

**THE FEMALE ADVENTURERS,
UPON ARRIVING AT AN OASIS IN
THE DESERT.....**

The world as we know it, Edea-Lirua, is a bountiful land.

One day, a self-proclaimed Demon King came upon Edea-Lirua and with his demon minions controlled people into attacking the adventurers who have travelled far and wide to defeat the Demon King.

The plan is to use that town, Queran, as a stopover of sorts before we cross the desert.

Yes.

So our next objective is this town in the middle of the desert?

Let's see here..

Are there
any
problems
regarding
that town?

?

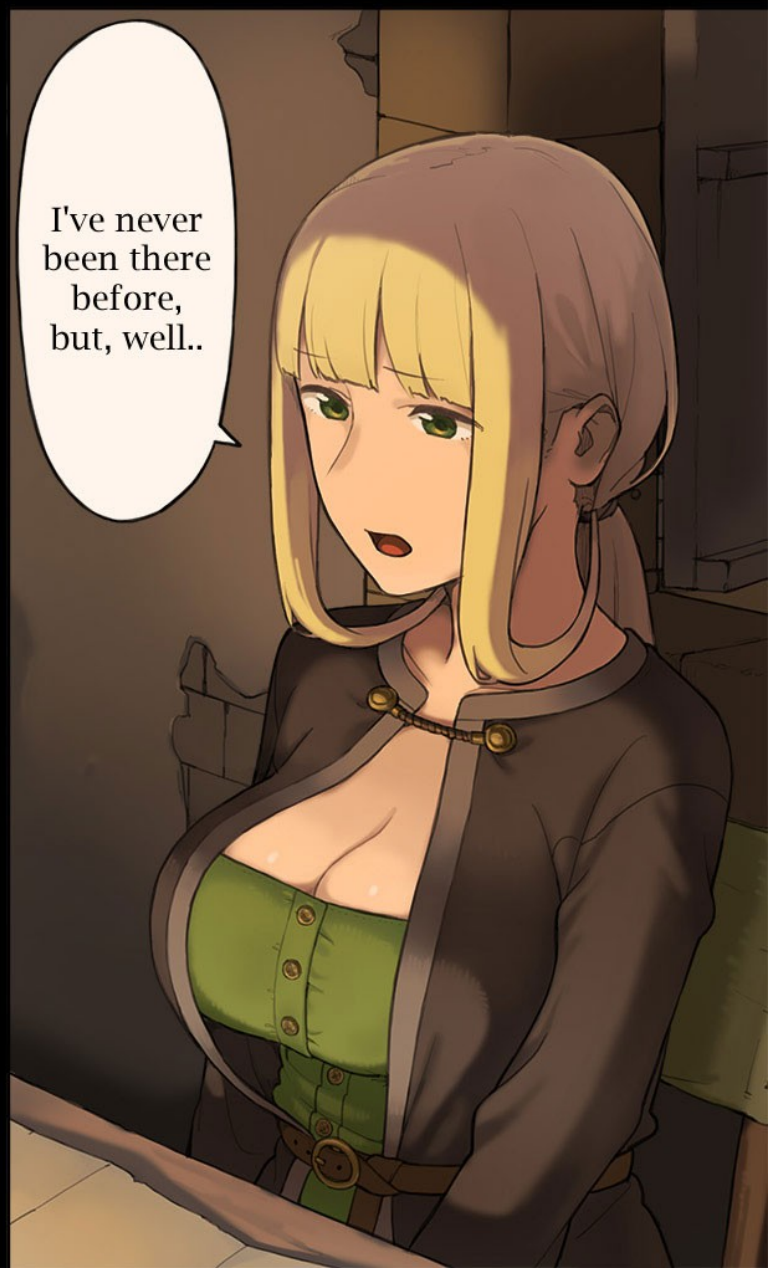

Correct.
however,
we have
to pass
Gorkan..

