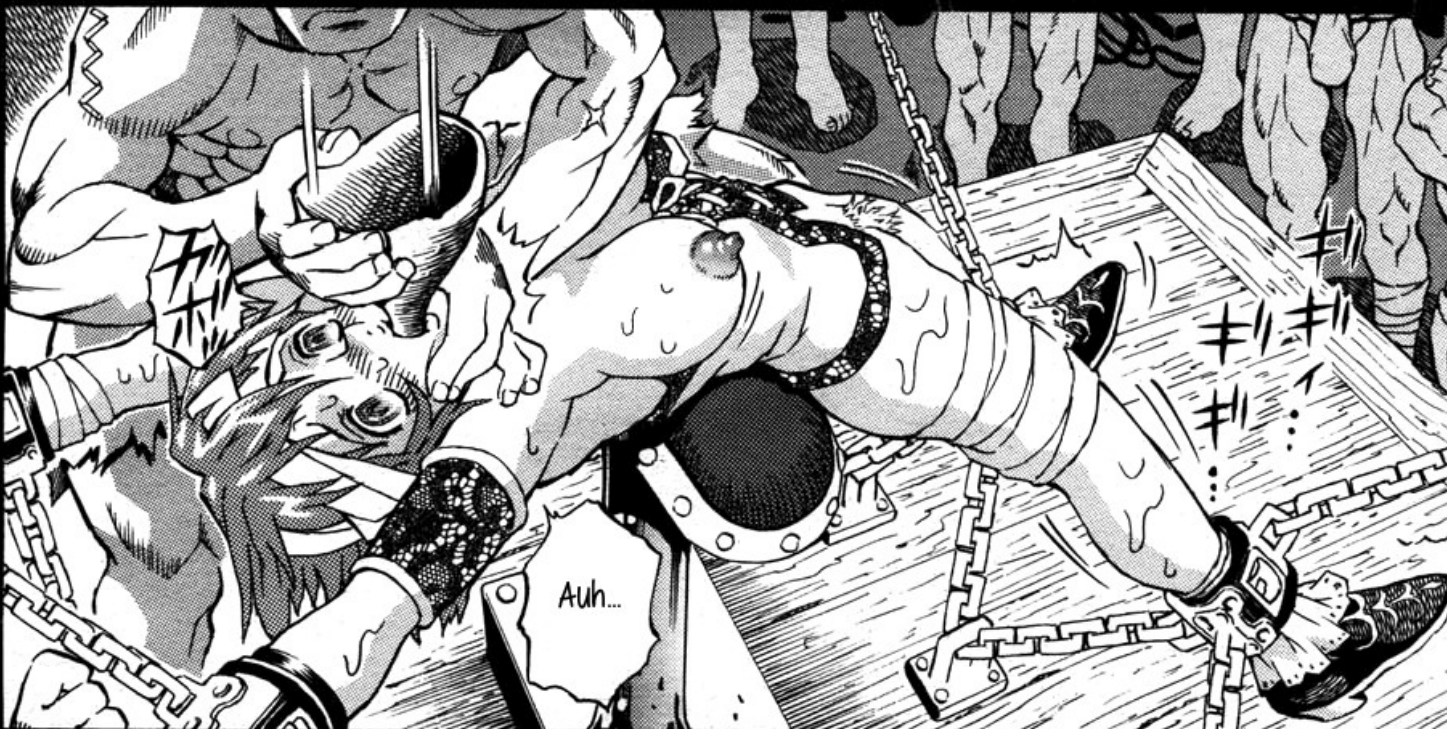

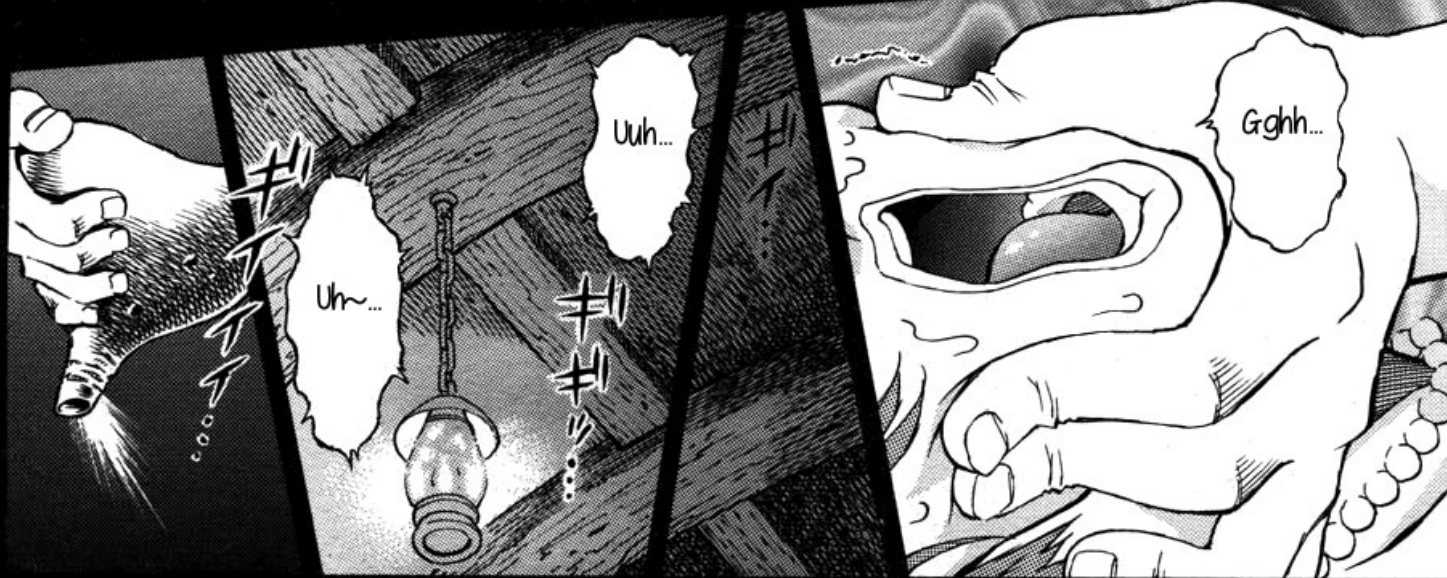

Uwa...

Hurry!!

Y-yes...!

Noo!!

This is a solution of zombie powder. Drink to your heart's content, gugu gugu.

NO—! Have mercy, no more—!!

Gu gu gu gu

Aah—! S-stop!

You did it to me before, right!

Don't worry about it! Make her feel good!

Caress her Kiyomata!

Lick her entire body!!

She really doesn't want us to, though...

Aaaaahh!

Because it was you, Captain...

W-well, that was...

Please be a little aware of my feelings, Captain...

