Project Supervisor

Hazing the new recruits, one brutal redraw at a time.
Gotta keep dem standards high...

(The sequel done by LWB has a slight mistranslation, her name is actually Berkut, not Velktor. Food for thought.)

Robbo

Translator

Hi! Remember me? (From 'Shokuyoku Zenkai') I'm Robbo.
AKA Robertertert.

I was working with Sora for about a year, putting out like, a doujin every three months or so. We were slow, and I was kinda mediocre, but I'm getting better, and glad that we're working with PSYN now!
I really like loli, and also everything else. (Except scat, guro, and huge breasts. DEAL WITH IT.)

So, yeah. That's my introduction. This is my first time with PhoenixSyndi, so please be gentle.

Sunadokei

Editor

I'm the new editor/redrawer/typesetter/artist on the team!
I guess this piece was the team's way of hazing me, haha. I've been a vector artist for close to 4 years now before that I did raster artwork. Tech and Kita liked my stuff so now I'm working with Phoenix Syndicate. I look at every manga as a work of art, and try to maintain and enhance that with my edits. I'm sure we'll be seeing more of each other in the future.
