There are already 5 girls in heat this month...?

Oo

Sensei

Hey, I can't give you my shirt

Yaa, Sensei. Don't make a move on them.

Rub my belly more

Delicious. So tasty.

Beast Academy Article 19

Students who have begun their estrus should report such to their homeroom teacher. Until it has passed, please refrain from illicit relationships.

Private
Beast
Academy

90% of the student body consists of beast people. Until recently, this was an all-girls school, so girls compose a large percentage of the population.

3 people at the same time this week?...

Duration - 3 Days

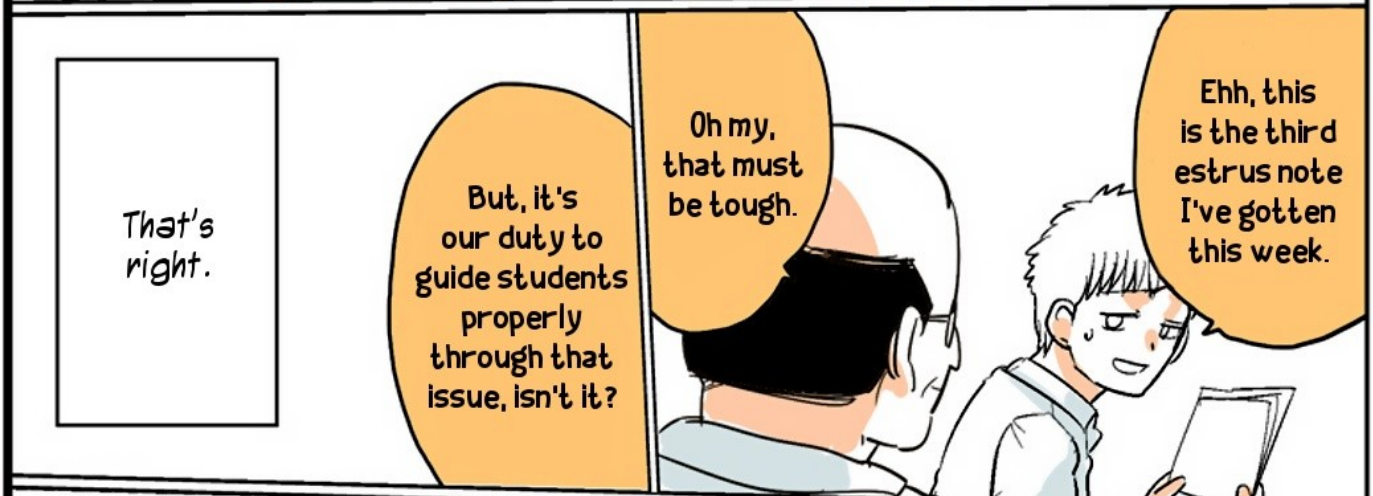

But what's especially troubling

Hey, what's with the long face, Sensei?

Is the students' season to be in heat.

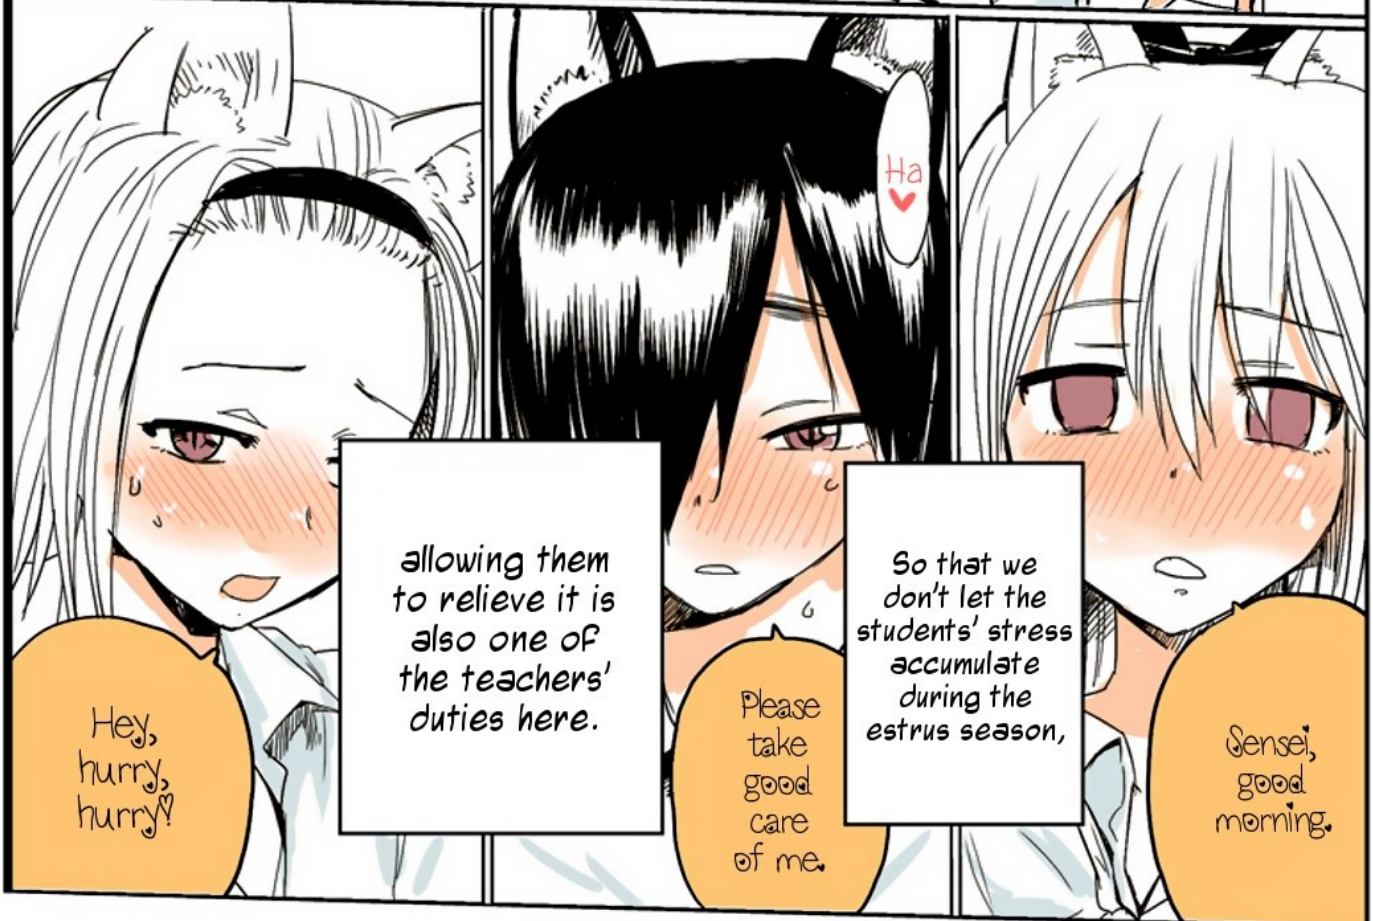

That's right.

But, it's our duty to guide students properly through that issue, isn't it?

Oh my, that must be tough.

Ehh, this is the third estrus note I've gotten this week.

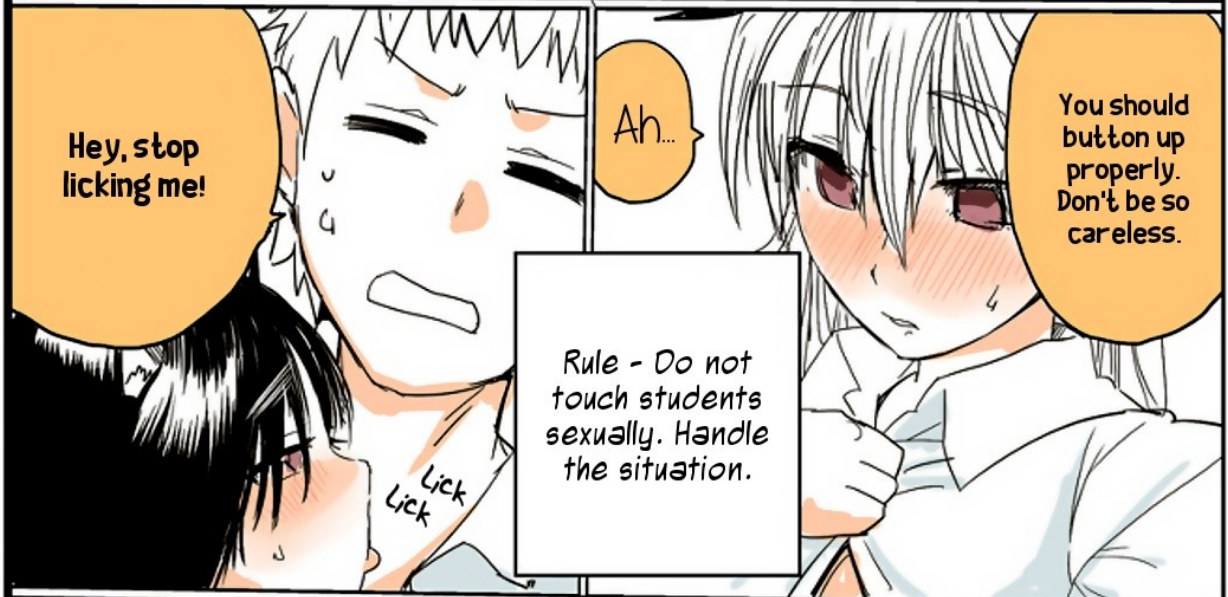

Hey, hurry, hurry!

