

Today, we're going to prepare for the next lesson in advance! Now get to whipping those eggs!

How did you get praised for that dish, not to mention extra credits!

I get it! Chill!

Yup, that's mapo tofu...

It's mapo tofu...

Is this... mapo tofu...?

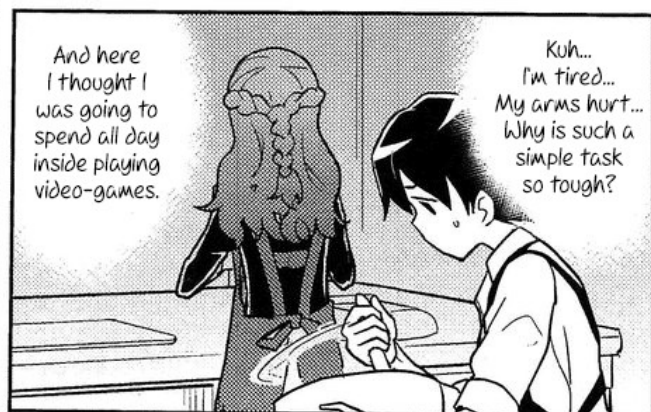

Who cares? Besides, I got praised by the teacher and even got extra credits!

How did you even make mapo tofu with ingredients meant for miso soup?

Like Rina's apron... No, not that, like games!

No, stop! Push away the negative thoughts and start thinking about nice things!

And here I thought I was going to spend all day inside playing video-games.

Kuh... I'm tired... My arms hurt... Why is such a simple task so tough?

Did you even listen to what I said?!

Huh? tempura with soy sauce, why?

!?

W-Wait a minute! What are you adding? What do you think you're doing?

From high up... Pour some water into the dark centre of the bowl!

I know! I'll rethink the preparations for that party I wanted to throw! Right now, I'm thinking spaghetti, but I'm not sure, and I'm running out of time!

Of course! Time is of the essence!

If you already know, then why did you ask?!

But I didn't...

Wha-?! No, I told you to give me the baking paper...!

Right. Here you go.

Condoms. Yeah, I know.

These are con...

Baking paper comes in a cylindrical box...

How fresh...

Hmm... So Rina blushes at these things too...

You were thinking that I told you to open that drawer on purpose because I knew *that* was there, weren't you?

Knowing you, there's no way you weren't thinking about something weird...

No, I'm saying they weren't!!

So those were your intentions!

You're wrong!!

About what...?

Maybe I should just put them back in the drawer... Well, that's a valid option, but I feel like I would be betraying Rina's expectations...

So stubborn... Still, what the heck am I going to do with these?

What is it now? She looks slightly happy. It's really cute!

And after doing that... Huh? a different expression?

This is it! This is the right answer!

Ah... she reacted...