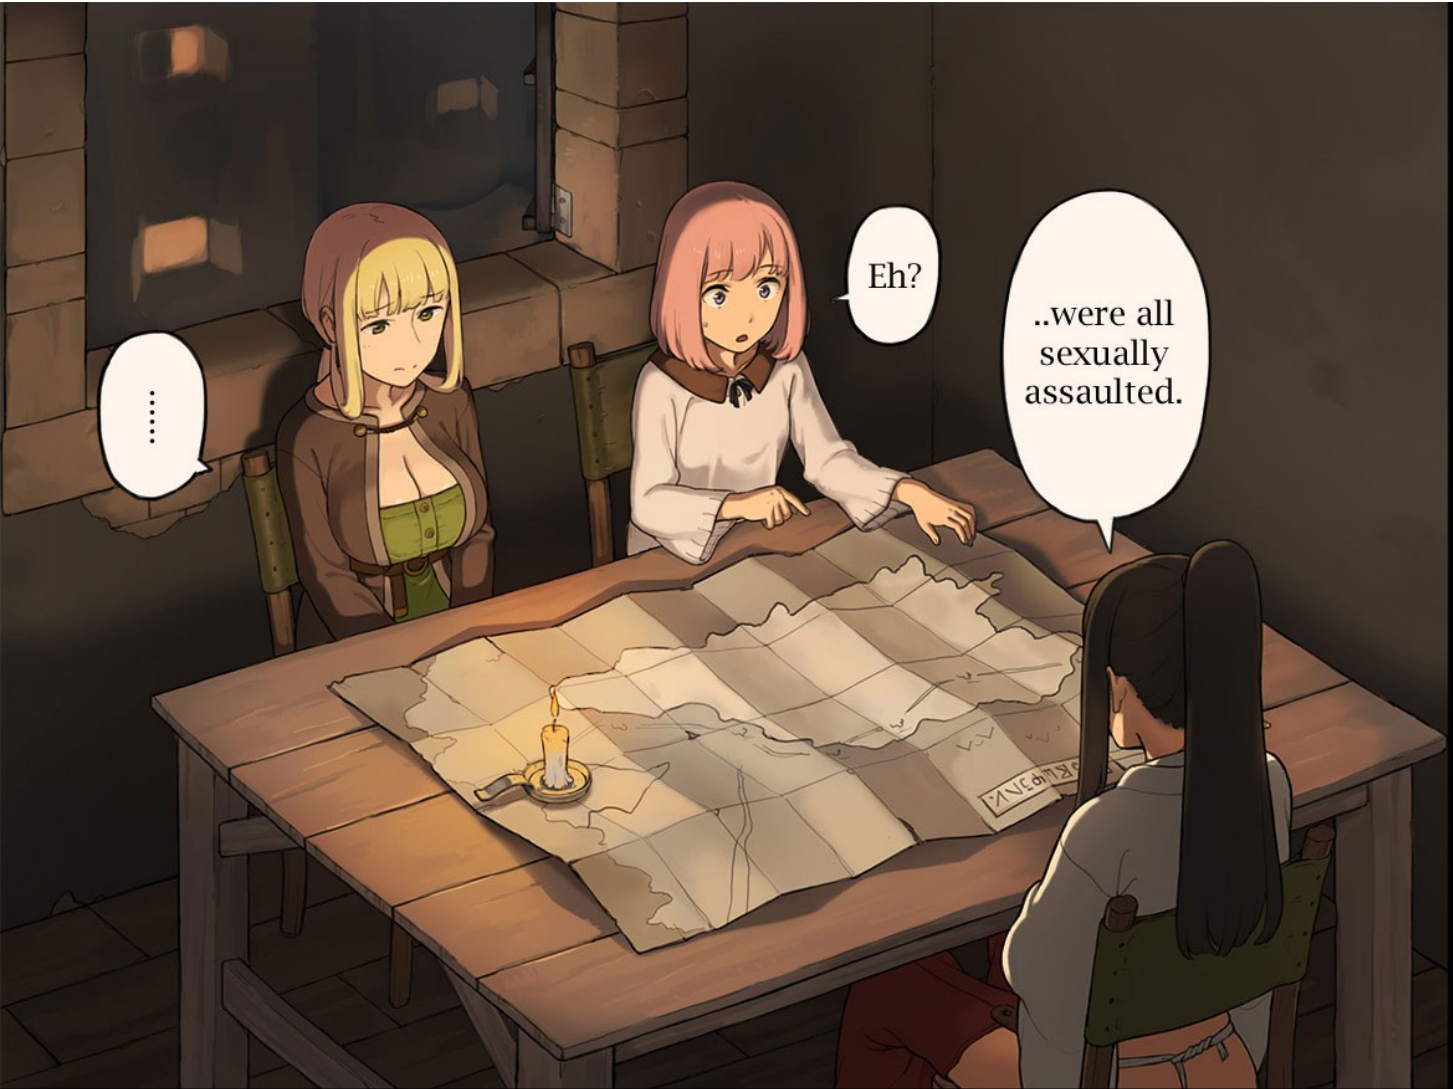

The
women
who
made
their
way into
that
place..

Hmph..!
It's the
worst
city of
them all...

I've never
been there
before,
but, well..

.....

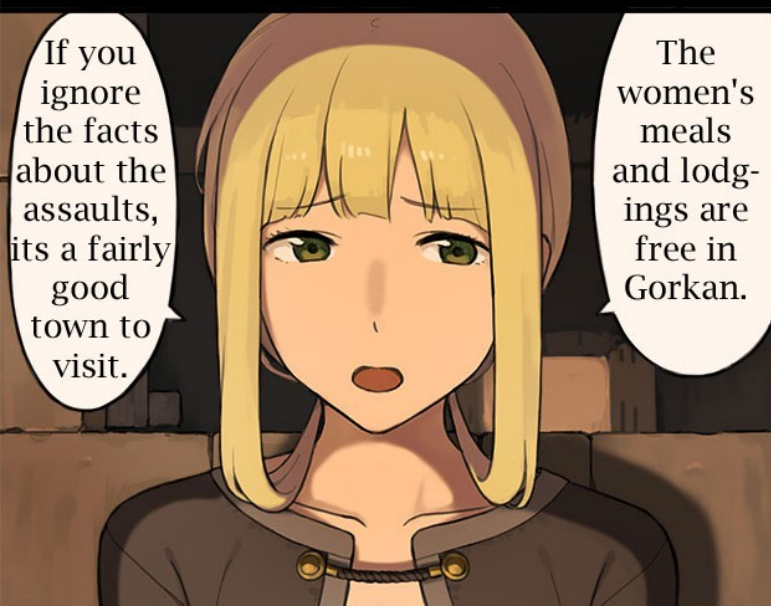

Eh?

..were all sexually assaulted.

It's a town where rules are mostly ignored.

I'm not saying that its permitted in there but,

If you ignore the facts about the assaults, its a fairly good town to visit.

The women's meals and lodgings are free in Gorkan.

They let those kind of things happen in there?