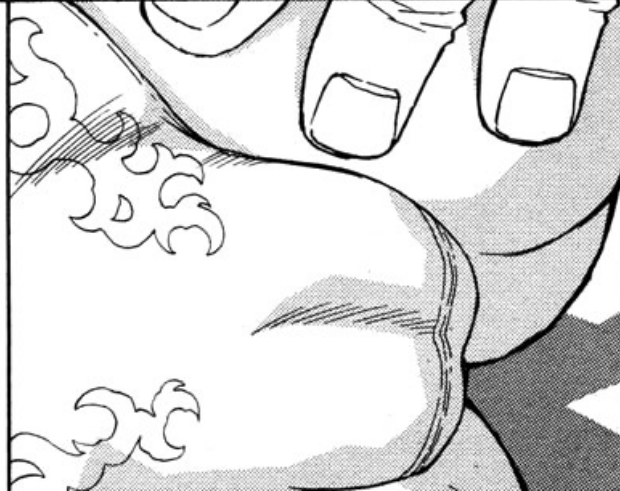

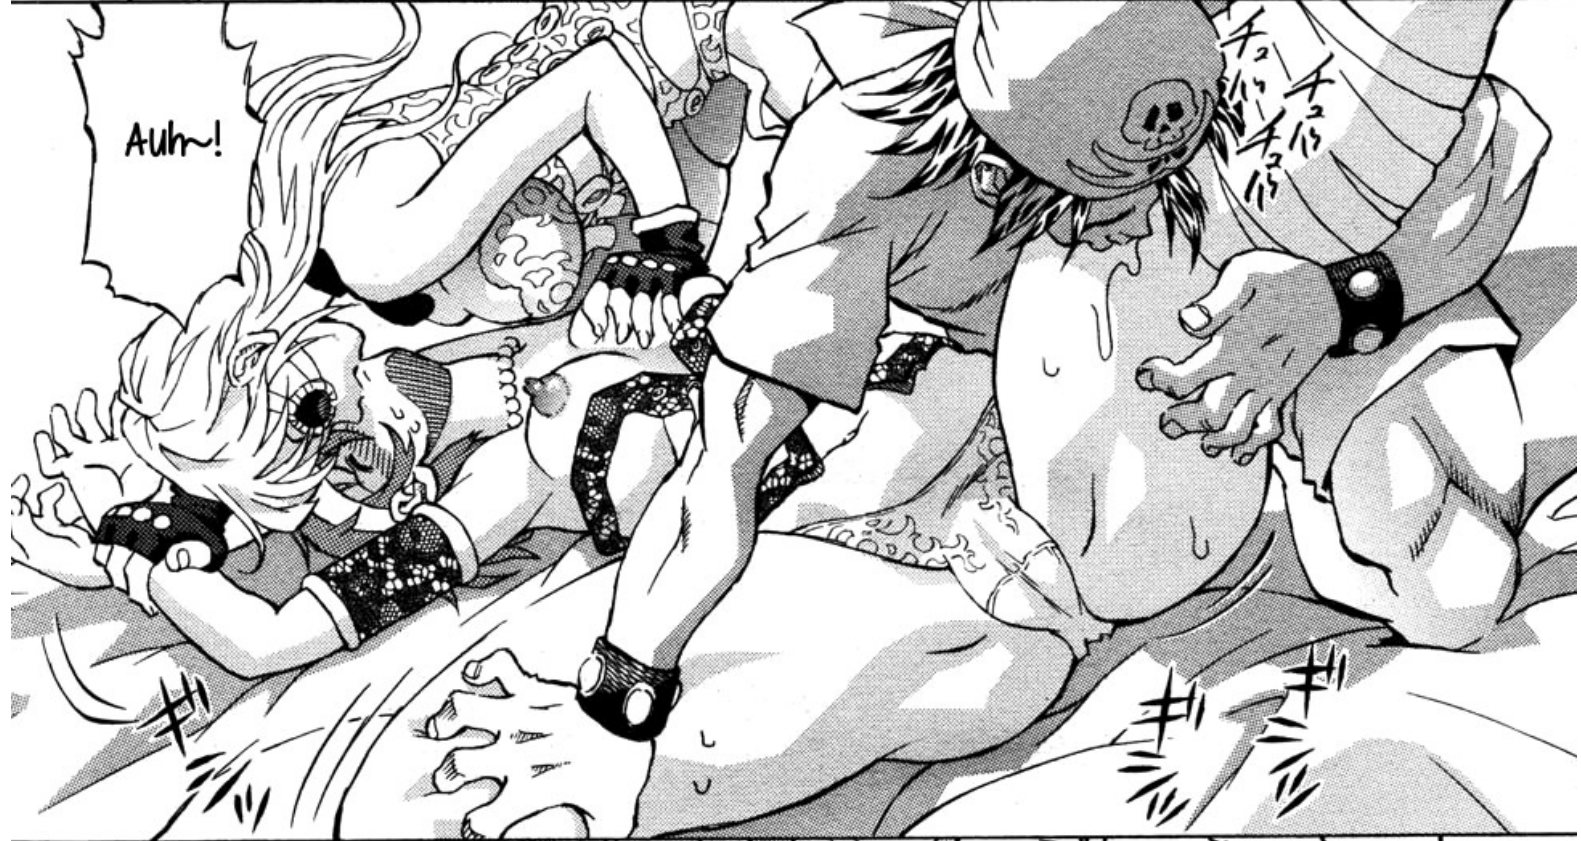

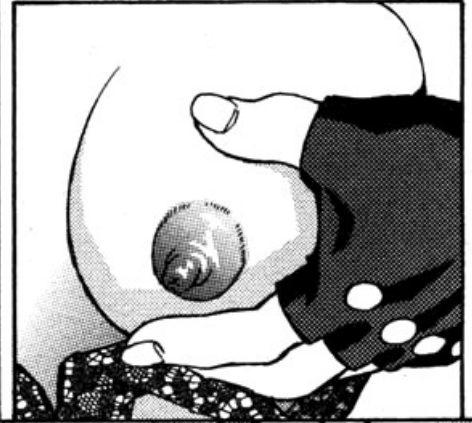

