Summer-time Bas-stop

Man...
What a
great day
for a bike
ride!

Hah...
Hah...

Like
hell it
is...

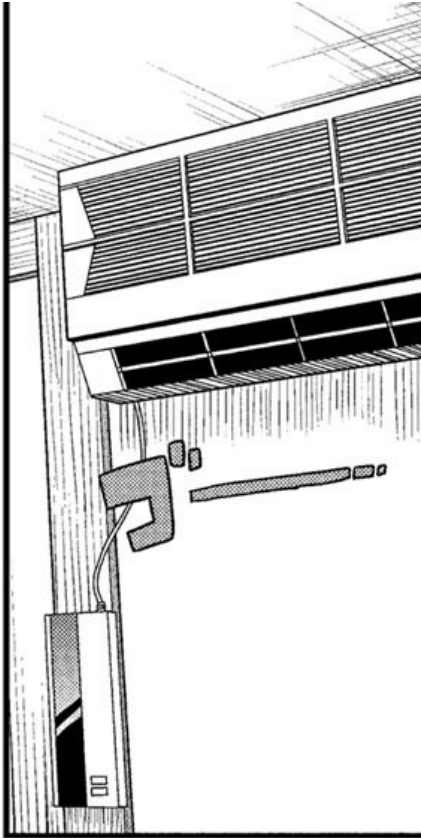

Global
warming's
really made
the Summer
heat a
lot more
serious.

So why the hell
are we doing
something that
would only make
us even more
hot...

I'm not in elementary school anymore, I can't spend my summer vacation like some kind of cave man...

Hah... There's fuck all to do at grandma's house.

ゴッ

Bunny wants your dick!!

I want what's between your legs too, Kyouko nee-chan...

.....

ドキ

Grandma! You could at least have the courtesy to knock before you come in!!

What, were you jacking it or something?

Yuji dear, I made some some barley tea for you.

ウウ

ウウ

Has one of those between her legs too.

I guess grandma...

Whatever! Just get out!

Don't yank on it too much or you'll become an idiot.

'Sides, I'm your cousin anyway.

You complain an awful lot for a guest.

Does no one in this house understand the concept of privacy!

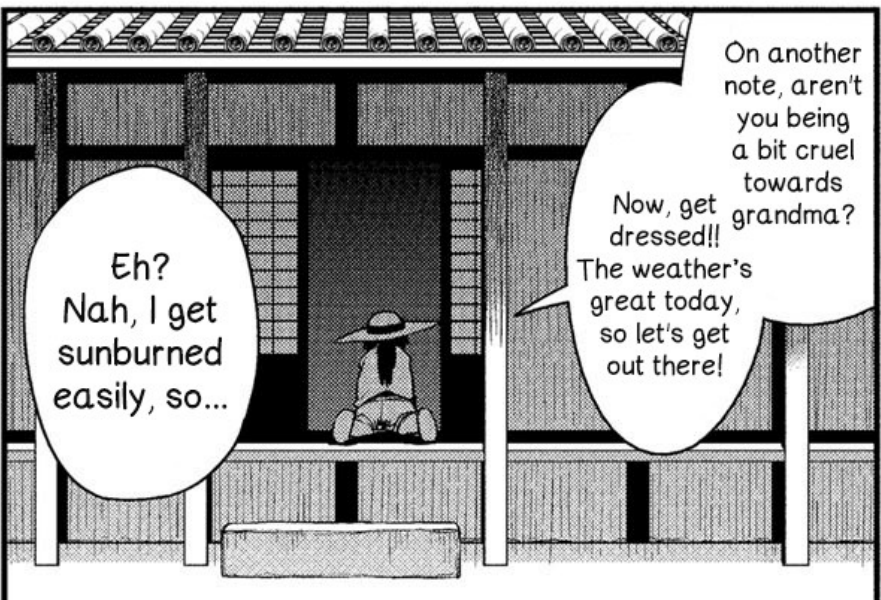

Yuji~!

