# Cute Teacher

**GREAT JOB**

You should  
get treated  
by a doctor  
if you ever  
get stung  
by a  
poison ivy

And that  
is it for the  
basics, so  
let's take  
a break  
before we  
continue

Is it possible that you're still a "Virgin"?

What could it be?

W-What is it? Do you have a question?

Teacher ...

BLOSH

TH... TH... THAT...

EH...

Besides  
It is a very educational topic to talk about...

I mean I'd really like you to tell me more about "Sex", that is if you've ever done it

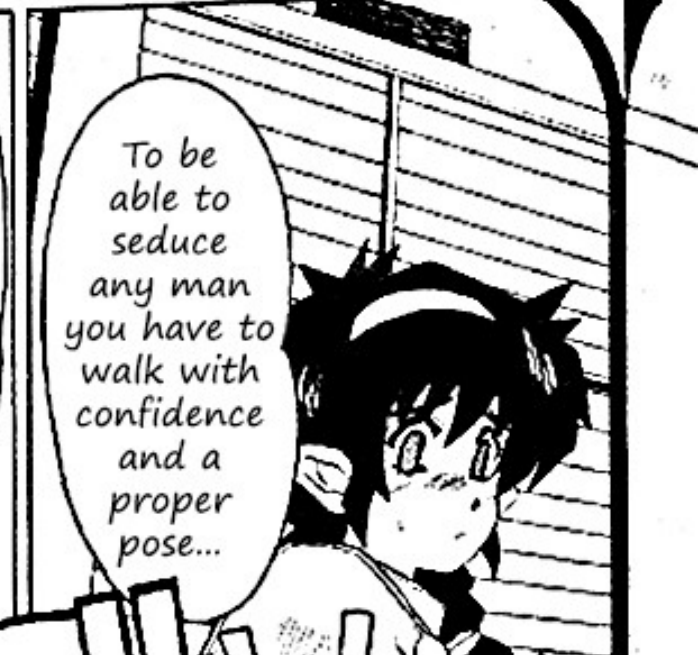

You always look so modest with that hairstyle of yours...