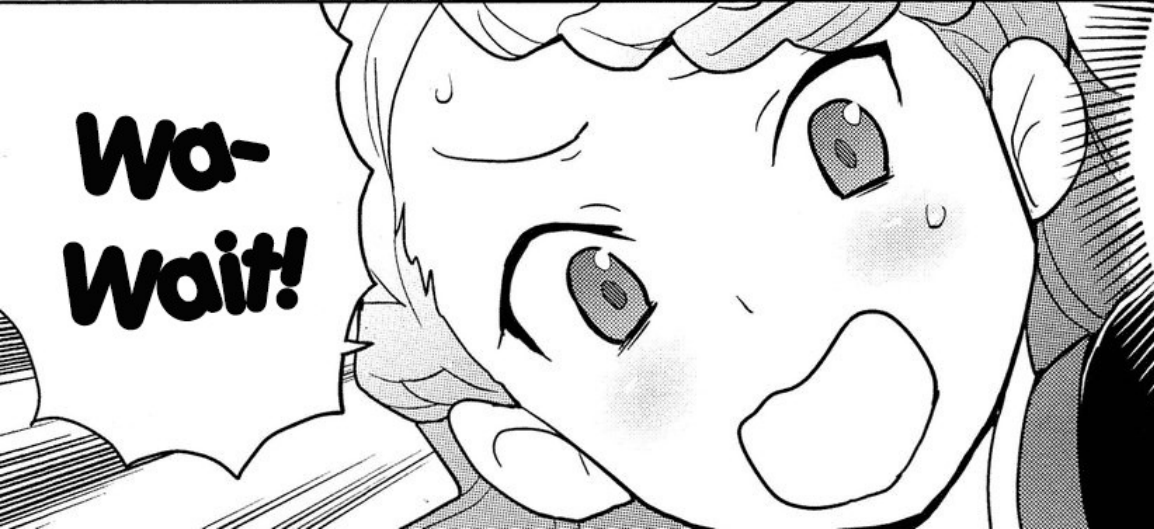

I know, I'll pretend to put them back in the drawer, but not actually do it...

Huh? Another angry flag?

Geez, why can't you be more straight-forward?!

Ah... She looked disappointed for a second...

**Wa-
Wait!**

I never knew Rina was this easy to understand... This is too much fun! Now, then...

Ah! Another amazing new expression!

I wonder how many more new faces I can make her do if I push this further...

Surprise and anticipation... I can almost hear her heartbeat!

Wh-Why did you take it out of the package?!

Nah, I can't bring myself to do it...

I... I told you to do what I say, right?

Huh? But...

Don't think about anything! Empty your mind!

Ye-Yeah, I know you told me not to think, but...

