PRESENTS

Hello. Lots of things happened, so it's been a while since I released a book. The doujin manga I've created this time is my first original work. At first I had made up the name to fit a completely different story, but in the end I kept changing a lot of things and it turned into the manga you see before you this time. And so, this is just the first part... Or at least, if this one turns out to be popular.

Another thing, I wanted to try to change the way I add the finishing touches, so I experimented a lot... I'm not really used to those new methods so my trial and error made sure it took a long time to get done... (sweats) I really need to brush up on my skills more... Well then, until the next book...

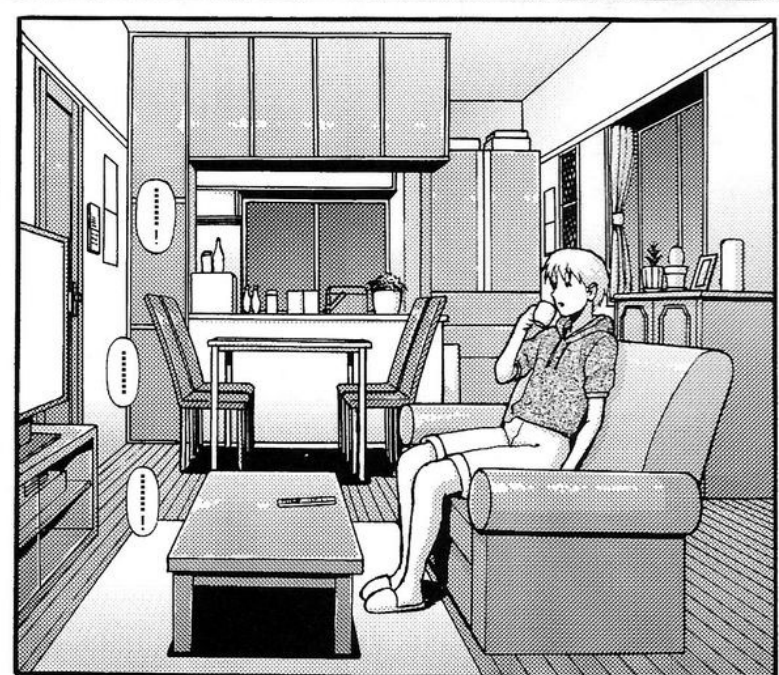

Denkichi, one day in June

What, you're watching TV again?

Oh? Yuuta.

My name is Kamijou Yuuta.

Er :

Currently, I am a Ronin preparing for his university exams...

Hey, are you gonna be okay?

...And so I get stigmatized a little bit.

Really now.

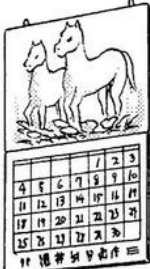

T-That's not true, Onee-chan.

It's just that I always take a breather around this time...

I get the feeling you're always just slacking off here.

Oh, even though I call her 'sister' that's not exactly what she is...

And this person is Ayaka nee-chan.

She's actually just my childhood friend who lives next door...

She's a good person who goes to my first-choice university and is kindly taking care of me.