Assaulted.. y,you mean..

No, no way..

But we neither have the training nor equipment to scale that mountain.

You can bypass Gorkan by climbing a mountain to reach the desert though.

In return for all those benefits I mentioned earlier, the men can take claim on your body. If you refuse to serve him, they send you to their jail.

It will be hard on you.

I agree. You're still a virgin, right?

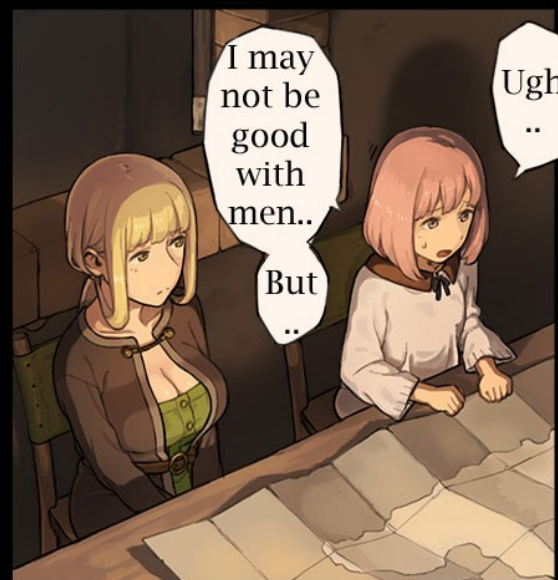

However, like I said, you need not come with us.

Even if it might be hard, let me come with you!