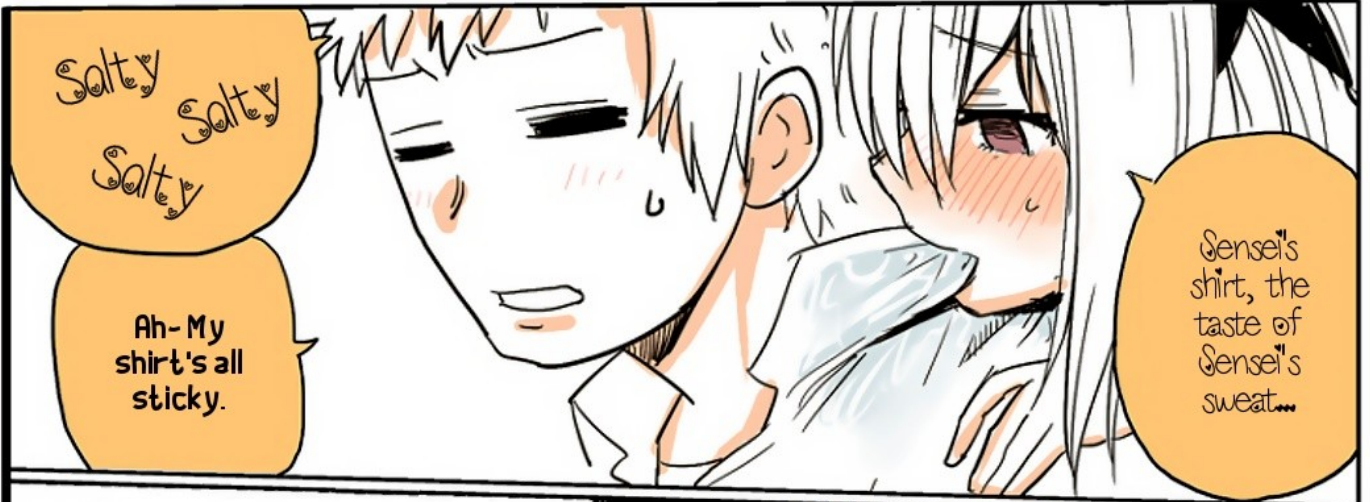

allowing them to relieve it is also one of the teachers' duties here.

Please take good care of me.

So that we don't let the students' stress accumulate during the estrus season,

Sensei, good morning.

Calmly bearing
through the
girls' estrus until
it passes has
been extremely
difficult.

Anyways, I
can't lay a
hand on my
students.

Hurry and get back to class.

Since you have another break period, just bear with it.

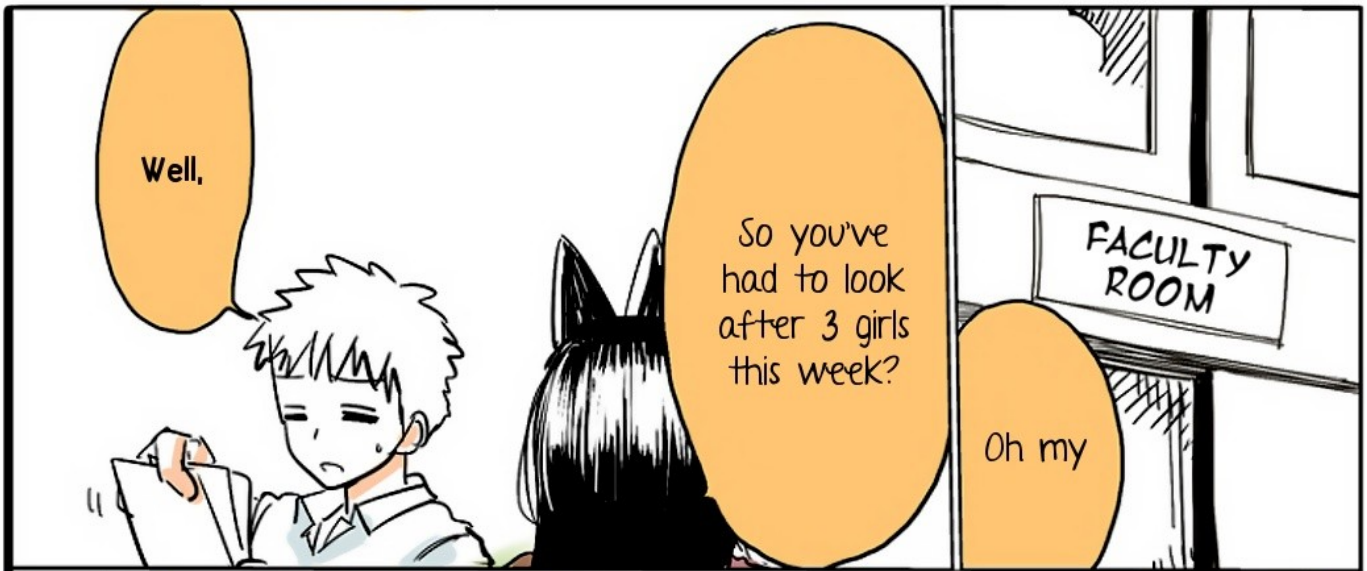

Hey, break time is over!

Thank you very much

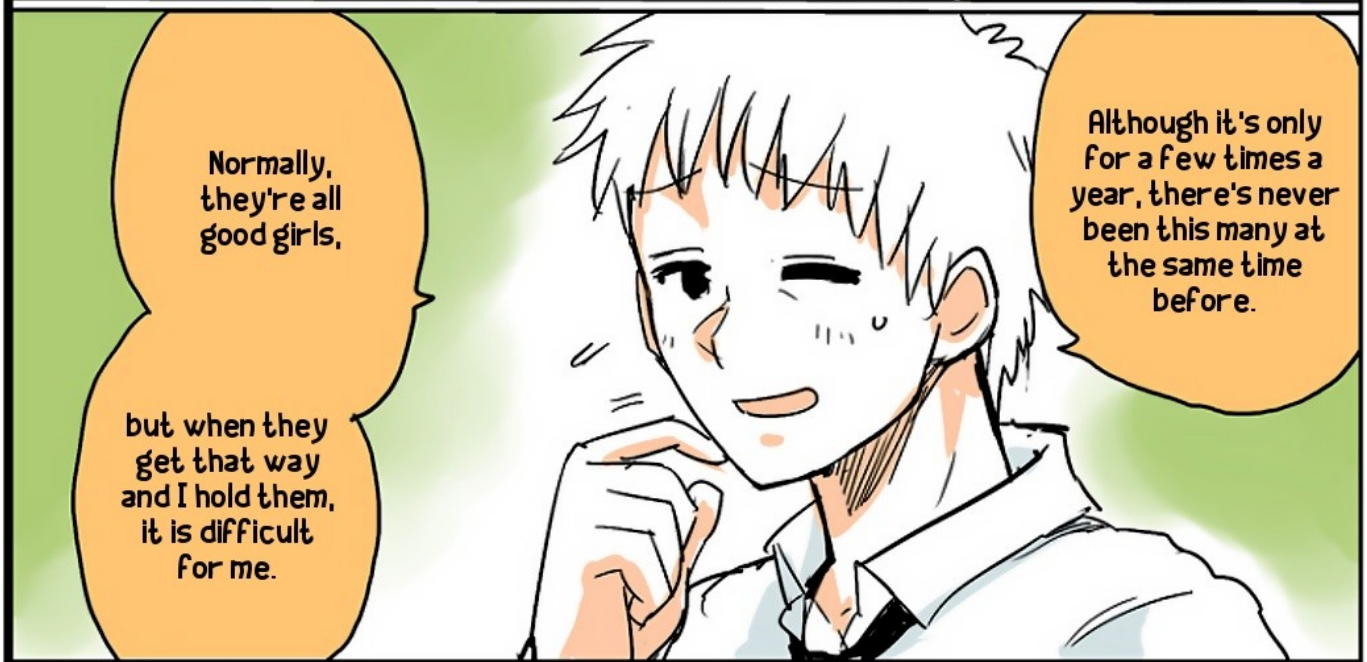

Th...

