幼女型 放尿ロボ

Little Girl Shaped Urinating Android C.C.

I received my PhD at the tender age of twelve.
At age 13, I moved in next to an I.M.H. industries factory.
There, I absorbed all the knowledge they had at a mere glance!
But I couldn't be their backyard spy forever!
I, the neighbour to the I.M.H. factory...!
have crystallized every atom of my life's efforts...
into this! My dear assistant!!
No, I got the...
android bit...
I'm more curious about the urinating part.
Oh, that means...
she can piss!
...

You!!
Have you never...!!
thought about what it would be like...!!
to see a girl pee?!
I...
Now!!
C.C.!!
want to see!!

Begin the waterworks!!

Doctor...
She's not showing any emotions...
Indeed...
This would be fine too...
Shame
ねぇ、とな!
but let's turn up the shyness switch.

Ah...!
がぉぁっ

Looks like a success
Yes.
Oh...!
Ah!
Umm...
もじ
Well, since you've doused yourself...
I...
I say you should take off your panties!
もじ
Ah! But let them hang on your leg!
Yes...
すぅ〜っ…

Get up on top of here and squat!
Li...
Like this...?
Ok! ☆
Yes...
Mmh...
Now, once more!
Start pissing!
ちょろろろ

Take a look, dear assistant.
Nhg...
Ah!
I installed a program into C.C. that gives her jolts of sexual pleasure...
whenever urine passes through her urethra!
You're a genius!

Au...
Ha...!
Ngh!
Kuh!
Ah!
Han!
Hah...
Nh!
Ha...!
Hi!
Ah!
Mmh!

...
Quite the torrent...

Eh...
But what about conservation of mass?

C.C. gets her urine from the moisture in the air.
Theoretically, she can piss forever!

By the way, V.G.D. means "Virgin Girl Dream"!
What a waste of talent...

Being the genius that I am, I have taken advantage of a different but similar law of physics...
C.C. holds inside her a black box called "V.G.D." that holds it's potential!

By the way, Doctor...
Why is she shaped like a little girl?
Well, to see an adult woman pee...
all I have to do is pay and I can see how-ever much I want...
Huh?
Tha...
Well...
Lolicon!
Nay!
I am no lolicon!
I just love the hairless pussies, the tiny slightly swollen breasts and soft cheeks of girls that don't yet show their secondary sexual characteristics!
They're perfect.

You share my thoughts as well.
Your groin has become quite engorged!
Uh!
From the day I met you...
I could tell by your scent!
Was it because we're cut from the same cloth...?
Now, brethren!
Won't you join me...
for round two?!

Hya...!

Yes...
The tactile sensor is working as intended.
Nh...!
Now let's see if the mouth is working as well.

The Professor's penis...
So sturdy and cool, I love it!
Is it?
It's so huge and elegant.
If you must know...
I program-med her to say that...!
Please don't cry!
Now, show me how well you can do it!
!!
Mgh...!
Uh...

ふ、
Aah... No abnormalities in the temperature of the inside of her mouth, either.
ふ、
ぉ、
Her warm little tongue is quickly moving from side to side.
ぺ
ぺ…

How can I put this... A little girl's mouth-pussy...
ぱ、
is the best!!
はっ

C.C....
please use your free hand to pleasure my assistant.
Very well, Professor.
Uh...
Stare
.....
What a crude penis!
...!
Program-ming... You know how it is...
Mhg

Ahm

Even if she's an android...
a little girl...
is giving me a hand-job...
Whoa...
You know...
Mmh
Fu
Nh♡
Ah♡
this is really hot...!

Nh♡
Fu
FuFuFu...
I built her in such a way that whenever she is sexually aroused, instead of releasing sexual fluids, she releases urine!
You're a genius!
Yes!! I'm cumming, C.C.!!
Me too...!
Mya...
I'm cum-min'!!
Mue shoo!

Hah...!
Hah...
Hah

.....
Doctor...

What is it?
What are you, a Sage, now?
So... Is urinating her only function?
You thought I'd make a doll for the sole purpose of drinking adult milk?
Well, think again!
She is also an excellent Sexaroid!

No! Touching!
Yes! Lolita!
OK! Android!
Go! Penis!
Nh!

