In the middle of her running routine, Natsumi likes to secretly browse fashion articles on a convenience store along the way.

Natsumi is currently working as vice president in her high school's student council, and is applying as a member of the track-and-field club.

While not a member of her class' gregarious groups, she shines in her own special way, with her warm personality making her one of the most easy to approach persons, especially for help on classwork. She remains popular with her male classmates despite keeping her skirt at prescribed levels and using the least amount of makeup.

While Natsumi's naiveté might be to blame for her persistent tan (she loves running that much she doesn't mind being out in the sun) she recently has picked an interest in fashion as young girls her age do, letting her hair grow for styling.

Natsumi goes on her daily jogging routine alone early in the morning. She also runs during days when there is no school, every time she takes a break from studying but most of the time she does it for recreation. It was one of her usual days, during one of her breaks from school, when she decided to go on a run before lunch, that it happened. It was the usual route, the usual mood, but she met unexpected misfortune along the way..

Eh?

Hey , that's Natsumi-chan, right?

Hey! Isn't that?

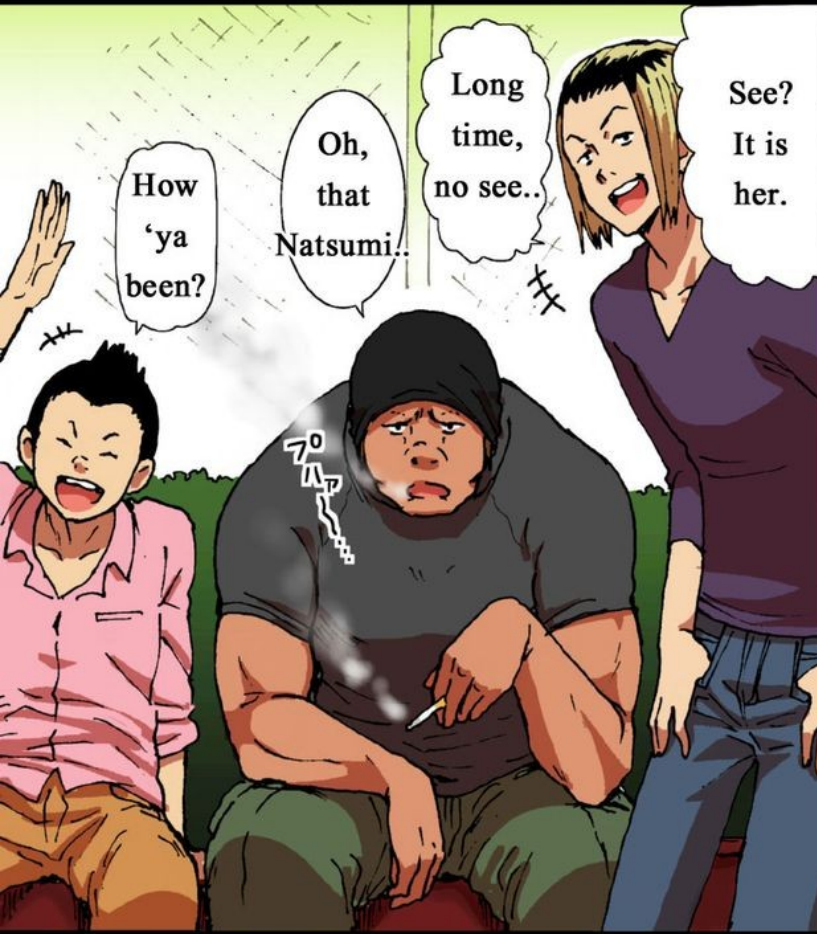

Hah..

Hah..

Hah..

Haah..

Come in Natsumi-chan!

Oi oi..

Yeesh!

You can go home if you want to.

Shut the fuck up.

Why am I here? What was I doing again?

This place is dirty as shit.

There isn't even room to step on..

They brought me into a room..

I'm feeling.. ..from this scent..

It smells like a combination of cigarettes and perfume. Is this how men smell?

Screw that.

It's dirty, and reeks of something.. I can't tell..

And then it'll be just me and Natsumi-chan.

It's my first time in a boy's room..

How about I blow a quick load on her?

Stu~pid! I found her first, so I get dibs.

No.. they're undressing me..

Ok, who goes first?

I have.. to resist or else..

I want to struggle with all my might, but my body just won't obey!

Why, why can't I move my legs?

Mh..

Hehe, she's pale under her clothing.

I have to cross my legs or else they'll see my panties!

Well, she's an outdoor girl after all..

Sports-type underwear. That aint sexy at all..

Let's get the necessary, obvious things out of the way first.

First of all, rape is a crime. It's bad. Second, this is a work of fiction, not a manual or something to use to defend yourself in court. So if you really enjoyed reading this and get it confused with real life, coercing minors into having sex with you, you only have yourself to blame. Hats off to the people who enjoyed this and appreciated it as a corporeal manifestation of our fantasies, a work of art that flits gracefully between the rules of society and our desires. Like some sort of immoral butterfly. Don't feel bad about it, and don't confuse it for something tangible, something for the mundane.

'But Band', you say, arching your eyebrows like I just insulted your very being, 'You sure do like to talk big despite being a NEET and doing a project that another group has already done'. I don't deny doing any of that, and I claim responsibility for my actions, so I'd like everyone to do that and stop blaming the media for crimes and immoral behavior.

Also I still need work to do..