But still!

I may not be good with men..

But ..

Ugh ..

They took my mother as well And I plan on saving her!

I want to avenge my father, who was killed by orders of the Demon King!

I don't plan on running away now.

That time, I wasn't able to do anything..

That's right! We all have to do our best at this point!

M-men aren't something to worry about!

That's why I came with you two, despite your warnings.

We have to sleep well, else we won't make the journey.

Okay!

Let's go to bed. We've got a long day ahead of us.

Gorkan pales in comparison to the Demon King..

I concur..

Yes, that took a bit longer than I expected..

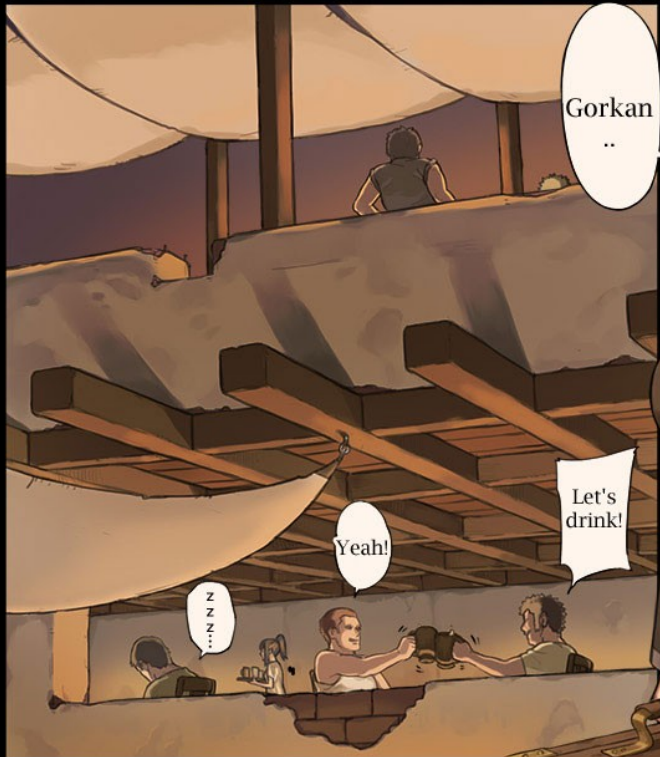

The sun has already set though..

So tired ..

We finally made it..

Haah ..

Gorkan ..

Let's drink!

Yeah!

zzz...

So, I was saying ..

This is..

Hah..

see..

Ah!

Ah!

There are women here as well..

Oh, now I ..

Since the rent and food are free, some freely choose to live here.

Ah..

Let's find something to eat for now.

For crying out loud..

Oh my..

They're doing it.. here..

Wah, wah!

Nice!

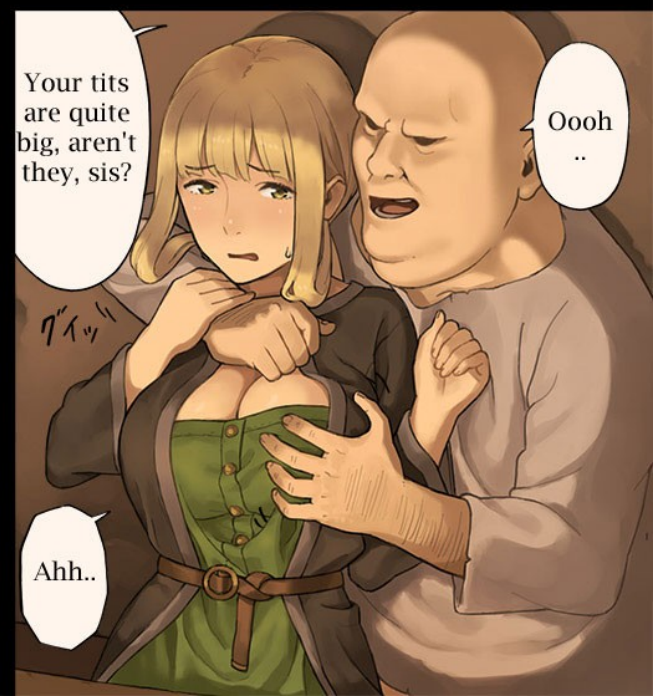

I could eat a horse right now!

