you?

But even
after you
found out my
secret, you
told me you
still liked me.

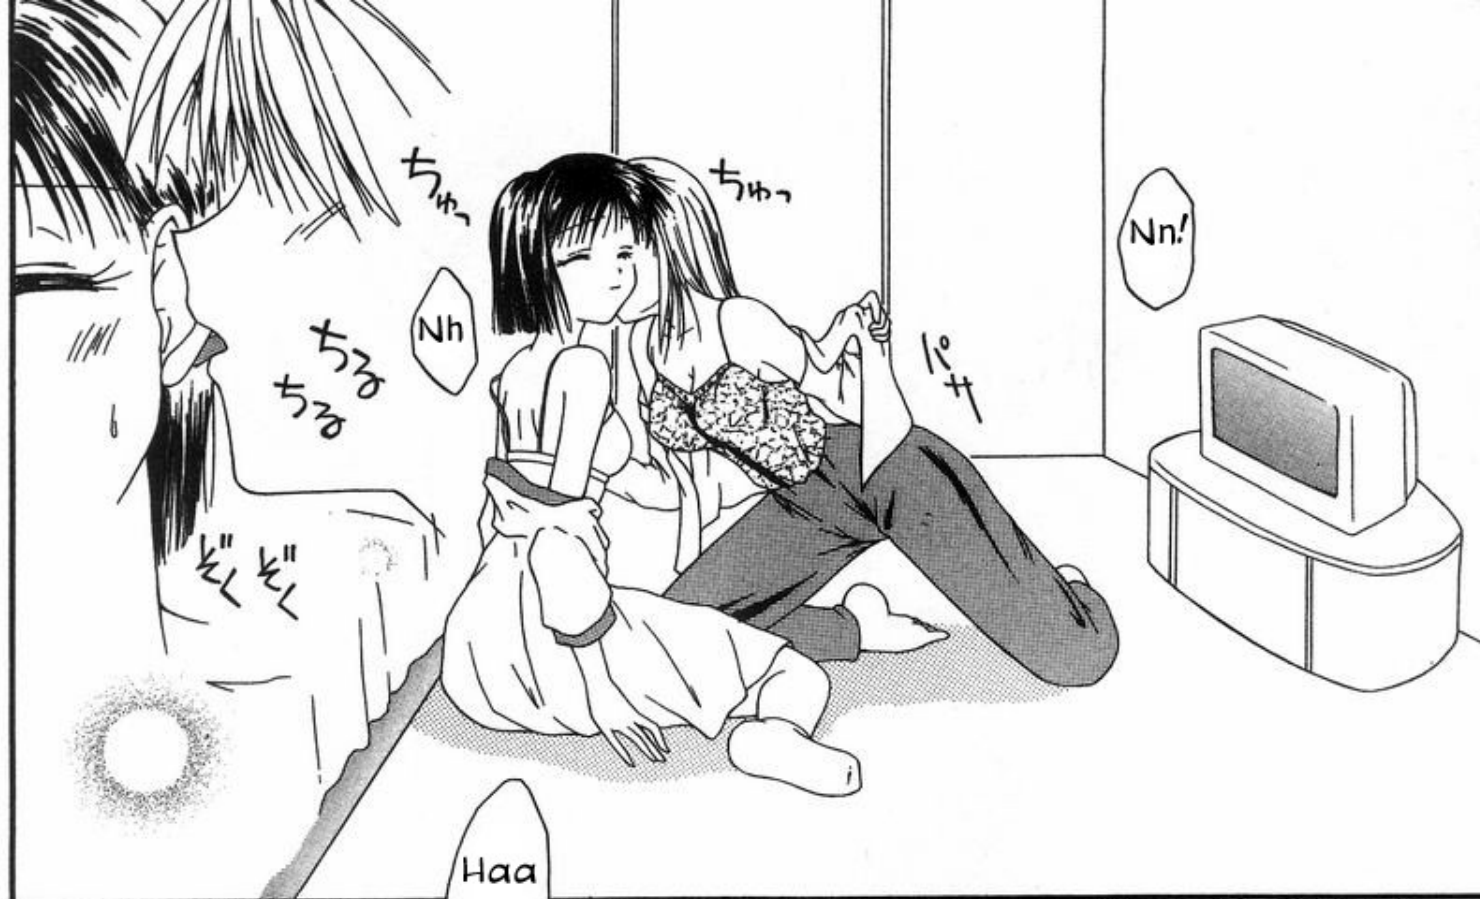

..Yeah.
I even used
to consider
suicide,
once.

That no matter
what I was,
you still wanted
me.

Yoshie
...

Haa ...

And of course **this** is hard.

Ahn!

Because you...!

You dirty girl, your nipples are already hard.

P.. Please...
Pound my pussy
with your vibrator

And besides...
That's why I
bought the vibe.
I wanted to see
how it looked
when I made you
cum with it.

But this time
I didn't even
get to suck
it... let alone
do this.

Not like as a
friend or
sister, but
much, much
more!

I love
you,
Aki-
chan!

I...
Actually,
I...!

Aki-
chan
...

So go on.
Show me
how much
you love
me.
♡

Okay.

I'll do my
best!

And I
love you too.
Of course
I love you.
Why else would I
do these things
with you?

NFuFu~
You Finally
said it,
huh?

ははは?

I see it!
Your cock is
sinking right
into my pussy!

Look,
Aki-chan!
Can you see
where we're
connected?

It's so
warm and
slick inside...
I think I'm
about to
cum!

Do it!
Fill me
up with
it! Fuck

Aaa

I can
feel
every
inch!

Yes!!

Iris Caldor proudly presents her 13th release!

Here's a piping hot story, relatively fresh off Ex-Hentai.
It's a super-sweet tale about a deepening relationship.
But... you know, it was starting to make me wonder whether
I'm just that bad at Japanese or whether the dialogue was
actually that badly written. Either way, it was even less
translatable than Japanese usually is into English, so I let
myself be lazy and went with context clues, but I think I
stayed true enough to the meaning.

As a note, I took liberty with the title, because its tone
is ambiguous in English, and would just translate into
'I'll do it for you', but in the sense that you'll do it and its
for someone's sake, rather than that you'll do it in someone's
stead. By that meaning, the dialogue on the last page seemed
to fit best. It's also probably some kind of play on words,
and I fail at most Japanese puns. :(Message me if you
know what it means and I'll change it.
