I respect this man. He knows what he wants and he takes it. Though I guess it's a bit easier when the thing he wants actually exists and is fapping in front of him. Still. The guy's a badass.

I actually do have a few notes about the dialogue this time. The first is that I tried to keep both characters as distinct as possible, with the goddess being more archaic and the guy sounding like, well, a sex crazed otaku. Also, as an example of denpa, I think the most familiar one would be Kuroneko from OreImo (*shudder*). Finally, the trap's name wouldn't be romanized exactly as Mikei. It's Mike. They would be pronounced very similiarly in English (Me Kay), but I didn't want to name a trap Mike. I mean, really? Changing one letter seemed like the lesser of two evils here.

As a final note, I'd like to give a shoutout to one of my friends that actually paid for this off DL Site. Thanks man. Enjoy your crossdressing fox hentai. In regards to the tardiness of this release (and most likely future releases), all I can say is that I've gotten a lot more busy (for real this time), and I don't have the time I once had. Sorry. Releases will be getting slower. Still, I do have some good ones, so look forward to it. Until then.
