Selfish Neighbour

For the last time, I'm not a hikikomori, I just work from home.

Not that you'd know, Shun-chan, you hikikomori.

You're pitch black!

You...

Did you just spend all your time swimming?

So what? swimming feels real nice.

Fu fu fu

Is that what you call looking at porn all day?

Seriously, I'm just doing my job.

Mind if I grab myself some ice cream?

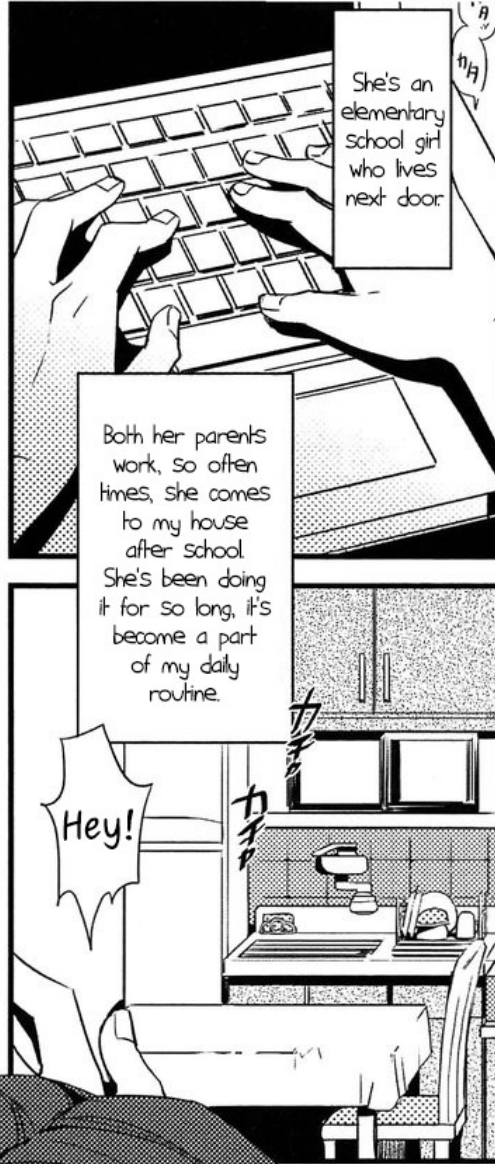

This cheeky girl's name is Ranko Haruno.

Only take one, or you'll get a stomach ache.

Ah...

I've told
you before;
you only get
to eat one
a day.

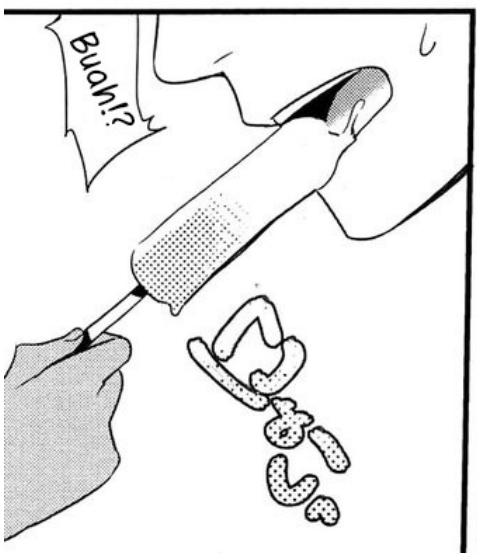

She's an
elementary
school girl
who lives
next door

Both her parents
work, so often
times, she comes
to my house
after school.
She's been doing
it for so long, it's
become a part
of my daily
routine.

Hey!

You
little...

Buah!?

He

You got
me...

Right?

It's fine if we split it, though.

...Too sweet!

Geez...
I'm no match for her.

Surely you can spare some time to play with me.

Ne! Ne!
When are you gonna be done?

