Man, that was lewd. Really stimulating too. I have to admit, though; that blonde guy seemed like a fucking douche. If I were either of the characters in here (especially Kouichi), I would've yelled at him, or at least confronted him. I probably would've ended up punching him as well, knowing my temper. It's his own damn fault.

This is the last translation I'll be doing out of Otokonoko Uke Vol. 1. There was some good shit uploaded recently (specifically that Chinzuriina tank), but I might do something else before I start on any of that. We'll see.

As a small note, there was a full color mmf + twincest doujin uploaded recently, with one of the males being a trap. The story was decent, but I can already tell the editing would be a nightmare on par with a Yuunagi translation (except I don't think the story/characters are anywhere near Yuunagi's stuff). I might. MIGHT. Do this later if I finish what I want to get done with a bit of time to spare. However, Comiket is coming up and that might increase my workload, so I can't promise anything. This one is a total crapshoot, with about a 65/35 chance in favor of my skipping it.

IF ANY OTHER TRANSLATOR WOULD LIKE TO DO IT, GO AHEAD. I WON'T BE STARTING IT FOR ANOTHER FEW WEEKS AT THE LEAST TO BEGIN WITH.

Until next time.