Well,

So you've had to look after 3 girls this week?

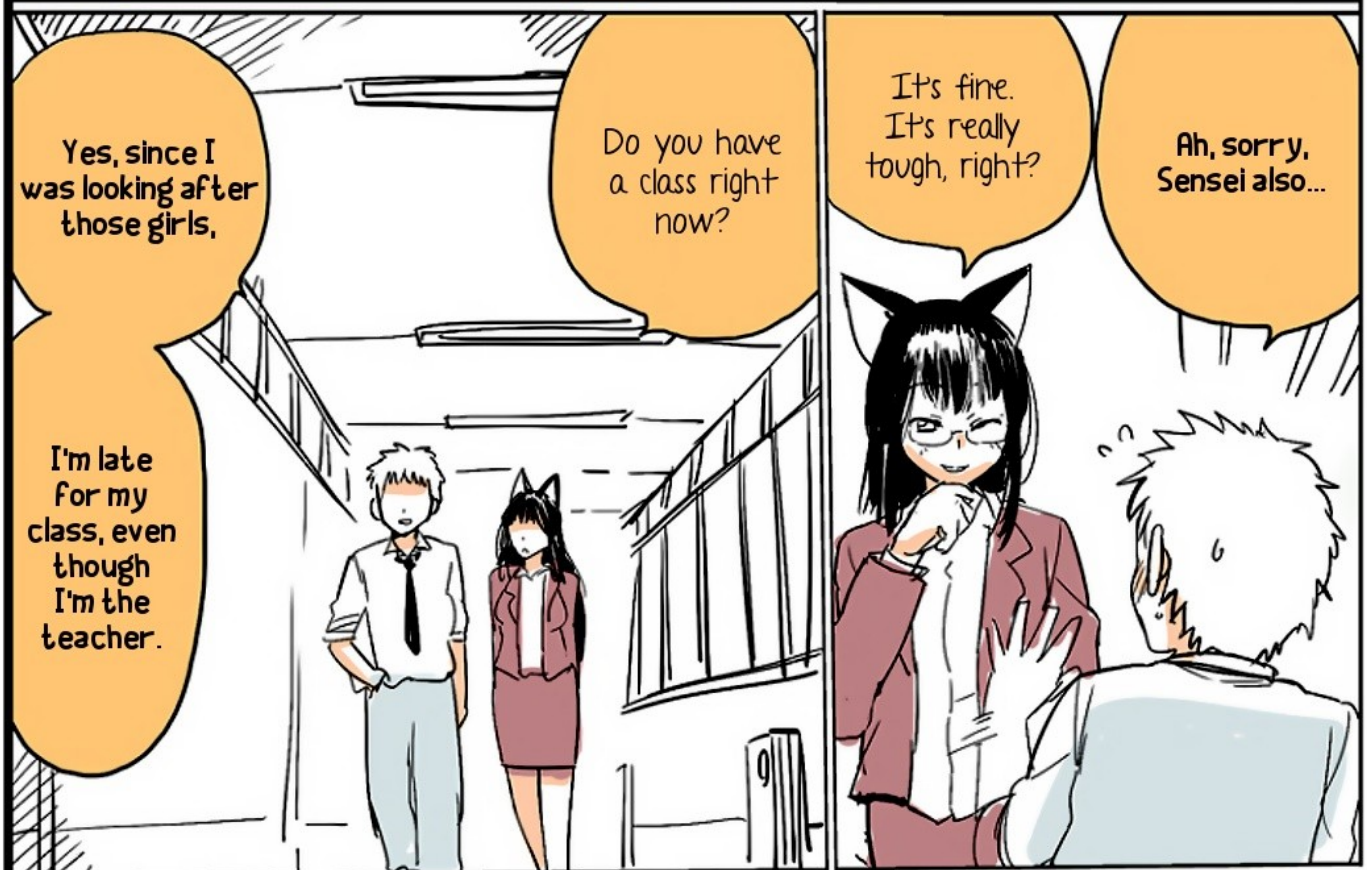

Oh my

Normally, they're all good girls,

but when they get that way and I hold them, it is difficult for me.

Although it's only for a few times a year, there's never been this many at the same time before.

Yes, since I was looking after those girls,

I'm late for my class, even though I'm the teacher.

Do you have a class right now?

It's fine. It's really tough, right?

Ah, sorry, Sensei also...

I see

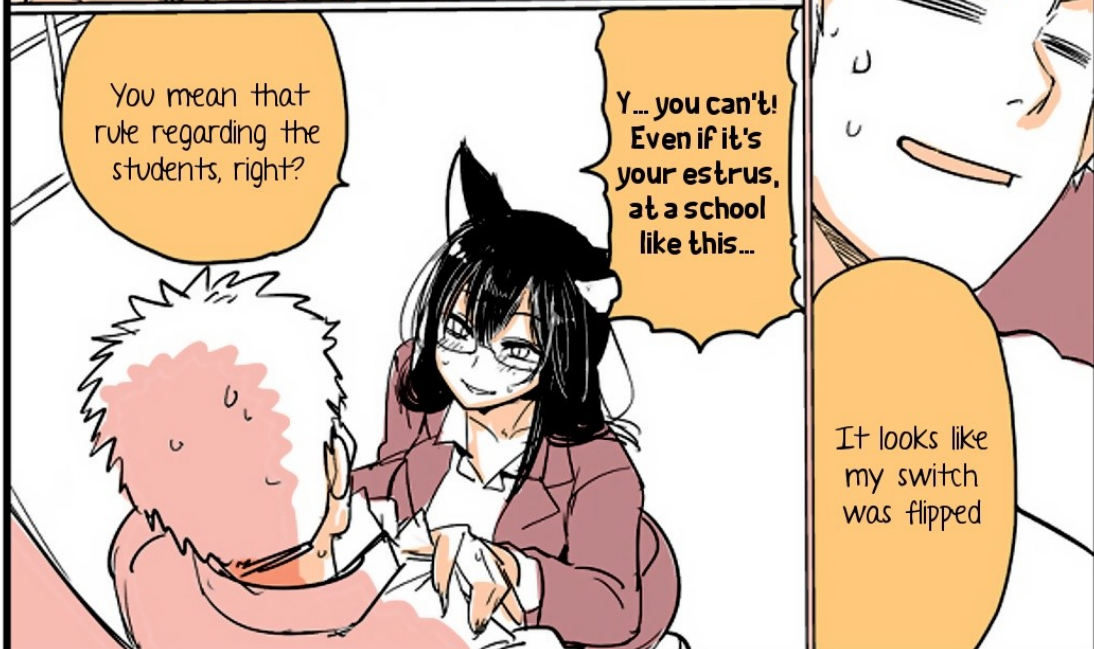

In that case, could you be a bit more late?

from watching Sensei in the schoolyard a while ago.

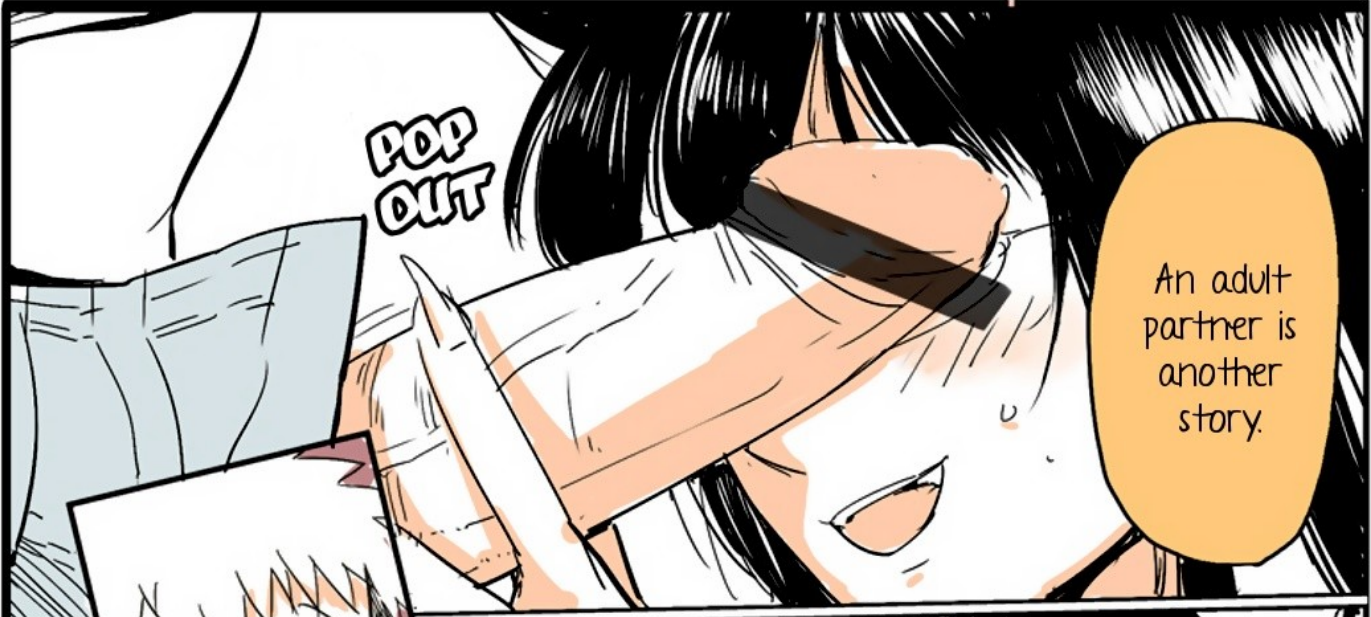

Sensei, could it be...

