Title: 喧犬 (Noisy Dog) Art and Story by naop

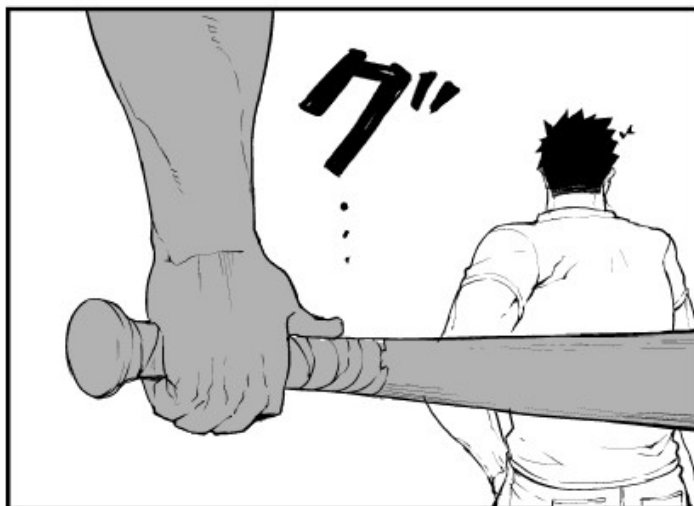

Translation/Typesetting: CSword

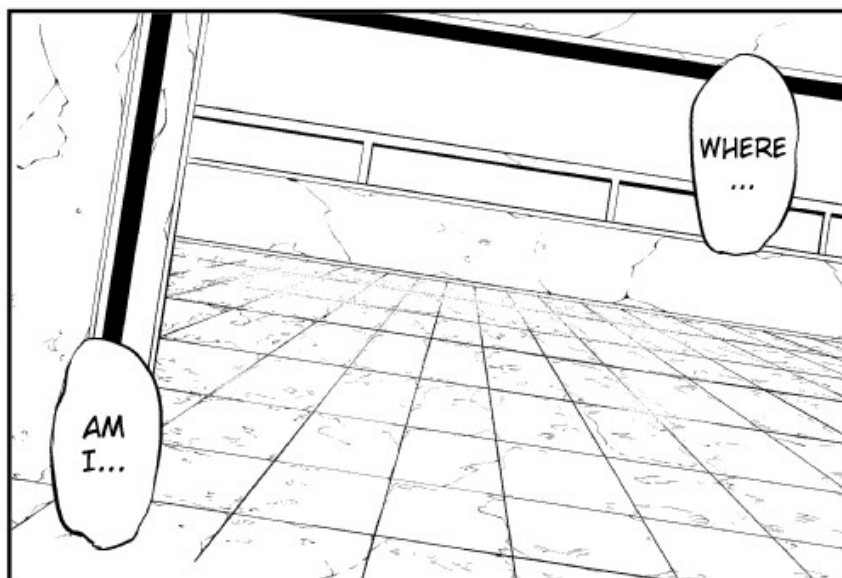

So here's the first part of the Noisy Dog series, translated and typesetted by me, CSword. I translated this mostly from a Chinese translation since my Chinese is better than my Japanese. There's a sequel to this that has already been translated into English. Since no one translated the first one, I thought I'd give it a try.

This was my first time translating a complete story (I usually just typeset) so I hope you enjoy it!

I DON'T KNOW IF YOUR TINY LITTLE COCKS CAN DO THE JOB.
