Oh boy. First thing I thought of when I saw this art was a shoujo manga. But as I read through it, I liked it more and more. The story about him abandoning his friends for that guy was pretty cool. Lucky bastard.

Another thing about the art, I had no idea the trap was a shota at first. I thought they were both in high school until I saw the height difference and the backpack the trap had on when I read through the second time. I was confused as hell when I saw his "friends" were like 10 year old kids.

TL was quick and easy. Probably one of the easiest I've ever done. The editing was really, really fast. It probably took me like an hour to finish the whole thing. This probably is going to be my last TL from Otokonoko Heaven Vol. 10. Next is volume 9, and I'll be going backward through each one. Until next time.

HAPPY FAPPING!
