VIRGIN SISTER,
CONTROL YOUR
BROTHER WITH
YOUR COCK

成人向け図書

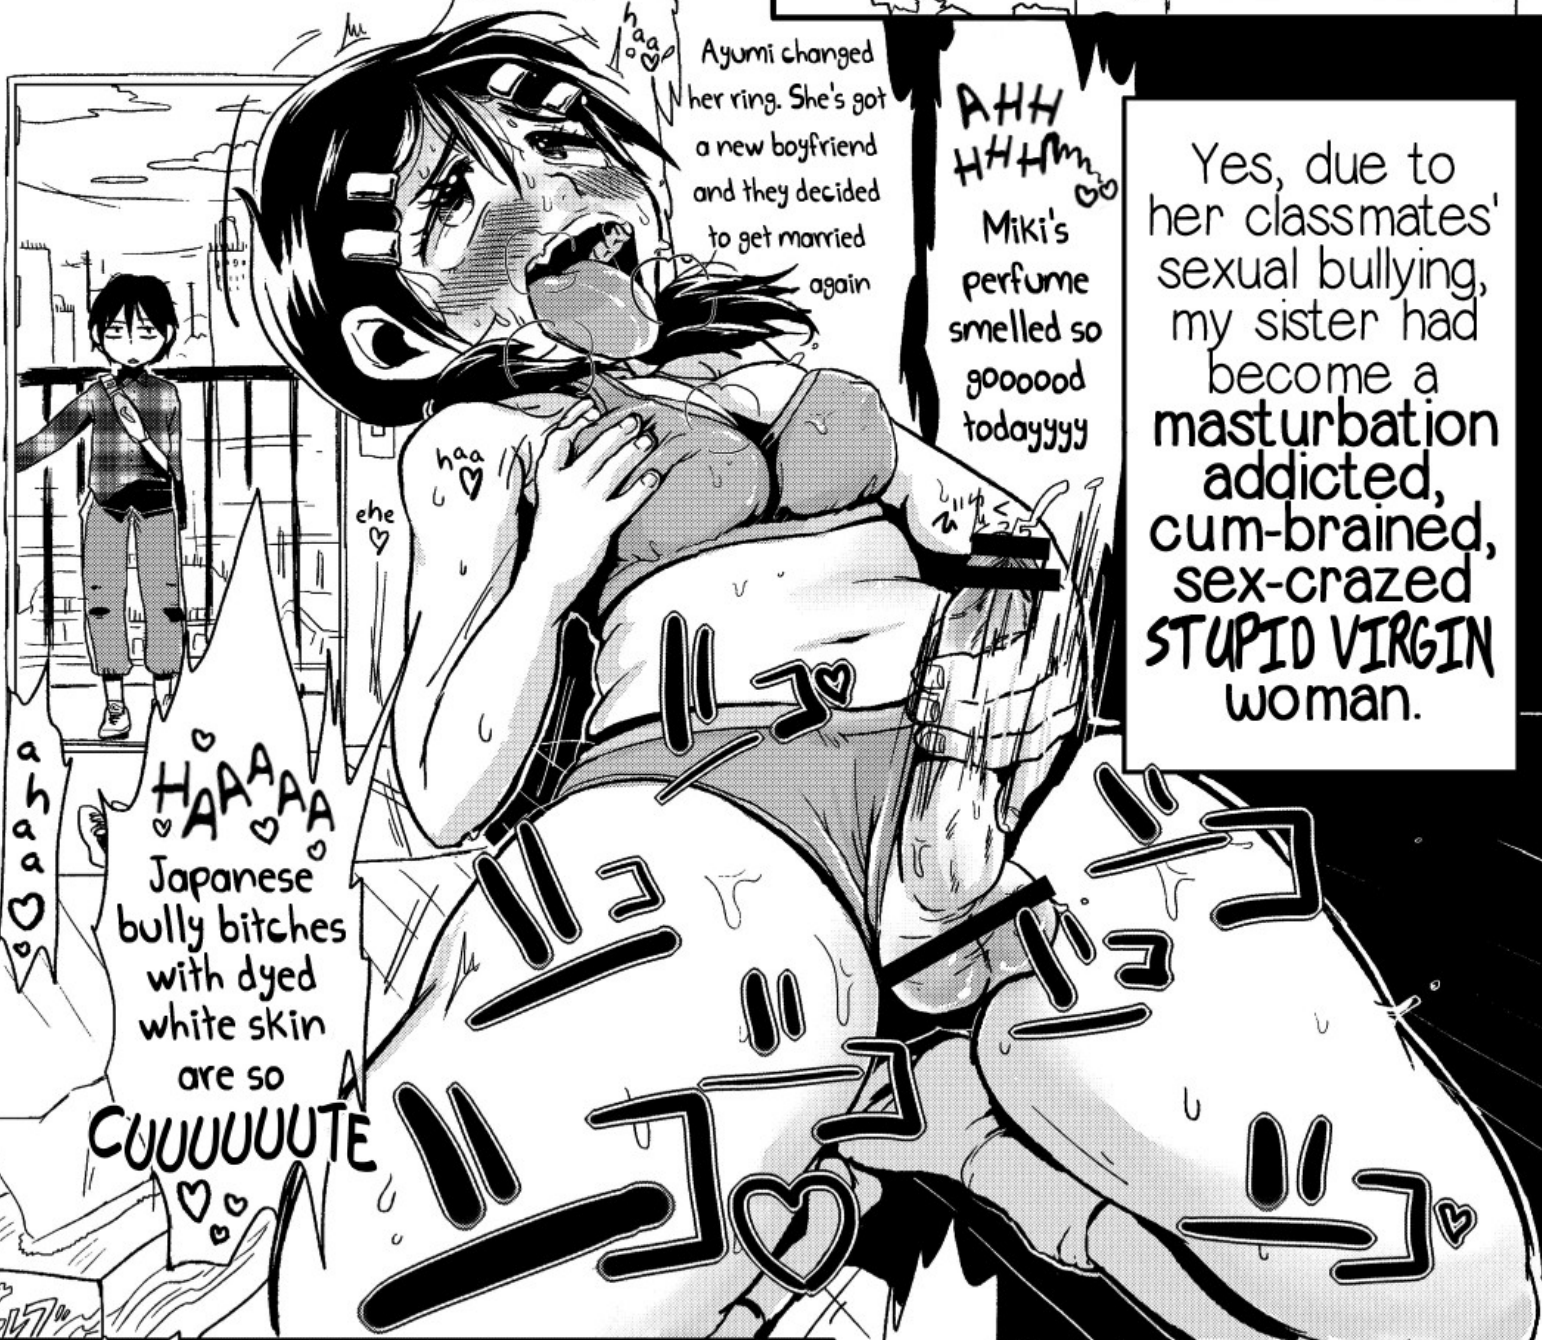

But her desires quickly changed, to the extent that I started to sympathize with the bullies.

Of course, when the bullying started I felt really bad for her.

Ayumi changed her ring. She's got a new boyfriend and they decided to get married again

AHH
HHH
Miki's perfume smelled so good today

Yes, due to her classmates' sexual bullying, my sister had become a masturbation addicted, cum-brained, sex-crazed STUPID VIRGIN woman.

HAAA

♡ Your first cock was incredible, RIIIIGH HHH HT? ♡

HAA AAAA AAAA AA ♡♡ SO CUU UUUU UTE ♡♡

In her first year of high school, she lost her virginity when she was raped

SNORT!!
After all, today's the day I lose my virginity.

As a plain-looking dick-crazed girl, she was perfect for raping.

