■ WHAT'S HAPPENED SO FAR. ■

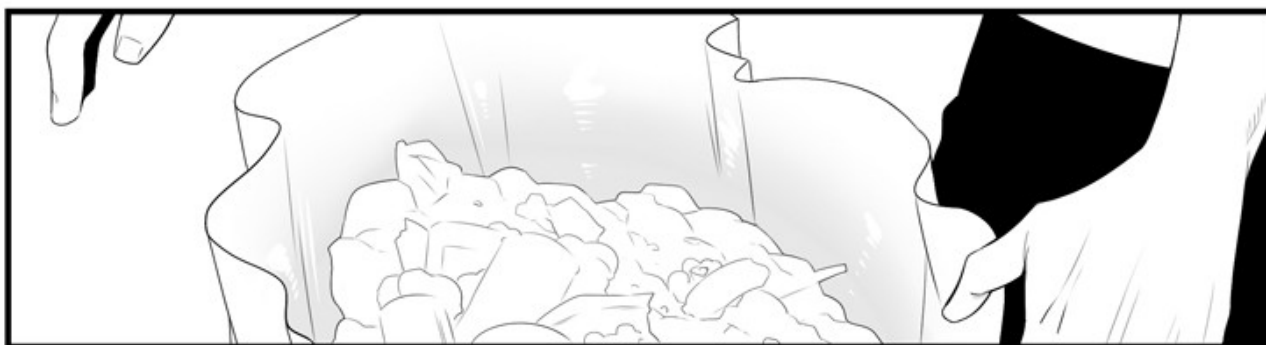

Once upon in a time in some place far away,
there was a beared buff guy and an honest
but also taciturn pervert. That's it. The end.

Be sure to read the previous work 「Hollow Gram」 too!

■ Afterword ■

Hey there this is 「Hollowgram」's 2nd release in its series. But the title, ver1.5...it's named that because it doesn't advance the plot at all. Actually the first piece in this series has a lot of unfinished parts to it and yet the second one does nothing about it! I'm sure you're wondering "What the hell is he doing!" Well for now let's put aside making fun of this third-rate author, honestly my cowardice doesn't have any limits. Moving on for real now, this story isn't a direct follow-up to the previous part instead it turns into just a perverted fantasy.

It is of course still part of the same continuity as the first. (Cleaning room-> Underwear Found-> Fantasy)

I had to cut it short because I didn't have much time, but it turned out great anyways!

Well that's the gist of Hollowgram, most of the plot runs hand in hand with its erotic moments.

Next time the plot might...no it WILL get some progression!

So with that all said, thanks for reading the Erotic Action and Occult-themed Manga 「Hollowgram」!