Da-!

That's not up for you to decide!

It's fine!

Eh? Nah, I get sunburned easily, so...

On another note, aren't you being a bit cruel towards grandma?
Now, get dressed!! The weather's great today, so let's get out there!

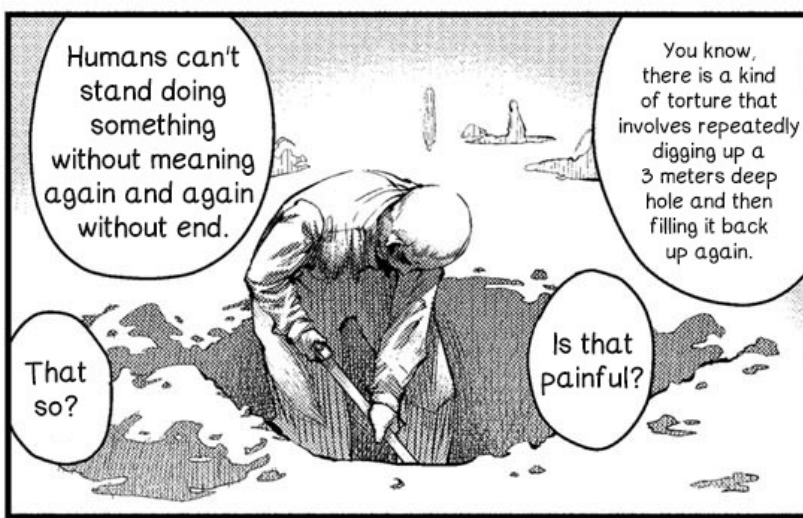

Hmm, Let's see...

I have no idea where we're going, but how long 'till we get there?

Huh?

Hey!!

Humans can't stand doing something without meaning again and again without end.

You know, there is a kind of torture that involves repeatedly digging up a 3 meters deep hole and then filling it back up again.

That so?

Is that painful?

Almost there, my ass...

We're almost there so...
20, maybe 25 minutes?

Healthier than an air conditioner, no?

What a little baby, you are. There's a river up ahead, that's where we're headin'.

That's what peddling without knowing where I'm going, like I'm doing right now, feels like.

A river...

Hmm...

Wonder what her "eggs" look like.

Like one of Columbus' sailors that just got a bunch of gold coins after he had just found a new country.

Suddenly I feel like I can go for a little longer...

Aah... What a bummer.

The weather forecast said it'd be sunny all day long.

Hiee!

There are days like this too, don't get discouraged.

Figures, I finally get out of the house and the weather turns to shit...

No... That's not... your... is exposed...

Ah, right.

Wai- The hell are you taking your top off for!?