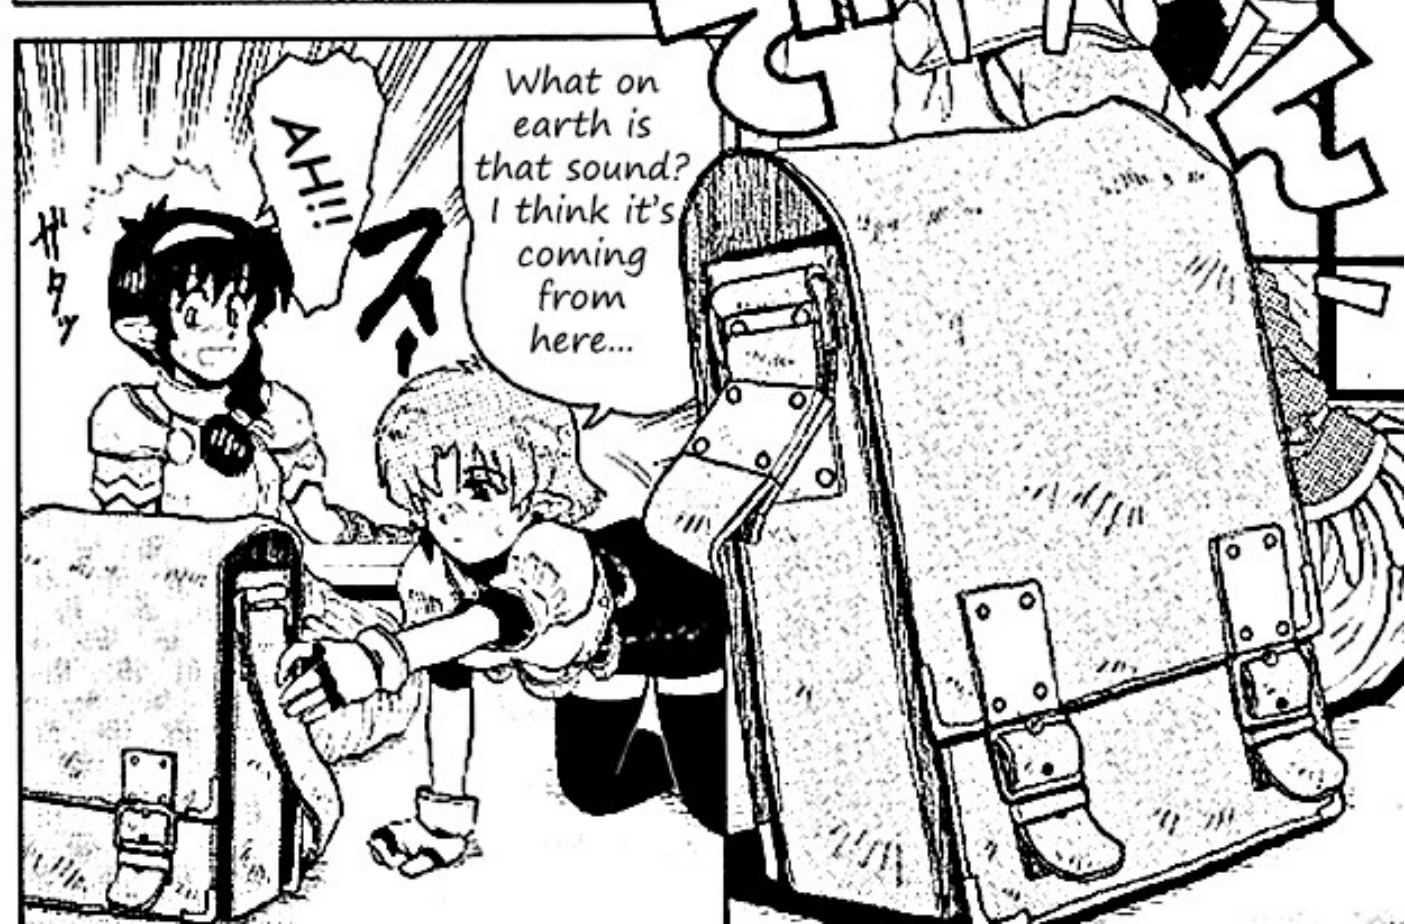

Especially not when you walk like a "Penguin", oh and teacher?

... or else they won't notice you...

To be able to seduce any man you have to walk with confidence and a proper pose...

ス  
AH!!!

What on earth is that sound? I think it's coming from here...