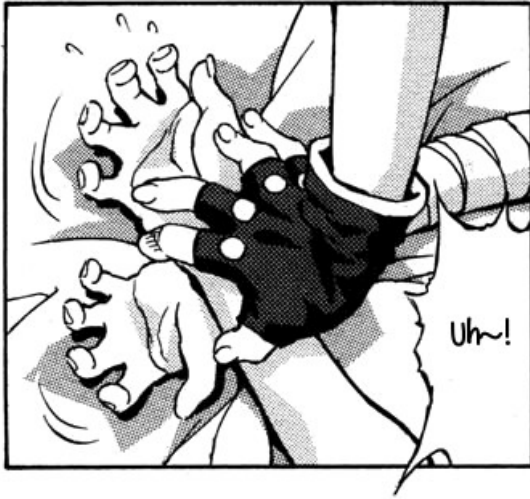

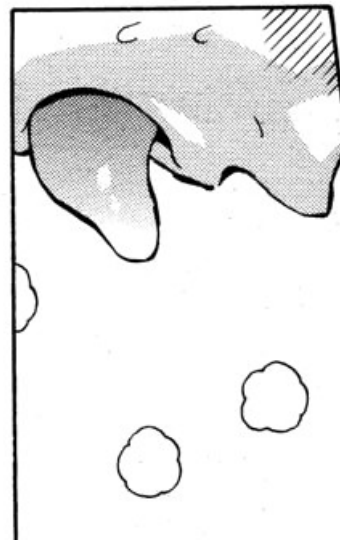

Uuh...