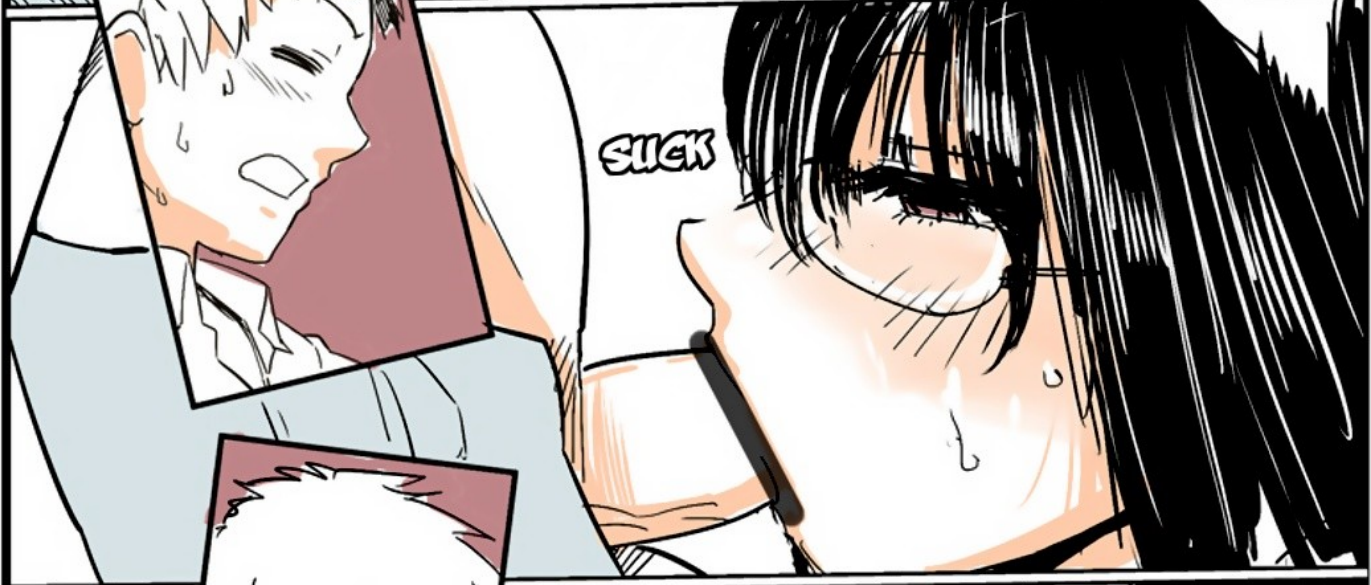

You mean that rule regarding the students, right?

Y... you can't! Even if it's your estrus, at a school like this...

It looks like my switch was flipped

An adult partner is another story.

SUCK

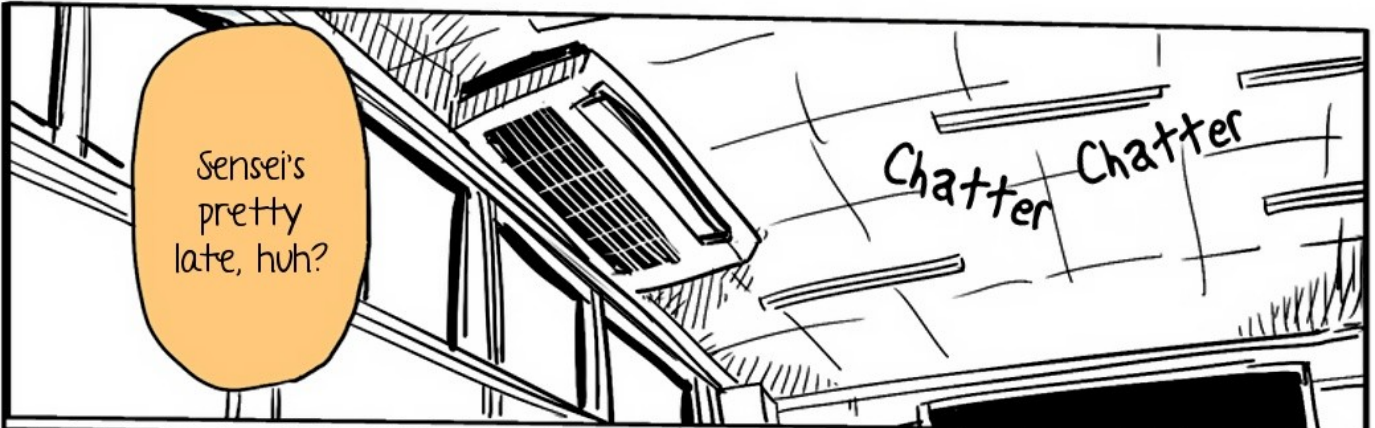

This is bad. Since those girls got me all flustered earlier,

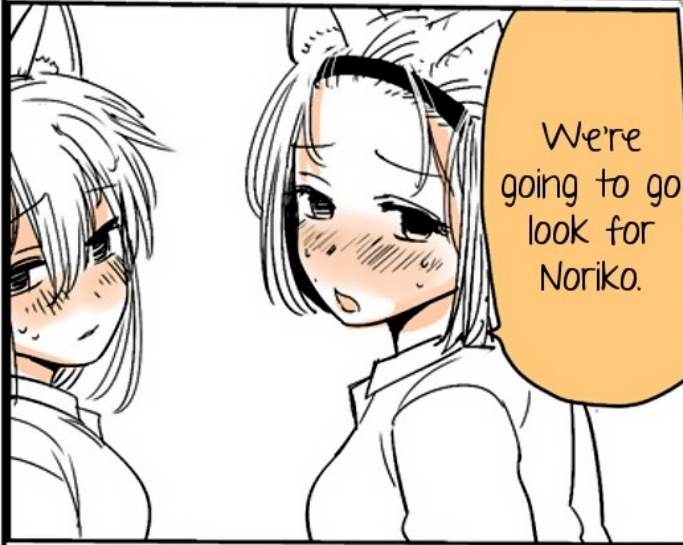

Sniff Sniff

I just can't get enough of this taste.

Sensei's pretty late, huh?

We're going to go look for Noriko.

Isn't it because he's looking after the girls who are in their estrus?