Don't worry teacher, I'll let you go once I take a look inside your bag

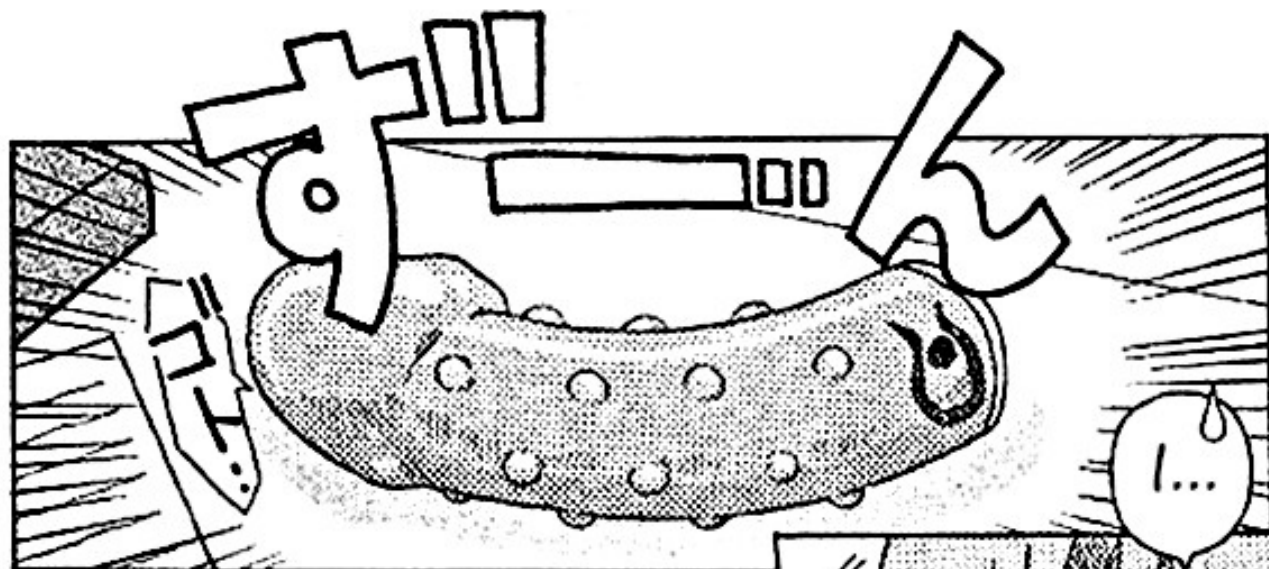

Y-Yes, Yome, your magic has gotten strong but you still need to learn how to use it properly, it's really tight...

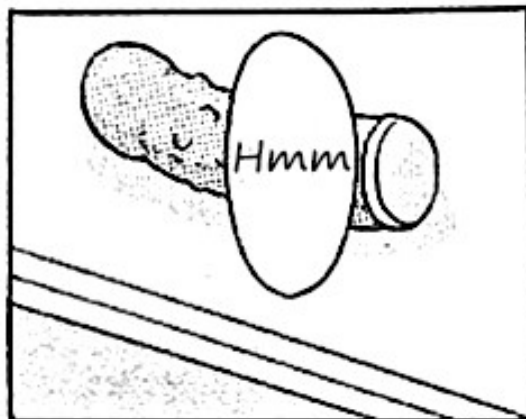

Well? How do you like my magic, teacher?

Does this magic rope feel like the real thing?

Y-Yome,  
You  
mustn't  
use magic  
for such  
things...

AHHH  
Th-  
That  
thing...

