This is our circle's 15th release.
We've only managed to come this far thanks
to everyone's support.

We'll keep doing our best to deliver high
quality, satisfying material to you all!

This time, we ended up expanding on the first
chapter of the earlier non-Shigeo side-story.

After we're done with the remake, and a new
work, and the thing after that, and the thing
after that, I'd like to continue this story
even further...!

Thanks in advance for all your support in the