Oooh, good-women!

Indeed. We can't prepare for tomorrow on empty stomachs.

That's right! I could really go for a meal right now! Shall we go?

You must have sucked a lot of dicks by now, eh?

Let's blow a load into that pretty face first!

When your
body says
otherwise,
Miss
Swords-
woman!

Kuh!

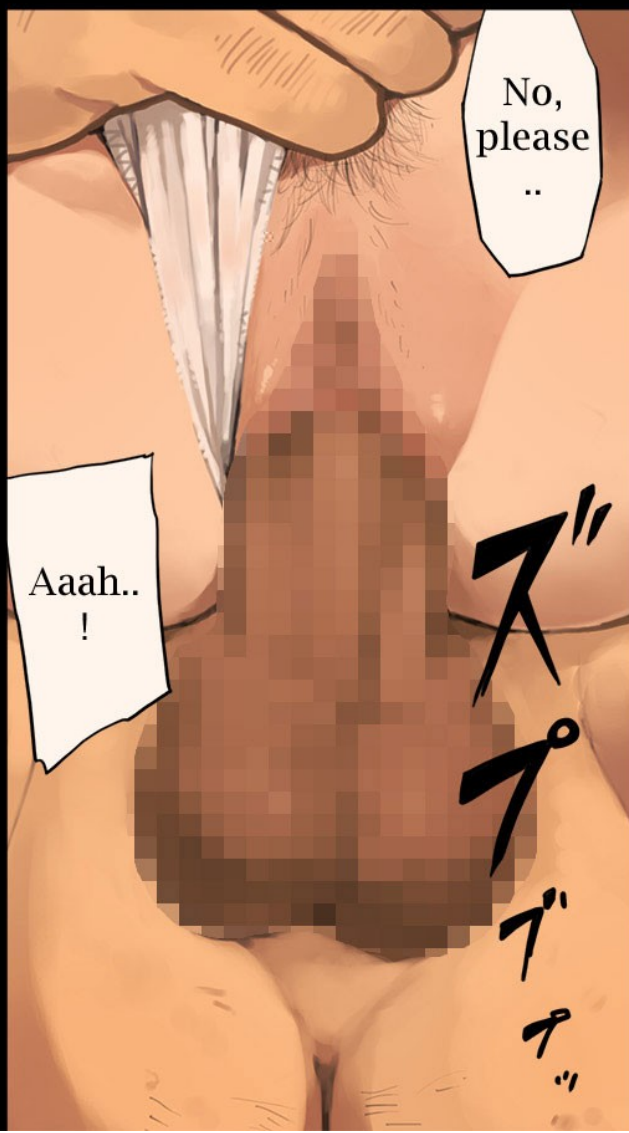

You-
You're
still
not
done?!

SLIP

Haha
!

How can
you say
that,

フ
フ
フ
...

No,
please
..

Aaah..
!

ズ
ン
ズ
ン
...