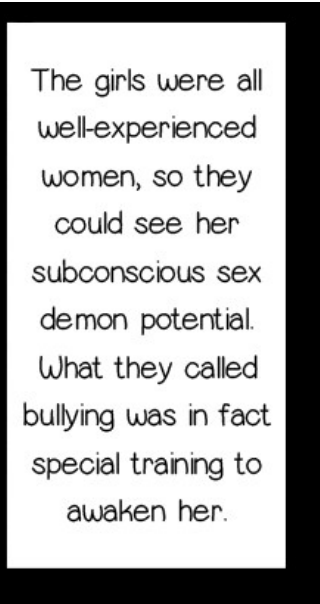

In the blink of an eye, she became a cock-loving penis addict.

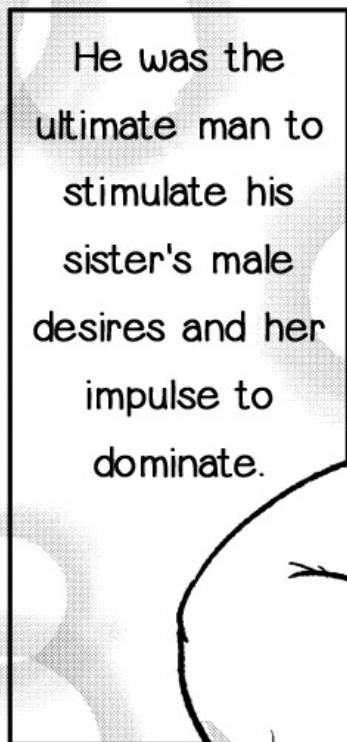

They considered the word **virgin** to be the ultimate verbal abuse, and even she didn't want to lose it

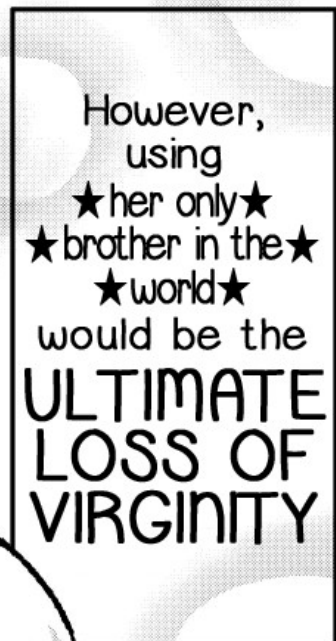

Though they raped her pussy countless times, they never let her put her cock inside of them...

The girls were all well-experienced women, so they could see her subconscious sex demon potential. What they called bullying was in fact special training to awaken her.

He was the ultimate man to stimulate his sister's male desires and her impulse to dominate.

However, using ★her only★ brother in the★ world★ would be the **ULTIMATE LOSS OF VIRGINITY**

Fuck, you goddamn little shit, getting me all excited...

Who the fuck does he think I am!?

This fucking little shit-head's trying to seduce me!

This feeling of conquest!

The desire to crush him is building up inside of me!

His slim shoulders, fat ass, and sweet young voice are so enchanting

For the experienced women at the top of the class, a single glance was sufficient to judge a cock's power. (You might call this animal instinct)

It's only natural that a girl who'd never tasted pussy with her cock wouldn't even be seen as a woman.

The caste hierarchy for female students (post-menarche) is incredibly simple and essentially animalistic.

well, she
pretty much
enjoyed her
school life
the same
way as
always.

Hello everyone, Urotsuki here.

Thanks so much for reading an obscene volume like this. Yay!
Until now, I've only participated in boy events; this is my first
Comiket and my first futanari book. Exciting ****!

Big sisters with little boys is wonderful, isn't it? A sex demon fat sister
with a skinny pure brother will always be beautiful. Wild sex crazed
ugly older sisters have always been my type, so I had a lot of fun
drawing this. They're almost like mythical creatures to me. ****.

The next event I'm drawing for is Shota Scratch in February.
I wanna draw Killua next... ☆

I wanna draw sister x boy and futanari too though, so check out my
Pixiv to see what I'm coming out with next!! Seeya next time, and
thanks for everything ☆
