As they posed in their microbikinis, they got the director aroused with them, and sandwiched him with their pussies.

So even the female prodigy is just another bitch when she's in heat, huh?

You're so good at giving head, Eline♡

Maybe female officers get night duties as well?

You're our prisoner, so we're not just going to let you cum by yourself!

Whoa, she's pissing herself! This girl's nasty!

That
makes
it more
exciting♡

If we
don't stop
right now
they'll
see you!

Afterword

Thank you very much for buying my book! I drew the loli orgy I wanted to try, and cleaned up a few illustrations for this book. How was it? Shiho and Arisa are easy to draw, so I'll use them again if they're well-recieved.

I didn't have enough time to make the thing I thought up before, so I think I'll slowly work on it.

I'd be overjoyed if we can meet once more.

See you again,