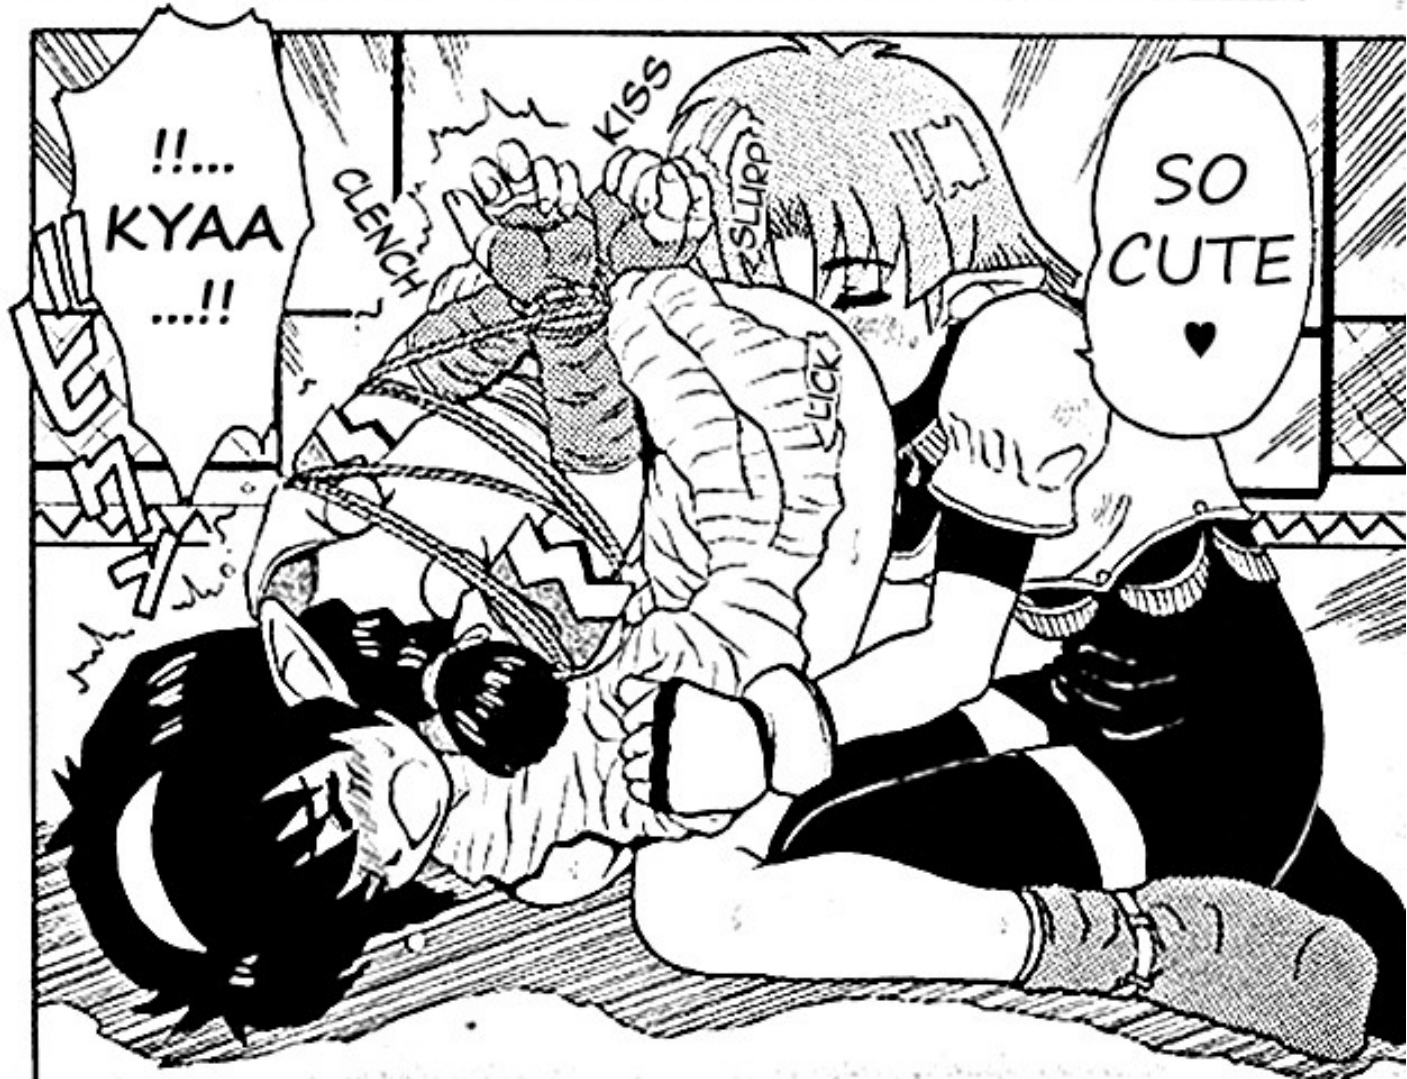

Look,  
I've  
learned  
how to  
grow  
these  
sort of  
things...