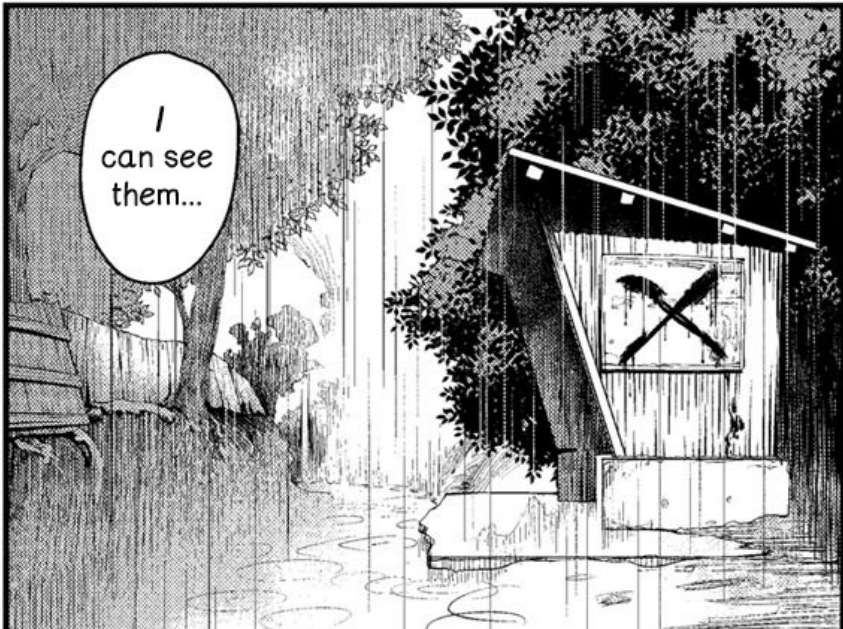

Huh?

I can't wring my shirt if I don't take it off...

And with this rain... Doubt anyone's coming here anytime soon.

No buses stop here anymore. The line's been discontinued.

I can see them...

Don't you get it?

That's not what I meant...

Hmm?

.....

Actually, thanks...

Wha- for what?

Wah! Um...

S-sorry...

I kinda forgot about you...

Ah

Ah

M-my bo... boobs...

Wanna see 'em?

It might stem from when I used to think it was fun to grab boy's balls with my iron grip as a joke.

I'm not very used to being treated like a girl.

Why? You have a pretty good figure, after all.

I'm ten thousand percent sure that's the reason...

What?

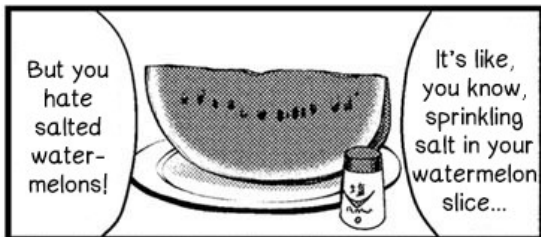

Ah Yuji?

I-is it?

On the contrary, that's hot as hell!

But you hate salted water-melons!

It's like, you know, sprinkling salt in your watermelon slice...

Touched them?