Uh...

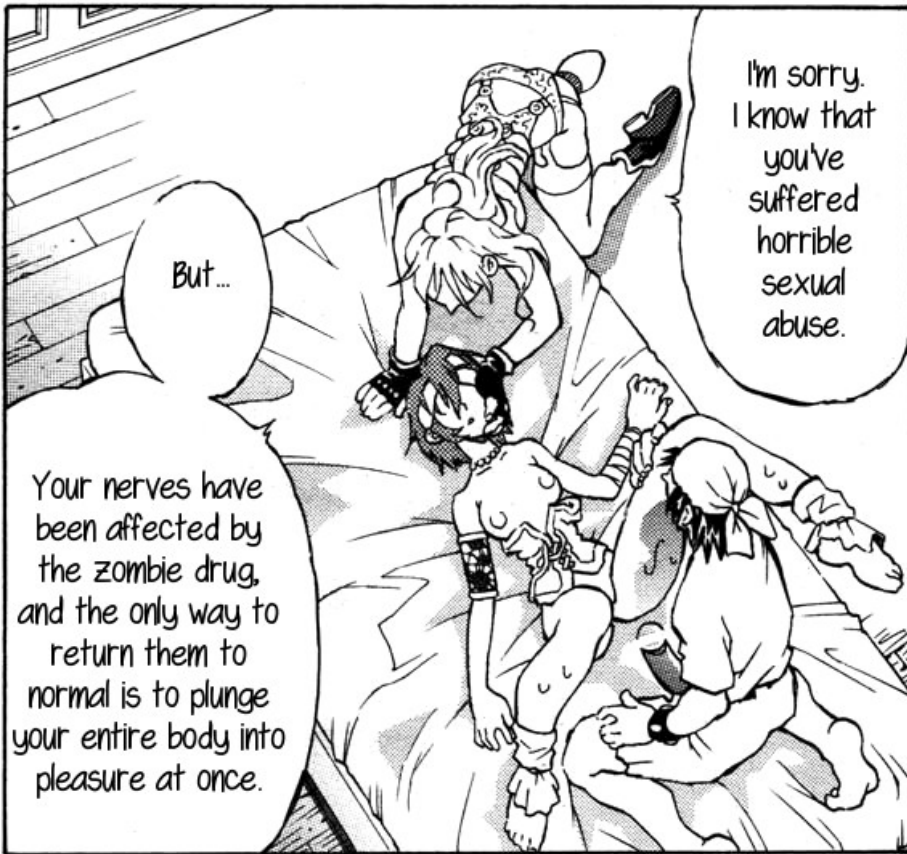

Don't nitpick!

But...

Your nerves have been affected by the zombie drug, and the only way to return them to normal is to plunge your entire body into pleasure at once.

I'm sorry. I know that you've suffered horrible sexual abuse.

N-now that you mention it...

W-why...!?

Yes'm...

C'mon, hurry up.

No one can bind you as a zombie!!

Understand? You're not some slave!

Ah...

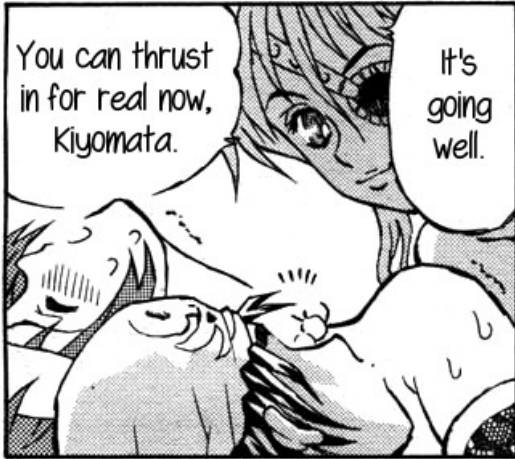

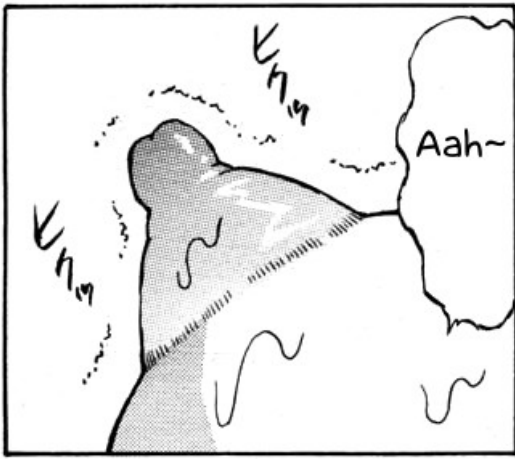

Ah...