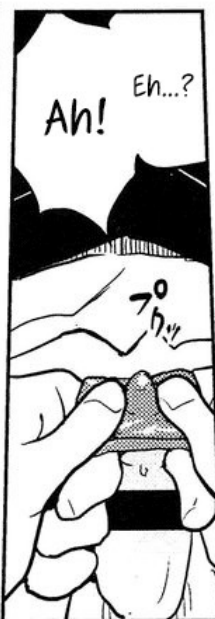

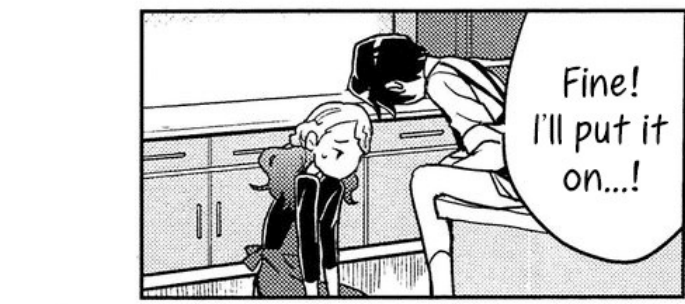

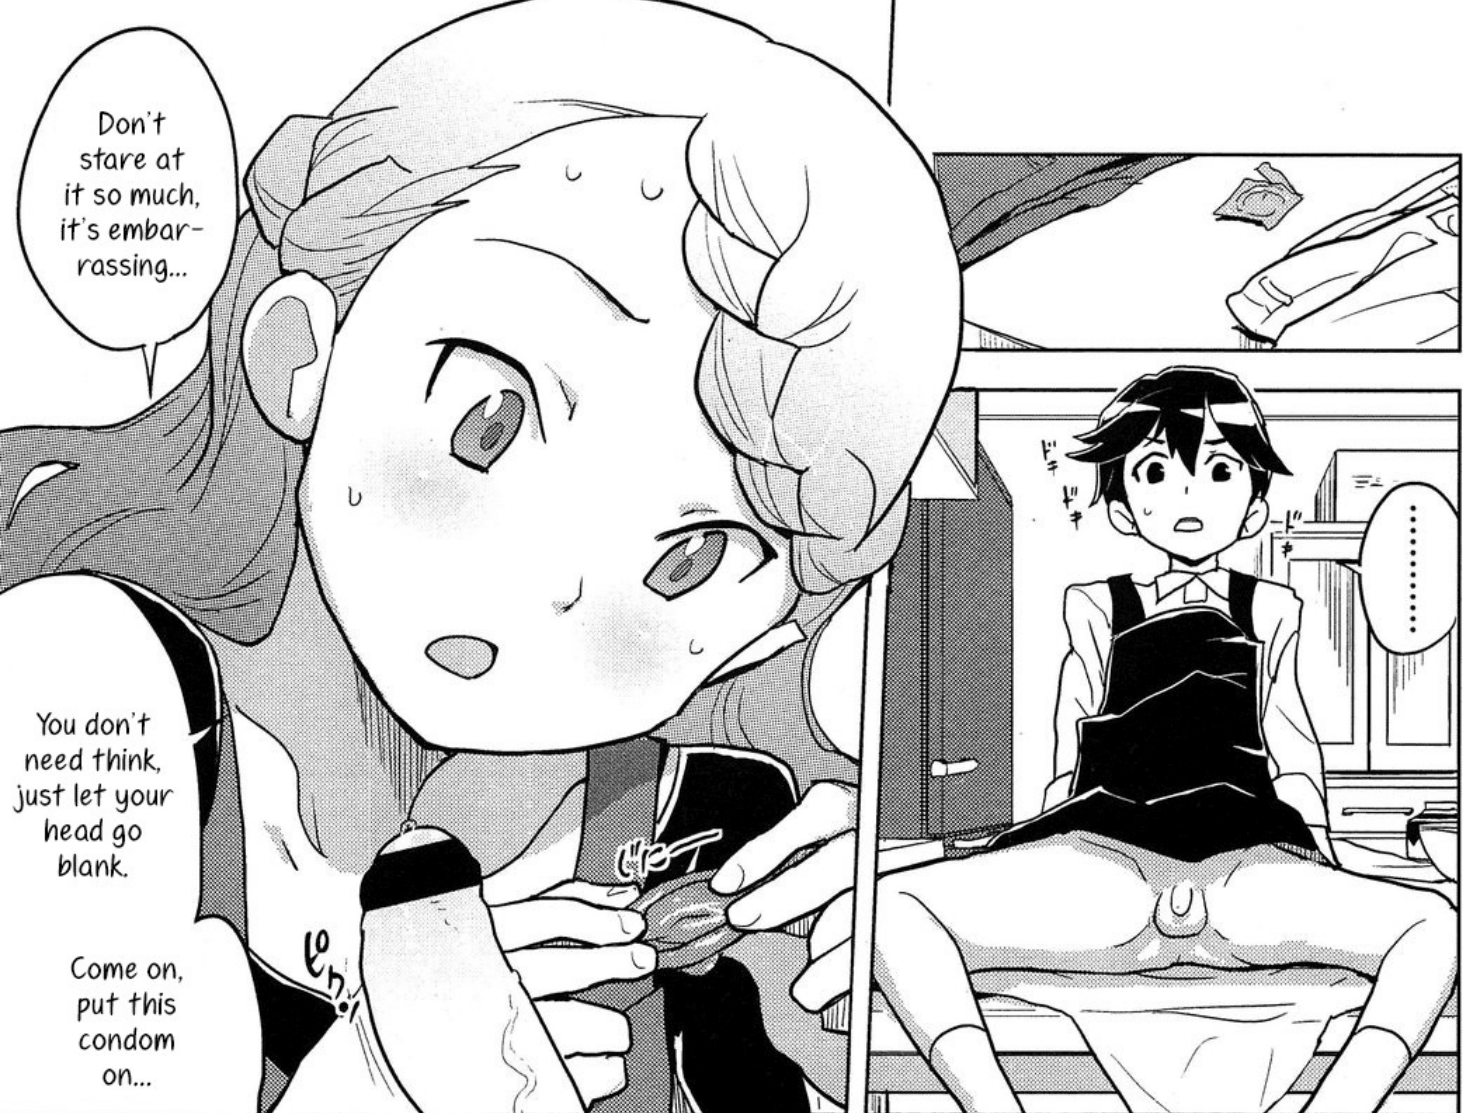

Ye...