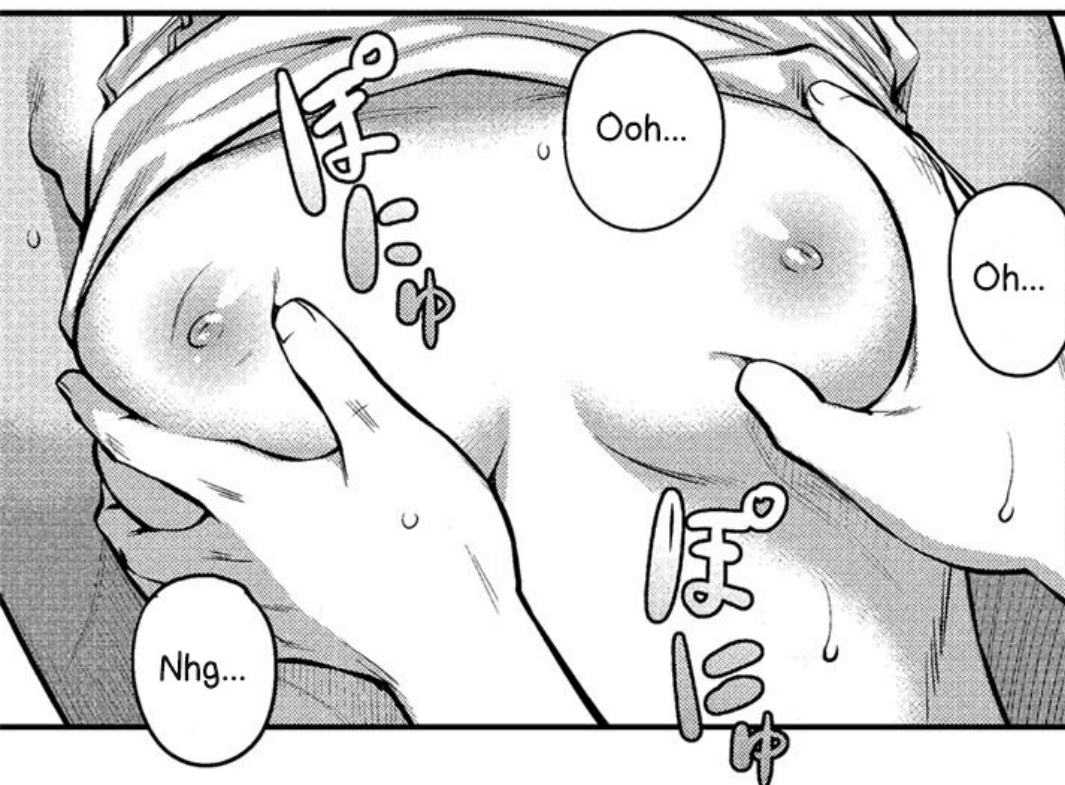

Um... Would it be ok if I.. maybe...

S-sorry...

I've got some weird tan lines...

They're not cute at all, right?

Ooh...

Oh...

Ok...

Nhg...

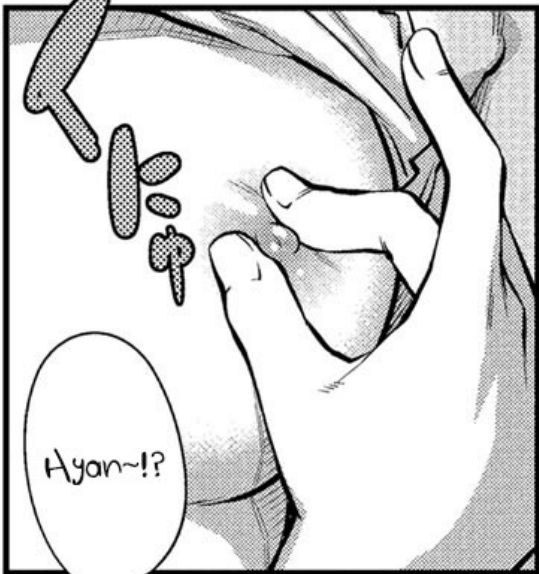

Kuh...
fu...

Nhi...

Oh-

You're
really
going
at it...

Ayan~!?

Oh?

I heard
it gets
harder.

アッ

Hu~n...

Feels
good,
doesn't
it?
I know
it does.

Nhg... uh...
Just stroking
it up
and down
with your
hand doesn't
feel good
at all...

Y-yeah...
It feels
really...
good...

How is it?
Feel good?

ちゅむ

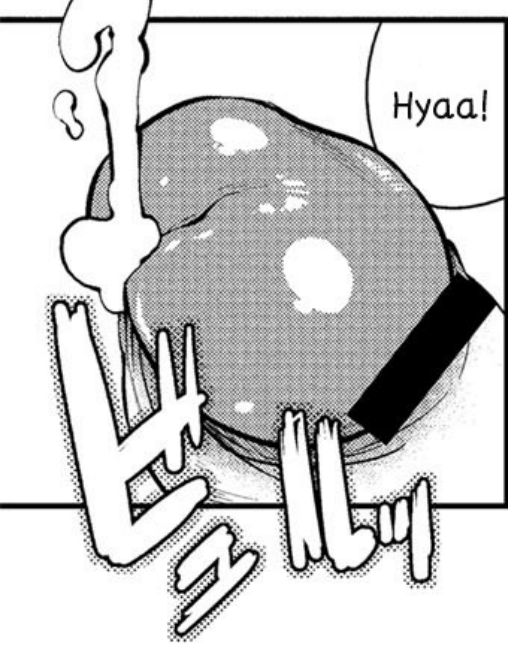

But..
It's not
that
bad.

KUH

Uuh...
wait...
no
more...