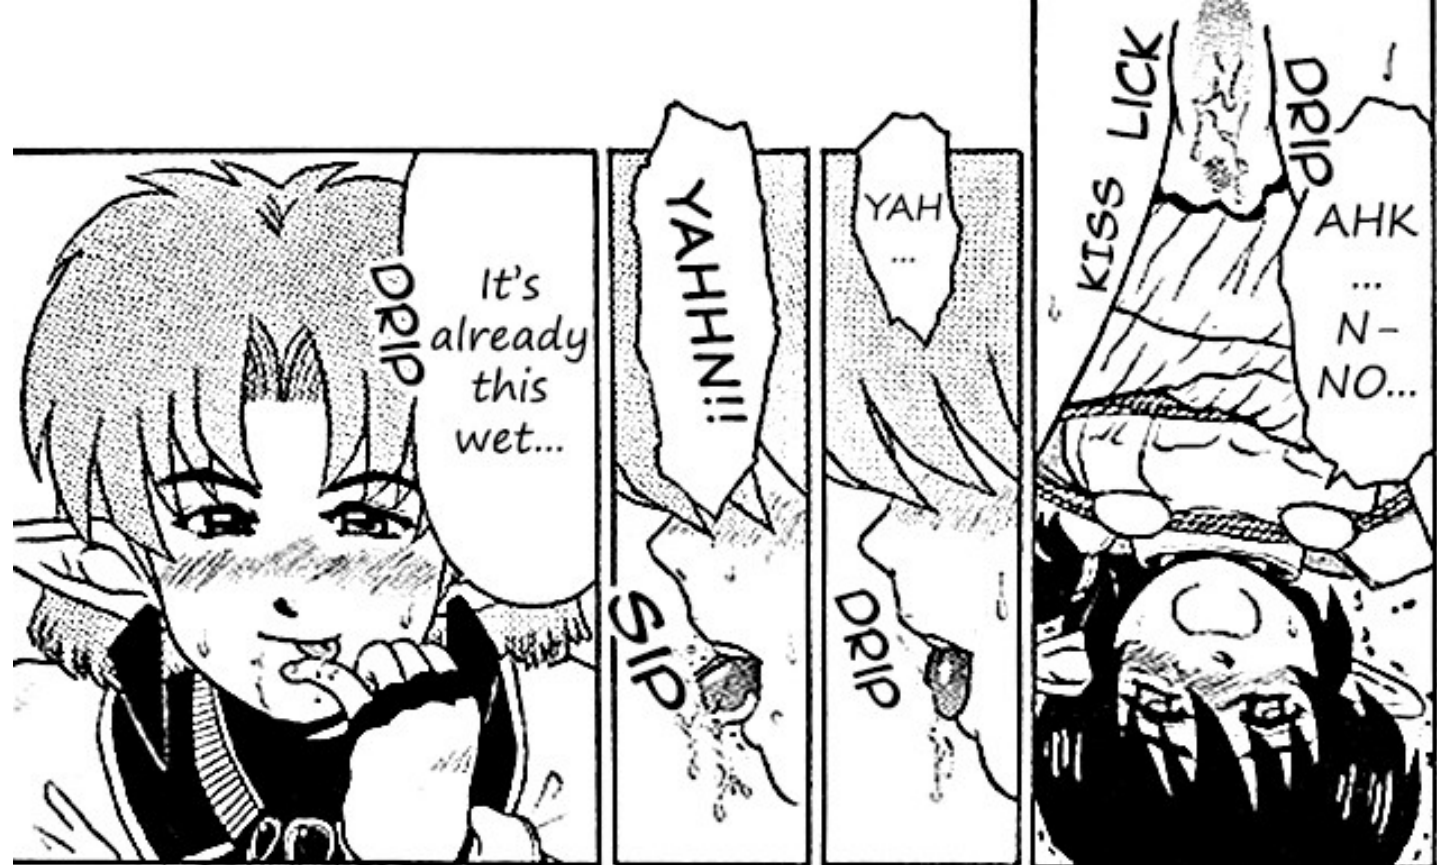

Such  
things,  
you say?

BUT  
LOOK  
AT  
HOW  
WET  
YOU  
ARE!!

KYAA!!