Yes, miss ...

Do...

Don't throw it away...

...You know, my dick looks like a toy with this thing on...

Like it's not actually my dick...

Hina's touching my dick... Ah... The rubber's on!

Rina's putting the condom on me while looking at the instructions...

Is this ok?

I don't know! Don't ask me!

Why are you getting all flustered?

How... How's this?

Now you have nothing to complain about!

I can see it in your face...!

I get it! You don't have to tell me, I get it!

Huh? What are you...

Wait, why are you getting undressed!!

Wha...
What do you want me to do?

What do you want me to say...?

My mouth or my finger?!

I don't know...
Use your mouth,
or your finger
or something...

Wa-wait...
Where do you think you're sticking your face?

Is that a finger?
No, your tongue?

Wah!

Ah...
What are you talking about?!
You want me to put on a pessary or something?

Don't you have to wear something like a rubber?

Hmm?

The feeling of her thighs and the condom... while taking it... taking it out...

Th-This is nuts... Rubbing against Rina's thighs with my dick... Rubbing...

Ah... Geez, just shut up!

Am I rubbing against your clit? That's it, isn't it?! Because whenever I move, you make this face... Ah!

N-No! of course not!

...That face... Are you enjoying this?

Man, I really wanna do it...

So... If you want, you can order me like before...

Do-Doesn't that sound weird to you?!

Hn !!

No... I mean...

Don't force yourself to be quiet...

Be-because you to-told me to o-only d-do what you te-tell me to!

Wh-why sh-should I te-tell you what to-to do...?

Fine! If that's what you have to say, then I'll do it!

H-How unfair! Think for yourself... do it... your-self!

Fine, do it!

Fine, I'll do it!

Fi...

Geez! I don't understand it myself! All I know is that whenever I see your face, I know exactly what you're thinking!

That's what I should be saying!

Yeah... Whenever you think of something, I can clearly see it in your face.

Easy to read?! Me?!

Describing yourself much?

Besides, in your mind, I'm just an aloof idiot!

What? I'm not like that at all!

When you were pulling out, I could tell you were really happy...

Well, I mean...

Huh?

E-Even now...

Ah!

どろどろ

At that time the expression on your face became softer!

It's the same for you, right?!

That's...

It became way softer!

どろどろ

どろどろ

どろどろ

You're trying so hard, it's cute!

Moreover, Ryosuke, your face while trying to endure how good it feels...

Which do you prefer?

Whichever!

Ryosuke's serious face trying to endure how good it feels despite how much his hips move is so cool...

Is... that so?

Don't think like that!

So, no matter how miserable my face I still... looks... lov...

Nhg...

that looks like you're feeling so good, and you look so cute...

When-ever that happens, you have this face...

And yet you also look like you're embarrassed from how good it feels...

and it's not just these two, you show off a bunch of feelings on your face!

M-Me too?

I... I see... So that's how Rina feels too...

You make... this face...

When-ever I pull out and rub this spot...

Rina, your face is so transparent, I can instantly tell what you're thinking!

Uku

So, Ryosuke...

Say... does my pu...ssy feel that good?

Ryosuke's face is like that too!

go ahead and...

do whatever you want!

B-But rather than going in and out...

Yeah...

Knowing I'm making Rina...

feel good with my penis feels a million times better!

Yes! It's like that for me too!

Actually, don't answer, I already know!

He-Here? Rina, does... it feel good here?

It feels amazing there!

Ah... Yes...

Please...

Don't say that...

Your flustered little face, your body, everything!

B-but, Rina, right now, everything about you is cute!

Wah!

What are you saying!

Geez!