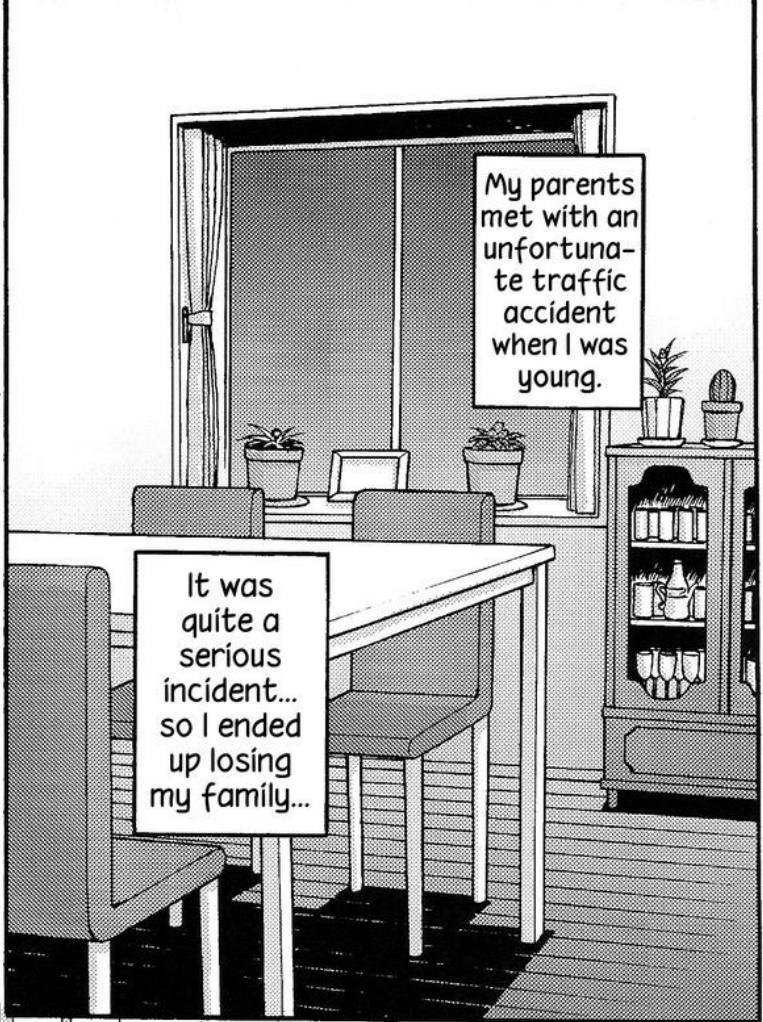

Well, whatever you say...

You're going to be the one feeling worried later.

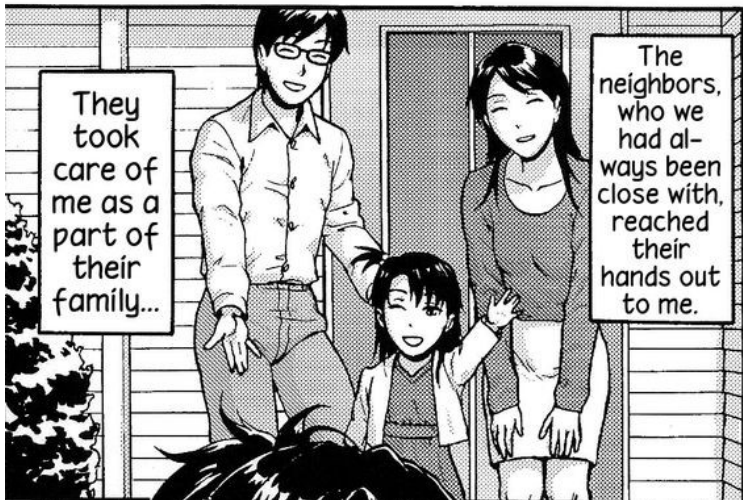

I had lost my parents, and all I could do was weep...

There were no relatives who could take care of a small kid like me.

My parents met with an unfortunate traffic accident when I was young.

It was quite a serious incident... so I ended up losing my family...

They took care of me as a part of their family...

The neighbors, who we had always been close with, reached their hands out to me.

Hehe— Well, I can drink after all ♪

...and took care of me as if we were true siblings... That made me happier than anything else...

Ahhh, how unfair of you...

Only taking one for yourself.

Ah :|

And particularly

Ayaka-neechan here passed over the border from being childhood friends...

Yeah...

She's irreplaceable to me.

Ahh, I feel so relaxed when I'm with her...

I'll help you along the way, so do your best, okay?

Well, you only have to endure it a little longer.

...But looking at her right now...

Onee-chan certainly has, um...

grown up is how you can put it, I suppose...

