Hayumi and I are neighbors.

We're like brother and sister in a way...

And we're also life-long rivals.

Hayumi was the one who suggested in the first place that

the winner should get a reward, and the loser should be punished.

That hit the spot!!

Hey, are you listening to me, Hayami? Hey!!

Uhhn!  
This is pretty  
nice, a rustic

this.

Don't you think so, Gakuto?

Like hell I do!!

If feels like we stepped back into the Showa era, doesn't it! It gets you pumped for some romance, right?

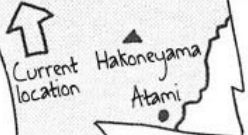

The smell of sulfur drifts out on to the streets...

Your spirit just wells up with these old roads...

You just have to go to an onsen if you're Japanese, don't you agree?

But... the beach is super crowded...

Why did you even bring us to an inland one!

Even if you didn't want to, it's fucking summer! We should've gone to Izu-Itou area!

Why the hell did you take us to an onsen!? Do I look like I'd want to come here!!