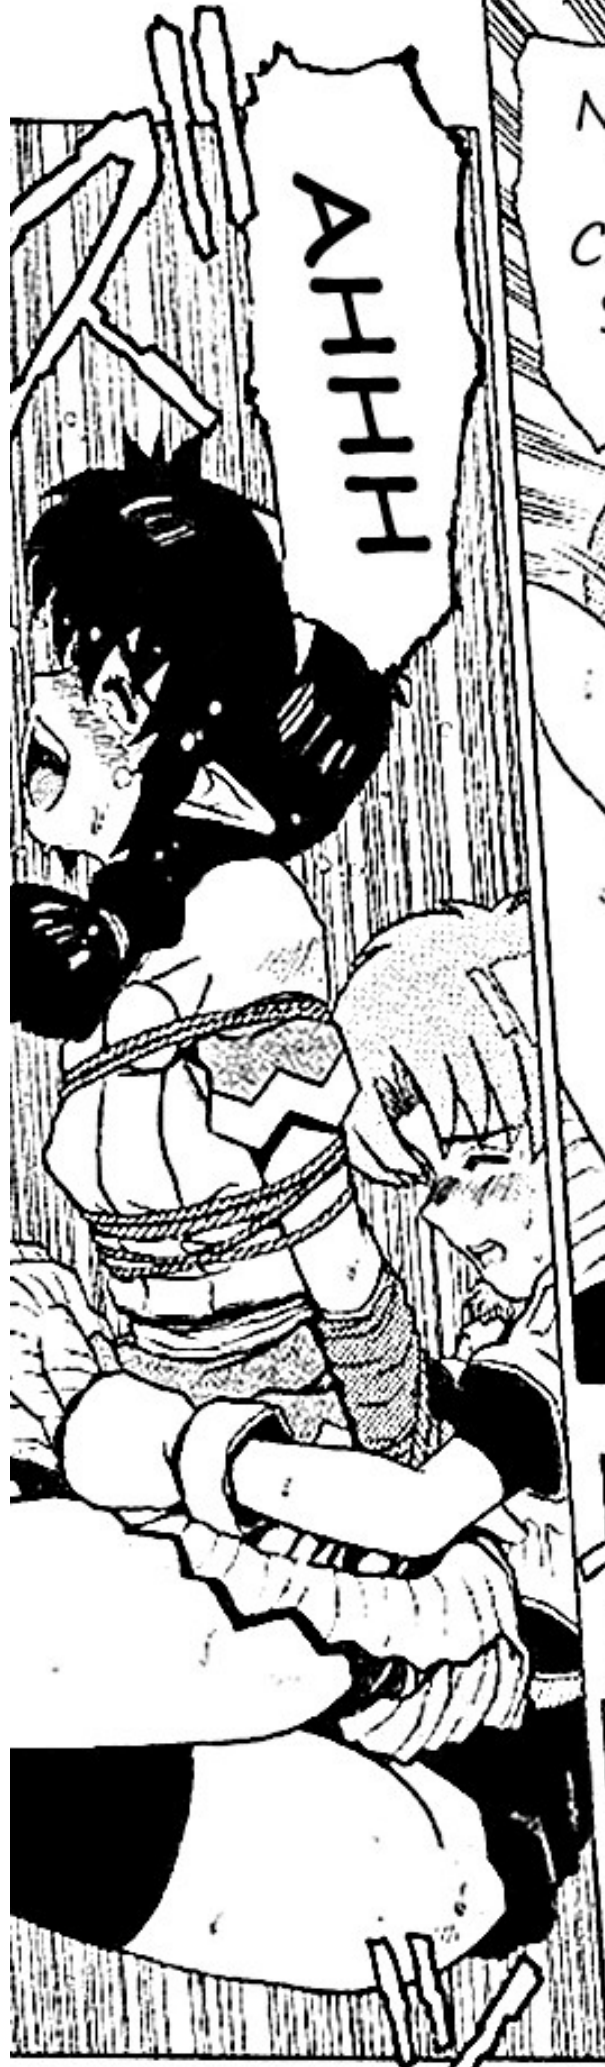

WOOM

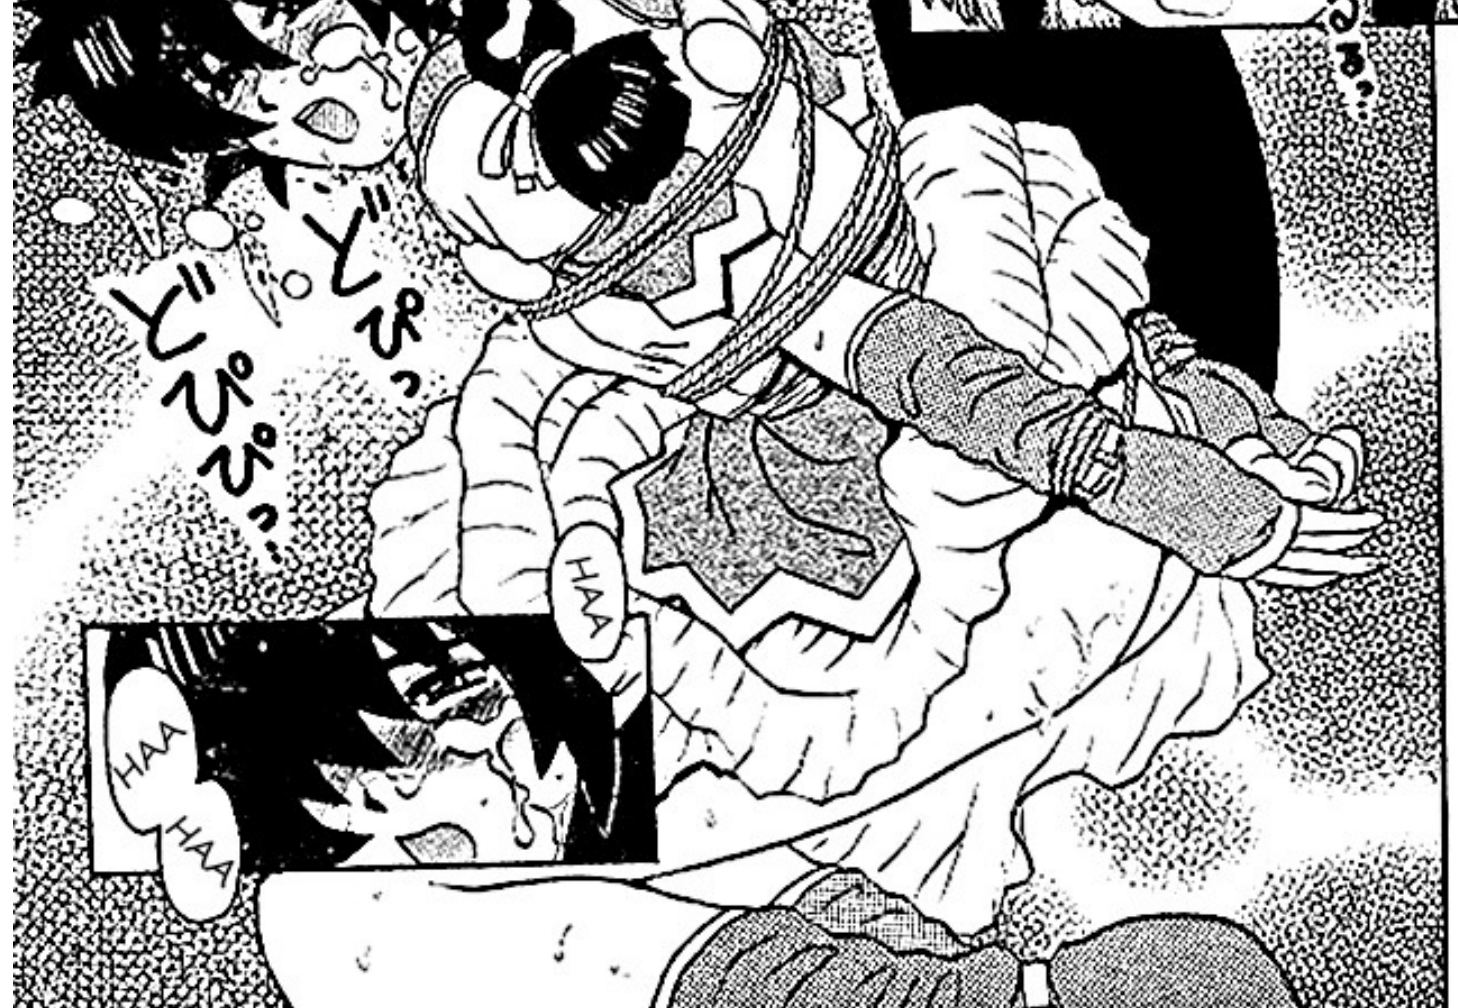

N-NO!!  
YOU  
CAN'T...  
STOP  
IT!!

HHHA

THE END