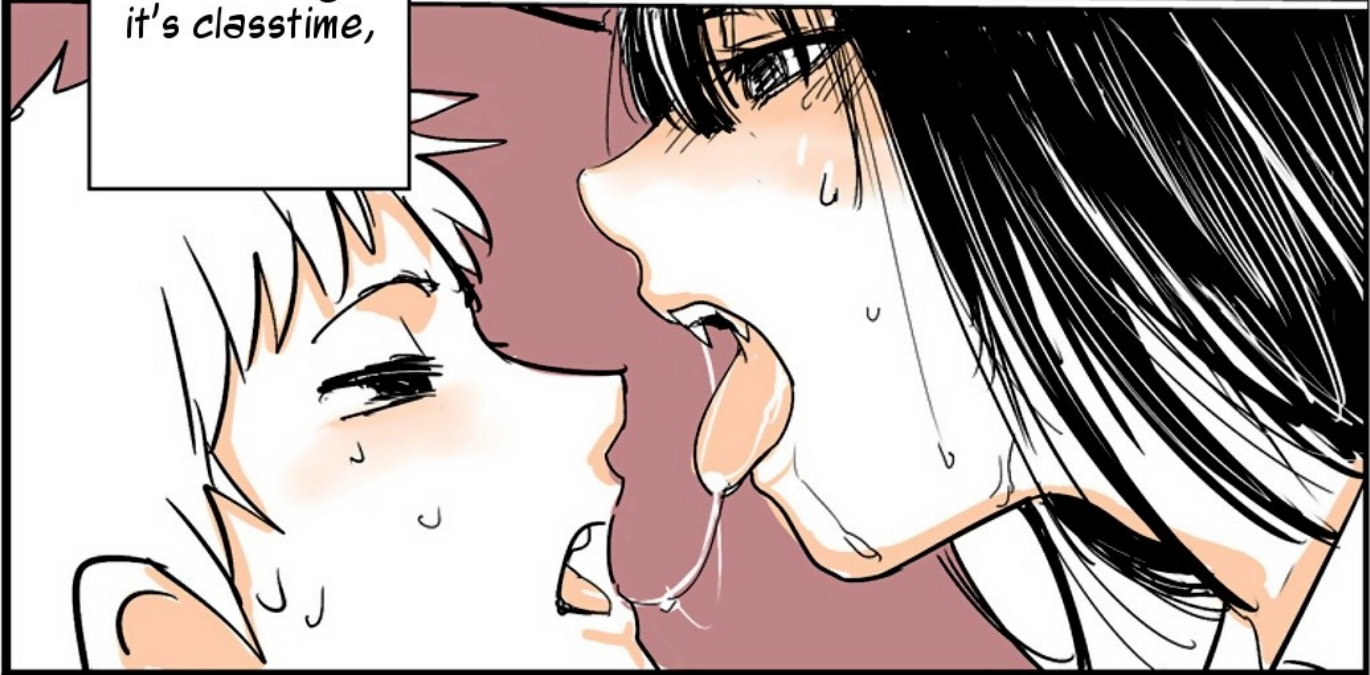

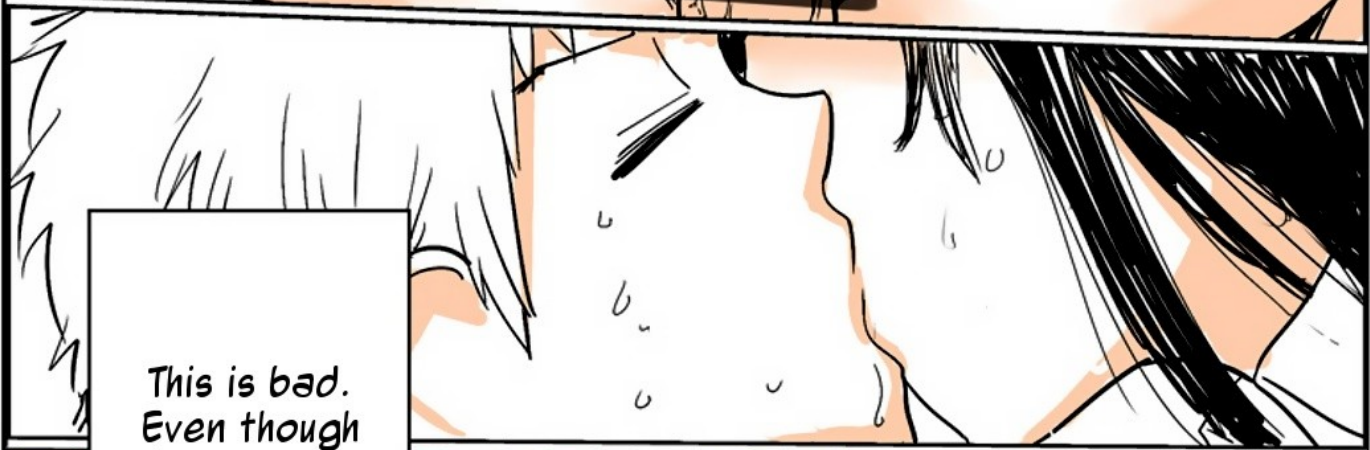

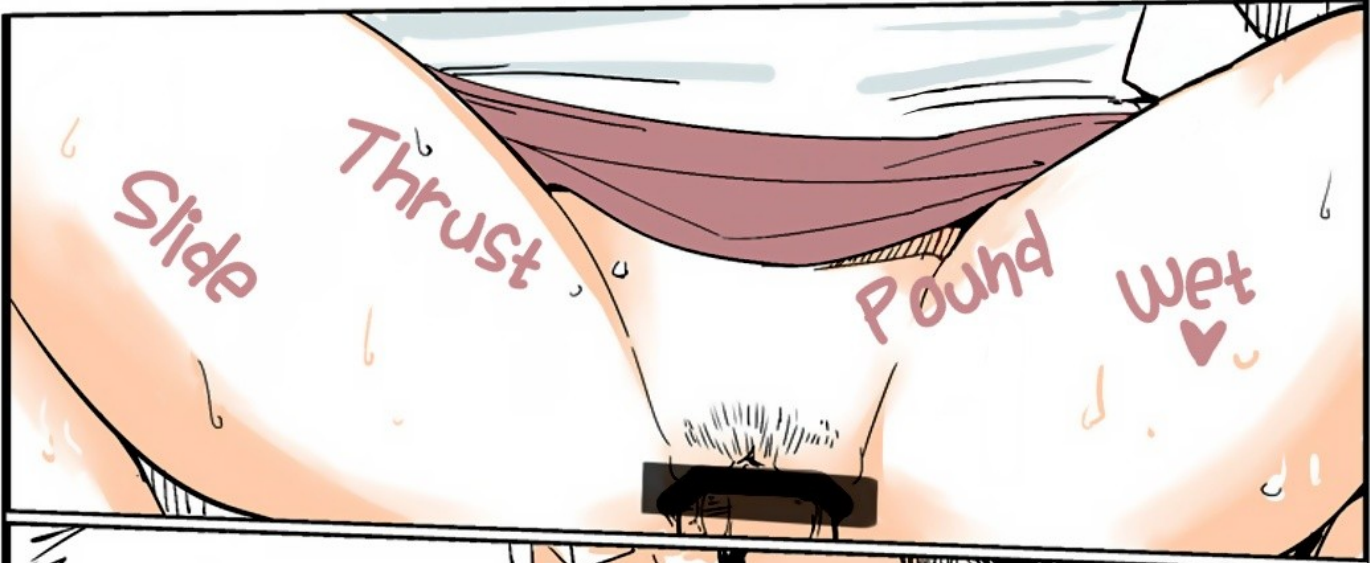

Huh, where are you going?

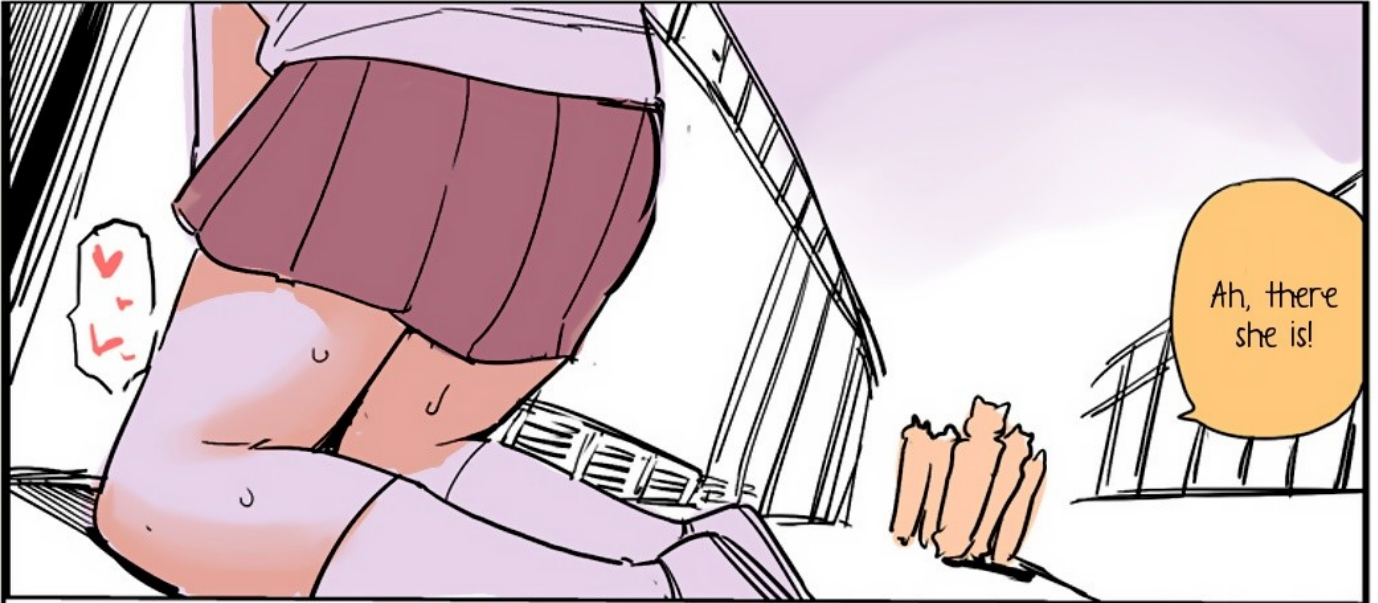

That way, we can skip.

