好きですか?

Don't you hate it when you're trying to have some nice public sex and some boorish oaf comes and ruins it? Then again, if it were with that trap I doubt anything could ruin it besides stopping.

This wasn't actually what I planned on doing next, but at the time I finished my last one, I wasn't aware of this one yet. I couldn't resist. There is also another one I'm thinking of doing quickly before I start on what I was talking about in my last credits page.

As a side note, the title means "Do you like ecchi traps?" Seriously? Is that even a question? Who doesn't? Until next time.