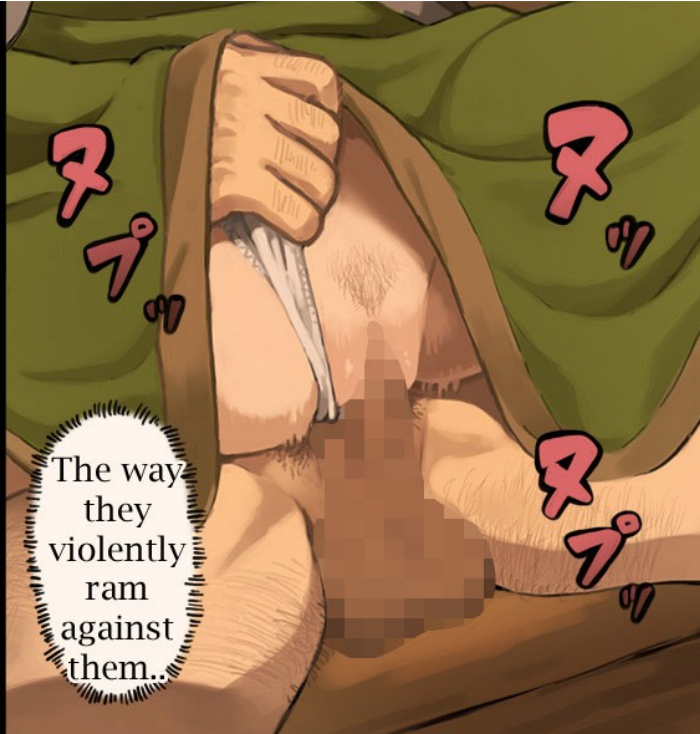

What are
you
saying?
This is
where we
get
serious!

Please,
wait..
At
least..

