Wedding
May 2013

I met my girlfriend
in college and we
became married.
About me, I'm
Igarashi Kenji,
27 years old and
nothing more could
have made me happier.

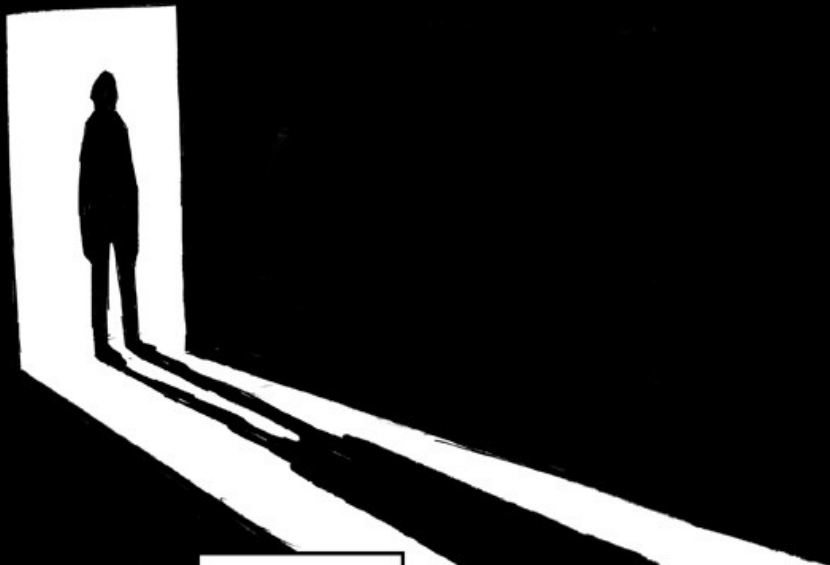

Which
is why
even
from
now on

her smile won't
die, those were,
without a doubt,
happy days

I'm so very
happy.

Since the moment we
were introduced by
my friend I've been
charmed by her, even
up to this day.

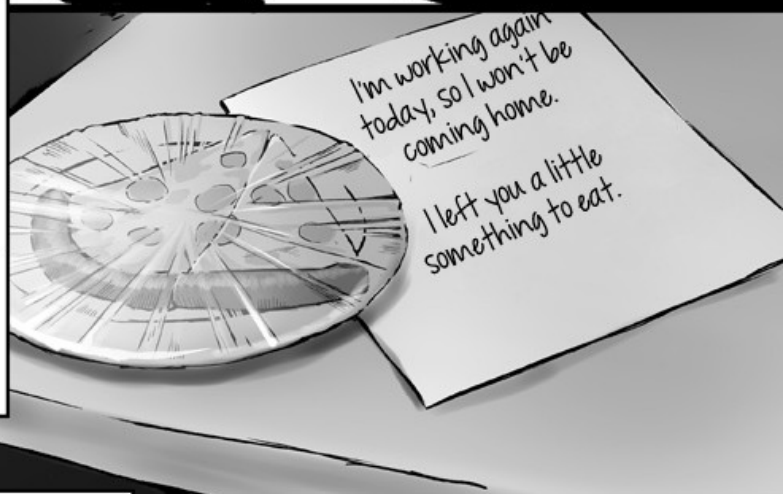

Lately, my girlfriend's been busy with work, I understand that she hasn't got time, but...

Yes.... without a doubt, those were happier days...

I felt as the hours that we never met grew longer the distance of our hearts grew wider.

I took advantage of his kindness, I used him one time as a way to distract myself from my loneliness....

after that....

During that time, there was one that worried about me.

At this point, there's no going back... at that time I couldn't have imagined how things would turn out... please forgive me

let's mess around.

I'm sorry

My girlfriend's younger brother, her blood brother. Her parents moved overseas so until he graduated school he'd temporarily move in with us and be part of the family.

Are you okay, brother?

Ah-
ah...

you're
already
breathing
hard, why is
that?

Don't tell
me

you're
already
ready to
tap out?

Even
when
your
cock

still
has so
much
energy....

Haa....

AH!

My sister's cold,
so you reach out
to your brother
in law. Were you
that starved?

To begin
with,
this was
your
doing.

you do
this to
me.

FREAK.

Is the
kind of
person
that'd
do that

Wow, you came.

You really came big time.

Despite that, your cock is this hard.

You're a pervert

maybe she'd be mad... no, she'd definitely get a divorce.

(what if?)
my sister knew about this, what'd happen?

Kenji-san.

AAGHK

H222

You came again.

Do you see your swinging cock sending semen flying everywhere?

Aaah- that's so fucking sexy!

Brother,
your expression
