

その日の人外郷-①

adult only

In a broken down, old castle...

Somewhere without humans...

where only darkness abides...

Deep within the recesses of "Goyle Wood"...

It's okay, I'm not in a hurry...

And I'm certainly not going to cry over such a thing...

No need to get so flustered over such an ordinary occurrence...

Hehehe... this atmosphere...

I can definitely smell some treasure!

*SFX: "punya" He grabbed something stretchy and/or elastic.

No! It's **because** this time I'm in a pinch...

...that, in fact, something lucky is about to happen!

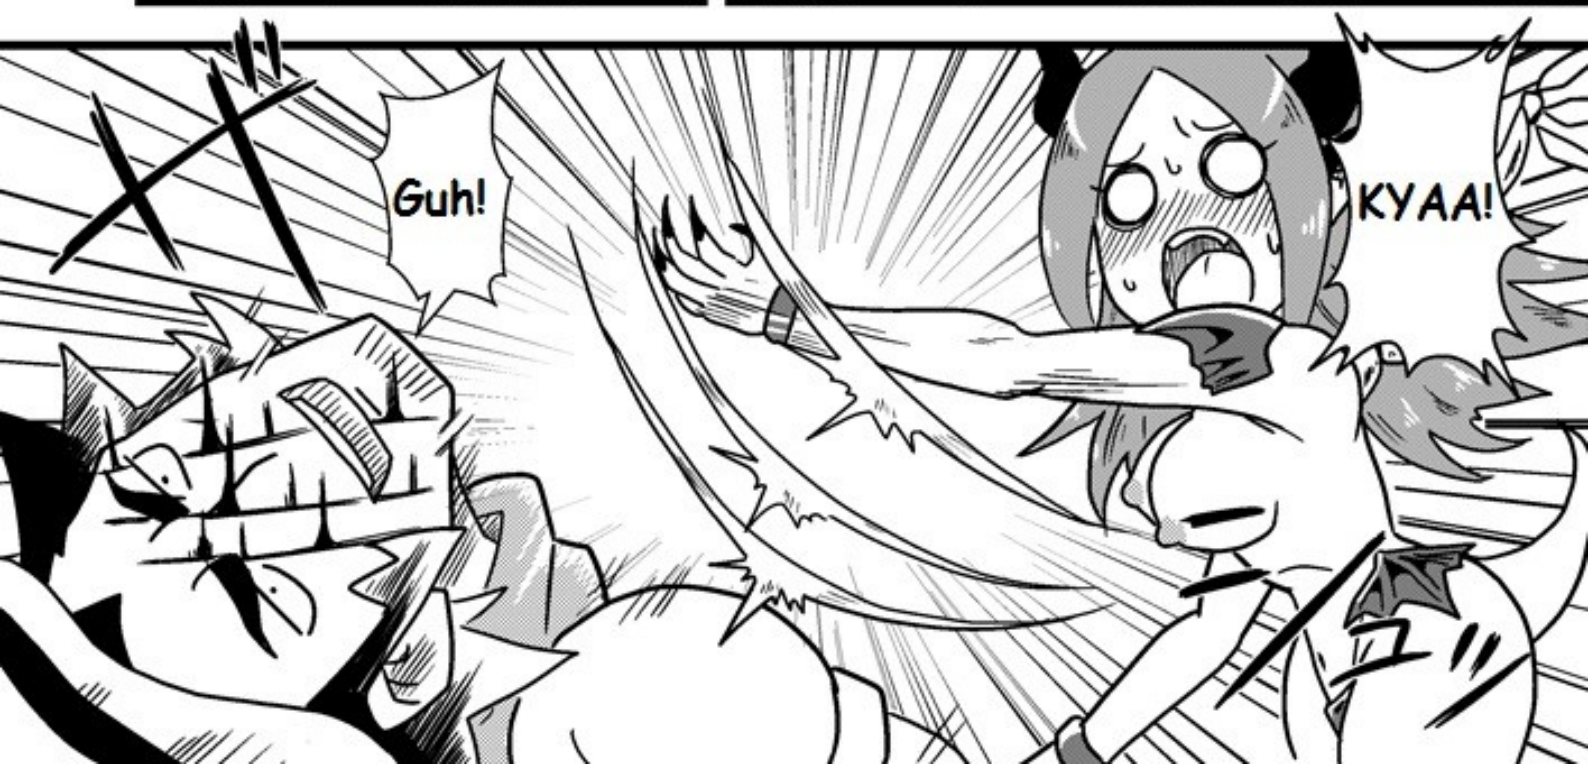

My Adventurer's heart is crying out!

...THAT I'M COMPLETELY LOST!!!

Aaguh!

What are you doing?!

nnn...

What's going on...?

Nn...

Huh? But onee-san told me...

This is the best way to make a man become healthy!

She meant something else when she said "become healthy!" *

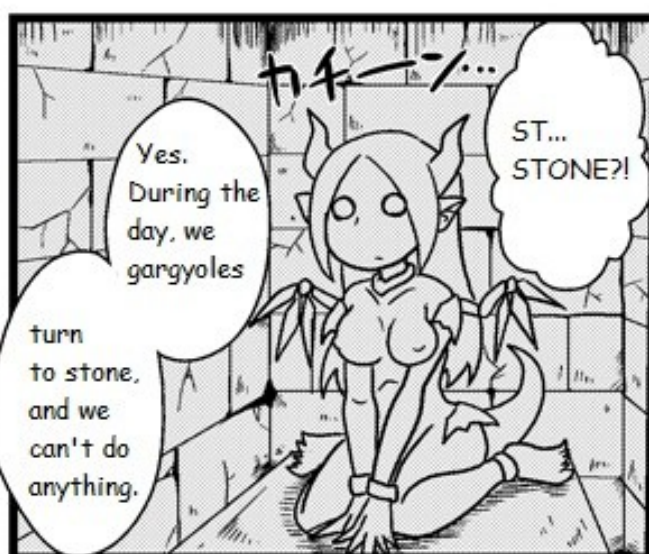

Ah, have you woken up?

More importantly, I'm asking you what you're doing there!

*The joke here is that "healthy" and "lively" (the latter being an oft used euphemism for turned on) are the same word, "元気".

*Once again, "spirit" and "semen" are the same word. I wasn't sure, so I TL'd it like this. She's not killing him. Trust me.

one of those situations where you get eaten alive by a monster?!

But wait... could this be...

Aghh! く Her technique is amazing!

イす I think I'll cum soon...

CUM-

If you do it so hard like that...

Please slow down!

If you do it so hard like that...

Please slow down!

If you do it so hard like that...

Please slow down!

I... I'll BREAK!

If you do it so hard like that...

Please slow down!
