

Principal Cast Introduction

Carol

An international student from the south. Speaks perfect Japanese, but acts like a foreigner to entertain everyone else. She always accompanies Azami on her gourmand journeys, since she really likes the way Azami looks when she's eating.

Azami

She likes to eat while she's walking. Spends her youth dragging her friend around conquering all the nearest restaurants' menus. Guys invite her out to eat sometimes, but she flips out on anyone who leaves even a single grain of rice behind so she's not very popular.