Ah...!
Hah!
Kuh... Let's go, C.C.!
It's so tight and warm, it feels like my penis is melting!
I had the right idea, using the "Secret Twintails" brand onaholes as reference!
Profes-sor...
your huge, fat dick...
feels really good!!
Hah!
Nh♡

Ok!
Ah!
Mmh♡
You! Make use of this empty hole!
Will do!
!!

Hah!
Ahn!
Incidentally, I used gay onaholes as research for her asshole!
Too much information!
It's somewhat loose, but...
after taking it out once, it then became the perfect size!
It's like it's slowly clamping down on me!
Little girl ass-pussies are dangerous!

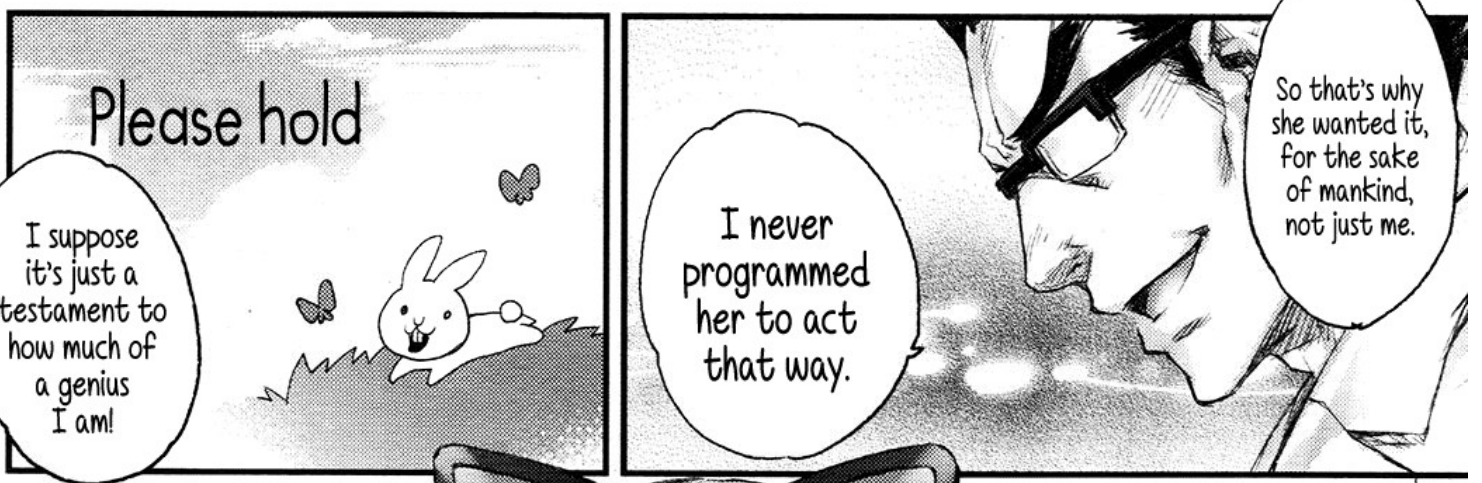

Every time my assistant, thrusts, your pussy tightens up!
You're covered in sex fluids and urine, aren't you?!
I'm... sorry!
It jusht felt sho good....
I...!
Hah!
Hahi!

Aaa aah
Han
No, that's there because sometimes I can't be bothered to got to the bathroom.
Huh?
Now I understand why we have that floor drainage ditch...
It's a pointless distraction!

The drought in the Tohoku region has no end in sight!
Take a look!
We can almost see the bottom of the dam...
Doctor, I can't find C.C. anywhere.
This has had no small impact on the local crops...
Ooh!
Atop the dam!
There's a figure!

What the...!!
It's a girl!
She looks to be about 9 years old...
She's standing on the edge of the dam!
なる
ぷっ
あああ

C.C. asked me to install a urine filtration system on her this morning.
The girl is peeing towards the dam!
Huh...?
Isn't that... urine?!

Please hold
I suppose it's just a testament to how much of a genius I am!
I never programmed her to act that way.
So that's why she wanted it, for the sake of mankind, not just me.

This feels so good... ♡