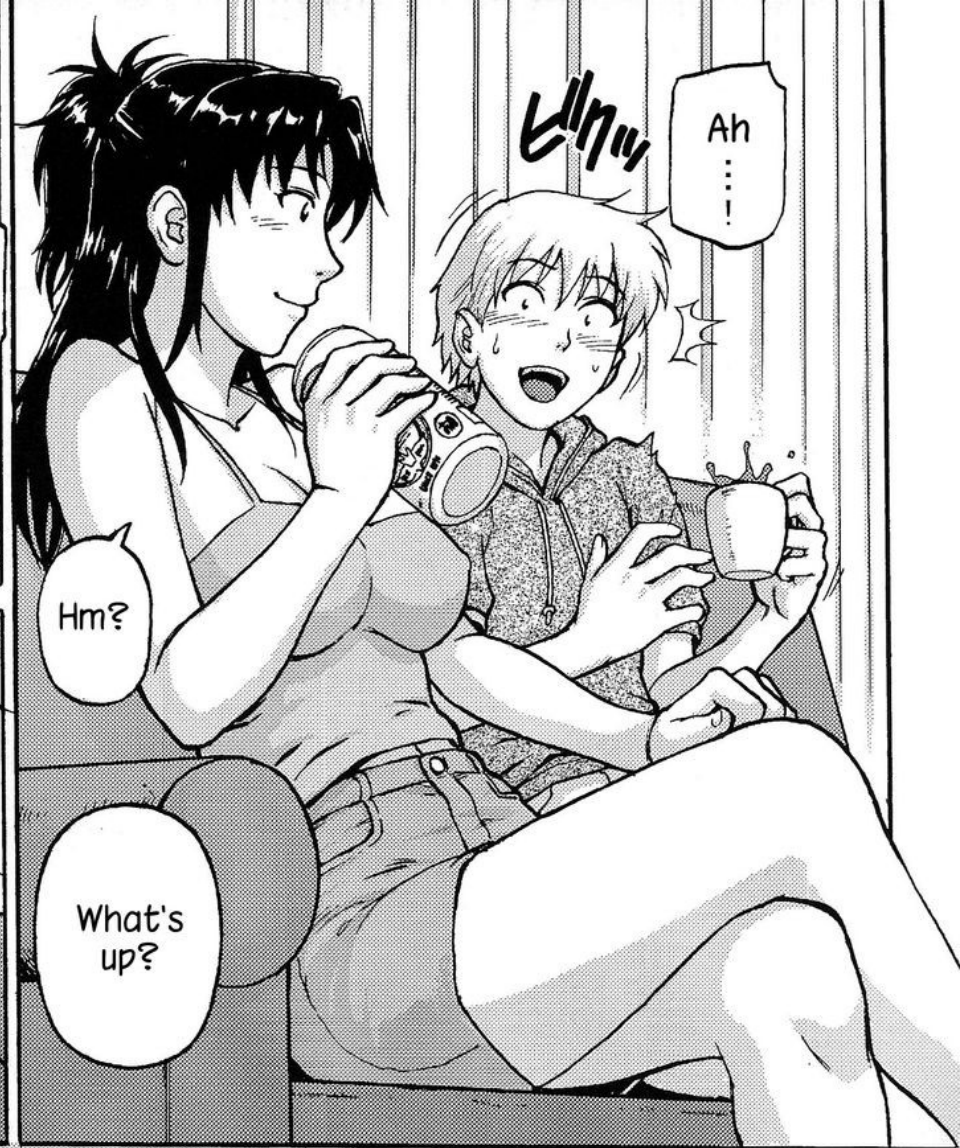

If she sits close to me like this...

She feels strangely erotic...

S-Sorry, it's nothing!

Ah... N-No!

Hm?

What's up?

Ah...!

?

What the hell am I thinking ...

... Sigh.

Of course, I do love Onee-chan...

But it's purely as brother and sister, nothing more...

Ahh... I'm the worst.

To have these thoughts about the person who has taken care of me for so long...

Huh... This again...

...
Hm?

.....

.....

It doesn't sound like she's calling someone either... What could it be?

.....

.....

Lately, I can hear a muffled voice coming from Onee-chan's room...
