■ END ■

That's one reason I like dogs more than cats. A cat tongue really hurts when you're doing that stuff. ...Or so I've heard. I'm glad this artist did some dominant stuff. His art just always seemed to fit better that way. Maybe it's just me, though.

It's been a while, but I am not dead! Literally, anyway. I don't have as much time as I used to, but things might be speeding up, as spring break is happening soon, and my classes are really winding down to prepare for it. What do cool people do during break? TRANSLATE HENTAI!!!

I actually found a "sweet" (that's a clue) anthology that I might be translating. Another hint: this story was in it. I don't know if I'm going to translate every single story, but I'll probably at least translate a few more. Until next time.