Aah...

M-milady...

That's right...

I can't escape from that man anymore...

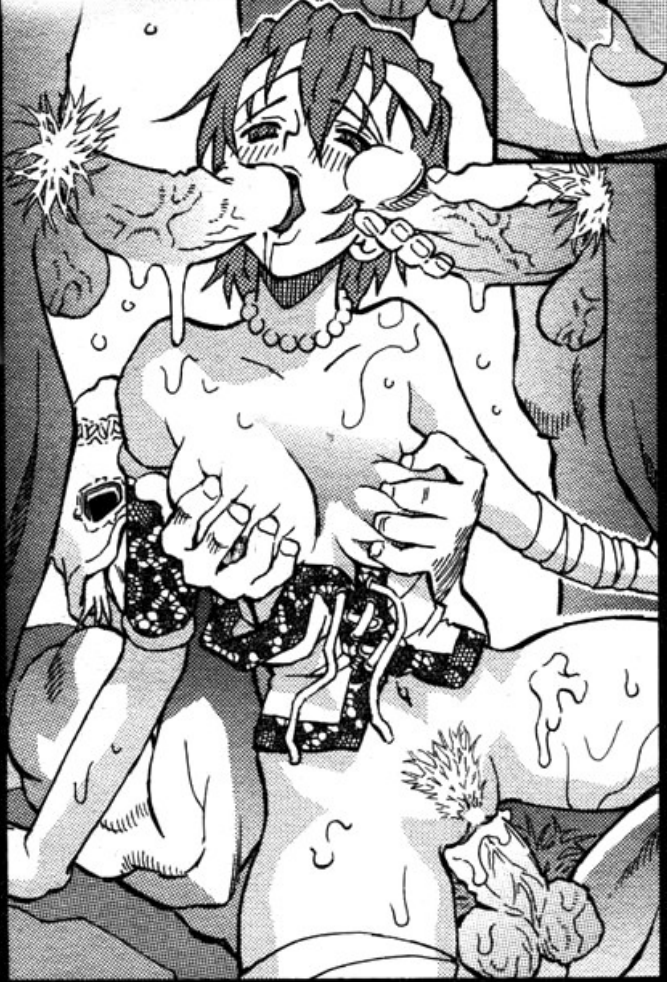

Ah!

Ah!

Ah!

My memories of being toyed with by those beasts as nothing more than a fresh piece of meat...

And their cum being roughly poured into me each day...

Aah...

By the caresses of these two...

Are being erased...

Even though I'm being fucked the same way, these two are fundamentally different from those beasts...!

Haa, haa, Haa, haa, These two are different...!

y-yes...

Open your heart, and further pursue the pleasure with your entire body.

That's good.

They're incompatible with the power of a state.

Pirates are free spirits by nature, right...?

.....  
I understand why you attacked them, Captain.

It makes me want to puke!

And yet, as a privateer your tail is wagged by the state.

With Utna...

I'll settle this sooner or later...!

And in that shadow, a puppeteer makes use of a strange magic to enslave even defenseless girls...

Is he an actual human, or a spirit returned from the dead and bound by the ship... not even that is known...

The privateer ship Living Dead... no one knows Captain Utnapishtim's true face...

B-but I'm scared...

Um... if you hold on to me that tightly it's hard to move...

They're not as bad as they look, but...

I can't even find the Captain to talk about it...

Still, how long is it gonna be like this...

N-no, that was...

.....

In my native country, there are people who train so hard they can summon the soul of their sword.

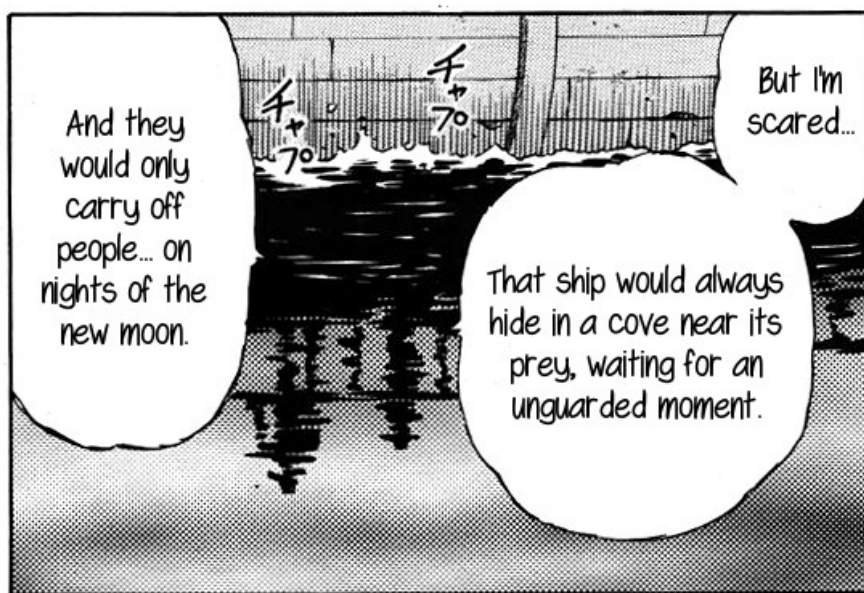

I'll give you this, Mary. Use it to protect yourself.