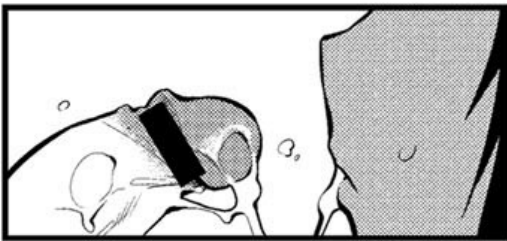

Hyaa!

Really,
now?

Ni he he...
then, I'll
do even
more.

*swish
swish

I drank it...

*gulp

You like things that feel good, dont'cha?

I'm sure...
It'll feel really good...

y-
Yeah...

No, I don't...

Hey, Yuji...
Know what we're doing next?

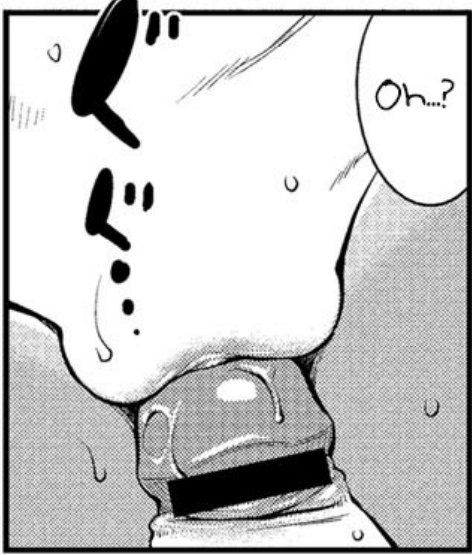

Well, you see...

Why am I lying?

We're going to put your p-penis in m-my v-vagina...

.....

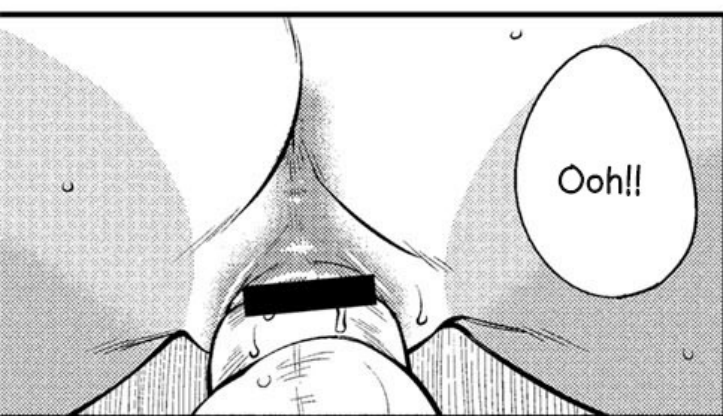

Kuh...
Hm!!

Ugu...

I start

Oh...

We were pretty much outside from the get go.

Stop! We're outside!

Huh? Whawha what?

Woah!

Ah... kuh-
B-but,
everyone
can see us
here...!!

Great,
the rain
is... washing
away all
the sweat.

Hau~

Ah!

Besides,

It'd be
great if
someone
did catch
us.

They'd
realize
you really
are a
girl!

Ah!

AaaH!!

S-stop!
Not there!
It's too
much!

Aaah...
Sto-

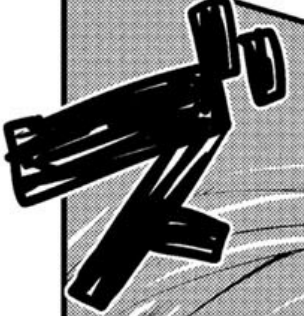

Nhyah!

Guh...!?

Aaaah!!

Aaaah...!
I'm Sto-!?
cumih-

Hi...!?

W-wait
I'm a min...
gonna...
I'm
cumming!

It stopped raining.

Oh?

That's what I've been saying since the beginning!

To be honest, I'm kinda tired. Let's go to the river some other time.

Hop-

Guchu

GU...!?

I told you, I get easily sunburned!

What the...? You're as red as a lobster!

Don't say shit like that out loud!

Waaa... No! what is this! Gross!
Your cum is sloshing around in my pants! It's gross!
