しーん...

... Unfortunately, as it turned out...

Today, I went to a festival at the temple with my beloved Onii-chan ♡

And never gets up on time!!

Ohhh, it's all because Onii-chan doesn't sleep properly!!

They were done at midnight

Whoops, it's already over

Well, I was tired!!

But you were sleeping right next to me, Temari

You're forgiven

ひゃほい!!

... How about I take you to a family restaurant later...

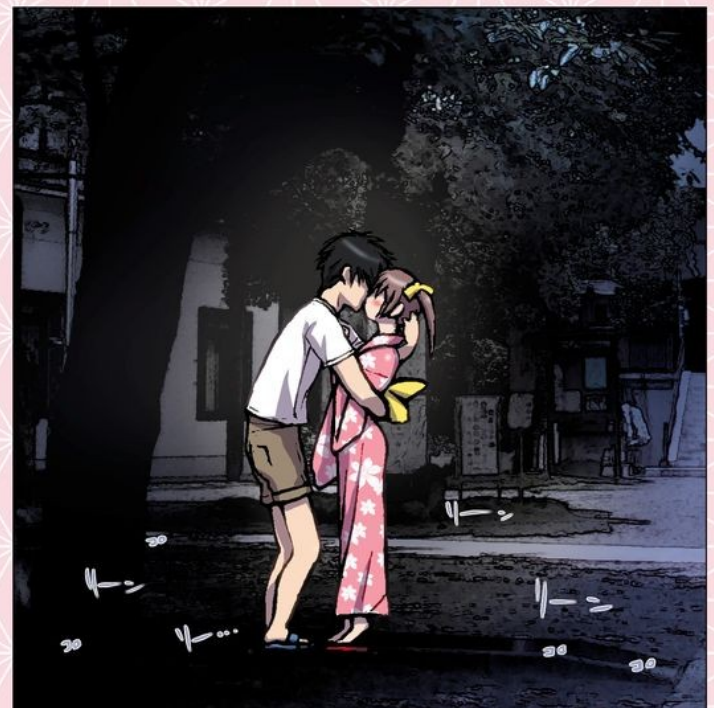

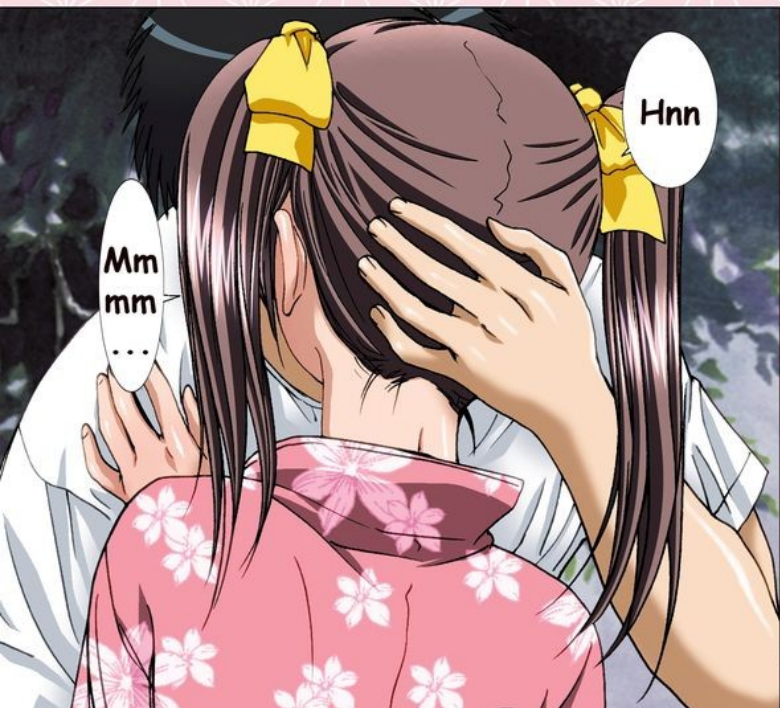

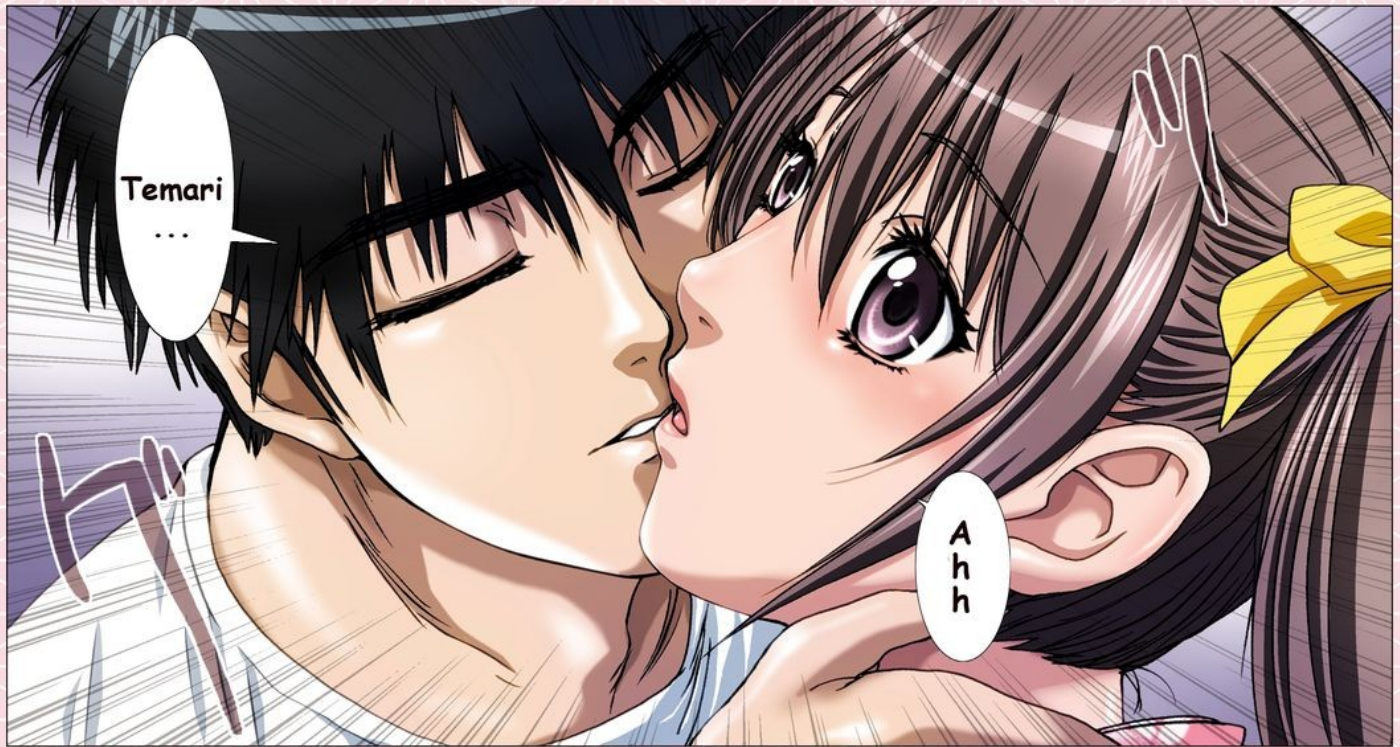

I even put in the effort to dress in my new yukata

I was really looking forward to going to the festival with Onii-chan

But all Onii-chan did was to sleep away

Ahh