Geez, should we go look for Sensei too?

You guys are in estrus right now, right?

Ah, there she is!

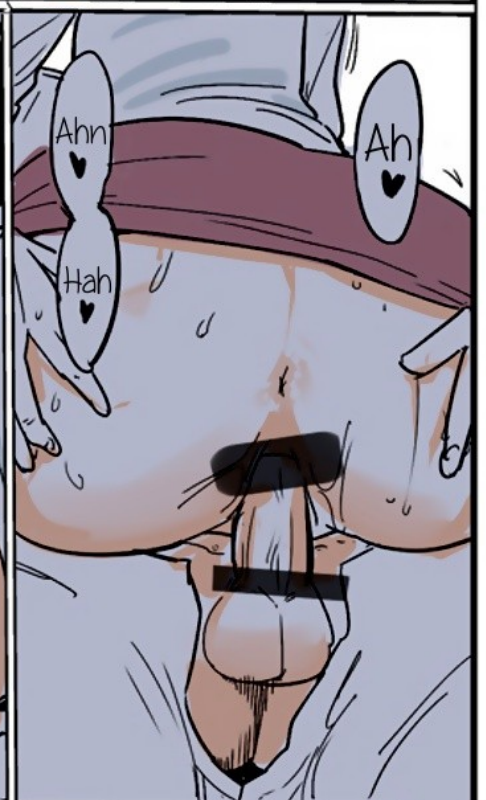

Is something happening in there?

Nori, what are you doing in a place like this?

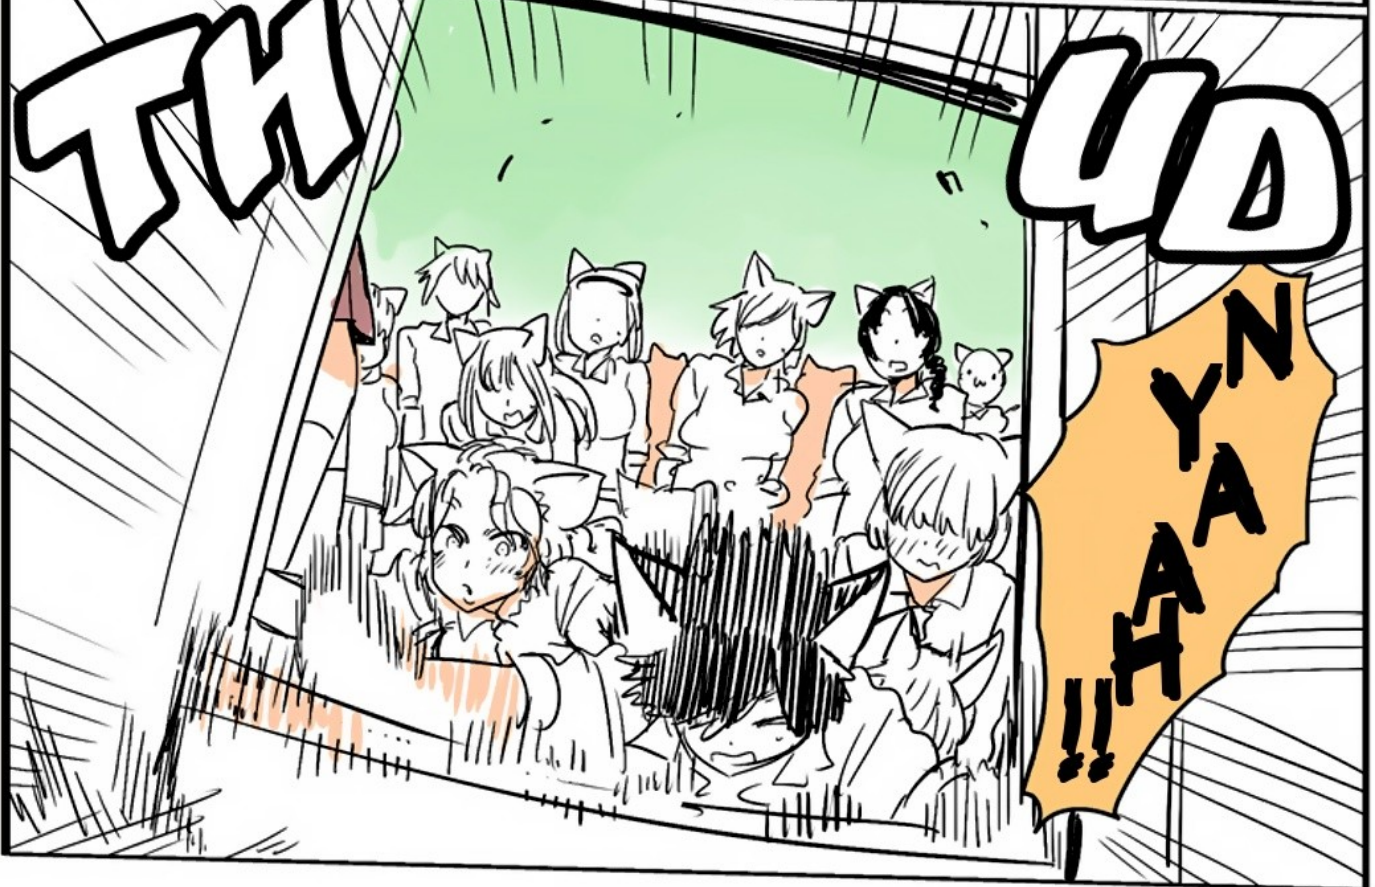

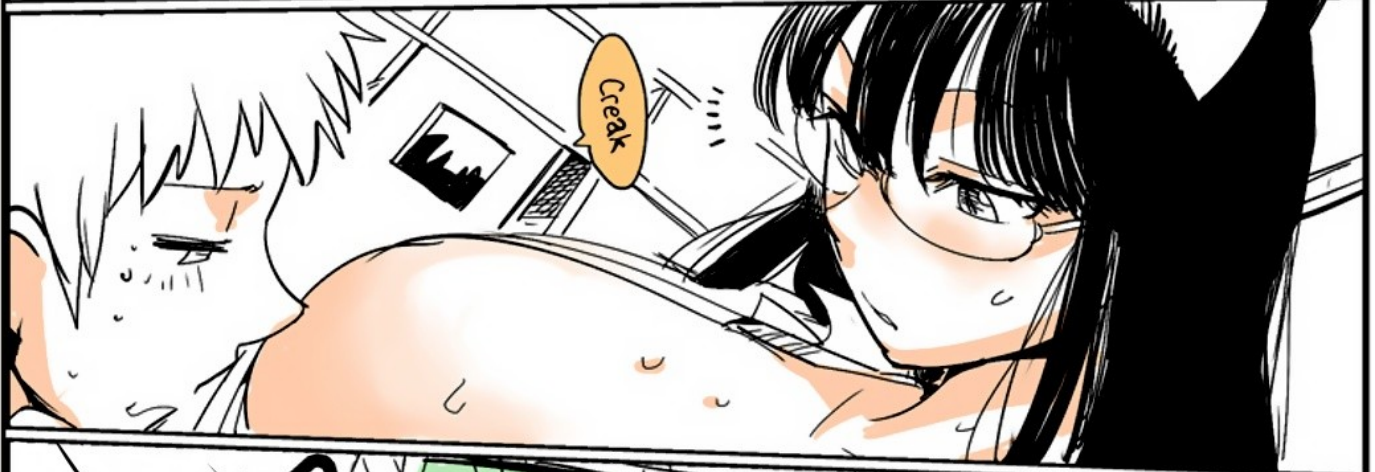

!!!