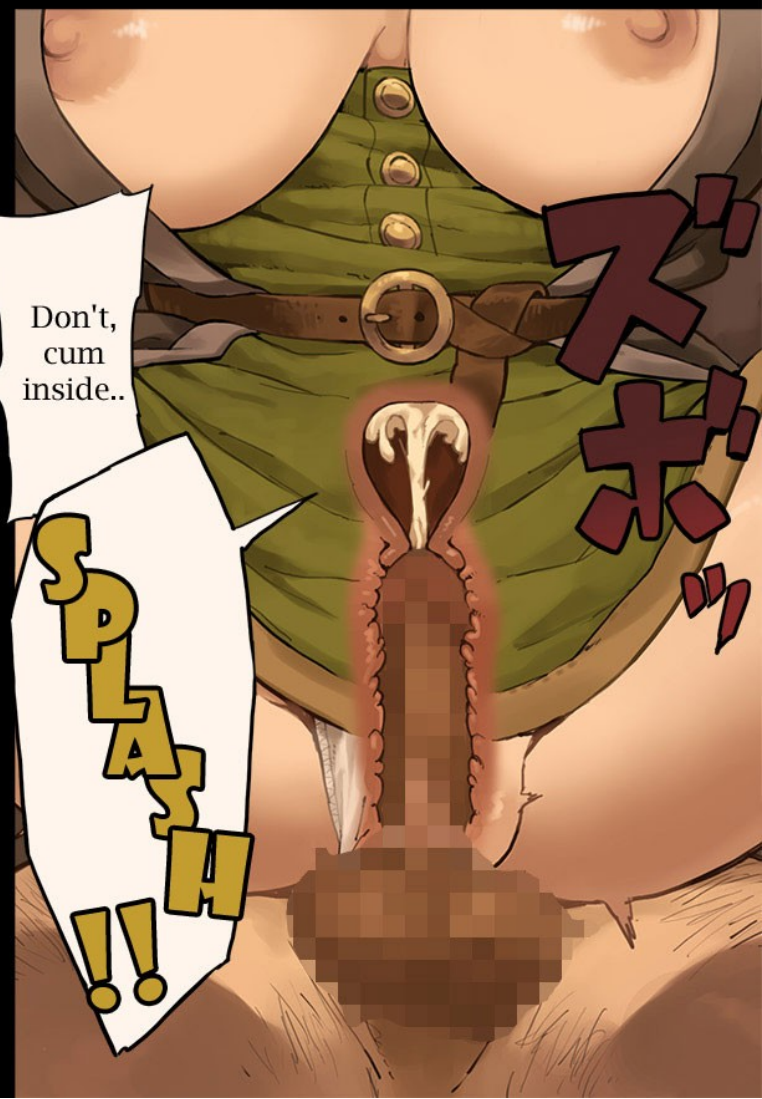

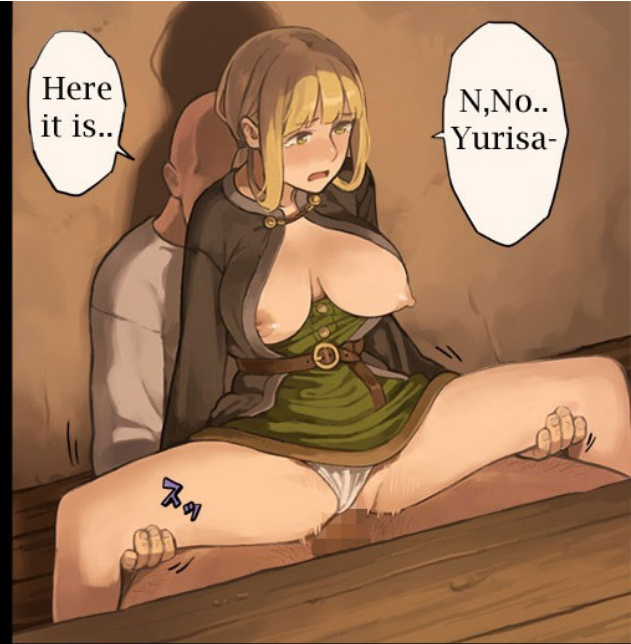

Let
me
rest..
a
bit..

SQUELCH

..these beds are a little..

I, Indeed,

Are we really sleeping in here?

Wah!

It's so, so dirty..

You'll get dirty as soon as you lay down to sleep.

Forget about that..

That would be nice.. I'm all covered in sand..

Haah.. I want to wash up a little..

シュル...

バサッ

We can either complain or sleep. We've still got a long day ahead of us tomorrow.

You go ahead and rest, Lily-chan.

That's right.

But, but I..

The men won't come in here, won't they?

That's right..

スルッ

If men do come, we'll let you know about it.

Don't worry about them, you just go and rest.

Let us, the ones with the most experience interacting with men, handle this.

Yurisa-san.. Rozea-san..

Indeed..

Just worry about defeating the Demon King.

Don't worry about it.

I, I see.. then I should also..

It's fine. You keep your clothes on.

We don't want to get our clothes dirty sleeping in those beds.

Yes, its a bit embarrassing but..

Wait, two planning on sleeping like that?

But if three or more come, surely, I also..

ウト...

There were only two men earlier, so they didn't touch me.

ウト

...

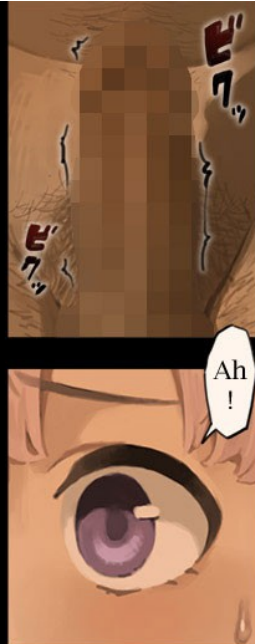

It's all been uglies up to this point. Look, I'm so excited!

U, um...

Oh man~ It's been a while since I had a cute girl like you.