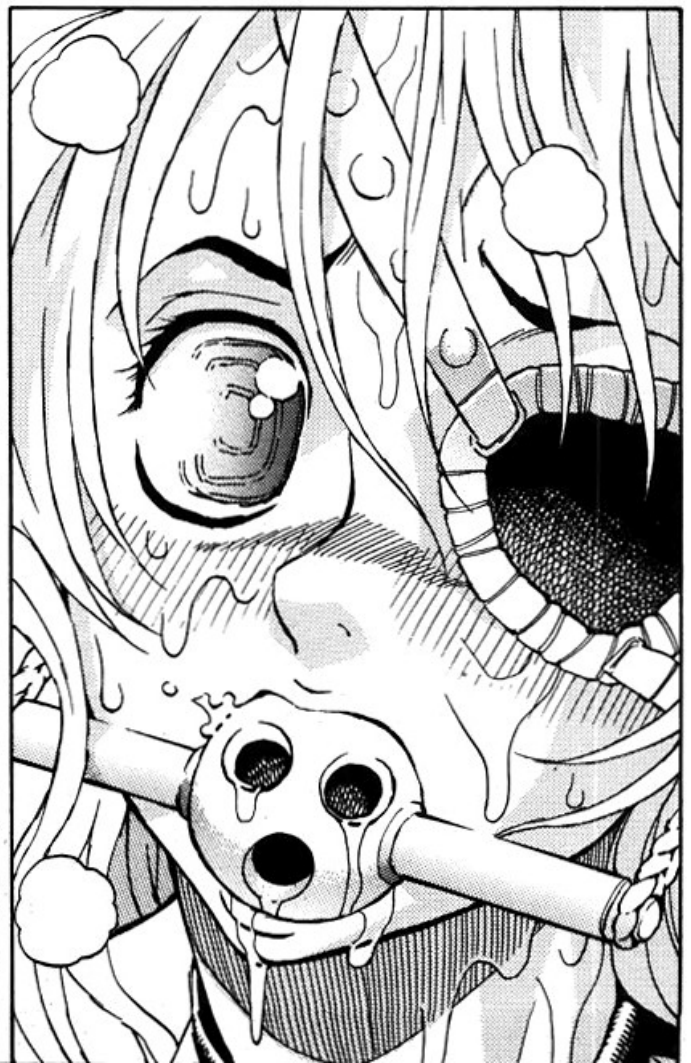

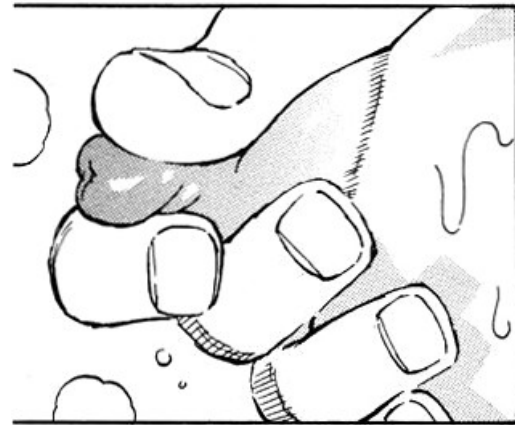

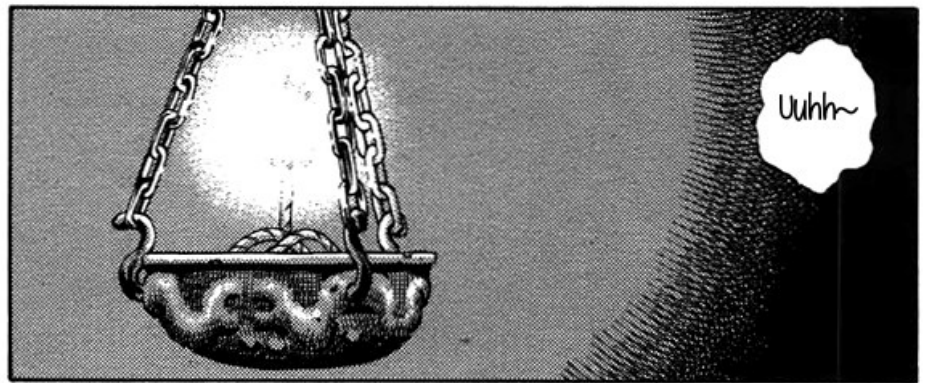

Y-yes...!