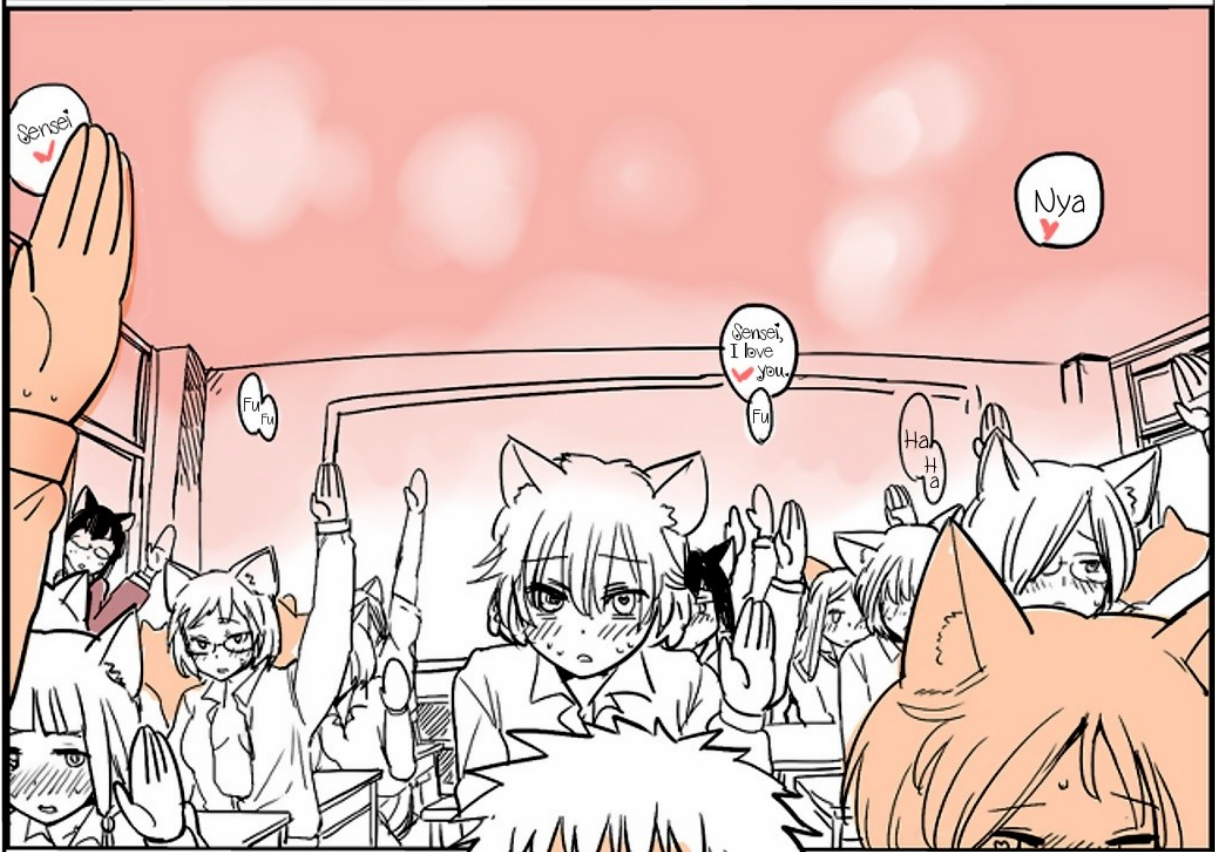

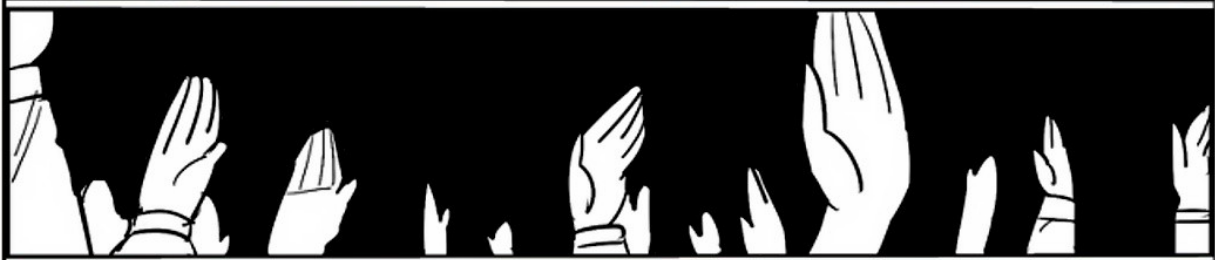

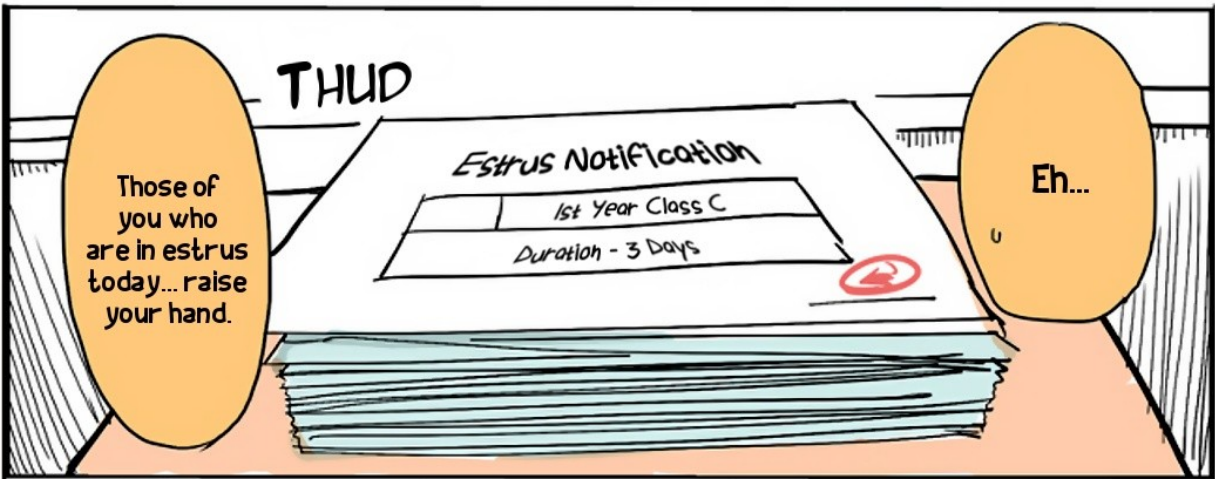

Ahn

Ah

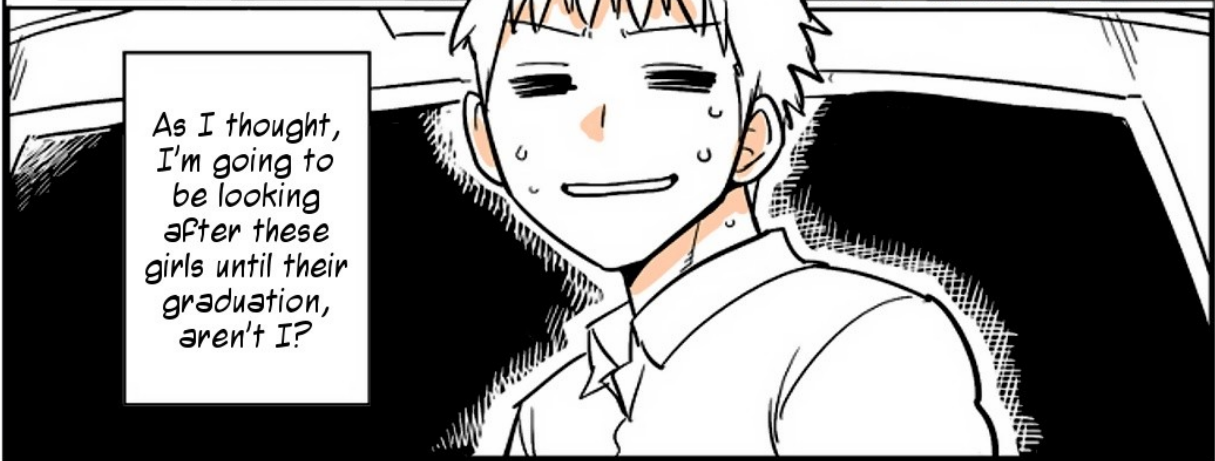

Hah

As I thought, I'm going to be looking after these girls until their graduation, aren't I?