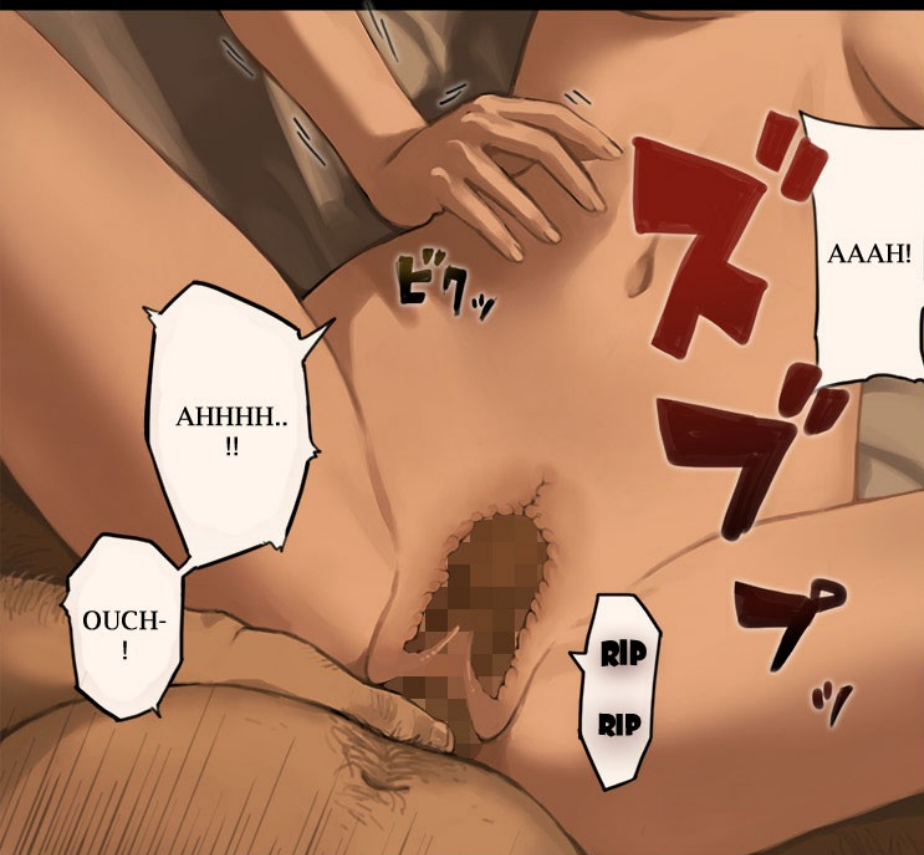

Ah!

Well then, let's have fun, little miss.

Eh..?

AHHHH..!!

OUCH-!

AAAHH!

RIP
RIP

I, It's my... my first..

So please..

So, please do it gently..

Ohohoo, I'll be your first man then!

Oh man, this, tight thing right here..

S, Stop!!

N-

Ah!

No!

It's that girl's first time, be more gentle!

THIS IS THE BEST!

Damn you, let me go!

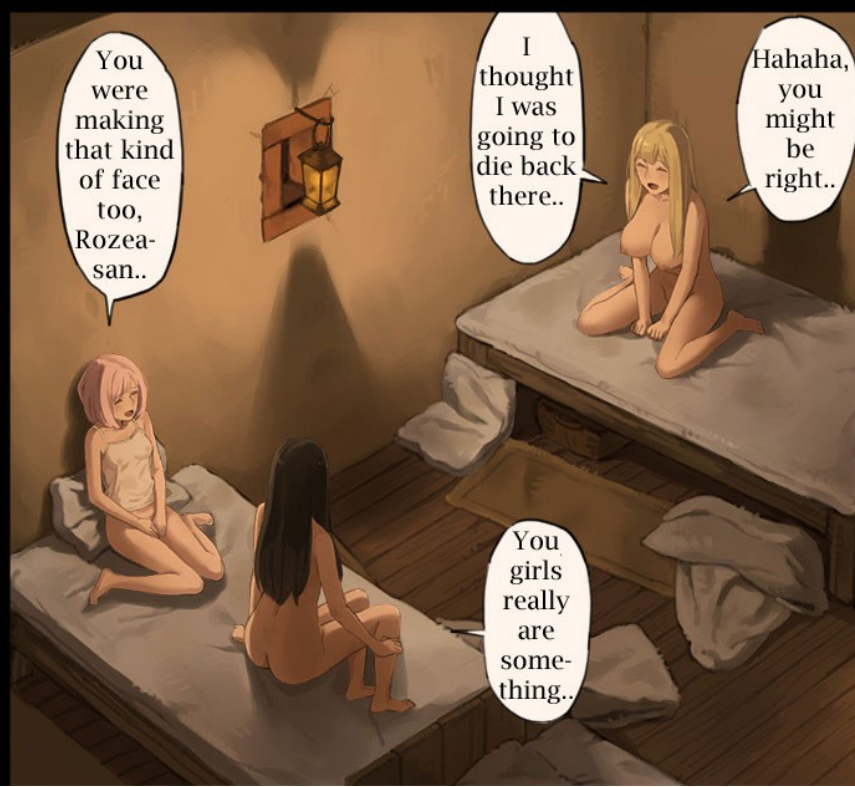

Lily!

IT HURTS !!!
AAAHH !!!

Ehehe, tweaked around with the sound effects this time!
I feel like a comic artist now! Or whatever a comic artist in moonspeak is. Anywho, this is Band again, mutilating classy doogeenshe, killing your eyes and hopefully draining your spinal fluid in the process.

Remember, my good men. Rape is bad, so is fapping. When you run out of spinal fluid from all that fapping, that's when you turn blind or become crippled or something.

Leave your pussy or penis jokes here.