It's made by Dotanuki Masakuni, it's a good sword. Make sure to practice with it.

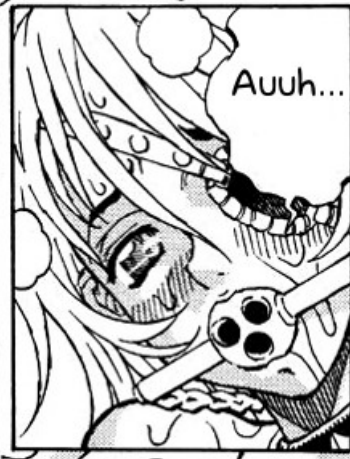

Uh...

Uh...

This room is also filled with the incense of burning herbane...

They are smearing a powerful aphrodisiac called 'the witch's ointment' on Elsa. Different varieties are known, but they commonly contain opiates and are applied on the skin.

It acts together with the aphrodisiac to invade the very fibers of a woman's body with lust and leave her in a strong state of sexual arousal...

Uh!

That ship is a demon's pleasure den...

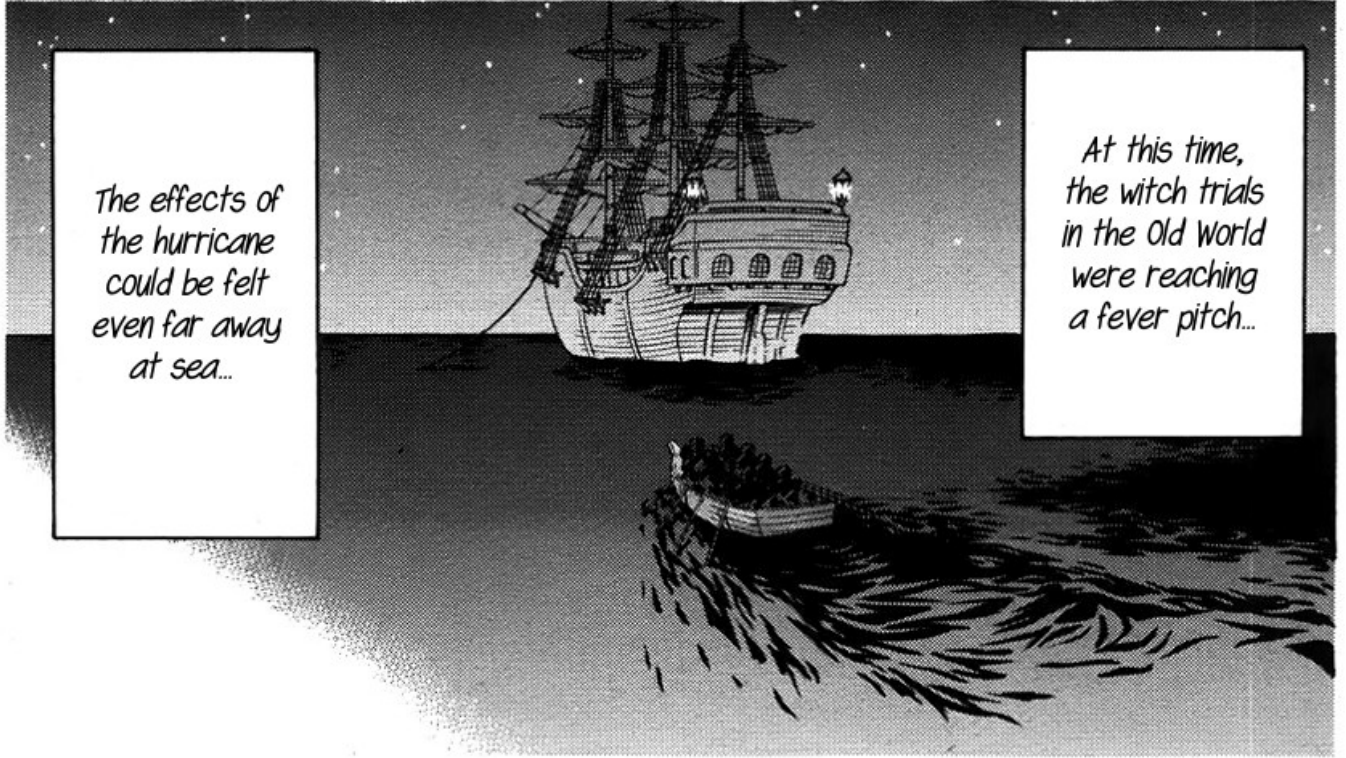

I see... that saved me...