■ TEASING THE MALE STUDENTS

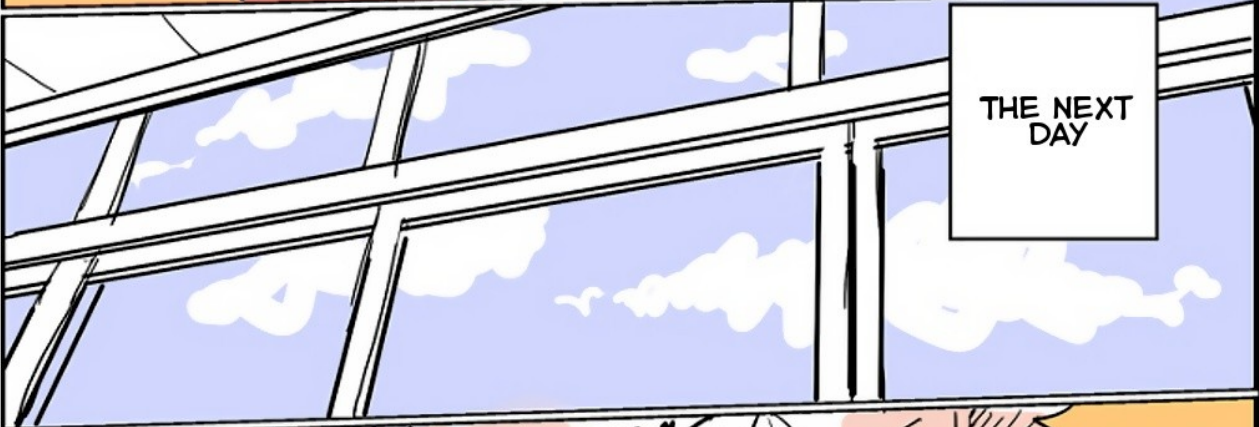

THE DILIGENT STUDENT COUNCIL PRESIDENT

I won't expose such an undignified appearance in public as the others do.

If I can predict my physical condition properly and prepare for it in advance,

Tomorrow's the start of my seasonal estrus.

Okay, I get it! You're in heat, right?

Ha

Ha

Sensei! You know, I held back!

Calm down! This is the faculty room!

Wait a minute

I'll do anything, so let me have Sensei's chil—

I'll have your child! You don't even need to acknowledge it!

But... enough already! It's impossible! Can we do it? Let's do it!

Usually, male students reside in another school building, but

You're such hopeless boys, aren't you?

My my~ That's no good —Don't tease

They have their hands bound during this time.

Lick Lick

During estrus, they go to the girls' schoolyard to be guided by the supervising teacher.

Lick Lick

TUG TUG

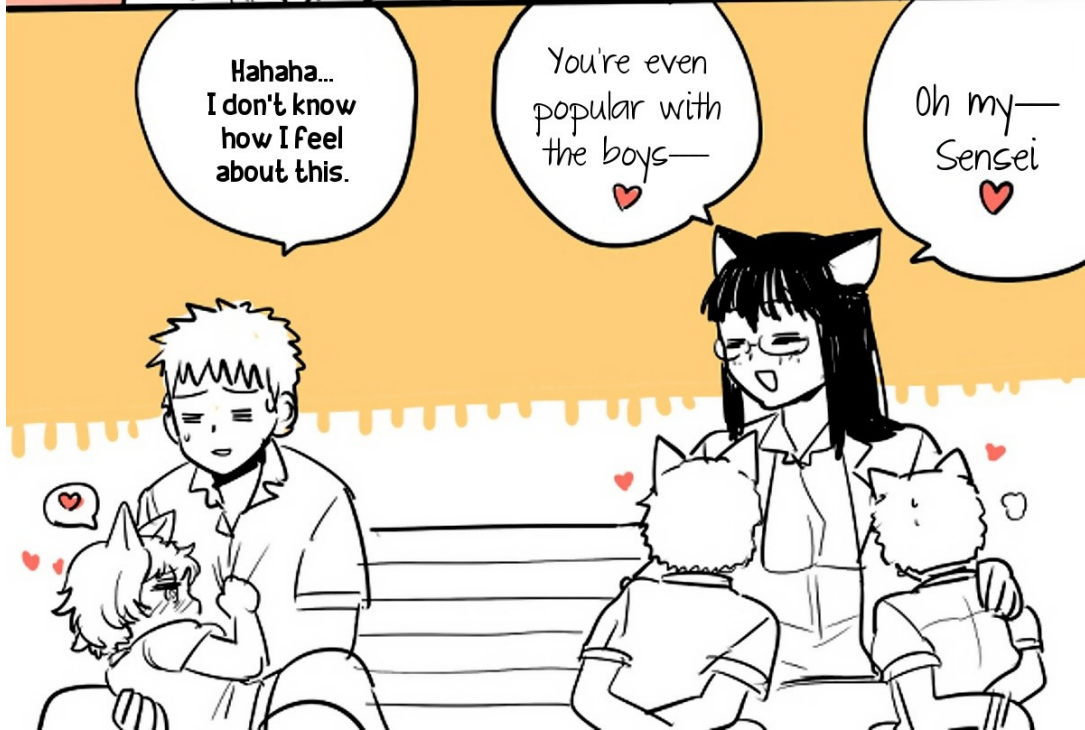

Sensei is being mean to them again...

Sensei... I... Sensei's great...

Nnm?

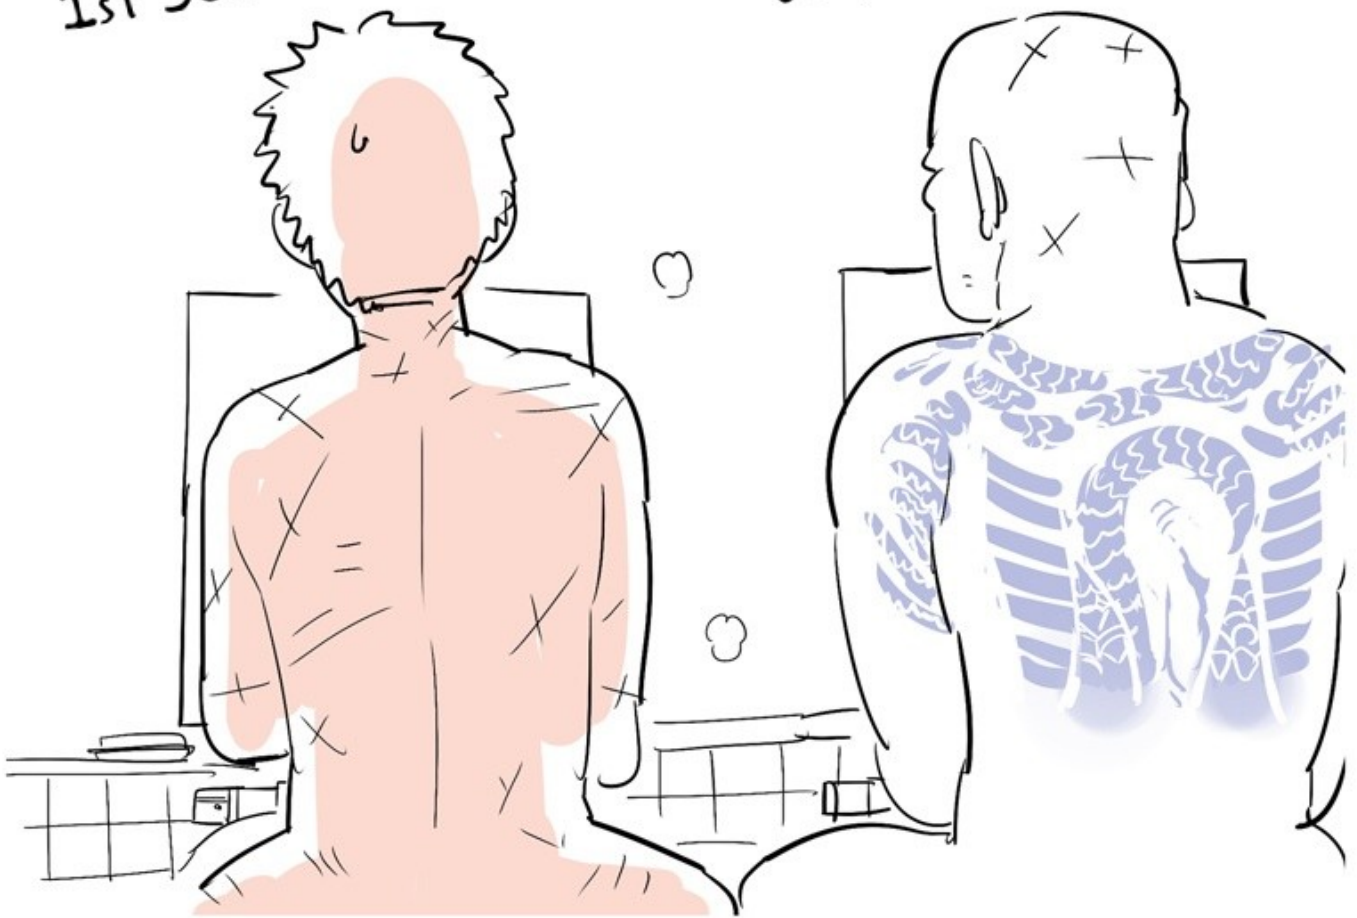

Hahaha... I don't know how I feel about this.

You're even popular with the boys—

Oh my— Sensei
