

Now, how about the chairs over here, my dear?

I didn't know there would be so many types of chairs...

So you're looking for a chair that will help you focus on studying, dear?

I see.

Yes.

Got it.

It will firmly hold your breasts in place to prevent poor posture.

And don't worry about hip pain!

The all-muscle body that gently cradles your body is designed to be comfortable even if you sit in it for long periods.

Any obstacles to studying will be automatically detected and eliminated.

Um, is this really a chair?

High tech chairs are great in so many ways

The Posterior Deformation Prevention Arm!

A new feature introduced with this version:

Isn't this a peni-
Posterior Deformation Prevention Arm, my dear!

I please turn these arms off!

Ahn!

Those aren't arms, my dear, they're armrests.

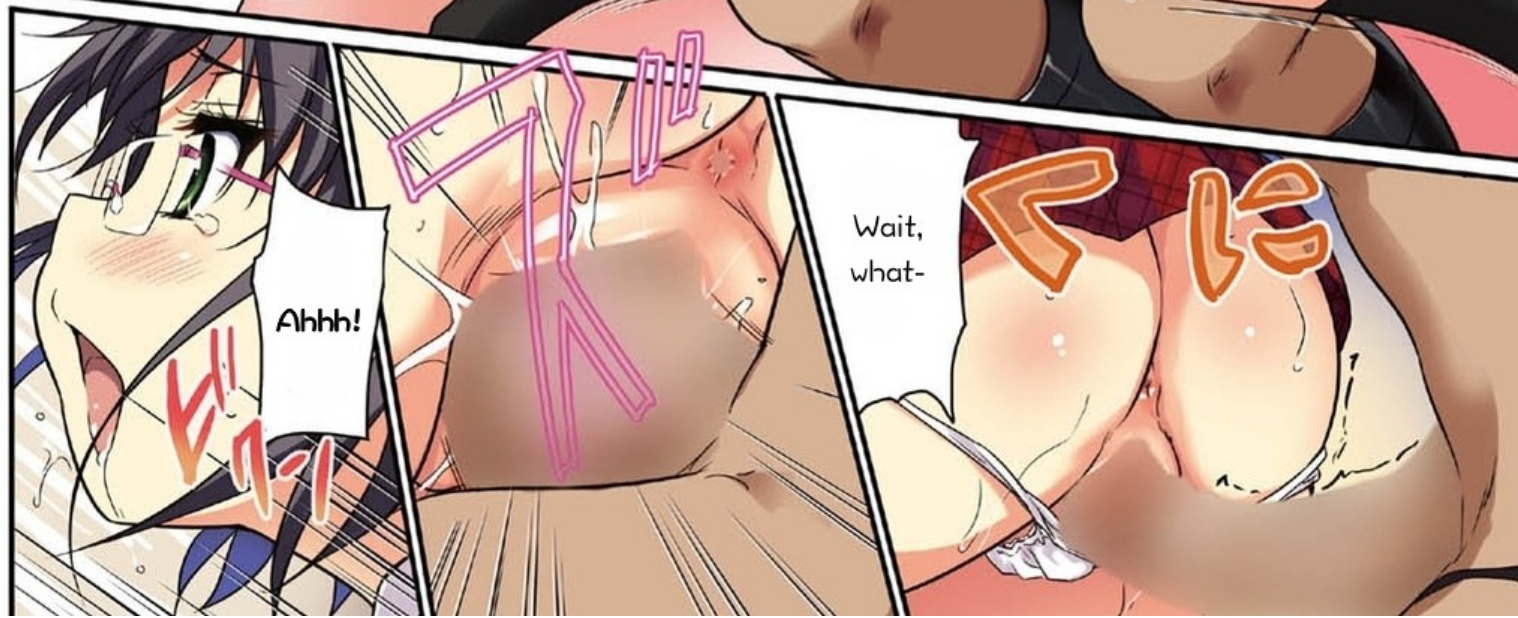

Ah!

You can adjust the size by rubbing it between your thighs, so it's okay even if you have a large butt!

It may enter a certain part of your body. Be careful, however. If you make a mistake while adjusting, your body.

Hahn!

Ahhh!

Wait, what-

I still have more features to tell you about...

H-how could there be a chair like this!

Ahh!

Ahhh!

Ahh ♡

Ahh ♡

How could there be a chair that feels this good... Ah! Haa ♡

But you don't seem to be paying attention, my dear.

Is this really a chair!?

It has a function to transport itself to your home, my dear.

It will be delivered immediately.

Don't worry.

Can you have it sent by tomorrow morning?

Thank you for your purchase, dear.