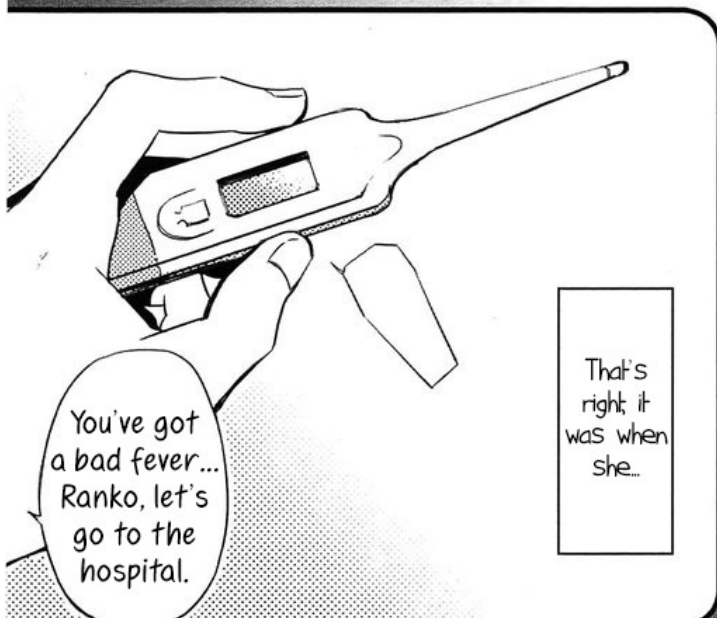

Come on...
My deadline's tomorrow, you know?

Yo...

Don't jump on me when I'm smoking.

Hey, Shun-chan, when are you gonna be done?

You've got a bad fever... Ranko, let's go to the hospital.

That's right, it was when she...

...Our relationship first became like this...

You're gonna regret it!

You're gonna regret it if you don't~!

...Now you're just being unfair.

I don't wanna go to the hospital...

Hau...
I'm fine...

Then, I'm going out to buy some medicine.

One year ago Ranko, 4th grade

Oh my...

Shun-chan...!

I don't wanna be alone either...

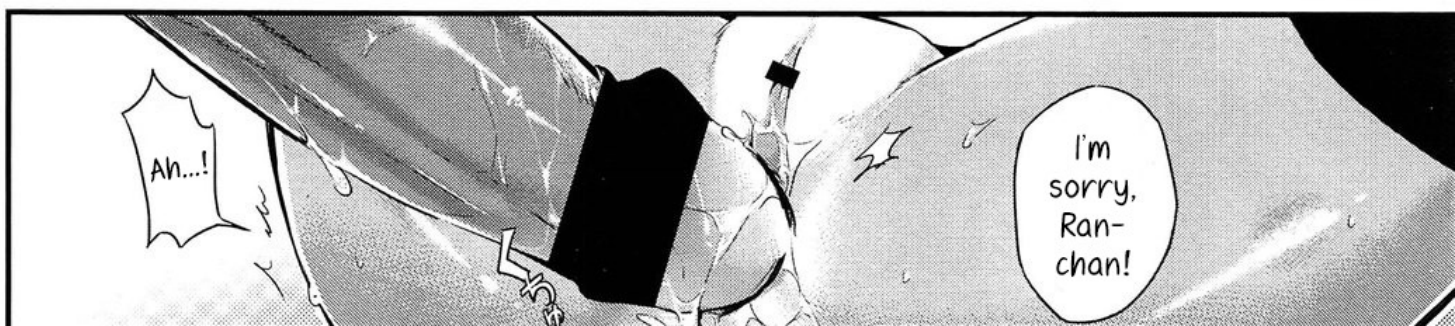

Who says something like that in this day and age?

Wha... What are you talking about!?

I've been thinking about this for a long time...

I'm serious, Ranko.

Be... Besides, becoming a wife is kinda...

What are you, an idiot?

I know it's impossible now, but some day in the future, I want to marry you.

No way!

I don't wanna be Shun-chan's wife!

Huh?

Shun-chan...

Ranko...

I want Shun-chan...

to be my husband instead!

Wha?

Geez, you really are a handful...

Then, oh husband of mine, wanna do it again?

...Hah.

It's completely different! OK? You gotta do it, or else...

Isn't that the same thing!?