It was a good thing Mary's information was correct...

Ultra got away, but...

Not for someone like me who loves strange things...

The Thunderbird, the lightning spirit!

I've come with some information you'll like, Elsa.

Really trust that woman...?

Ha ha ha

Can we...

The navy wouldn't leave me alone so the Sioux gave me a place to stay.

Don't be ridiculous! You know how much I hate the monks for their hypocrisy!

You're the only one who hates the monks so much you'd work as a pirate while disguised as a nun on purpose.

Did your missionary work take you even to the Sioux tribe?

Wakinyan Tanka, huh...

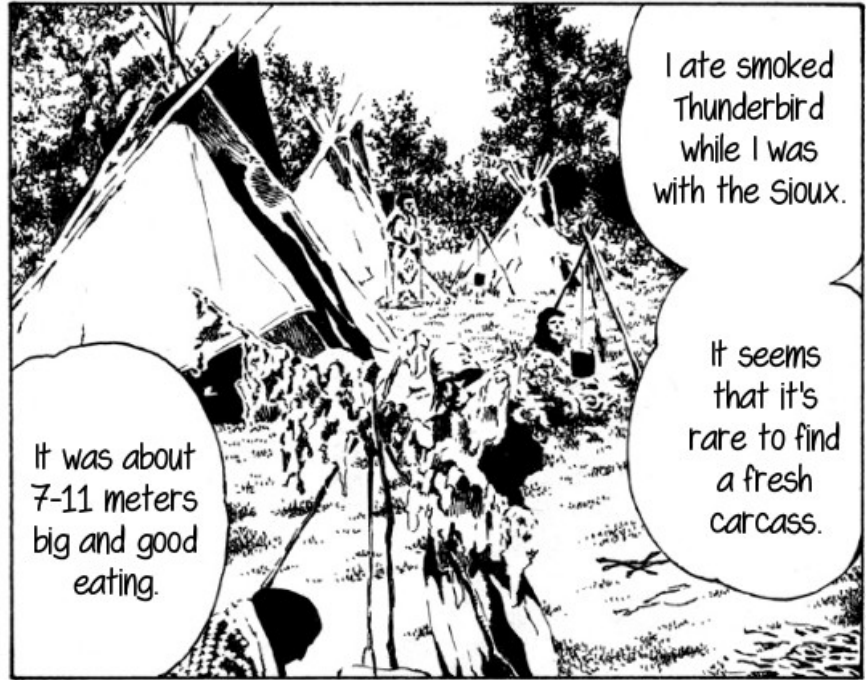

If I remember right... it's a legend of the Sioux tribe.

Rather than a bird, it's closer to a snake or bat, I guess...?

There are no wings.

That's big... even if you just pluck the wings, that would be huge...

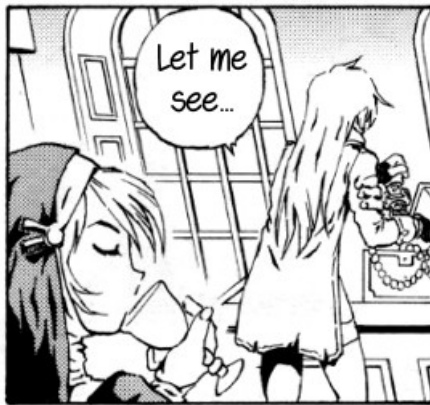

I ate smoked Thunderbird while I was with the Sioux.

It was about 7-11 meters big and good eating.

It seems that it's rare to find a fresh carcass.

This is a crystal totem from the Aztecs...

Let me see...

A snake... huh.

The Aztec civilization was completely destroyed, so we'll never know now...

Perhaps it and the Thunderbird are one and the same...

It's a carving of a snake that flies in the sky called Quetzalcoatl.

I can't hear very well...

If she does something to the Captain, I can't just leave them alone.

What are they talking about...?

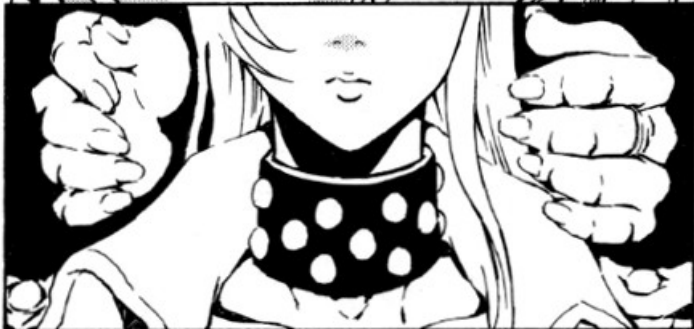

.....

It's because each nation judges other cultures as evil and tries to destroy them...
